

Opting In for Text Messages

The Mercer Island School District uses School Messenger for email/text notifications to be sent to families. To opt-in for texting, you can enter your cell phone number to be used for texts in Skyward's Family Access.

Once you log into **Family Access**, click on the **Skylert** tab on the left.

On the bottom part of the screen, enter the cell phone(s) where you wish to receive texts. Check the box(es) for which type of notification you would like to receive on your phone. Then click **Save**.
