Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2021-2022 educational progress for Kellogg Elementary School. The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Drew Bordner Director of Curriculum & Instructional Technology for assistance at 269.548.3422.

The AER is available for you to review electronically by visiting the following website bit.ly/39GBgWp or you may review a copy from the Kellogg Elementary School Office.

State law requires that we also report additional information.
