Rebecca Dastrup, Alesha Chatterton, Tarrin Phillpot

1. Welcome: Julie Welcomed everyone to the meeting
2. Review of Minutes: Minutes were read from the last meeting. Minutes were approved by Rebecca and Jen.
3. School Improvement Plan-
 - a. Report on goals- Kathryn Hansen reviewed the mid-year Acadience reading and math data. She shared the 6th grade reading data, which showed strong retention over the summer and strong growth this school year. This seems to be a positive impact from the rigorous program that is being used in 5th-6th grade.
 - b. Share data for MOY testing.
 - c. TSI- goal The state is requiring all schools in TSI to have a goal in our assigned area which is our students in SPED. We are looking at a Tier 2/3 program called UFLI. This program has a 1.25 effect size. We are working with the literacy coach for training.
4. School Business-
 - a. Re-model: We will have a remodel. Some architects came out to look at the building and make a bid. The remodel will start as soon as the bid process is completed.

- b. School Community Events: We would like to do a school play. We are working with PTA to see if we can make it happen.

5. Community Council Business

Question was asked about if the District is wanting to have more schools move toward SUMMIT and if we are looking at adding 4th grade. At this time the District is moving in that direction, and it is a school-based decision with a district approval process. We also are not currently looking to add the program to 4th grade.
