

# JAZZ EXPLORATIONS

Jazz Explorations provides interested student musicians the opportunity to freely explore jazz – its history, theory and performance practices – through extensive listening and playing. Students play daily, performing standard literature in various jazz styles and explore the fundamentals of improvisation.

All musicians, regardless of instrument, are encouraged to enroll. Participation in this course also helps prepare younger musicians aspiring to audition for Jazz Ensemble.

*Grades 9-12 are welcome!*

**Want to learn  
about Jazz  
music?**

*Prerequisite:*

*Previous music participation /  
experience / study or teacher  
approval.*
