2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Linking community traditions to our continuously evolving educational goals of providing universal access is the core of Reagan School's philosophy. Ronald W. Reagan Elementary welcomed students and staff to the campus for the first time in August 2007. Reagan School was built, thanks to the help of its caring community, through Measure R funds and money from the state. Reagan Elementary is a charter school, within the Kingsburg Elementary Charter School District. Through this living document, the charter, the school has been able to adopt creative methods of education, using researched based best practices, while maintaining the traditional high standards expected by the Kingsburg Community. Ronald W. Reagan is a family of 631 4th, 5th, and 6th grade students and 65 staff members committed to assisting our students in excelling.

With the unique grade configuration of the schools in our district, there is a common thread that unites the students as they transition into and out of the schools throughout the years. Together, they develop strong friendships where tolerance is accepted and diversity is welcomed. The staff takes pride in knowing generations of families. Reagan has developed a strong partnership with the community it serves, where high expectations for academic standards, citizenship, community service, recreation, and traditional values are embraced and enveloped in the framework of a caring community.

The Reagan staff is a highly qualified and enthusiastic group of professionals who are dedicated to bringing out the best qualities in our students, ourselves, and in the work that we do together. We are truly an organization that respects learning, honors teaching and teaches for understanding. The staff collaborates in many ways, with a focus on the academic success of every student embedded into every aspect of planning, organization, and use of resources, materials, fiscal, and personnel. The maintenance staff is an important part of the learning community taking pride in keeping this new school a place where students and staff are honored to attend. In addition to maintaining beautiful grounds and facilities, it is not uncommon to find this staff assisting students, playing tetherball, decorating Christmas trees, and enjoying each other's company. Reagan creates a stimulating and aesthetically pleasing environment that is enjoyed by the community. Reagan is proud to be a member of the Kingsburg Elementary Charter School District. Our mission is simple, "We will find a way for ALL students to learn."

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	50	N/A	49	N/A	47
Mathematics (grades 3-8 and 11)	N/A	36	N/A	36	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at Reagan Elementary. Parents participate in the Reagan Parent/Teacher Association, School Site Council, ELAC, and Safety Committees. Parents also volunteer in classrooms, help with fundraising projects, and attend field trips. During the school year, the district offers parenting classes in learning the English language, Positive Parenting Classes, and technology. In addition, Reagan School receives assistance from the Kingsburg Community Assistance Programs (KCAPS). KCAPS provides students from needy families with backpacks, coats, clothes, and food. The following organizations also provide the school with support: Lions Club, Kiwanis Club, the Kingsburg Police Department, Kingsburg Fire Department, Park Kingsburg, Rotary Club, City of Kingsburg Parks and Recreation, Veterans of Foreign War, Local Girl Scout and Boy Scout Troops, and the American Legion. Parents who wish to participate in Reagan School's leadership teams, school committees, and school activities, or become a volunteer may contact Principal, Kerry Pickrell at (559) 897-6986.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.57	1.31	2.45
Expulsions	0.14	0.09	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Reagan Elementary School provides a safe and clean environment for students, staff, and volunteers. The safety of students and staff is a primary concern of Reagan School. The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. At the beginning of the year, the District Safety Committee meets to review safety issues. Key elements of the safety plan include identifying the level of threat, protective options, staff initial action/response, incident coordinator, and incident management team. There is also a strong focus on drug awareness and maintaining a drug-free school, as well as an emphasis on evacuation plans. Fire, earthquake/severe weather, and lockdown drills are implemented multiple times each year. This year the staff will also be trained by the Kingsburg Police Department on active shooter training. The most recent School Safety Plan was amended and reviewed by our SSC (consisting of parents and staff members) in November 2022.

Students are supervised throughout the day by the teachers, paraprofessionals, support staff, learning director, and the principal. There is a designated area for student drop off and pick up, in the front and back of the school. Visitors must check-in and register at the office and receive a green visitor's pass that must be displayed at all times. Kingsburg Elementary Charter School District encourages volunteers in the classroom, field trips, fundraising efforts, and with special projects. All school volunteers in direct contact with students are required to complete a district application form, provide evidence of clear tuberculosis (TB) screening, and receive a Megan's Law Check. The District will be clearing all volunteers with the local police department through an automated record check. Volunteers working more than 10 days per month will need to fill out additional forms and submit for fingerprinting.

PBIS (Positive Behavior Interventions and Supports) is in its ninth year of implementation at Reagan Elementary. PBIS is a way for staff to support students who have violated school or educational code rules and assist them in learning from their digressions. The goal is to create a positive atmosphere at Reagan where all students are aware of behavioral expectations in different locales, such as in the classroom, library, office, cafeteria, etc. Reagan adopted the acronym HONOR (Hard work, On task, Never give up, Outstanding Respect) as a means to monitor all students' behavior. All staff members at Reagan Elementary know what HONOR stands for and hold students accountable for it. We have a student service aide and a behavior support assistant that is on campus every day to run our behavior academies for students who are falling short in any of the HONOR areas as well as checking in with our at-risk students. We also have a counselor that is here three days a week to support our students who are needing social/emotional help through counseling or small groups. This year a program called "Ripple Effects" was bought as a tool to help correct and teach appropriate behaviors when a student has violated an education code or behavior standard.

The Stop, Walk, Talk Bullying Prevention Program has been introduced to the staff and students at Reagan Elementary. At the beginning of the year, students and staff alike sign an anti-bullying contract, which states, "We will not bully others." In each classroom, the anti-bullying message is posted and students and staff are able to see and refer to it. The program utilizes classroom meetings, open communication, and follow-up as means to improve the culture at the school site. The school counselor visits each classroom four times a year to teach the curriculum to students. The school counselor also runs a peer support group (Undercover Anti-Bullying Team) throughout the year that goes into more depth about the bullying program and how students can be advocates for their peers on the playground. If a classroom is struggling with any of these areas the school counselor goes and does individualized lessons with the class. This year we have also implemented our Watch Dog program which invites parents, grandparents, or guardians to come onto campus and help supervise our students while building relationships.

We also run behavior academies using the curriculum of Ripple Effects. Students are assigned behavior academies if they break one of our schools' rules. They spend their free time working with our BSA going over restorative justice lessons to make sure they are learning from their mistakes. With this program, we have seen fewer repeat offenders as students are learning from their mistakes and are given tools to use the next time that a situation arises.

Professional Development

Staff members build teaching skills and concepts through participation in workshops throughout the year and weekly Professional Learning Communities. This is done on Wednesdays when teachers get together to plan, discuss best practices, as well as review data. We also have two district PD days, one before school starts and another on November 1.

Kingsburg Elementary Charter School District's Beginning Teacher Support and Assessment (BTSA) program provides new teachers (those with less than three years of full-time teaching experience) and affected veteran teachers with personal support, guidance, modeling, direction, and mentoring in the areas of subject matter knowledge, teaching strategies, classroom management, and overall professional competence. Before the school year began, all new teachers attended a 1-day training on SIOP and best practices in the classroom.

We have two days of math PD and one day of writing PD for our site where the county office came in to work with our teachers.

Our Designated ELD teachers, which we have one per grade, will attend 5 half-days of training through the county office. These days will be spent developing a curriculum focused on the ELD standards to help our EL students acquire the English language.

#Days Teachers Participated in PD/Subs : 15/16=2, 16/17=2, 17/18=3, 18/19 = 3 19/20 = 2 20/21 = 2
