## Superintendent's Message

*Empowering all students to thrive in a diverse and ever-changing world.*

### **FY 2022 Proposed Combined Funds Budget**

January 07, 2021

To Students, Staff, Parents, Members of the School Board and the Alexandria Community:

Alexandria City Public Schools' (ACPS) leadership and staff continue to focus on one primary priority – ensuring that every student in ACPS succeeds. We are embarking on our new strategic plan, *ACPS 2025: Equity for All*, as our navigational tool to make that priority a reality and to guide our budget decisions. Our mission is to ensure success by inspiring our students and addressing barriers to their learning. As we continue to recover from the global COVID-19 pandemic it is even more important to ensure the strategic use of our resources to empower all students to thrive in a diverse and ever-changing world. Our division remains one of great diversity, providing a rich cultural experience for our students, families, and staff as well as some challenges. Each success is to be celebrated as we recognize that the investments we have made to provide resources to our teachers and their classrooms are making a difference.

I am pleased to present the Superintendent's Proposed Budget for FY 2022. It is a budget that addresses our need to *Recover, Retain, and Reignite* as we strive to exit the global pandemic. The Proposed Operating Budget of \$292.3 million with a \$5.7 million or a 2.0% increase over the current year, and will provide our staff with the adequate resources they need to help our students succeed.

#### **Budget Priorities and Guiding Principles**

In September 2020, the School Board set forth its budget priorities for FY 2022. These priorities provided guidance and broad areas of focus for the Superintendent and staff while developing the detailed budget for next year. The strategic plan goals and budget priorities are:

##### **Systemic Alignment**

- Implementation of 2025 Strategic Plan - Alignment of KPIs and metrics across all schools, and continued implementation and review of those aligned metrics
- Implementation of Equity audit of school board policies

##### **Instructional Excellence**

- K-2 Literacy continued implementation (adjusted for COVID-19-related learning loss)
- Reduce disproportionality in TAG and advanced courses
- Complete educational programming design for HS project and begin building the program (academic and career counseling adjustments, CTE expansion, Industry Advisory Board collaboration, etc.) and community partners to provide more internships

##### **Student Accessibility and Support**

- MTSS implementation with restorative practices and PBIS

- Stress/counseling support especially around trauma - extra support for students to compensate for COVID loss, especially K-2, EL and SWD

### **Strategic Resource Allocation**

- Customer Relationship Management System

### **Family and Community Engagement**

- Continue engagement with Hispanic families to improve graduation and chronic absenteeism
- Professional learning and cultural competency training for all staff and partners (PTAC)

The budget we have developed addresses those priorities, accomplishing several key goals. The FY 2022 Proposed Budget is one that:

- Helps our students and staff recover from the global COVID-19 pandemic
- Retain and develop our quality staff to provide consistency for our students
- Positions ACPS to recruit and retain highly qualified staff, and to offer competitive salaries and benefits.
- Advances our efforts for our customer relations management system
- Strengthens the provision of services for specialized instruction, English learners and Gifted and Talented learners.
- Provides additional program resources to strengthen our K-2 literacy programming
- Supports to implement recommendations from school division audits and studies.
- Supports the expanding of our outreach to all of our communities by adding additional family supports
- Reignites our students' desire to learn and our staff's passion to teach

Budgets always present us with difficult decisions. The decisions reached collaboratively with our school stakeholders reflect our efforts to drive resources to where they will most impact our students' ability to succeed.

In addition to the operating budget, ACPS serves each student through funding from grants and special projects, and the school nutrition program. When combined, the FY 2022 budget totals \$320.59 million.

## **Highlights of the FY 2022 Proposed Operating Budget**

There are key areas within the FY 2022 Proposed Operating Budget that require additional funds or the realignment of resources within the budget. These include the staffing necessary to address growing student enrollment and equity issues, a modest increase in compensation for our employees, and other targeted growth areas to support social, emotional and academic learning. Here is a high-level look at the primary drivers for next year's budget:

### **Compensation and Benefits: \$3.6 million**

To be able to move toward our goals of the ACPS 2025 strategic plan and achieve the School Board's FY 2022 Budget Priorities, we must attract and retain the best and brightest staff to our school division. Our staff is what makes our school division operate, prosper and continue to succeed. They represent roughly 88% of our Operating Budget, easily our largest commitment to helping our students succeed. To ensure we can continue to recruit and retain we must offer compensation that is competitive with our surrounding school divisions. ACPS plans to award eligible staff a full-step increase at the beginning of the contract year. In addition those employees that are

either at the top of their grade or on a hold step (therefore not eligible for a step increase) will receive a one-time payment of 1% of their annual salary.

In addition to competitive salaries ACPS must offer fringe benefits that will encourage staff to remain with us as well as help us recruit our next school and classroom leaders. The cost to continue to provide our employees exceptional health and dental benefits is projected to increase 8.5% and 8.0% respectively.

### **Other Areas of Focus: \$1.6 million**

The FY 2022 Proposed Budget includes additional resources to further support our strategic plan goals of social, emotional and academic learning (SEAL) as well as effective operations are as follows:

- Increased SEAL supports
- Increased bilingual parent liaisons
- Funding for school renaming efforts
- Substitute teacher needs
- Student assessment tools
- Funding for implementation of customer relations management system

We invite families, students, employees and community members to get involved in the budget process and offer suggestions and ideas. You may send your budget comments and questions directly to the Superintendent and staff at <http://www.acps.k12.va.us/budgets/>.

We are committed to making Alexandria City Public Schools the very best we can be. We are confident that the FY 2022 budget provides the resources in our classrooms that will give our students the opportunity to succeed.

Thank you for your continued support of our school division!

Sincerely,

E-SIGNED by Dr. Gregory Hutchings, Jr.

## Understanding the Budget

The ACPS budget document is a source of useful information. It contains fund statements and supporting details that provide the reader with an understanding of the school division's financial position and spending plan for the coming year. The document is also filled with information regarding division-wide priorities, planning activities, educational programs, and initiatives. The document provides a look at our recent history (where we have been), the present (what we are doing now), and the future (what we are planning and what the outlook is for several years down the road).

When reading the document, it is important to remember that the development of the budget is a year-long endeavor, with the final approved budget evolving through a series of iterations. Budget planning and development takes place from July through December. The budget approval process starts in January and features three major milestones:

- *Proposed Budget*

The Superintendent's Proposed Budget is presented to the School Board and released to the public in January of each year. This budget is the result of detailed work by the Superintendent and the ACPS leadership team, and it reflects what the Superintendent believes are the resources the division needs to meet the School Board's budget priorities for the coming year. The budget contains projections for enrollment, revenue and expenditures by fund, and highlights the major changes planned.

- *Approved Budget*

After receiving the proposed budget, the School Board reviews it, receives answers to any questions members may have, and holds a public hearing to provide community members an opportunity to express their thoughts. The School Board may then suggest changes to the proposed budget. The Superintendent takes those suggestions under advisement, creating a series of recommendations that are incorporated into a revised budget. The School Board may make additional changes to the proposed budget, ultimately agreeing on the Approved Budget, which reflects what they believe are the resources required by the division.

- *Final Budget*

In early May when Alexandria City Council adopts its budget for the coming year, ACPS comes to a clear understanding of the total funding the City is planning to allocate to support the school division. In a process similar to the development of the approved budget, the Superintendent presents recommendations for revising the budget to be consistent with the City's budgeted funding support. The School Board may again make changes to the budget, which when passed, becomes the Final Budget.

## Budget Document

The budget document is organized into four major sections: Executive Summary, Organization, Financials, and Information. The Information section has four sub-sections: division information, schools, departments, and appendix, which includes the glossary. Each section is further described below:

- *Executive Summary*

The Executive Summary of the ACPS budget document is a comprehensive summary and presents a complete picture of the budget story. It includes major highlights from each of the other sections of

the budget document and can be used as a stand-alone document.

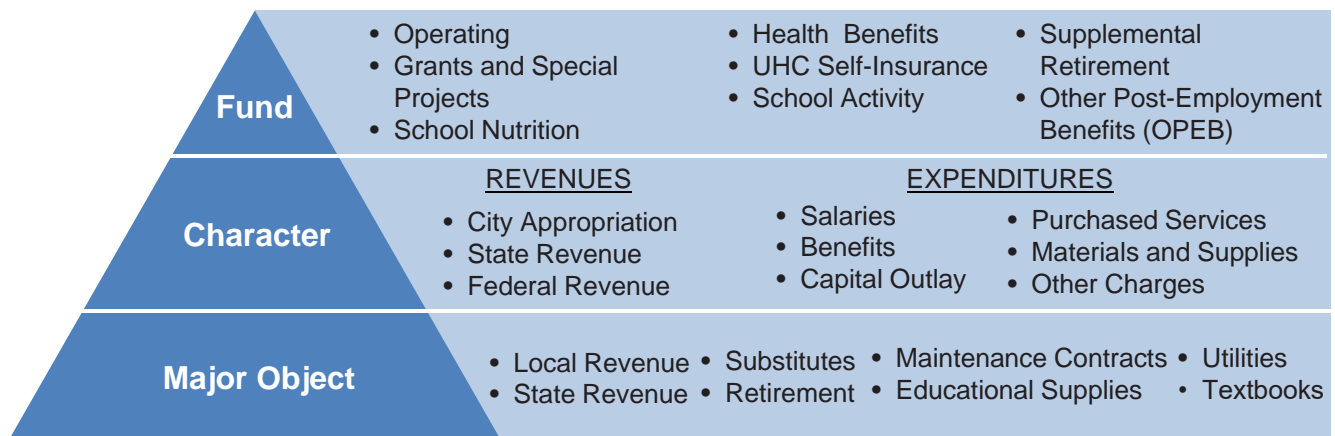

- *Organization*

The Organization section includes information related to organizational structure, as well as long-term, division-wide, strategic goals that provide the context for decisions within the annual budget. It also includes an overview of the budget process and calendar, as well as a summary of the division’s financial policies and practices.

- *Financials*

The Financials section includes summaries of all School Board funds, including the governmental, internal service, and fiduciary funds. This section presents information in a pyramid format: starting with fund statements, then detailing revenues and expenditures. An overview of major changes in expenditures and detailed financial reports comparing the current budget to the previous fiscal year is also included. The pyramid format allows the reader to view the information from the highest level of the combined funds statement to the more detailed information contained in individual fund statements.

For purposes of budget presentation, ACPS classifies its revenues and expenditures according to the following structure: fund, character, and major object. Funds represent the highest level of the classification structure. Character classifies revenues and expenditures into high-level categories. Major object provides a finer level of detail. The chart below shows how this structure forms a pyramid, moving from the most detailed (object) at the bottom, to the most summarized (fund) at the top, and provides examples of the major types of elements in each layer.

- *Information*

The Information section of the document provides the details of ACPS’ enrollment, demographics, and staffing. This section compares the unique make-up of our student population and also describes the various staffing formulae that are used to allocate staffing for elementary homeroom and encore, division-wide specialized instruction, English learners (EL), elementary talented and gifted (TAG), and assistant principal staffing. In addition to these data, readers can find information regarding Alexandria community demographics, school allocations, and cost per pupil details. The information section of the budget document is organized into three major sections: Schools, Departments, and Appendix.

## *Schools*

*The Schools sub-section contains summary-level information for all ACPS' schools, Alternative Education Programs, and School-wide Resources. Included are schools' education plans, demographics, performance tables, staffing, and budget reports.*

## *Departments*

*Similar to the Schools sub-section described above, this sub-section contains information for each department within ACPS. These pages include the organizational structure, responsibilities, work plans, staffing, and budget reports.*

## *Appendix*

*The Appendix includes a glossary of terms and positions used in the budget document and additional resources.*

## **What the Alexandria Community Needs to Know about the ACPS Budget**

Citizens are encouraged to learn about the ACPS budget. It is helpful to take a broad view first and understand concepts that are key factors in the development of the budget.

- ACPS is required by law to operate within a balanced budget. Because of this requirement, the Operating Fund budget is purposefully conservative in its projections of revenues and expenditures, which helps the school division end the year with an available balance, typical of other school divisions as well as local and state governments. Under current practice, ACPS retains this balance to pay for the carryover of encumbered obligations (orders of goods and services which have not been received as of the end of the fiscal year) and to support the following year's budget (currently limited to no more than two percent of proposed operating expenditures). The remainder is held as a cushion against extraordinary circumstances that might cause significant, one-time increases in expenditures or decreases in revenue.
- The Final Budget is informed by *ACPS 2025: Equity for All (developed in Spring 2020)*, the division's strategic plan. The plan was developed with significant input from stakeholders, including students, parents, teachers and other staff, and members of the Alexandria community. The plan approved by the School Board reflects the educational landscape, the specific needs of the school division, and the aspirations of the Alexandria community. *ACPS 2025 Strategic Plan* is the roadmap guiding the division's decision making for the next several years.
- The City of Alexandria is the primary source of the school division's operating fund revenue. The Commonwealth of Virginia views Alexandria as a wealthy community in comparison to other jurisdictions in the state. When the State determines the amount of funding it will provide to ACPS, it takes into consideration this wealth factor (called the Local Composite Index) and adjusts allocations down, based on the calculation of financial resources available in the City. As a result, the State provides ACPS with less direct aid support on a per pupil basis than other Virginia school divisions.
- School operations are labor-intensive and because of this, salaries and benefits comprise the majority of the budgeted operating expenditures. Most of these expenditures are for resources provided directly in the schools; for teachers and paraprofessionals; for counselors, nurses, and other licensed professionals; for principals and their administrative teams; and for support staff including custodians, security officers, and cafeteria aides.

- Major drivers of the labor expenditures include enrollment growth, market competition, health care costs, and State mandates (both funded and unfunded).
  - Growth in enrollment, in total and in subgroups of students with additional needs, drives the number of staff and the number of classrooms required. Many school-based positions are driven by formula prescribed by Standards of Quality (SOQs) established by the Virginia General Assembly.
  - Competition for staff is intensive in the Northern Virginia area, requiring the school division to offer competitive salary and benefit packages.
  - Health care costs have risen dramatically over the last several years. In response, changes to plan design were implemented in FY 2020 to minimize projected increases and those changes are maintained.
  - Certain benefit expenditures are mandated by the Commonwealth of Virginia, notably retirement rates for licensed professionals and administrative staff in the Virginia Retirement System (VRS).
- ACPS recognizes that revenue constraints require careful consideration of current expenditures to identify areas where costs may be reduced and operational efficiencies gained. During the course of the annual budget process, all major programs are reviewed to assess what changes can be implemented to offset the expenditure increases noted above. Budgets are often about making hard choices, and sometimes an area which is no longer a strategic priority needs to be reduced or eliminated to make funds available for new priorities.

## Where to Get More Information

ACPS is committed to making the budget process as understandable and accessible as possible, and strives to improve the transparency of the process every year. The key place to find more information is the ACPS website, where there is a page specifically dedicated to the budget. Visit <https://www.acps.k12.va.us/budgets> to see the latest information on:

- The budget calendar, which details upcoming meetings and milestones leading to the approval of the annual budget.
- The final budget for the current year, and proposed budget for next year (when published), as well as an archive of historical budgets dating back to FY 2014.
- Questions about the budget, posed by the School Board, the City Council and community members, along with detailed answers from staff.
- A summary of revisions proposed by School Board members and the Superintendent's recommended adjustments.

## How to Provide Feedback

Feedback from the community is an important part of the budget process and there are several ways to provide comments and voice concerns. Specific opportunities include:

- Send comments using the ACPS website: <https://www.acps.k12.va.us/budgets>
- Email the Superintendent at [superintendent@acps.k12.va.us](mailto:superintendent@acps.k12.va.us)
- Contact your school's PTA president and send your questions and comments through the Parent-Teacher Advisory Council (PTAC)
- Sign up to speak at one of the School Board's public hearings on the budget
- Join the School Board's Budget Advisory Committee: <https://www.acps.k12.va.us/domain/1025>

## Alexandria City Public Schools

### Students and Schools

The City of Alexandria and Alexandria City Public Schools (ACPS) are dedicated to ensuring academic success for each and every student. ACPS celebrates its diversity with students who come from 120 different countries, speak 121 native languages and represent a multitude of ethnic, cultural, and economic groups. The School Board's Academic Excellence and Educational Equity Policy (Policy IGBJ) pledges to educate students in an atmosphere of excellence and educational equity that prepares them for citizenship and ensures they are challenged to stretch their talents and aspirations.

In July 2020, the Identity Project was launched to work towards making Alexandria City Public Schools a more equitable future. Effective FY 2022, Matthew Maury Elementary School and T.C. Williams High School will be re-identified as Naomi L. Brooks Elementary School and Alexandria City High School, respectively.

The school division is comprised of one Early Childhood Center, 12 elementary schools, one Pre-K through eight school, one K through eight school, two middle schools (grades six through eight), and one high school. Alexandria City High School consists of a ninth-grade campus and a separate main campus for grades 10-12. ACPS provides educational opportunities through a flexible online learning Satellite Program and the Chance for Change Academy (an interim education facility). ACPS also operates the Northern Virginia Juvenile Detention Center School and the Sheltercare facility.

ACPS will serve a projected 16,144 students in FY 2022. Based on VDOE's fall 2019 membership data, ACPS ranked 16th of 132 school divisions in the Commonwealth of Virginia in terms of size. The three largest

Virginia school divisions - Fairfax, Prince William, and Loudoun County Public Schools - are also located in Northern Virginia.

### Governance

The Alexandria City School Board is a nine-member elected body whose primary responsibilities are to adjust and oversee capital and operating budgets annually, to formulate and adopt policy, to select a Superintendent to implement policy, and to evaluate the results (Policy BBA). The City of Alexandria is divided into three voting districts (districts A, B, and C) and three Board members are elected from each district. Each member is elected concurrently for a three-year term of office. The election took place in November 2018 and the newly elected Board took office in January 2019.

School Board meetings are typically held twice a month, Thursday evenings, in the School Board Meeting Room located at 1340 Braddock Place. Board meetings are televised live in Alexandria on Channel 71, streamed live and archived on the ACPS website. Meeting agendas are maintained online at <http://esbpublic.acps.k12.va.us> by the School Board Office. They also are posted online at [www.acps.k12.va.us/domain/851](http://www.acps.k12.va.us/domain/851). For more information, please contact the Clerk of the Board at 703-619-8019.

Any citizen may address the Board at any regular meeting during the designated period called "Communications and Addresses to the Board." Persons wishing to appear before the School Board are asked to contact the Clerk of the Board or sign up online at [www.acps.k12.va.us/domain/852](http://www.acps.k12.va.us/domain/852) for inclusion on the agenda. A reasonable period of time, as determined by the School Board, will be allocated at each regular meeting for citizens to present matters of concern.

The Superintendent, Dr. Gregory C. Hutchings Jr., is the chief executive officer for the school

division. The Superintendent's mission is to ensure that all activities within the school system support the five goals of the *ACPS 2025 Strategic Plan: Equity for All*:

- Systemic Alignment: ACPS will build a culture of continuous improvement and design equitable systems for school and instructional improvement;
- Instructional Excellence: ACPS will ensure that all students have access to and engagement with high-quality instruction;
- Student Accessibility and Support: ACPS will ensure students have equitable access to and engagement with programs and supports that reduce barriers to learning;
- Strategic Resource Allocation: ACPS will strategically provide differentiated resources and supports to schools and departments;
- Family and Community Engagement: ACPS will ensure that all families and community members feel welcomed, respected, and valued.

The Superintendent works closely with executive staff to manage all aspects of school division operations. All chief officers report directly to the Superintendent.

The work of central office concentrates on planning, continuous improvement, leadership development, and culture as shared responsibilities of all ACPS administrators. The organizational structure is intended to ensure that the key focus remains on quality instruction, curriculum, and comprehensive student support. Focus also remains on aging infrastructure and ensuring students and staff are housed in safe and secure buildings.

ACPS, like many other school divisions, is retooling significant operations to ensure increased efficiency and effectiveness as budget discussions become increasingly difficult. Each year, all programs are evaluated to look for efficiencies and new programs are placed on hold or phased in over multiple

budget years.

The following pages show ACPS' School Board assignments, division organizational structure, school leadership contacts, and a map of school sites across the city.

## ACPS Enrollment

ACPS' enrollment data series counts all students, including students under the age of 5 and over the age of 20, as well as all special placements. The division incurs costs for all enrolled students even if they are not included in the state's definition of average daily membership.

As shown on the chart below, from FY 2018 through FY 2021, the elementary school enrollment has decreased from 8,501 to 8,026 students. Middle school has increased from 3,043 to 3,411 students and high school has increased from 3,949 to 4,151 students during this same period. Over the same time period, the number of students attending special placement facilities increased by five.

Enrollment projections are prepared annually as a collaborative effort by ACPS' Operations Department and the City's Planning and Zoning Department. In general, the enrollment

projections are based on trends experienced throughout the school division by school and by grade. An average "Cohort Survival Rate" from the previous 3 or 4 years at each school and grade is used to determine the numbers of students who would be retained and/or added in each school and at each grade level.

For FY 2022, elementary school enrollment is projected to be 8,367 with middle school at 3,338, which includes students in grades 6-8 at Jefferson-Houston and Patrick Henry. High school is expected to grow by 241 students to 4,392. Enrollment in all schools is projected to increase for FY 2022 by 509 students, including students being served in special placement facilities.

With the projected changes in enrollment for FY 2022, elementary school enrollment represents 52.0 percent with middle and high schools at 20.7 percent and 27.3 percent, respectively, of total enrollment, not including special placements.

## Budget Process

The budget is a resource allocation and policy document. It incorporates the best estimate of the school division's revenues and expenditures for the next fiscal year based on a snapshot of current fiscal year revenue and expenditures. These estimates are revised to reflect changes in plans, priorities and trends in enrollment as well as the economic environment.

The Code of Virginia requires that each school Superintendent prepare a budget that estimates the expected funding necessary to support public schools during the upcoming year. It is then the responsibility of the School Board to balance the needs of the school division with respect to the economic and political environment.

The budget provides a framework for measuring and monitoring expenditures. Throughout the year, actual spending is compared with the budget within each organizational and programmatic area. The comparison is used to provide a measure of effectiveness and also help ensure that funds are being used for their intended purpose.

### Key Elements of the ACPS Planning Process

- Strategic plan
- Board budget priorities
- School and departmental improvement plans
- Student and school achievement data
- Operating cost trend analyses
- Parent and community input
- Capital Improvement Program budget
- Current fiscal year budget
- Grant or program-specific plans

## Planning Activities in ACPS

In June 2020, the Alexandria City School Board approved *Equity for All 2025*, an ambitious strategic plan for Alexandria City Public Schools.

*Equity for All 2025* places racial equity at the center of everything that we do as a school division. It challenges us to ensure our students are engaged in classroom instruction and have access to the educational resources needed to enhance their learning experiences. It will ensure that our schools are a safe, friendly and welcoming environment for all. It also sets clear division-wide priorities and programs to address opportunity and achievement gaps as well as makes sure that all students graduate ready for college, careers and life. The vision is big and bold, and the potential is enormous.

*Equity for All 2025* has five primary strategic goals. Progress toward these strategic goals will be measured with rigorous metrics. These targets are audacious, but we hope our success will ultimately become a model for urban school divisions around the country.

Major planning activities in ACPS are as follows:

- On June 26, 2020, the School Board adopted *Equity for All 2025*, a comprehensive strategic plan for fiscal years 2020-2025. The full 2020-2025 strategic plan can be found in the Organization section of this document.
- All school principals have prepared improvement plans congruent with the goals and objectives of the current strategic plan. Improvement plan summaries are located in the Schools section of this document.
- All department leaders have created departmental improvement plans congruent

with the goals and objectives of the strategic plan. Department improvement plan summaries can be found in the Departments section of this document.

- The School Board's Combined Funds Budget is adopted annually and reflects ongoing programs as well as initiatives for the following year.
- Analysis of student and school achievement data is done on a regular basis by school staff in professional learning communities and in collaboration with central office staff from the Departments of Teaching, Learning and Leadership and Accountability & Research.
- Analyses of trends that affect ACPS costs and operations are conducted regularly in a variety of areas.
- School Board advisory committees work regularly with staff to provide input and feedback on ACPS operations and report annually to the School Board. These committees include the Athletic Hall of Fame Committee, the Budget Advisory Committee, the Career and Technical Education Advisory Committee, the School Health Advisory Board, the Special Education Advisory Committee, the Student Achievement Advisory Committee, and the Talented and Gifted Advisory Committee.
- The Superintendent receives input for planning from a variety of advisory groups, such as the Business Advisory Council, the Education Association of Alexandria (EAA), the Superintendent's Student Leadership Council, and the Teachers Advisory Council.
- The Capital Improvement Program (CIP) budget is adopted annually by the School Board. The CIP budget provides a 10 year prioritized plan for major facility changes.
- In addition to division-wide plans such as the annual budget, there are many subsidiary

areas that require detailed plans. The Commonwealth of Virginia requires plans for talented and gifted, career and technical, technology, and adult education programs. Division plans, including special education, are impacted by the federal entitlement grant process which requires comprehensive planning.

## Budget Overview

The FY 2022 Combined Funds Budget represents an ongoing commitment to ACPS students as aligned with Equity for All 2025 strategic plan. A full review of programs and services was conducted to confirm focus on student achievement and support of initiatives that have been implemented to decrease gaps in achievement across various economic, educational and racial groups.

The FY 2022 operating expenditures budget totals \$296.75 million, an increase of 3.5 percent compared to the FY 2021 Final Budget. The appropriation to ACPS from the City of Alexandria totals \$239.44 million, an increase of 2.3 percent compared to the FY 2021 Final Budget. Total positions show a net decrease of 2.38 FTE or .10 percent.

For FY 2022, overall student enrollment is projected to decrease by 2.0 percent, or 329 students, for a total enrollment of 16,144 (including special placements).

Although exceptional progress can be seen through the division-wide transformation efforts over the past several years, the work is not complete. The School Board, Superintendent, and staff continue long-term efforts that require strategic planning, investment in our staff, professional learning, accountability and community engagement. This budget aligns our resources effectively and efficiently in order to support student achievement, provide top quality teachers, improve facilities, engage families and ensure the safety and security of students and staff.

## ACPS Strategic Planning

Alexandria City Public Schools has pledged to provide an equitable, high quality education which is accessible and engaging to all students in a five-year strategic plan approved by the Alexandria City School Board on June 26, 2020.

Equity For All 2025 is a bold and courageous roadmap that is timely and will position ACPS as a national leader in redefining PreK-12 education as a deliberately inclusive and supportive experience where all succeed.

Going forward, racial equity will be at the center of every decision that the school division will make.

ACPS 2025: Equity for All has five core values that ensure ACPS is Welcoming, Empowering, Equity-Focused, Innovative and Results-Driven.

In addition, it has five primary strategic goals: Systemic Alignment; Instructional Excellence; Student Accessibility and Support; Strategic Resource Allocation; and Family and Community Engagement.

Each of these goals ensures that students are engaged in classroom instruction, have access to the educational resources needed to enhance their learning, and participate while in safe, friendly, and welcoming environments.

It also sets clear division-wide priorities and programs that will eliminate opportunity and achievement gaps as well as ensure that all students graduate ready for college, careers and life. Progress toward these strategic goals will be measured with rigorous metrics.

For the first time in the history of ACPS, the strategic planning process was aligned with the planning process for multiple citywide departments and organizations with the goal of ensuring that City and school plans have shared goals and outcomes. This Unified Planning Team included the Department of Community

and Human Services' Children and Youth Master Plan (CYMP), and the Alexandria Health Department and the Partnership for a Healthier Alexandria's Community Health Improvement Plan (CHIP).

These organizations embraced a shared understanding of racial equity and kept that principle at the heart of all decision making. The key focus areas of the Unified Planning Team are racial equity, developmental assets and a trauma-informed approach. They aim to add value through collective community engagement, the sharing of data, and a focus on joint outcomes.

The development of the ACPS 2025 Strategic Plan, guided by ACPS' consultant FourPoint Education Partners, has taken more than a year of collaboration and engagement involving a Strategic Planning Committee consisting of ACPS staff from every school, students, parents and representation from key community groups across Alexandria.

ACPS will work with the Unified Planning Team to develop a process to implement their plans together.

## School Board Budget Priorities

Each of the five goals for the strategic plan has a number of measures that will help us track and report progress in achieving the goal. Key Performance Indicators (KPIs) define the key overall outcomes that an organization is trying to achieve. They answer the question of what success looks like and how will we know if we are progressing toward the intended outcome.

As an educational organization, within ACPS all KPIs are student outcomes.

In addition to measures, each goal also has a number of strategies and highlighted actions, which outline the steps that ACPS will take to achieve the goal.

# Strategic Plan

- **Goal 1: SYSTEMIC ALIGNMENT** - ACPS will build a culture of continuous improvement and design equitable systems for school and instructional improvement.
- **Goal 2: INSTRUCTIONAL EXCELLENCE** - ACPS will ensure that all students have access to and engagement with highquality instruction. Resource Audit Recommendations.
- **Goal 3: STUDENT ACCESSIBILITY AND SUPPORT** - ACPS will ensure students have equitable access to and engagement with programs and supports that reduce barriers to learning.
- **Goal 4: STRATEGIC RESOURCE ALLOCATION** - ACPS will strategically provide differentiated resources and supports to schools and departments.
- **Goal 5: FAMILY AND COMMUNITY ENGAGEMENT** - ACPS will ensure that all families and community members feel welcomed, respected, and valued.

provided added value to each through the opportunity to maximize collective community engagement, use and focus on the most important data, and focus on shared outcomes.

The result of working together, instead of in isolation, should prove beneficial to all in Alexandria and serve as a model for future efforts in our community.

We invite you to view the outcome of this unified planning work in this document and the others completed as part of this collaborative effort.

While developing these plans is important, implementing them successfully is even more important. As a result, the Unified Planning Team will evolve into a Unified Implementation Team to continue the partnership during implementation of these plans over the next five years and continue to ensure alignment of actions, collective community engagement, use of data, and sharing of resources, when possible.

Alexandria prides itself on being a concerned, caring and engaged community — one which works collaboratively for the benefit of those who live here and the larger public interests. Alexandrians view themselves individually but also, as part of this larger collective wishing to improve the lives of all who live in the city.

In 2019, the “perfect storm” of opportunity presented itself when the timing of revisions to three major city-related plans coincided — the Alexandria City Public Schools’ Strategic Plan, the Department of Community and Human Services’ Children and Youth Master Plan (CYMP), and the Alexandria Health Department and the Partnership for a Healthier Alexandria’s Community Health Improvement Plan (CHIP). These organizations established a Unified Planning Team in the spring of 2019 and found partnering to develop their plans collectively

## Combined Funds Statement

The table below shows the combined funds statement. Actual figures are shown for FY 2018 through FY 2020, Final Budget figure shown for FY 2021, and Proposed Budget figure shown for FY 2022. The presentation of revenue and expenditures has been adjusted to show "Other Financing Sources and Uses" on a separate line. This presentation more closely aligns with the statement of revenues, expenditures, and changes in fund balances as presented in the Comprehensive Annual Financial Report (CAFR).

The Combined Funds budget consists of three separate funds:

**Operating Fund:** This fund provides for the day-to-day operation of the school division and

includes the division's primary revenue sources from the Commonwealth of Virginia and the City of Alexandria. Projected Operating Fund revenues increase by 1.9 percent in FY 2022, compared to the FY 2021 Final budget.

**Grants and Special Projects Fund:** This fund accounts for all federal, state, and local grants. Federal and state grant funds are primarily entitlement funds allocated to the school division on a formula basis, but operating under grant rules as they relate to requirements, management, performance, and reporting. Grants and special projects revenue projections decrease by 18.4 percent compared to the FY 2021 Final budget.

**School Nutrition Fund:** This Enterprise fund covers all food service operations and administrative costs, primarily from food sales

and federal revenue. It does not include cafeteria aides who are budgeted in the Operating Fund. School Nutrition Fund revenues increase by 2.1 percent from the FY 2021 Final budget.

**Combined Funds:** As shown on the pie chart to the right, the Operating Fund revenue (excluding other financing) represents 91.5 percent of the combined funds budgeted revenue and totals \$287.71 million. Grants and Special Projects Fund revenue represents 4.9 percent and totals \$15.37 million. School Nutrition Fund revenue represents 3.6 percent and totals \$11.19 million of the combined funds budget revenue.

The chart below shows the distribution of salary, benefits, and non-personnel expenditures for all funds, combined. Total salary and benefits expenditures comprise of approximately 85.9 percent of the total combined funds budget in FY 2022, which is up from 85.6 percent in the FY 2021 budget.

**FY 2022 Final Combined Funds Budget

Salaries and benefits expenditures are projected to increase overall by 1.1 percent. This increase is driven primarily by compensation improvements for current ACPS staff as well as increases in health insurance premiums.

## Sources of Revenue by Fund

**Operating Fund:** The primary source of operating revenue for ACPS is the city appropriation which comprises 81.9 percent of projected operating revenue and other financing. State revenue is much smaller at 17.7 percent and local and federal revenues total approximately 0.4 percent. The school division is fiscally dependent on the City of Alexandria and is not permitted to incur long-term debt.

The **City Appropriation** of \$239.44 million is an increase of \$5.40 million, or 2.3 percent greater than the previous fiscal year. The city appropriation per student is projected at \$14,831, as shown in the table below.

**State revenues** are projected to total \$51.84 million, an increase of \$4.71 million or 10.0 percent. State revenues are projected to increase mainly in the area of basic aid, sales tax, supplemental lottery per pupil allocation, and at-risk. This is slightly offset by decreases

in other funding categories.

**Local revenue** projections total \$0.81 million in FY 2022, representing no change from the amount budgeted for FY 2021.

**Federal funds** total \$0.13 million, a decrease of 55.1 percent from the amount budgeted for FY 2020. These funds will support the ROTC program at T.C. Williams High School.

City Appropriation: Total and Per Student

# Financial Information

Additional federal revenue received by ACPS include entitlement grants which are budgeted in the Grants and Special Projects Fund.

**Other Financing** includes other sources of funds from the Capital Improvement Project (CIP) fund. Included in FY 2022 is other uses of funds for the Virginia Preschool Initiative (VPI) which is tracked in a separate grants and special projects fund. The FY 2022 Operating Fund support for the preschool program will be \$1.77 million.

The FY 2022 budget also includes the **use of operating fund balance**. The total amount of \$5.11 million budgeted for FY 2022 is an increase of 4.7 percent from the amount budgeted for FY 2021. This amount is approximately 1.75 percent of the total budget and complies with School Board Policy DAB.

**Grants and Special Projects Fund:** Total budgeted revenues in this fund are projected to decrease by 18.4 percent to \$15.37 million. Additional grant funding may be available during the upcoming fiscal year through the use

of carryover from prior year grant funds or if new awards become available.

**School Nutrition Fund:** An increase in revenues of \$0.23 million, or 4.3 percent, is mainly driven by increases in local and federal revenue. Additional information can be found in the Financials section of this document.

## Expenditure Overview by Fund

**Operating Fund:** The FY 2022 Operating Fund expenditure budget totals \$296.75 million, an increase of \$10.15 million or 3.54 percent when compared to the previous fiscal year's budget. This does not include the transfer to support the preschool program.

As shown on the following page, salary accounts increase by \$6.39 million or 3.58 percent compared to the FY 2021 budget as a result of new FTEs for enrollment growth and a step increase for all eligible employees which will be awarded be at the start of the contract year. The benefit expenditures increase by \$0.95 million or 1.28 percent, primarily the result of changes to health benefit premiums.

## Expenditures By Fund FY 2018-2022

# Financial Information

Non-personnel accounts increased by \$2.80 million or 8.3 percent.

## Grants and Special Projects Fund:

The total budgeted expenditures for the Grants and Special Projects Fund in FY 2022 is \$33.04 million, a increase of \$12.48 million or 60.73 percent from the FY 2021 Final Budget. This is as a result of ESSER funding now being captured. Salaries and benefit expenditures total \$13.50 million, or approximately 40.87 percent of the total grants and special projects budget. Non-personnel expenditures total \$4.04 million and account for approximately 12.23 percent of the total grants and special projects budget. ESSER funding totals \$15.49 million and accounts for approximately 46.90 percent of the total grants and special projects budget. These changes are seen in more detail in the Financials section of this document.

The Grants and Special Projects Fund budget is a preliminary estimate based on current year awards which will be adjusted later in the year as additional information is received. Final grant award amounts are typically confirmed by the grantors in the fall. In addition, carry-over funding will be determined based on the FY 2021 year-end audited actual expenditures.

**School Nutrition Fund:** The Food and Nutrition Services Fund is a major special revenue fund used to account for revenues internally restricted to expenditures for certain purposes, specifically for the procurement, preparation and serving of student meals. The FY 2022 budgeted expenditures total \$11.19 million, an increase of \$0.24 million compared to the FY 2021 budget.

Salaries are increased to \$3.89 million from \$3.41 million in the FY 2021 Final Budget. Benefit expenditures decreased by \$0.03 million, or 0.03 percent. This change is associated with retirement contributions, FICA payments and health insurance costs. Non-personnel accounts decreased by \$0.22 million or 3.8 percent. In FY 2022, Materials and Supplies related to food service equipment decreased as well as the capital outlay. These changes are shown in more detail in the tables in the Financials section of this document.

## Major Changes in Operating Expenditures

ACPS is committed to achieving the mission and vision articulated in the Equity for All 2025 strategic plan and meeting the priorities that School Board established for the school year. The FY 2022 Final Budget aims to bring these plans and priorities to fruition while at the same time ensuring we proactively mitigate adverse long-term impacts of the pandemic on our students, our school system, and our community.

When compared to the FY 2021 Final Budget, the FY 2022 Final Operating Budget features a \$10.14 million, or a 3.5% percent increase, coupled with a slight reduction of 2.38 FTE positions, as compared to last year. The current enrollment trends, increased complexity of student needs, and staff compensation and benefits are the primary drivers in projected changes.

Staffing changes are primarily the result of lower than previously projected enrollment growth and meeting changing needs throughout ACPS. Details of the enrollment-driven staffing changes and other staffing changes can be found throughout this document.

Subsequent table highlights major changes. As noted, the most significant cost driver is employee compensation. Coupled with School-based staffing enhancements and other Department staffing enhancements, adjustments and other expenditure adjustments were necessary. A summary of available revenue and other uses of funding results in a funding gap that continue to require the budgeted use of fund balance necessary to balance the budget. The details for these changes can be found in the Financials section.

## FY 2021-2026 Fiscal Forecast

The FY 2021-2026 fiscal forecast incorporates the revenue and expenditures of the final FY 2020 budget and projects financial performance for the Operating fnd through FY 2026. The forecast utilizes assumptions concerning enrollment and demographics, class size and staffing levels, as well as revenue and expenditure inflation trends, to provide a long-range picture of the financial challenges facing ACPS. The graphic below provides a summary of those assumptions. The model underlying the forecast provides an analytical framework

that allows the Alexandria City School Board and ACPS leadership to examine how changes in operating assumptions affect this financial picture, and will be used to determine how best to close the projected operating gap.

### Cost per Pupil

ACPS's cost per pupil calculations determine the average cost per pupil for all students, then disaggregates the cost into three components:

- all general education
- special education
- English learner (EL) services

The table and bar chart below show the average per pupil cost projected to increase by 0.5 percent to \$19,864, for FY 2022 Final compared to the prior fiscal year. The FY 2022 Final Budget for general education per pupil cost increases by 2.5 percent to \$15,960, special education per pupil cost decrease by

1.7 percent to \$37,878, and EL cost per pupil increase by 2.5 percent to \$20,235 compared to the prior fiscal year.

The ACPS cost per pupil formula includes the Virginia Preschool Initiative (VPI) grant expenditures and updates the special education transportation cost factor, which apportions a share of the transportation cost to special education based on the ratio of special education buses to standard school buses.

### Capital Improvement Program (CIP) Introduction

The Alexandria City Public Schools (ACPS) FY 2022-2031 Capital Improvement Program (CIP) is framed by several major considerations: Systemic Alignment, Instructional Excellence, Student Accessibility and Support, Strategic Resource Allocation, Family & Community Engagement.

ACPS incorporates current enrollment information, program requirements, city population data, and planning & zoning assessments, along with principal and department head needs. In addition, staff uses operations and maintenance data, School Board strategic plans and facility needs assessments to determine capital needs. The Capital Improvement Program adoption reflects the annual commitment to a series of projects with estimated costs based on current knowledge, market conditions and priorities.

The City of Alexandria defines a capital project as one that acquires or improves a physical asset with a useful life of three or more years for greater than \$10,000 not including day-today maintenance tasks. Several capital projects have a direct impact on the operating budget and are typically related to capacity.

While the program serves as a long range plan, it is reviewed and revised annually based on current planning circumstances and the need to reprioritize.

#### **STRATEGIC PLANNING FRAMEWORK**

Equity is an essential part of the ACPS 2022-2031 CIP Plan. This is particularly relevant in the facilities we offer our students and staff. This plan pledges to work for the modernization of schools so that every student has not just a beautiful building and learning space, but optimal learning environments with access to program opportunities.

#### **OVERVIEW OF CIP PROJECTS**

The elementary projects represent all planned projects for the elementary school sites. There

\*The new Parker-Gray Stadium at Alexandria City High School\*

are 14 existing elementary sites, which include two grade K-8 schools, Jefferson-Houston and Patrick Henry. The other sites are Charles Barrett, Lyles-Crouch, Ferdinand T. Day, John Adams which is co-located with the Early Childhood Center, Cora Kelly, Douglas MacArthur, George Mason, Naomi L. Brooks (formerly Matthew Maury), James K. Polk, William Ramsay, Samuel W. Tucker and Mount Vernon. The ACPS School Board approved implementation of new elementary school boundaries for the 2018-2019 school year.

The secondary projects represent all planned projects for the secondary school sites. There are four secondary sites: Francis C. Hammond, George Washington, and the two campuses of Alexandria City High School: Minnie Howard Campus and King Street Campus (formerly T.C. Williams High School).

Other ACPS facilities and system-wide accounts are represented in the following areas: Building Systems Upgrades and Modernization; Capacity Projects; System-Wide; Swing Space; Rowing Facility; and Transportation Services.

### Alexandria City Real Estate Property Tax Information

Real estate property tax rates in the City of Alexandria are set by the Alexandria City Council.

All real estate parcels in the City of Alexandria are annually assessed at 100 percent of estimated fair market value as of Jan. 1. Real estate assessed values are based on trends in the region and in the city, but primarily from large numbers of sales that are analyzed to determine values for groups of properties. Real estate taxes are based on these assessed values and the real estate tax rate.

Alexandria has the second lowest tax rate in Northern Virginia for CY 2021 (FY 2022), as shown in the real estate tax rate line graph. The graph shows a comparison of tax rates among the City of Alexandria and neighboring jurisdictions, including Arlington County, Fairfax County, Loudoun County and Prince William County over the past ten calendar years. Rates listed are per \$100 of assessed value.

The FY 2022 budget reflects a real property tax rate of \$1.110 per \$100 of assessed value, reduced compared to the FY 2021 rate. Changes to the real estate tax rate can impact budget through revenue collection and average residential tax bill.

**Real Estate Tax Rates Cents Per \$100 of Assessed Value  
CY 2011-2020**

Arlington County's rate includes 2.0 cents for schools and public safety and a transportation add-on tax on commercial property of 12.5 cents.

The Fairfax County rate includes add-on tax rates of 0.1 cents for pest infestation and 12.5 cents on commercial properties for transportation.

Prince William includes a county-wide fire and rescue levy of 8.0 cents and 0.25 cents for mosquito and forest pest management.

## Overview of Alexandria City Public Schools

Alexandria City Public Schools (ACPS) serves the City of Alexandria, just outside Washington, D.C. in Northern Virginia. For school year 2021-2022, ACPS will serve a projected 16,144 students from preschool to grade 12 at one Early Childhood Center, 12 elementary schools, one Pre-K through eight school, one K through eight school, two middle schools, one high school (consisting of a ninth-grade center and a separate main campus for grades 10-12), a flexible online learning Satellite Program, and the Chance for Change Academy (an interim education facility). ACPS also operates a school at the Northern Virginia Juvenile Detention Center and the Sheltercare facility.

ACPS is considered a component unit of the City of Alexandria. The City of Alexandria has a total area of 15.8 square miles and has an estimated population of 159,428 people, as of the 2019 Census Bureau Population Estimate. The City funds 81.9 percent of the ACPS operating budget.

The ACPS School Board is a nine-member elected body whose primary responsibilities are to adjust and oversee capital and operating budgets annually, to formulate and adopt policy, to select a Superintendent to implement policy, and to evaluate the results (Policy BBA).

In FY 2021, ACPS underwent an organizational change to better support the school division. Major changes include a Chief of School and Community Relations Officer to oversee the Office of School, Business and Community Partnerships and Office of Communications. As well as a Chief of Staff to oversee the Human Resources and Facilities and Operations Departments. The organizational structure of ACPS is designed to best meet the goals of the strategic plan and the needs of its diverse student population while effectively managing the various schools and programs within the division.

The Superintendent works closely with executive staff in managing all aspects of school division operations. All Chief Officers report directly to the Superintendent.

The Executive Director of School, Business, and Community Partnerships serves as the initial point of contact and liaison between the City, community and ACPS and coordinates major community funded facilities projects and outreach efforts. The office allows for consistent communication to interested partners and develops work flow processes associated with large complex projects that involve multiple departments. In addition, the office oversees the family and community engagement center and grants development.

The Executive Director of Communications oversees all division-level communications and public relations, multimedia services, audio-visual services, and school-level public relation liaisons. The department is responsible for all emergency notifications, ACPS Express, ACPS Insider, school eNewsletters and the release of information from the school division to the media.

The Chief of Accountability & Research works closely with schools and central office staff to oversee instructional assessments, program evaluations and research, data analysis, and reporting. The department provides decision-makers with valid, reliable, and timely data to enhance the quality of education offered to students.

The Chief of Teaching, Learning & Leadership directly oversees all aspects of instructional programming including curriculum and effective teaching to ensure all ACPS students are prepared and equipped for success in college, work, and life in a global society. The offices/teams include Adult Education; AVID/ College Readiness; Career and Technical Education; College and Career Readiness; Curriculum Design and Instructional Services; Data Analysis, Interpretation, and Resources; Early Childhood; English Learner Services;

Humanities; Literacy; Specialized Instruction; STEM; Talent Development; Talented and Gifted Programs; and Title I Programs.

The Chief of Technology oversees the division's technology program, including education and business applications, instructional technology, infrastructure and support services, and online learning. This position also coordinates the Freedom of Information Act (FOIA) requests.

The Chief of Student Services and Equity Officer oversees home schooling, student hearings, cultural competence, school counseling services, school health services, school psychology services, school social work services, residency verification, truancy, and homelessness, as well as the alternative education programs, including the Chance for Change Academy, Northern Virginia Juvenile Detention Center School, and Sheltercare. The department also provides counsel and support to the administration, school principals, and staff to help ensure that schools provide a safe and equitable learning environment for all students.

The Chief of Financial Services oversees accounting services, audit support, budget and financial planning, financial systems and reporting, fiscal procedures and compliance, grants management, payroll services, procurement, and general services.

The Chief of Staff oversees the Facilities and Operations and Human Resources Departments. The schools are supported in non-instructional operations by the Executive Director of Facilities and Operations, who oversees the support services provided by the Departments of Educational Facilities, Pupil Transportation, School Nutrition Services, Safety and Security, Maintenance and Custodial, and Capital Projects Planning. The Executive Director of Human Resources oversees compensation and benefits, employee relations, employment services, licensure and onboarding of new employees, succession

planning, and continuous improvement.

The organizational structure is intended to ensure the key focus remains on quality instruction, curriculum, and comprehensive student support, as outlined in *ACPS 2025 Strategic Plan: Equity for All*. Like many other school divisions, ACPS continues to monitor and evaluate its departmental operations to ensure increased efficiency and effectiveness as budget discussions become more difficult, understanding that additional capacity is needed for increased enrollment, and that focus on student achievement remains central.

The central office concentrates on planning, continuous improvement, leadership development, and a culture of shared responsibilities of all ACPS administrators.

School Board member assignments, division map, organization chart for the division, and list of principals are shown on the following pages.

## ACPS Strategic Planning

Alexandria City Public Schools has pledged to provide an equitable, high quality education which is accessible and engaging to all students in a five-year strategic plan approved by the Alexandria City School Board on June 26, 2020.

Equity For All 2025 is a bold and courageous roadmap that is timely and will position ACPS as a national leader in redefining PreK-12 education as a deliberately inclusive and supportive experience where all succeed.

Going forward, racial equity will be at the center of every decision that the school division will make.

ACPS 2025: Equity for All has five core values that ensure ACPS is Welcoming, Empowering, Equity-Focused, Innovative and Results-Driven.

In addition, it has five primary strategic goals: Systemic Alignment; Instructional Excellence; Student Accessibility and Support; Strategic Resource Allocation; and Family and Community Engagement.

Each of these goals ensures that students are engaged in classroom instruction, have access to the educational resources needed to enhance their learning, and participate while in safe, friendly, and welcoming environments.

It also sets clear division-wide priorities and programs that will eliminate opportunity and achievement gaps as well as ensure that all students graduate ready for college, careers and life. Progress toward these strategic goals will be measured with rigorous metrics.

For the first time in the history of ACPS, the strategic planning process was aligned with the planning process for multiple citywide departments and organizations with the goal of ensuring that City and school plans have shared goals and outcomes. This Unified Planning Team included the Department of Community and Human Services' Children and Youth

Master Plan (CYMP), and the Alexandria Health Department and the Partnership for a Healthier Alexandria's Community Health Improvement Plan (CHIP).

These organizations embraced a shared understanding of racial equity and kept that principle at the heart of all decision making. The key focus areas of the Unified Planning Team are racial equity, developmental assets and a trauma-informed approach. They aim to add value through collective community engagement, the sharing of data, and a focus on joint outcomes.

The development of the ACPS 2025 Strategic Plan, guided by ACPS' consultant FourPoint Education Partners, has taken more than a year of collaboration and engagement involving a Strategic Planning Committee consisting of ACPS staff from every school, students, parents and representation from key community groups across Alexandria.

ACPS will work with the Unified Planning Team to develop a process to implement their plans together.

## School Board Budget Priorities

Each of the five goals for the strategic plan has a number of measures that will help us track and report progress in achieving the goal. Key Performance Indicators (KPIs) define the key overall outcomes that an organization is trying to achieve. They answer the question of what success looks like and how will we know if we are progressing toward the intended outcome.

As an educational organization, within ACPS all KPIs are student outcomes.

In addition to measures, each goal also has a number of strategies and highlighted actions, which outline the steps that ACPS will take to achieve its goals.

# Strategic Plan

---

The School Board has approved the following FY 2022 Strategic Goals:

- **Goal 1: SYSTEMIC ALIGNMENT** - ACPS will build a culture of continuous improvement and design equitable systems for school and instructional improvement.
- **Goal 2: INSTRUCTIONAL EXCELLENCE** - ACPS will ensure that all students have access to and engagement with highquality instruction. Resource Audit Recommendations.
- **Goal 3: STUDENT ACCESSIBILITY AND SUPPORT** - ACPS will ensure students have equitable access to and engagement with programs and supports that reduce barriers to learning.
- **Goal 4: STRATEGIC RESOURCE ALLOCATION** - ACPS will strategically provide differentiated resources and supports to schools and departments.
- **Goal 5: FAMILY AND COMMUNITY ENGAGEMENT** - ACPS will ensure that all families and community members feel welcomed, respected, and valued.

Alexandria prides itself on being a concerned, caring and engaged community — one which works collaboratively for the benefit of those who live here and the larger public interests. Alexandrians view themselves individually but also, as part of this larger collective wishing to improve the lives of all who live in the city.

In 2019, the “perfect storm” of opportunity presented itself when the timing of revisions to three major city-related plans coincided — the Alexandria City Public Schools’ Strategic Plan, the Department of Community and Human Services’ Children and Youth Master Plan (CYMP), and the Alexandria Health Department and the Partnership for a Healthier Alexandria’s

Community Health Improvement Plan (CHIP). These organizations established a Unified Planning Team in the spring of 2019 and found partnering to develop their plans collectively provided added value to each through the opportunity to maximize collective community engagement, use and focus on the most important data, and focus on shared outcomes.

The result of working together, instead of in isolation, should prove beneficial to all in Alexandria and serve as a model for future efforts in our community.

We invite you to view the outcome of this unified planning work in this document and the others completed as part of this collaborative effort.

While developing these plans is important, implementing them successfully is even more important. As a result, the Unified Planning Team will evolve into a Unified Implementation Team to continue the partnership during implementation of these plans over the next five years and continue to ensure alignment of actions, collective community engagement, use of data, and sharing of resources, when possible.

## INTRODUCTION

### THE STORY BEHIND THE STRATEGIC PLAN

The year this strategic plan was adopted marks the 100th anniversary of the Parker-Gray School — one of the first public schools for African Americans in Alexandria. Students at the Parker-Gray School barely had what they needed to learn. In fact, they were lucky to have any school books, chalk, or chalk boards. Members of the community provided chairs and basic equipment, and any African American student who wanted to continue their education past eighth grade had to potentially walk to Washington, D.C, or at least 21 blocks to catch a bus to school and back home.

Alexandria City Public Schools was again at the forefront in the 1950s, 60s and 70s, although this time for resisting the desegregation of schools. The story of Alexandria City Public Schools is long, complex and messy. Ours is a story of a community that faced adversity, racism, bigotry, and neglect. With the odds against them, many went on to become champions for equality and civil rights. They bequeathed us a legacy that we are trying to live up to today.

In fact, it is our duty to carry on their legacy. We must refuse to give up on any student and continue to fight for an equitable education for all regardless of their race, socioeconomic status, ZIP code, family circumstances, and/or educational ability.

Our goal in this strategic plan is to make equity a pillar in our community. To do that we must acknowledge our inequities and also understand the history within our city that has contributed to the barriers that many of our young people still face today.

Today, we welcome students from many different countries who speak many different languages. In fact, we have 119 countries represented and 120 languages spoken in ACPS. We celebrate and honor our diversity. But the courageous fight for equity is far from over. In order to move on, we have to acknowledge that modern day segregation still exists and that our work is not yet done.

In order for this pillar of equity to be constructed, we must have courage and be unapologetic about speaking on behalf of those who are different from us. We must advocate for our young people and those who don't have a voice in our communities and tear down the barriers that prevent all of our young people from being the best they can possibly be. Even more important, we must stand together and work collaboratively to ensure that every child is engaged in a high quality educational experience inside and outside of our classrooms in ACPS to meet their social, emotional and academic needs.

This is the legacy that we have a duty to fulfill for the sake of all our students, past, present and future. We must always continue to Remember the Titans.

### THEORY OF ACTION

To be successful, ACPS will align its strategies, systems and resources with a theory of action, which is defined as a set of beliefs about how we manage our schools to improve student outcomes and eliminate opportunity and achievement gaps for low-income students, Black and Hispanic students, English learners, and students with disabilities. This will allow us to ensure that we achieve our vision, execute our mission and uphold our core values.

At ACPS, our theory of action is grounded in the following belief statements:

1. **Principals are instructional leaders.** As a system, we must support our teachers and staff in delivering a rigorous curriculum that addresses the needs of all students — especially those who have been underserved — and give our principals the tools and resources they need to be the instructional leaders of their schools.
2. **The Central Office's role is to support schools in fully implementing selected division-wide areas of focus that will increase student achievement and eliminate opportunity and achievement gaps.** The Central Office must use its finite capacity strategically to ensure that all schools effectively implement a defined set of non-negotiable Division-wide areas of focus with fidelity.
3. **Although Division-wide areas of focus may change over time, several key principles will guide decision-making and implementation:**
  - a. The core values developed by the ACPS School Board and included in this strategic plan will

# Strategic Plan

---

inform the actions of all staff, educators, school administrators, Division administrators, and Board Members.

- b. Division-wide areas of focus will be finalized in consultation with school stakeholders.
- c. Division-wide areas of focus will be well defined and communicated in writing and include resources to support effective implementation and monitoring.
- d. Professional learning, instructional and leadership coaching, and the Superintendent's quarterly improvement planning meetings with school instructional and departmental teams will focus on the Division-wide areas of focus.
- e. Any new area of focus beyond the Division-wide areas of focus that the Central Office recommends will be vetted with school stakeholders and — if appropriate — piloted in a limited number of schools. Only after careful evaluation will areas of focus be brought to scale.
- f. Beyond the Division-wide areas of focus, schools will be encouraged to work with their families to serve the needs of students and eliminate opportunity and achievement gaps. The Central Office will support schools to identify innovative practices that appear to be working and — after careful vetting, analysis, and definition of impactful processes — incorporate the most successful practices into areas of focus.

#### **4. The Division-wide areas of focus for the 2020-25 school years are likely to include:**

- Balanced Literacy
- Social, emotional, and academic learning (SEAL)
- Family engagement
- Multi-tiered systems of support (MTSS) and early warning systems to support students' academic and behavioral needs, including causes of chronic absenteeism
- Multiple pathways to high school diploma and beyond

**5. Beyond the Division-wide areas of focus, principals and their leadership teams will be supported in developing, implementing, and monitoring other strategies — clearly defined in their school improvement plans — that will fully meet the needs of their students, especially those who have been traditionally underserved.**

## **OUR FIVE GOALS**

**1: SYSTEMIC ALIGNMENT** - ACPS will build a culture of continuous improvement and design equitable systems for school and instructional improvement.

ACPS systems will:

- align with the ACPS mission
- clearly communicate a vision that provides a clear, concise, system wide understanding of how identified instructional improvements will lead to better outcomes for students
- focus attention, energy, and resources on a limited number of strategic areas of focus that all schools implement with fidelity
- ensure division leaders provide schools and school leaders with the support, collaboration, and monitoring they need to be successful

## **MEASURES**

**We are committed to eliminating opportunity and achievement gaps by monitoring our progress through:**

- Support of the Division's identified strategic areas of focus by ACPS staff, students, families and the broader community (survey)
- Input and support for the Division's approach to systemic alignment, and identified strategic areas of focus

# Strategic Plan

---

- School staff report collaboration, monitoring and support from Central Office (survey)
- Level of implementation of strategic areas of focus by each school and Central Office departments (rubric)

## **STRATEGIES AND HIGHLIGHTED ACTIONS**

**Clearly define areas and conditions in which schools have autonomy and do not, and corresponding roles and responsibilities for administrators and educators:**

- Clearly define strategic areas of focus that all schools must implement with proper support from the Central Office.
- Develop clear frameworks that support their implementation and monitoring.
- Ensure effective implementation of areas of focus through Central Office support and monitoring.
- Restructure the Division's professional learning to be focused on established strategic areas of focus.
- Clearly define instructional leadership responsibilities and processes for school and Central Office administrators.

**Transform the Division into a learning organization:**

- Pilot any new focus area before implementing Division-wide.
- Across the Division and schools, create and manage systems and structures that identify key barriers to high student performance and that implement "plan-do-study-act" cycles of continuous improvement.
- Identify schools and programs that outperform others on given indicators, define their processes, and work to adapt their processes to other schools and programs through protocol development, coaching and networks.
- Develop and implement a measurement tool for key Division areas of focus.

**Provide regular updates on impact and implementation of the strategic plan:**

- Provide the Board regular, formative updates on students' academic progress and on implementation levels of key strategic areas of focus, focused on improving student progress.

**Create a culture in which Division operations department works collaboratively and engages families to support the education delivered to students:**

- Develop specific practices and programs with school campuses and Operations that encourage common goals around safety, security, cleanliness, care of Division facilities, and healthfulness.
- Ensure that messaging about transportation, nutrition, facilities services, safety and security are accessible, translated, engaging, recognizable and updated.
- Institute regularly scheduled school/student training and reminders around areas of operational importance.

**2: INSTRUCTIONAL EXCELLENCE** - ACPS will ensure that all students have access to and engagement with high quality instruction.

ACPS instruction will:

- Be aligned to a Division-wide instructional framework and high-quality curricula
- Be engaging and rigorous
- Be culturally relevant
- Be differentiated to students' strengths
- Be responsive to students' social, emotional, and academic needs
- Be supported and monitored by school and Division administrators and instructional coaches, creating a culture of substance, depth, and critical thinking in curriculum and instruction

# Strategic Plan

---

## MEASURES

**We are committed to eliminating opportunity and achievement gaps by monitoring our progress through:**

- Percentage of teachers planning and implementing lessons utilizing the ACPS instructional framework (observation)
- Percentage of classrooms in each school demonstrating use of high-impact (engaging, rigorous, culturally relevant) strategies (observation; rubric)
- Student growth as measured by formative assessments at school and Division levels
- Percentage of teachers agreeing that they feel well supported with high-quality instructional training and support (survey)
- Percentage of students agreeing that they feel supported socially, emotionally, and academically (Equity Audit)
- Percentage of parents agreeing that their children are receiving a high-quality education (survey)

## STRATEGIES AND HIGHLIGHTED ACTIONS

**Ensure a guaranteed and viable curriculum is delivered to all students.**

- Assess implementation of Division's curricula.
- Work collaboratively with educators to refine the instructional framework and ensure its use.
- Apply the use of identified best practices in educating students with disabilities and English learners.
- Implement the Student with Disabilities and Talented and Gifted Action Plans in support of ensuring a curriculum that is differentiated to meet the individual needs of students.

**Ensure implementation of a few well-defined, high-impact instructional strategies that support academic learning and social and emotional development for a diverse student population.**

- Clearly define high-leverage instructional strategies and expectations for Division-wide use.
- Require all schools to support and monitor implementation of high-leverage strategies.
- Realign professional learning, Division supports for schools, and instructional coaching on instructional framework and identified high-leverage instructional strategies through a lens of trauma-informed care.
- Continue to implement and scale instructional rounds and evaluate implementation and impact.

**Implement a consistent, high-impact approach to teaching literacy in all K-2 classrooms across the Division.**

- Clearly define and support the implementation of an evidence-based balanced literacy approach using the K-5 Literacy Guidelines.
- Form a K-2 Literacy Task Force including representation from all ACPS schools dedicated to collaborating, researching, and implementing best literacy practices
- Provide professional learning to support the implementation of the new K-5 literacy adopted materials including TCRWP, Fountas and Pannell Guided Reading, and Word Study.

**Implement the High School Project.**

- Support the Industry Advisory Board partnership to provide opportunities for students to experience different careers.
- Identify the programming for the Minnie Howard and King Street campuses with the Educational Design Team.
- Complete Educational Specifications at the Minnie Howard campus.
- Begin construction on the Minnie Howard Campus

# Strategic Plan

---

- Develop a master schedule that provides flexibility for the leadership of T.C. Williams.
- Study the demand for and feasibility of adding Amharic and Arabic language classes.

**Implement a systematic approach to Multi-Tiered Systems of Support (MTSS) that addresses the diverse strengths and needs of the ACPS student population.**

- Develop consistent expectations for high-leverage instructional delivery for all learners across Tiers 1, 2, and 3 with appropriate monitoring tools to determine supports needed for fidelity of implementation.
- Form MTSS teams at each school to implement data-to-action informed, efficient, and effective decision-making processes for ongoing learning and growth.
- Use diagnostic, formative, and summative data to inform appropriate interventions or strategies.

**Identify and use best practices in online and blended learning to differentiate, support, and increase access to instruction and to promote innovation.**

- Expand access to the Satellite Program.
- Integrate more online and blended learning into the new high school project.
- Streamline and align technology tools for improved communications with families and other stakeholders.

**3: STUDENT ACCESSIBILITY AND SUPPORT** - ACPS will ensure students have equitable access to and engagement with programs and supports that reduce barriers to learning.

ACPS programs and supports will:

- Acknowledge the strengths and needs of the whole child.
- Reflect and support high expectations for all students.
- Engage and inspire students to take ownership of their learning.
- Enable students to explore and succeed in their post-secondary pathway.

## MEASURES

**We are committed to eliminating opportunity and achievement gaps by monitoring our progress through:**

- Equity audit (survey)
- Disproportionality rate of students in TAG at the elementary level by school and student group
- Disproportionality rate of students in advanced coursework at the secondary level by school and student group
- Percentage of students chronically absent by school and student group
- Disproportionality rate of students referred to special education by school and race/ethnicity
- Percentage of students who feel safe, valued, and engaged in their learning (survey)
- Dropout rate by student group
- Disproportionality rate of suspensions (out of school and in school) by school and student group
- Number of students enrolled in the mixed delivery (state/federal funding) or ACPS pre-K program

## STRATEGIES AND HIGHLIGHTED ACTIONS

**Engage students and families in identifying needed supports and services and offering them in schools while monitoring utilization of existing and new resources.**

- Provide student supports in all schools based upon their assessed need; create structures within the school schedule for the delivery of social, emotional, and academic learning (SEAL) through restorative practices and community circles at each school in ACPS.

# Strategic Plan

---

- Work with the Alexandria Health Department, the Department of Community and Human Services, and other city and community agencies to expand student access to mental and physical health supports.
- Ensure alignment of services and monitor collective efforts through the Unified Planning Process.
- Take a case management approach to serving an identified group of students most at risk of failure at each school.

## **Use improvement science to identify and address root causes of historic systemic inequities.**

- Consider special education disproportionality, discipline, early childhood education, chronic absenteeism, access to Talented and Gifted (TAG) programming, access to advanced courses at the secondary level, advanced diploma attainment, and postsecondary enrollment and completion for underserved student groups.

## **Improve students' and families' experiences during key transitions in their educational journey.**

- Develop informational tools and grade level dialogues for students and families to support key preK-12 transitions, including sharing student performance data to facilitate collaborative development of short and long-term academic and social goals for improved outcomes.
- In coordination with CTE and AVID, develop information tools and programming for students and families to support postsecondary transitions to include college, advanced training, military, gap-year, and workforce options.
- Enhance and implement consistent practices to introduce all students to the high school campuses beginning in the middle grades, providing in-person introductions to available programs, resources, and supports.
- Develop and implement K-12 college and career programming aligned with the Academic and Career Plan Portfolio and Academic and Career Plan guidelines from the Virginia Department of Education.
- Enhance academic advising tools and practices with a focus on equity and encouragement of course plans that incorporate rigor, balance, and wellness.
- In coordination/collaboration with CTE, develop and implement a sequence of work-based learning opportunities for students in middle and high schools.

## **Expand families' access to pre-K programs.**

- Develop and lead a coordinated enrollment committee comprising early care and education partners.
- Develop and implement a city-wide pre-K recruitment strategy.
- Analyze preschool experiences and kindergarten fall data on an annual basis to ensure programs and services are meeting demonstrated need.
- Collaborate with community partners and the City to complete a pre-K space audit for program continuity and/or expansion opportunities.
- Continue to collaborate to support shared professional learning with community-based early-care and education partners.
- Expand pre-K programs in ACPS when new elementary schools are built.

## **Improve impact of out-of-school learning opportunities.**

- Conduct a needs assessment of professional learning opportunities with staff involved in Division-wide after school programming.

## **Conduct a study to assess the viability of pushing back school start times.**

- Engage a consultant to solicit community feedback and conduct a study.

## **4: STRATEGIC RESOURCE ALLOCATION - ACPS will strategically provide differentiated resources and supports to schools and departments.**

# Strategic Plan

---

ACPS programs and supports will:

- Be used efficiently and effectively to ensure fiscal health of the Division
- Contribute to the health and safety of students
- Focus on meeting students where they are to support equitable outcomes
- Promote improved retention rates among staff serving low-income students and students of color

## MEASURES

**We are committed to eliminating opportunity and achievement gaps by monitoring our progress through:**

- Funding and staffing equitably allocated to each school based on student population (resource allocation analysis)
- Staff retention rates
- Timeliness and safety of buses
- Quality of Central Office facility and maintenance support for schools (principal survey)

## STRATEGIES AND HIGHLIGHTED ACTIONS

**Allocate resources to the highest need schools and programs in a transparent way.**

- Adopt a weighted student formula that includes Central Office positions.
- Facilitate equity-focused conversations, leading to improvements in policy and practice.

**Improve strategic budgeting to ensure impact and efficiency of Division's spending.**

- Work with all senior leadership to establish priorities and identify cost savings
- Conduct monitoring of prioritized area of focus funding through Return on Investment (ROI) methodologies to inform future decision-making.

**Strengthen staff retention rates to improve school climate, operational efficiencies and instruction.**

- Develop and implement a plan that includes formal onboarding processes, on-the-job support throughout the first few years, formative and immediate feedback from supervisors and veteran peers, etc.

**Improve operational efficiencies through a focus on improved data systems.**

- Strengthen processes to improve the accuracy of data entry and conduct a needs assessment of existing Central Office data systems, including Munis, Timeclock, Canvas, PowerSchool, and Zimbra.

**Provide safe, modern and comfortable facilities and buses for all students and staff.**

- Continue to modernize school facilities at the elementary, middle and high school levels.
- Address all action steps of the Division's facility plan within audit-identified timelines.
- Conduct an evaluation of school transportation with a focus on timeliness and safety of buses.

**At minimum, maintain funding for purchasing, maintaining and coordinating technology and for building capacity for its use through professional learning.**

- Maintain a three year replenishment cycle for student and staff devices and essential network infrastructure.
- Provide professional learning opportunities for staff that support student-centric learning models, innovative instructional practices and professional growth through the use of technology.

**Provide a reliable, scalable and transparent technology infrastructure that facilitates the operation of the school division and supports greater access and equity.**

- Provide equitable hardware (Chromebooks, laptops, presentation tools, etc.) for students and staff across the Division.
- Maintain and support telecommunications, network connectivity and networked tools.

# Strategic Plan

---

- Provide a streamlined set of Division-wide software/applications to support the education and business operations.
- Provide a streamlined set of digital tools to support real-time communication with students, staff, families and the community.
- Provide reliable, universally available on-site internet access and reliable off-site internet access for students as needed.

**5: FAMILY AND COMMUNITY ENGAGEMENT** - ACPS will ensure that all families and community members feel welcomed, respected, and valued.

ACPS family and community engagement will:

- Be included in ACPS decision-making processes
- Be empowered to support the delivery of education and services to students
- Be connected to a coordinated system of services across partner organizations

## MEASURES

**We are committed to eliminating opportunity and achievement gaps by monitoring our progress through:**

- Percentage of families feeling welcomed, valued, and empowered as partners in their children's success (survey)
- Percentage of families who feel their voices are included and valued in ACPS decision-making processes (survey)
- Percentage of volunteers feeling welcomed and empowered to support the delivery of education and services to students (survey)
- *(All surveys need representative voice across groups.)*

## STRATEGIES AND HIGHLIGHTED ACTIONS

**Engage families — with a particular focus on immigrants and families of color — in their children's education and in school and Division decision making.**

- Implement the family and community engagement action plan in support of ensuring all families feel welcome and supported as equal partners in their children's education.
- Ensure parents, regardless of home language, understand expectations for student learning, how to support their students' success, and where to go for assistance.
- Hold regular community events in schools across the Division; work with Family and Community Engagement team and parent liaisons to engage families in meaningful ways.
- Adopt research-based strategies to develop authentic, sustained relationships with families that support students' social, emotional and academic well-being.
- Increase the number of multilingual staff in schools as needed to represent the student population.
- Build cultural competency and a customer service orientation among staff, teachers and administrators.

**Work with city and nonprofit partners to address the health, social service and academic needs of students and their families.**

- Continue to collaborate with city agencies involved in the Unified Planning Process around key issues of common interest, including the health and mental health of students and their families.
- Working with city and nonprofit partners, conduct an analysis of community need at each school and the resources available at each school to address the need.
- Provide wrap around supports for students and families in the highest need schools.
- Work with schools to create clear guidelines for the role of and outreach to nonprofits and volunteers in

# Strategic Plan

---

schools and to decrease barriers for working parents.

**Increase the effectiveness and diversity of community volunteers supporting schools.**

- Work with schools to create clear guidelines for the role of and outreach to nonprofits and volunteers in schools.
- Work with parent and family engagement groups to increase the diversity of volunteer participation in schools and to decrease barriers for working parents.

**Engage business partners to expand opportunities for students.**

- Develop plans for use of high-tech hub opportunities in Northern Virginia.
- Create a systemic approach to building career pathways for students.

## FY 2022 Budget Calendar

The ACPS fiscal year runs from July 1 through June 30, and corresponds to those of the City of Alexandria and the Commonwealth of Virginia. ACPS is a fiscally-dependent entity and, therefore, has a budget cycle that is driven by statutory deadlines from the city and state.

**July to Sept. 2020:** ACPS financial staff close out FY 2020 and begin FY 2021 financial operations.

Staff members analyze FY 2020 actual expenditures and FY 2021 budget variances to prepare for FY 2022 budget development.

Planning for the FY 2022-2031 Capital Improvement Program (CIP) begins.

**Sept. to Nov. 2020:** Department staff prepare FY 2022 budget submissions. Budget Office staff members compile and review FY 2022 budget requests and prepare compensation and benefit data for FY 2022 based on FY 2021 compensation as of September 30, 2020. Compensation estimates are not available until after the first payroll in mid-September because the majority of ACPS teacher contracts do not begin until September. The most recent health insurance enrollment data and retiree health benefit data are collected and analyzed.

Enrollment projections are prepared based on the state September 30 Student Membership Report. Formula-driven staffing calculations for elementary schools are prepared based on these enrollment projections. The FY 2022-2031 Proposed CIP Budget is prepared.

**Nov. to Dec. 2020:** The Superintendent and Executive Leadership Team review all funding requests.

**Nov. 12, 2020:** Presentation of the Proposed FY 2022-2031 CIP Budget.

**Dec. 2020:** ACPS financial staff prepare the FY 2022 Combined Funds Budget by developing proposed budget numbers and generating reports. The School Board considers the CIP Budget and discusses details during budget work sessions.

**Dec. 17, 2020:** The School Board adopts the FY 2021-2030 Approved CIP Budget.

**Jan. 7, 2021:** The Superintendent presents the FY 2022 Combined Funds Budget to the School Board. Copies of the proposed budgets are distributed and are posted on the ACPS website.

**Jan. to Feb. 2021:** School Board members, staff, and the community review and discuss the proposed budget. Budget work sessions, public hearings, and add-delete work sessions are held throughout this period.

Budget staff prepares and disseminates responses to budget questions from Board members and the community.

**Feb. 16, 2021:** The City Manager presents the City of Alexandria's FY 2022 Budget.

**Feb. 18, 2021:** The School Board adopts the FY 2021 Approved Combined Funds Budget.

**Mar. to Apr. 2021:** The City Council and community review and discuss the City Manager's budget, including the city appropriation to schools and the ACPS Capital Improvement Program Budget. City Council holds public hearings and work sessions and advertises the maximum tax rate for the new fiscal year. In addition, City Council and the School Board hold a joint budget work session.

**April 18, 2021:** The City Council adopts the tax rate, FY 2022 General Fund, and FY 2022-2031 CIP Budgets, including the final appropriation to schools.

**June 3, 2021:** The School Board adopts the FY

2022 Final Combined Funds Budget and the FY 2022-2031 Final CIP Budget.

**June to Sept. 2021:** Financial staff prepares reports and budget documents and makes these available to principals and department heads.

The School Board holds its first public hearing on the FY 2023 Proposed Combined Funds Budget and FY 2023-2032 CIP Budget.

Staff closes FY 2021, which ends June 30, 2021, and prepares for the annual financial audit. Staff analyzes FY 2021 grant balances, estimates carry-over for use in FY 2022, and loads data into the financial system/database.

## *Budget Process*

The budget is a resource-allocation and policy document. It incorporates the best estimate of the school division's revenues and expenditures for the next fiscal year based on a snapshot of current fiscal year revenues and expenditures. These estimates are modified to reflect changes in plans, priorities, and trends in enrollment, as well as the economic environment.

The *Code of Virginia* requires each school Superintendent to prepare a budget that estimates the amount of money needed during the coming year to support public schools. It is then the responsibility of the School Board to balance the needs of the school division with the considerations of the economic and political environment.

The budget provides a framework for measuring and monitoring expenditures. Throughout the year, actual spending is compared with the budget in each organizational and programmatic area. This comparison provides a measure of effectiveness and helps to ensure that funds are used for their intended purpose.

## *Planning Activities in ACPS*

The ACPS 2025: Equity for All *Strategic Plan* is the foundation document for all the actions of the school division. It directs the actions the division takes in meeting the goals and aspirations of the Alexandria community and guides the activities of employees and leaders as well as the expenditure of all funds entrusted to the School Board. The Strategic Plan informs the development of the Board Budget Priorities, the School Improvement Plans and the Department's Improvement Plans, all of which provide a framework for the school division's operations. The annual budget process quantifies the resources needed to carry out these plans.

### Key Elements of the ACPS Planning Process

- Strategic plan
- Board budget priorities
- School and departmental improvement plans
- Student and school achievement data
- Operating cost trend analyses
- Parent and community input
- Capital Improvement Program budget
- Current fiscal year budget
- Grant or program-specific plans

Major planning activities in ACPS are as follows:

- In June 2020, the School Board adopted ACPS 2025: Equity for All *Strategic Plan*, a comprehensive strategic plan for fiscal years 2021-2025. The full 2021-2025 strategic plan can be found earlier in this section.
- All school principals have prepared improvement plans congruent with the goals and objectives of the current strategic plan.
- All department leaders have created

# Budget and Financial Management

---

department's improvement plans congruent with the goals and objectives of the strategic plan.

- The School Board adopts a Combined Funds budget annually that reflects ongoing programs as well as initiatives for the following year.
- School professional learning community staff, in collaboration with central office staff from the Departments of Teaching, Learning and Leadership and Accountability, analyze student and school achievement data on a regular basis.
- The standards of accreditation requirements and other student test and achievement data provide the framework for the school planning process.
- Analyses of trends that affect ACPS costs and operations are conducted regularly in a variety of areas.
- School Board advisory committees work regularly with staff to provide input and feedback on ACPS operations and report annually to the School Board. These committees include: the Athletic Hall of Fame Committee; the Budget Advisory Committee; the Career and Technical Education Advisory Committee; the School Health Advisory Board; the Special Education Advisory Committee; and, the Talented and Gifted Advisory Committee.
- The Superintendent receives planning input from a variety of advisory groups, such as the Education Association of Alexandria (EAA), the Superintendent's Student Leadership Council, and the Teachers Advisory Council.
- The School Board adopts a Capital Improvement Program (CIP) budget annually, that provides a 10-year prioritized

plan for major facility changes.

- In addition to division-wide plans such as the annual budget, there are many subsidiary areas that require detailed plans. The Commonwealth of Virginia requires plans for talented and gifted, career and technical, technology, and adult education programs. Division plans, including special education, are impacted by the federal entitlement grant process which requires comprehensive planning.
- Public hearings related to the Combined Funds and Capital Improvement Program Budgets are held every year and provide the opportunity for community input. Additional information on public hearings can be found on the ACPS webpage <https://www.acps.k12.va.us/Page/3266>.

## Financial Policies and Practices

### Budget Structure

All budgets are developed using a variety of assumptions based on future expectations. Funding decisions also reflect policies of the School Board.

Public sector budgets are governed by accounting and reporting requirements established by the Governmental Accounting Standards Board (GASB) and by generally accepted accounting principles (GAAP). The ACPS budget structure is consistent with these requirements.

The budget is divided into three major funds, each of which is grouped by related accounts used to maintain control over resources earmarked for specific activities or objectives. The funds in the ACPS budget include:

- **Operating Fund:** This fund is comprised of the school division's primary revenue sources, including appropriations from the City of Alexandria, revenue from the Commonwealth of Virginia, selected federal sources and miscellaneous local fees, as well as the expenditures charged against these revenues. The Operating Fund accounts for 91.5 percent of ACPS revenue in the FY 2022 Budget.
- **School Nutrition Fund:** Local, state, and federal revenue as well as expenditures for the operation of all school food service activities are accounted for in this fund. The School Nutrition Fund accounts for 3.6 percent of ACPS revenue in the FY 2022 Budget.
- **Grants and Special Projects Fund:** Entitlement and competitive grant monies are accounted for in this fund. Budgeted here are federal funds from the Individuals with Disabilities Education Act (IDEA),

various entitlement programs of the Elementary and Secondary Education Act (ESEA), as well as other smaller entitlement monies and competitive grants. The Grants and Special Projects Fund accounts for 4.9 percent of ACPS revenue in the FY 2022 Budget.

The School Board is responsible for establishing policy for the governance and operation of ACPS. These policies and practices are aligned with the *Code of Virginia* and best practices as recommended by the Government Finance Officers Association (GFOA) and the Association of School Business Officials (ASBO). They provide a consistent framework for the budget process, long-term school division planning and decision-making regarding the use and allocation of resources. These policies and practices are developed by staff, presented to the School Board and reviewed each year during the budget process.

The following pages summarize the major accounting, budget, and financial policies and practices used to develop long-term, multi-year financial plans and the annual budget. These practices also guide the management of school division funds throughout the year.

## Financial Management

### Financial Planning

The Superintendent or designee shall be responsible for administering the division budget in accordance with School Board policies and applicable state and federal laws and regulations; therefore, the Superintendent or designee will use appropriate fiscal planning and management methods, modeled after the best-accepted business practices and directed toward the educational goals of the division. The following addresses both the fundamental principle of a balanced budget and long-range financial planning.

# Budget and Financial Management

---

**Balanced Budget:** Each fiscal year, the Superintendent, with input from staff and the community, shall prepare, with approval of the School Board and submit to the appropriating body, an estimate of the amount of money needed during the next fiscal year for the support of the public schools of the division (policy DB). The School Board follows its adopted budget process to offer and review adjustments to the Superintendent's proposed budget in order to arrive at the final, Board-approved budget.

Under the *Code of Virginia*, School Boards are mandated to adopt a balanced budget which means projected revenues plus beginning fund balance must fully cover total estimated expenditures. A budgeted surplus at the fund level is also considered a balanced budget.

**Long-Range Financial Planning:** Prior to approving the annual budget, the School Board reviews the five-year budget forecast and the long-term financial implications of current and proposed operating and capital budgets. Each year, as a part of the budget process, ACPS staff develop and present a five-year fiscal forecast with varying revenue and expenditure assumptions to facilitate informed decision making. With approximately 82 percent of Operating Fund revenue derived from the City appropriation, assumptions regarding the City's revenue growth and the resulting increase or decrease in the City appropriation drive forecast results. Similarly for expenditures, salaries and benefits comprise of approximately 88 percent of total Operating Fund expenditures and assumptions related to salary increases, as well as the growth of healthcare and retirement costs, also drive forecast results.

## Revenues

The majority of revenue received by ACPS derives from our city appropriation with a small percentage collected from local revenue. Local revenue includes, but is not limited to, rental and custodial fees, summer school/intersession

tuition, and indirect costs. Additional information can be found in the Financials section.

To enhance revenue streams, promote fiscal stability, and ensure prudent financial planning, ACPS follows these guidelines:

**Use of One-time Revenues:** The use of one-time revenues for recurring expenditures is discouraged.

**Revenue Diversification:** To improve the ability to handle fluctuations in revenue sources and still provide quality instructional programs, diversification of revenue sources through grant opportunities, fund-raising, public/private partnerships, and other sources is encouraged.

## Expenditures

ACPS strives to ensure prudent expenditure planning, fiscal accountability, and transparency.

**Debt Policy:** The school division is fiscally dependent on the City of Alexandria and not permitted to incur long-term debt.

**Reserve Policy:** The school division maintains three reserves to protect the division during times of revenue shortfalls and/or unpredicted, one-time expenditures:

- The Staffing Reserve is allocated by the Superintendent to relieve critical staffing needs arising from unanticipated enrollment growth or other changes in the student population.
- The Enrollment Adjustment Reserve is used to adjust the base allocation for schools when the actual September enrollment significantly exceeds the projected enrollment in the final budget. This reserve may be used to cover necessary, unforeseen expenditures.
- The Health Benefits Reserve is maintained to protect ACPS from unanticipated spikes

# Budget and Financial Management

---

in health care costs for medical and dental benefits, particularly the self-insured plan. This reserve is funded by contributions from ACPS and its employees.

The School Board establishes the size of all reserves as part of the budget process. The reserves of the City of Alexandria also are available to the division.

## Salary Adjustments

All adjustments to ACPS salary scales are subject to School Board approval and are generally part of the normal budget development process for the subsequent fiscal year.

ACPS has four salary scales:

- The Support Scale is for paraprofessionals, clerical, technical, bus driver, custodial, and financial support staff.
- The Licensed Administrative Scale is primarily for licensed administrators in schools and departments. These include principals, assistant principals, and instructional department leadership positions.
- The Support Administrator scale is for leadership and specialized, technical positions in the support departments.
- The Professional Scale is for all teachers and other licensed staff such as school counselors, library media specialists, nurses, social workers, and psychologists.

## Position Control

A position is defined as the authorization to hire an employee with full benefits. No position should be filled until it has been properly authorized and approved. Schools and departments are permitted to change budgeted positions, subject to Superintendent approval, as long as the change is aligned with

the education plan and the changing needs of students. All position changes are reported as part of the budget cycle, through the preparation or approval of the subsequent fiscal year's budget.

Requests for new positions that result in an increase to FTEs must be approved by the School Board. Grant-funded positions may be added during the year when additional grant monies are awarded outside of the budget cycle. Changes in grant-funded position allocations are subject to the approval of the Superintendent, if not specifically directed by the grantor.

## Modified Zero-Based Budgeting

For FY 2022, all departments prepared their budgets using the modified zero-based budgeting (MZBB) methodology which requires staff to scrutinize each line item and build their budget from the ground up. MZBB is difficult to administer for schools because many of their resources are determined by formula (e.g. core teaching staff, funds for supplies and stipends). For this reason, the standard budgeting process for school principals focuses on activities linked to the strategic plan.

## Expenditure Controls

The official ACPS budget document is a means to formulate the planning and resource allocation for the school division. It also serves as the primary vehicle to inform Alexandria residents and the community at-large about the mission, strategic plan, and priorities of the school division. After the School Board adopts the final budget in June, it becomes the primary financial management tool for administering, controlling, and monitoring the expenditures.

The budget is controlled at both legal and administrative levels. The legal level is placed at the individual fund level, while administrative controls are placed at the office and school level within each fund.

# Budget and Financial Management

---

Certain portions of the budget are administered and controlled centrally. Budgeting and monitoring of all full-time salary accounts and employee benefits are handled through a collaboration of the Financial Services and Human Resources Departments. Purchased services, internal services, other charges, materials and supplies, and capital outlay are managed at the local office and school level within guidelines developed in accordance with the Virginia Public Procurement Act (VPPA) and School Board policies.

School principals, department heads, and program managers are responsible for monitoring the efficient and appropriate use of funds. These leaders are authorized to approve the expenditure of funds within their respective school, office or program in accordance with ACPS procurement procedures and other legal requirements. Most non-compensation expenditures are done via purchase order. ACPS purchasing guidelines require that, prior to approval and processing, all purchase orders be verified for availability of funds and appropriate contracting authority.

The Procurement Office ensures all orders and purchases comply with legal purchasing regulations. This is the only office authorized by the School Board to approve all bid awards and contracts. It is the responsibility of each school principal, department head, and program manager to regularly and carefully monitor and control expenditures, thus ensuring proper use of public funds and avoiding expenditures beyond the authorized budget.

Unspent balances in the regular (contracted position) salary and benefit accounts are reviewed by the Financial Services Department's Budget Office. Any savings from these accounts accrue to the division as a whole and not to any specific department.

## **Budget Amendment**

The School Board reviews the budget each month and formally amends the budget

once a year during the spring. The Financial Services Department prepares the budget analysis, evaluates all revenue and expenditure accounts, and recommends amendments.

## **Transfers Between Budget Accounts**

Because needs and plans may change between approval of the final budget and the ending of the school year, principals, department heads, and program managers have the flexibility to request reallocation of budget funds up to \$25,000 throughout the fiscal year. Any transfer request exceeding \$25,000 must be approved by the Superintendent. System controls on the transfer of funds ensure expenditures do not exceed total available financial resources and that expenditure guidelines are enforced. Any budget amendment that leads to an increase or decrease of the total Operating Fund requires School Board approval. Additionally, staff must submit a monthly report to the Board detailing all budget transfers in the Operating, School Nutrition, and Grants and Special Projects Funds when such transfers are equal to or greater than \$25,000. The capital program requires School Board approval for transfers greater than \$50,000 that cross major project categories and/or sites/locations as defined in the adopted CIP Budget (policy DA).

## **Appropriation Control and Encumbrance Accounting**

Another important component of the ACPS financial control and reporting system is the use of encumbrance accounting. All non-payroll expenditures – purchase orders, contracts, or other monetary commitments – must have funds set aside or encumbered to ensure funds will be available when payment is due. The encumbrance accounting process is used as an extension of formal budgetary control. It is an important financial planning tool and a control measure to prevent inadvertent over-expenditure of budget appropriations due to lack of information about future commitments.

# Budget and Financial Management

---

Encumbrances outstanding at year end in the Operating Fund are reported as assignments of fund balance and do not constitute expenditures or liabilities of the current year because the commitments will be honored during the subsequent year. The year-end encumbrances represent the estimated amount of contractual obligations for goods or services in the current year that will be received and paid in the following year. Funding for all encumbered appropriations is re-appropriated at the beginning of the new fiscal year.

## Financial Information and Reporting

Financial reports are made available monthly to the School Board, schools, departments, and programs for monitoring purposes. The School Board reviews and approves a monthly financial report for all funds, which includes the revenues and expenditures at the major object level. The monthly financial report to the School Board also shows the changes in revenue and expenditure appropriations that have occurred since the budget was approved.

Monthly detail and summary reports of all expenditures in miscellaneous salary accounts and all non-personnel accounts are reviewed by the Financial Services staff.

Grant financial reports are prepared subject to the detailed grant management requirements from the granting agency.

The Commonwealth of Virginia also has a number of reporting requirements, including the Annual School Financial Report for all division expenditures and program specific reports such as homebound teacher costs. ACPS complies with all reporting requirements as mandated by the state, grantors, and other legal entities.

## Basis of Presentation – Fund Accounting

Governmental resources are allocated and accounted for in individual funds based on the purpose and the means by which spending activities are controlled. ACPS uses funds

to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain ACPS functions and activities. ACPS accounts are organized on the basis of funds, each of which is considered a separate accounting and budgetary entity. The operations of each fund are accounted for in a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenditures or expenses.

## Basis of Accounting

All governmental funds are reported using a flow of current financial resources measurement focus and the modified accrual basis of accounting. ACPS' primary sources of revenue are funds appropriated by other governmental units. Accordingly, most revenues are considered to be available at the time they are appropriated. For certain types of revenue, availability is determined to be 360 days from the end of the current fiscal year. Governmental fund expenditures are recognized when the liability is incurred.

All proprietary and trust funds follow the accrual basis of accounting. These funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund equity (i.e., total net position) is segregated based upon the accessibility of the underlying resources; net investment in capital assets, restricted and unrestricted. Proprietary fund-type operating statements present increases (e.g., revenue) and decreases (e.g., expenses) in total net position.

## Budgetary Basis

Annual budgets are adopted for all governmental funds except capital projects. The Capital Improvement Program (CIP) is budgeted on a project-by-project basis that

# Budget and Financial Management

---

spans multiple fiscal years for a total of ten years. All budgets are consistent with GASB and GAAP requirements.

Budgetary basis is the same as the basis of accounting -- modified accrual for all governmental funds and accrual for proprietary and trust funds. The budget period is the same as the accounting reporting period, July 1 to June 30. The budget document contains fund statements for all governmental and proprietary funds.

## Legal Authority

The ACPS School Board is charged by the Commonwealth of Virginia and the regulations of the Virginia Board of Education with providing and operating the public schools in the City of Alexandria. It is the function of the School Board to set general school policy and, within the framework of Virginia Board of Education regulations, to establish guidelines and rules that will ensure the proper administration of the school program.

The School Board does not have taxation authority. Most operating revenue is derived from local tax dollars appropriated by the city. The remaining revenue is derived from federal, state, and local sources. CIP funds are allocated by the city from a combination of general and bond funds.

## Other Budget Issues

Carryover from Prior Fiscal Years: Encumbered carryover is allowed. If the carryover encumbrance exceeds the final payment, the balance of the carryover encumbrance funds are suspended and are not available to be re-allocated for spending in the current year.

Centrally Budgeted and Managed Accounts: ACPS budgets and manages a variety of accounts centrally. This is done to make budgeting and position management easier, to improve the efficiency of the purchasing process, or to generate cost savings from bulk

purchases. The accounts managed in this fashion include, but are not limited to:

- Utilities for all buildings
- Building/equipment repair and maintenance
- Custodial and security contract services
- Telephone services
- Technology and facilities equipment
- Leasing of network copier machines
- Textbooks
- Division-wide software and online products
- Selected itinerant and part-time staff (particularly custodians, physical therapists, occupational therapists and speech language pathologists)
- Tuition reimbursement
- School-based temporary help services
- Translation services
- Substitute Teacher paid/unpaid leave

## Inventories

Inventories consist of various consumable supplies and commodities maintained by the School Nutrition Services Department. The School Nutrition Fund values and carries its inventory on a cost basis using the weighted-average method. The purchase method of accounting is used in the governmental funds. Reported inventories in the governmental funds are designated as nonspendable fund balance. Food commodities received from the U.S. Department of Agriculture (USDA) are stated at fair market value and the amount consumed is recognized as revenue.

The amount of unused food commodities is reported as inventory and deferred revenue. ACPS participates in the single food inventory record-keeping system, which allows the combination of USDA commodity and commercial inventory records. This program was approved jointly by the USDA and Commonwealth of Virginia Child Nutrition and Food Distribution Divisions.

# Budget and Financial Management

---

## Capital Assets

Capital outlays are recorded as expenditures in the governmental funds and as assets in the government-wide financial statements to the extent the ACPS capitalization threshold is met. Capital assets are defined by ACPS as assets with an initial, individual cost of more than \$5,000. Major additions, including those that significantly prolong a capital asset's economic life or expand its usefulness, are capitalized. Normal repairs that merely maintain the asset in its present condition are recorded as expenses and are not capitalized. Depreciation expense for capital assets is identified with a specific function and is included as a direct expense on the statement of activities.

All capital assets are capitalized at historical cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at estimated value at the date of donation. Upon sale or retirement of equipment, the cost and related accumulated depreciation, if applicable, are eliminated from their respective accounts and any resulting gain or loss is included in the results of operations.

All reported capital assets other than land and land improvements are depreciated. Building improvements are depreciated over the shorter of ten years or the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method.

## Compensated Absences

ACPS staff accrue compensated absences. All annual and sick leave benefits are accrued as a liability when earned by the employee and are reported in the government-wide financial statements. The current portion of the accrued compensated absences liability includes: 1) an amount which pertains to those employees who retired or resigned by June 30 each fiscal year and who have not received payment for their accrued compensatory leave as of June 30; and, 2) an estimate of the amount of

compensated leave that will be used by active employees during the subsequent fiscal year.

Annual Leave: Eligible ACPS employees accrue annual leave throughout the contract year in amounts based on length of service. Upon retirement, resignation, termination, or death, employees may be compensated for accrued leave at their current per diem rate of pay up to a maximum of 45 annual leave days as of June 30.

Sick Leave: Sick leave eligibility and accumulation is specified in the employee handbook. Upon retirement, resignation, or death, employees receive a lump-sum payment based on daily rates approved by the Board. ACPS does not compensate terminating employees for unused sick leave unless they have completed three consecutive years of employment. Sick leave is accrued for the amount earned and vested.

For eligible licensed staff and administrators a sick leave retirement incentive program is offered annually, subject to the approval of the School Board and/or Superintendent. It provides an increased payout of unused accumulated sick leave at retirement if advanced notification is received by the stated deadline as indicated on the program's application.

Personal Leave: Full-time employees are generally granted four personal leave days per year and certain employee groups may accumulate up to eight days. Unused, excess personal leave may be carried forward at the end of the year as accumulated sick or annual leave depending on the employee group. Personal leave is credited to each employee at the beginning of each contract year and up to four days are payable to eligible licensed staff at retirement.

## Net Position

Net position represents the difference between assets, liabilities and deferred inflows and

# Budget and Financial Management

---

outflows on the government-wide statements. In the government-wide financial fund statements, ACPS' net position falls into three categories: 1) invested in capital assets, net of related debt; 2) restricted; and, 3) unrestricted. The first category represents the portion of net position related to capital assets, net of accumulated depreciation, and the use of funds is restricted. The restricted category represents the portion of net position restricted for specific purposes. At the end of FY 2019, these restrictions were related to our grants and special programs and for our health benefit fund. The unrestricted category represents the remaining amount of net position that may be used to meet ACPS' ongoing programs. In the fiduciary fund financial statements, ACPS' net position is categorized as held in trust for pension benefits, which represent the amount of assets accumulated for the payment of benefits to the beneficiaries of the ACPS Supplemental Retirement Plan. When both restricted and unrestricted net position are available for an expense, ACPS applies restricted resources first unless there are legal documents or contracts that prohibit doing so (such as grant agreements).

## Fund Balance

The Alexandria City School Board is responsible for ensuring the long-term fiscal health of ACPS. Fund Balance, also referred to as Reserves, is an important measure of fiscal stability. It is essential that ACPS maintain adequate levels of unrestricted fund balance to mitigate financial risk that can occur from unforeseen revenue fluctuations, unanticipated expenditures, and other extraordinary circumstances.

ACPS Policy DAB was adopted on May 19, 2016 and follows the definitions put forward in GASB No. 54, Fund Balance Reporting and Governmental Fund Type Definitions:

- Non-spendable: includes fund balance that cannot be spent because it is either (a) not in spendable form or (b) legally or contractually required to be maintained

intact (such as prepaid items).

- Restricted: includes fund balance that reflects constraints placed on the use of resources that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other government or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: includes fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by formal actions of the highest level of decision making authority, the School Board.
- Assigned: includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed.
- Unassigned: includes residual fund balance within the Operating Fund that has not been assigned to other funds and/or the other above mentioned categories.

Policy DAB states that the School Board shall maintain a minimum unrestricted Operating Fund balance of 3 percent of the current fiscal year's original Operating Fund expenditure budget, with a maximum of 5 percent, exclusive of the amount reserved for encumbrances. The School Board may utilize fund balance to support the Operating Budget each year; not to exceed 1.75 percent of the Operating Fund expenditure budget.

The appropriation of Operating Fund Balance for the School Board is scheduled for City Council consideration each June.

When expenditures are incurred for purposes in which both restricted and unrestricted funds are available, ACPS will use the restricted funds first, provided the expenditure meets the terms of the restriction; committed funds will be used first, followed by assigned funds then unassigned funds.

# Budget and Financial Management

---

Should the unrestricted fund balance of the Operating Fund exceed 5 percent, ACPS will consider the fund balance as excess and available to support one-time, school-related capital projects or major equipment/vehicle replacements. Funds may also be used to address any other urgent unforeseen matters at the discretion of the School Board.

## Use of Estimates

The preparation of the financial statements requires estimates and assumptions about various items included in the financial statements. Actual results will differ from these estimates.

## Health Benefits Fund

Effective July 1, 2013, by School Board resolution, the Health Benefits Fund (an internal service, proprietary fund) was established to better manage health care expenses within ACPS. ACPS offers several health insurance programs to employees (and their families) and retirees. Medical insurance is offered through Kaiser Permanente and United Healthcare. Dental and vision care also are offered to employees and retirees. The primary sources of revenue for this fund are employer contributions paid by other funds and employee contributions deducted from employee pay on a semi-monthly basis.

To mitigate risks associated with offering medical benefits, ACPS has established a minimum level of reserve (where collections exceed expenses) in order to cover the following:

- Claims incurred but not reported (IBNR);
- Catastrophic losses;
- Premium stabilization amounts to avoid harsh spikes in monthly premium amounts;
- Unanticipated healthcare costs due to federal regulations in the Patient Protection and Affordable Healthcare Act; and,
- OPEB funding requirements as necessary.

## Other Post-Employment Benefit Trust Fund (OPEB)

The School Board administers a single-employer defined benefits healthcare plan. It provides medical insurance benefits to eligible retired school employees and beneficiaries. A trust fund, used to account for assets held in a trustee capacity, was established in May 2009. The Other Post-Employment Benefit Trust Fund (OPEB) accounts for accumulating and investing for post-employment health benefit subsidies. Contributions to the Trust are made annually based upon the actuarially-determined annual required contribution (ARC) in accordance with GASB Statement No. 45.

## Risk Management

ACPS is exposed to various losses related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and, natural disasters. It is the policy of ACPS to retain risks of losses in those areas where the division deems it more economical to manage risks internally and account for any claims settlement in the operating fund.

ACPS carries commercial insurance on all other risks of loss, including property, theft, auto, liability, physical damage, and general liability through the Virginia Municipal League.

ACPS is self-insured for workers' compensation. Claims are processed by a third-party administrator under contract with ACPS per statutory requirements of the Virginia Workers' Compensation Act. The current portion is recorded as an accrued liability in the Operating Fund and the government-wide financial statements. Liabilities are determined using actual claims experience and estimated recoveries. An independent contractor processes claims and ACPS records a provision and liability in the government-wide statements and Operating Fund (current portion only) for estimated incurred but not reported claims.

## ACPS Financial Information

This section contains detailed information on ACPS revenues and expenditures in the FY 2022 Final Budget. The first section provides an overview through the presentation of fund statements. The second and third sections contain narratives and financial reports summarizing revenues and expenditures. The last two sections present the most detailed financial and position reports on expenditures and full-time equivalent (FTE) positions.

## School Board Funds

Public sector budgets are governed by accounting and reporting requirements established by the Governmental Accounting Standards Board (GASB) and generally accepted accounting principles (GAAP). The ACPS budget structure is consistent with these requirements.

The budget is divided into **funds**. Each fund is a self-balancing set of accounts reflecting the activities operated through that fund. The funds in the ACPS budget are:

- **Operating Fund.** This is the ACPS general fund which is comprised of the school division's primary revenue sources from the Commonwealth of Virginia, the City of Alexandria, various federal sources, and miscellaneous local fees, as well as the expenditures charged against these revenues. Operating Fund expenditures account for the majority of ACPS' total combined funds budget.
- **Grants and Special Projects Fund.** This is a special revenue fund to account for entitlement and competitive grant monies, as well as special revenues from local activities. Federal funds from the Individuals with Disability Education Act (IDEA), the Elementary and Secondary Education Act (ESEA)/Every Student Succeeds Act

(ESSA), as well as other smaller entitlement monies and competitive grants are budgeted in this fund.

- **School Nutrition Fund.** This is a special revenue fund used to account for revenues internally restricted to expenditures for the procurement, preparation, and serving of student meals. The School Nutrition Fund represents the smallest portion of ACPS' combined funds budget.
- **Health Benefits Fund.** This internal service fund was established in FY 2014 to better manage the costs of health care programs provided to active ACPS employees, retirees, and families. The primary sources of revenue for this fund are employer contributions paid by other funds and employee contributions deducted from their pay on a semi-monthly basis. Fund expenses consist of costs incurred to provide the various types of indemnity health care coverage to employees and for the payment of claims and related expenses for the self-insured health care program.
- **Fiduciary Funds:** Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental unit (school division). They are not reflected in the government-wide financial statements because the resources of those funds are not available to support the School Board's programs. ACPS does not budget fiduciary funds at a detailed level beyond total revenue and expenditures.

The following page present a combined funds statement showing all revenues and expenditures for all funds combined. This consolidated statement is followed by individual fund statements for all funds described above, as well as the ACPS Supplemental Retirement Plan, Other Post-Employment Benefits (OPEB) Trust, Health Benefits, and the School Activity Funds (SAF).

## Operating Fund

The FY 2022 Final Operating Fund Budget includes the majority of the division's revenue and expenditures. Compared to the FY 2021 Final Budget, revenues are projected to increase by 3.5 percent to \$292.22 million, while expenditures are projected to increase by 3.5 percent to \$296.75 million. Approximately \$1.79 million will be transferred out of operating funds to support the Virginia Preschool Initiative (VPI) program. In addition, ACPS will use approximately \$5.11 million of Operating fund balance and \$1.20 million from the Capital fund to fully cover the budgeted expenditures.

**Revenues:** The primary source of revenue for ACPS is the appropriation from the City of Alexandria. The appropriation increases by 2.3 percent in FY 2022 to a total of \$239.44 million.

State revenue is budgeted to increase by 10.0 percent in FY 2022, to a total of \$51.84 million. This change results from a 20.6 percent increase in sales tax receipts and a 0.7 percent increase in basic aid that flow to ACPS through the state's school allocation formula. Other state funding categories are estimated to increase slightly overall to \$1.2 million for FY 2022, and are included in ACPS' total projected FY 2022 state funding.

Local and federal revenues represent a modest portion of the operating fund budget. For FY 2022, local revenue will remain flat while budgeted federal revenue will decrease by approximately 55.1 percent due to new assumptions about the receipt of Impact Aid.

**Expenditures:** Compensation, which includes both salaries and benefits, represents 87.6 percent of the expenditures in the Operating Fund. The remaining expenditures are for non-labor items, including purchased services, internal services, other charges, materials and supplies, capital outlay, and indirect costs.

Salaries are projected to increase by 3.6 percent in FY 2022, to a total of \$184.74 million. This change is driven a slight increase in staffing as well as implementing a more accurate salary projection model. In addition to a full step increase for all eligible employees, the budget includes a 2.0% bonus for employees on "Hold Steps" or at the top of their respective scales, as well as market rate adjustments to the salary scales of transportation staff, elementary principals, and senior leadership team members.

Benefits are projected to increase by 1.3 percent, to a total of \$75.44 million. Although the addition of new FTEs will add to benefit expenses, changes in overall benefit expenditures are driven by a number of other factors: salary improvements for current staff and increases in health insurance premiums.

Purchased services increase by 8.8 percent to a total of \$14.94 million. This increase is primarily the result of changes in other professional services, equipment maintenance and repair services, and cleaning services.

The division-wide budget for internal services, a very minor percentage of the total operating expenses, shows an increase compared to FY 2021. Internal services include internal food services, internal printing, and internal transportation, which are provided by the School Nutrition, Financial Services, and Transportation departments, respectively. As in previous years, the Departments of Pupil Transportation and Financial Services have budgeted an expenditure credit to offset the school and department internal services budgets in FY 2022.

Other charges are projected to increase by 6.1 percent to a total of \$11.16 million. The increase for FY 2022 is primarily the result of building leases, electrical services, and telecommunications.

Materials and supplies expenditures are

projected to increase by 13.1 percent, to a total of \$8.52 million. The change in this category is attributable to projected increases in student enrollments.

**Other Funding Sources:** The Operating Fund includes certain transfers to and from the Grants and Special Projects Fund and the Capital Improvement Projects (CIP) Fund.

A total of \$1.79 million will be transferred from the operating budget to the Preschool fund to support the division-wide preschool program for children eligible to receive services under the Virginia Preschool Initiative (VPI).

**Use of Fund Balance:** In accordance with School Board Policy DAB, the budgeted use of fund balance can total no more than 1.75 percent of the FY 2022 budgeted operating expenditures. This results in a budgeted use of fund balance totaling \$5.11 million to support expenditures.

Policy DAB also addresses options for consideration if anticipated fund balance fluctuates beyond 5% of the prior year.

Details on Operating Fund revenues and expenditures can be found in future sections of the budget book.

## Grants and Special Projects Fund

Valuable supplemental funding for ACPS' instructional programs is provided by entitlement and competitive grant awards from various outside agencies and organizations, including state, local, and federal sources, as well as private organizations.

As required by state and federal regulations and the Governmental Accounting Standards Board (GASB), this supplemental funding is organized, reported and tracked in a separate accounting and budget fund (Grants and Special Projects Fund), with a separate set

of self-balancing accounts comprised of assets, liabilities, fund balances, revenues, and expenditures. In most cases, these funds must be used to supplement, not supplant, the Operating Fund budget.

The grant information presented here represents an estimate of the grant funding anticipated for FY 2022 and has been developed based on information available as of December 2020. Until a grant application is officially awarded by the grantor, there is a level of uncertainty regarding the exact level of funding. Final grant allocations for most entitlement awards are generally released in October after the start of each fiscal year.

Because ACPS is permitted to carry-forward certain unspent balances for use in subsequent years, the grants and special projects budget is adjusted later in the fiscal year after final, audited year-end figures are available to derive this confirmed carry-over funding.

Grant and special project revenues and expenditures are dependent upon allocations from local (including private sector), state, and federal entities. Expenditures in this fund are governed by the funding entity and must comply with specific requirements.

For FY 2022, Grants and Special Projects Fund revenues are forecasted to increase by \$46.83 million, or 248.6 percent and expenditures are expected to increase by \$46.90 million, or 228.2 percent, compared to the FY 2021 Final Budget figures. This large increase is attributable to federal Elementary and Secondary School Emergency Relief (ESSER) funding that were received in FY 2021 and FY 2022. Grant expenditures must not exceed amounts awarded by the respective grantors.

The table on the following page outlines key changes in grants awarded to ACPS as included in the FY 2022 Final Budget.

---

The federal funds portion of the Grants and Special Projects Fund is projected to increase significantly for FY 2022. This is based on actual award information from recent years and guidance received from the awarding agencies.

## *Elementary and Secondary School Emergency Relief Fund (ESSER)*

The recent authorization of Coronavirus Aid Relief, and Economic Security (CARES) Act, Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), and ARP Elementary and Secondary School Emergency Relief (ARP ESSER) funding provided to school districts to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic.

Funding, of approximately \$50.00 million, from ESSER is included in the FY 2022 Final Budget.

## *Every Student Succeeds Act (ESSA)*

The most recent reauthorization of the Elementary and Secondary Education Act (ESEA) is known as Every Student Succeeds Act (ESSA). ACPS' Title I funding is designated for the division by this act.

Title I, Part A of the Elementary and Secondary Education Act (ESEA), as amended, provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards.

Funding for Title I, Part A expenditures are projected to remain steady at approximately \$4.27 million. For FY 2022, Cora Kelly, Jefferson-Houston, John Adams, Patrick Henry, William Ramsay and Francis C. Hammond schools, as well as the Office of Title I Programs will receive Title I funding. These funds will

be used for personnel, staff development, translation services, technology equipment and software, instructional supplies, and parental involvement activities. All items must supplement what is provided to all schools and offices in the operating budget.

The purpose of Title II, Part A (Preparing, Training and Recruiting High Quality Teachers and Principals) is to increase academic achievement by improving teacher and principal quality. This program is carried out by increasing the number of highly-qualified teachers in classrooms, increasing the number of highly-qualified principals and assistant principals in schools; and increasing the effectiveness of teachers and principals by holding local education agencies (LEAs) and schools accountable for improvements in student academic achievement.

Funding for Title II, Part A is projected to decrease slightly to approximately \$0.62 million. These funds will be used for the salary and benefits for the Director of Talent Development, staff development services and other professional services for video editing and production, and travel. Private schools within the City of Alexandria are eligible for staff development funding through Title II. Those funds pass-through ACPS to the private schools.

Title III, Part A (Language Instruction for Limited English Proficient and Immigrant Students) funds awarded under Title III support programs that improve the education of limited English proficient (LEP) children by helping them learn English and meet challenging state content and achievement standards. Title III programs also provide enhanced instructional opportunities for immigrant children.

The FY 2022 revenue projection for Title III, Part A totals approximately \$0.58 million, a slight increase from FY 2021. Grant monies will fund a parent resource coordinator, parent resource specialist, staff development

activities, instructional materials, travel, and refreshments.

## *Individuals with Disabilities Education Act (IDEA)*

Federal funds under Part B, of the Individuals with Disabilities Education Act (IDEA) are available for preschool and school-age special education programs. The Individuals with Disabilities Education Act (IDEA) is a law ensuring services to children with disabilities throughout the nation. IDEA governs how states and public agencies provide early intervention, special education, and related services to children and youth with disabilities. Projected funding for IDEA Part B totals \$3.68 million. The grant primarily supports specialist positions in the areas of behavior support, Autism, communications, compliance, as well as materials and supplies. Funds also cover a general special education teacher and a speech-language pathologist. An early childhood special education teacher is funded through the preschool portion of the IDEA grant.

## **State Grants**

### *Juvenile Detention Center*

ACPS receives funding from the Virginia Department of Education to hire and supervise instructional personnel who work in the education program of the Northern Virginia Juvenile Detention Center, a state-operated center. The Department of Education has established a program of education in accordance with the rules and regulations of the Board of Education for all students, ages 2 to 21, receiving education services in the Northern Virginia Juvenile Detention Center.

Funding for FY 2022 is expected to total \$1.56 million. ACPS also provides in-kind contributions such as technical, instructional, and financial management support based on the school's needs.

### *Preschool Fund*

The Preschool Initiative fund, which includes revenues from the state's Virginia Preschool Initiative (VPI) and the ACPS Operating Fund, was established in FY 2013. This fund includes all revenues, expenditures, and other sources and uses of funds related to ACPS Pre-K program with the exception of the Pre-K center and associated administrative positions.

ACPS is Alexandria's fiscal agent for VPI. As such, a separate fund is established for VPI funds designated for private preschool providers in the City of Alexandria. Revenues received from VPI are dependent on the number of children, age 4 and older, in the program. The VPI program provides \$3,827.50 per student and a transfer from the operating fund completes the funding for these classrooms.

The VPI provides approximately \$2.40 million in state funds to ACPS and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are not served by Head Start. There are 12 VPI classrooms in ACPS, housed at the Early Childhood Center, Jefferson-Houston, and William Ramsay. A portion of this total is distributed to partner preschool providers.

### *Early Reading Intervention*

The Early Reading Intervention (ERI) furnishes incentive funds for school divisions to provide identified students with additional reading instruction. Each elementary school receives these funds based on the number of students who are identified through the Phonological Awareness Literacy Screening (PALS) in grades K-3. These funds are used for tutoring or intervention materials. Funding for FY 2022 is projected to be \$0.19 million.

### *SOL Algebra Readiness Initiative*

Since 2002, the SOL Algebra Readiness

# ACPS Fund Statements

---

Initiative (ARI) has provided mathematics intervention resources and services to students in grades 6, 7, 8, and 9 who are at risk of failing the Algebra I end-of-course assessment, as demonstrated by their individual performance on diagnostic tests that have been developed or approved by the Department of Education. For FY 2022, funding is projected to be approximately \$0.09 million and will be used for software intervention programs and a summer Transition to Algebra program.

## Other Financing Sources

A total of \$1.77 million will be transferred from the operating fund to the VPI Preschool fund for FY 2022. This amount represents an increase of 3.0% from FY 2021.

The cost of the purchased and internal services categories in FY 2022 is anticipated to remain approximately the same as in FY 2021. These expenses are associated with internal printing and equipment maintenance and repair services.

Spending on materials and supplies - comprised predominantly of food items - is projected to decrease by \$0.19 million to more accurately reflect the actual cost of these items next year.

Capital Outlay expenditures, non-Capital Improvement Program expenditures, are projected to decrease slightly by \$0.02 million. However, adequate funds have been included in the FY 2022 budget to continue renovation and rejuvenation efforts at school cafeterias.

## School Nutrition Fund

Compared to the FY 2021 Final Budget, School Nutrition Fund revenues are projected to increase by 2.1 percent to \$11.19 million, with expenses projected to increase by 2.1 percent to \$11.19 million.

**Revenues:** Local revenues related to breakfast, a la carte sales, and services provided by the School Nutrition Department, are projected to increase slightly by \$0.02 million to a total of \$2.41 million.

Federal funds, which come from the National School Lunch Program, are projected to increase by \$0.22 million. This is the result of changing methodologies to project revenue more accurately. State revenues, which comprise a small portion of the budget are projected to decrease by 2.9 percent.

**Expenditures:** Cost of labor, including salaries and benefits, is projected to increase by \$0.43 million. This increase is associated with the full step increase for all eligible employees, the 2.0 percent bonus for employees on "Hold Steps" or at the top of their respective scales, as well as the increased costs of health insurance premiums.

## Supplemental Retirement Plan

The ACPS Supplemental Retirement Plan is a single-employer defined benefit pension plan. Both plan administration and management of plan assets have been delegated to a third-party administrator (TPA), Principal Financial Group. The ACPS Supplemental Retirement Plan is fully funded by employee contributions at a rate of 1.5 percent that began in FY 2014; currently, the employer makes no contribution to this supplemental retirement program. The plan exists for the single purpose of funding retirement benefit payments. Other sources of revenues are the earnings from investment of the plan assets.

Beginning in FY 2009, ACPS began systematically shifting funds from fixed income assets into more diversified investments. This diversification strategy has helped the ACPS Supplemental Retirement Plan increase investment earnings to a higher level than would have otherwise been experienced in the economic climate at that time, while maintaining an appropriate financial risk. ACPS staff and

independent advisors continue to evaluate asset allocations in light of economic changes and recommend changes accordingly.

As of June 30, 2020, the ACPS Supplemental Retirement Plan's estimated value is \$127.54 million. It is projected to total approximately \$128.69 million in value as of June 30, 2021. The annual required contribution (ARC) projected to meet all future obligations is approximately \$5.79 million, based on the most recent actuarial valuation for the plan year beginning September 1, 2020.

Expenses include fees paid to the fund manager for administration of the retirement program and investment services as well as direct payments to employees.

On December 19, 2013, the School Board adopted an Investment Policy Statement to outline the investment objectives of the plan's portfolio as well as the responsibilities and decision-making authority for the fiscal administration of plan assets.

## Other Post Employee Benefits (OPEB)

In May 2009, in accordance with GASB 45, the School Board authorized the establishment of a trust for the purpose of accumulating and investing assets to fund other post employment benefits in order to provide medical benefits to eligible retired school employees and beneficiaries.

ACPS invests the OPEB Trust Fund's assets with the Virginia Pooled OPEB Trust Fund (Pooled Trust) sponsored by the Virginia Association of Counties and the Virginia Municipal League (VACo/VML). The Pooled Trust is an investment pooling vehicle created to allow participating local governments, school divisions and authorities in the state to accumulate and invest assets to fund other post employment benefits.

The annual required contribution (ARC) is actuarially determined based on projected pay-as-you-go financing requirements with additional amounts to pre-fund benefits.

The pay-as-you-go amounts represent the School Board's subsidy of \$265 per month per retiree participant for healthcare benefits. Amounts contributed to the Trust by the School Board are irrevocable and must be used solely to discharge the School Board's obligations for other post employment benefits and pay for reasonable expenses of the trust.

Effective July 1, 2013 (FY 2014), the pay-as-you-go financing and any additional amounts to pre-fund benefits, as determined by the School Board, will be collected in the OPEB Trust Fund towards satisfaction of the ARC. Based on the most recent audit evaluation, the contribution for the fiscal year ending June 30, 2020 was \$2.34 million. This compares to the prior year contribution at June 30, 2019 of \$2.48 million. Both reflect a long-term yield on plan assets and a discount rate of 7.0 percent per annum.

For FY 2022, ACPS will fund its ARC by contributing current pay-as-you-go benefits plus an additional amount as necessary to fully fund the required ARC amount. The most recent actuarial analysis as of January 2017 estimates that the ARC for FY 2021 is \$2.7 million. This

contribution level is an increase from funded contributions for both FY 2021 and FY 2020. If the actuarial ARC exceeds estimates, adjustments will be made accordingly to ensure the ARC is fully funded. The total ARC will be reflected as an expenditure in the operating budget, offset by a transfer of funds from the Health Benefits Fund in FY 2022.

## Health Benefits Fund

In November 2013, the School Board authorized the establishment of a Health Benefits Fund to better manage the costs of health care programs provided to active ACPS employees and retirees and their families.

ACPS offers indemnity-type health care insurance programs by Kaiser Permanente for medical coverage, CareFirst for dental coverage and EyeMed for vision coverage. The employer and employee portions of the premiums charged by the insurance carriers are recorded in the fund as revenue, during ACPS' semi-monthly payroll process. Payments to insurance carriers for monthly coverage are reflected as expenses in the fund.

The Health Benefits Fund also reflects the activity associated with ACPS' self-funded health insurance plan administered by United Healthcare (UHC). Under the UHC plan, which was adopted in FY 2009, ACPS pays all health insurance claims for employees and their eligible dependents as well as administrative fees.

To mitigate risks associated with offering medical benefits, ACPS has established a minimum level of reserve (where collections exceed expenses) in order to cover the following:

- Claims incurred but not reported (IBNR),
- Catastrophic losses,
- Premium stabilization amounts to avoid harsh spikes in monthly premium amounts,

- Unanticipated healthcare costs due to federal regulations in the Patient Protection and Affordable Healthcare Act, and
- OPEB funding requirements as necessary.

For FY 2022 the premiums for United Healthcare, the self-insurance plan, and Kaiser Permanente are projected to increase by an average of 9.0 percent, as compared to FY 2021 premiums. Effective July 1, 2019, at the recommendation of an ACPS Healthcare Benefits Committee, UHC introduced a new optional Qualified Health Plan with Health Savings Account (HSA) that will provide an additional option for eligible employees.

For projection purposes, claims expense for United Healthcare is projected using the estimated number of participants in FY 2021 plus the proportionate percentage of all new positions for FY 2022. All other premiums are set equal to payroll deductions and benefit contributions from regular employees and retirees.

The detailed fund statement for Health Benefits is shown on the following page.

### School Activity Funds (SAF)

ACPS schools receive local revenues from facility rentals, donations, club dues, selected extracurricular sports activities and other miscellaneous fees. These revenues are managed in local school activity fund accounts, as required by Virginia law. The fund statement for these accounts shows revenue for all schools combined; the disbursements also are combined across all schools.

Local school activity fund accounts are operated at each school site under the direct supervision and responsibility of the school principal. The ACPS Accounting Office provides financial support to school principals and treasurers and regularly reviews these accounts. Each year, an independent accounting firm performs an

annual financial audit of school activity fund. As in prior years, ACPS will retain a local CPA firm that specializes in SAF financial and process audits for K-12 public schools to conduct a thorough financial audit of all schools. On average, school receipts and disbursements total approximately \$1.20 million annually.

## Operating Fund Revenue Overview

The FY 2022 total Operating Fund revenue is anticipated to increase to \$287.71 million, an increase of 1.9 percent or \$5.48 million when compared with the FY 2021 Final Budget. The primary source of operating revenue, the city appropriation, is projected to increase by 2.1 percent. State funds represent 16.6 percent of the total FY 2022 revenue, and are projected to increase by 1.4 percent. Together, these two funding sources comprise of 99.6 percent of all revenue projected for the FY 2022 budget, as shown in the pie chart below.

Additional funds that support the operating budget are noted as 'other financing sources' and include obligations under capital leases and a transfer from the Capital Improvement Projects (CIP) Fund. The Operating Fund also provides support for the Virginia Preschool Initiative (VPI) preschool program with a transfer of \$1.77 million to the Grants and Special Projects Fund. The planned use of unassigned fund balance is \$5.11 million in FY 2022 compared to \$4.89 million in FY 2021.

When compared with other school divisions in Virginia, a much larger portion of the ACPS budget is derived from local government funds than other revenue sources. ACPS relies on the city appropriation for 81.8 percent of its FY 2022 Operating Fund budget.

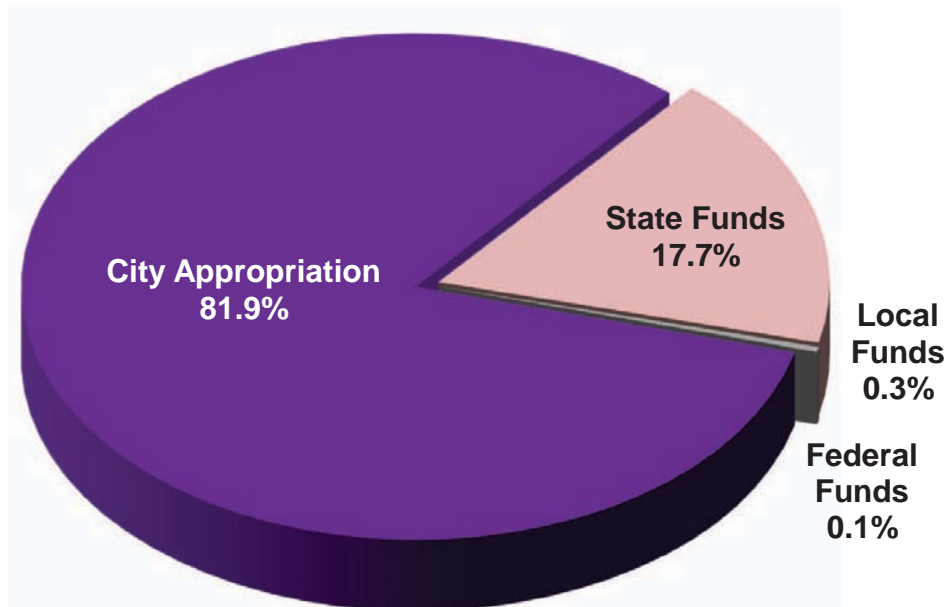

Additional sources of revenue for the ACPS Operating Fund include certain federal and local funds, generated primarily from fees, tuition, and indirect cost recovery.

## Types of Revenue

### City Appropriation, \$239.04 million

The largest portion of ACPS operating revenues comes from the city appropriation. Real and personal property tax dollars are the primary revenue sources for the City of Alexandria. The City Council approves a transfer from city funds to ACPS to finance the Operating Fund on an annual basis.

The chart above shows the city appropriation per student from the FY 2018 Actual through the FY 2022 Proposed Budget. The city appropriation per student will increase to \$14,807 in FY 2022.

## State Funds, \$47.73 million

The chart on the following page shows state revenue trends compared to student enrollment. State revenue per student will be \$2,956 for FY 2022, an increase of \$98 over the prior fiscal year.

State funding is divided into four tiers:

- Standards of Quality
- Incentive
- Categorical
- Lottery

State funded accounts represent the second major funding source for ACPS. Additionally, State funding includes Medicaid revenue, which funds reimbursable healthcare-related expenses. Medicaid revenue will decrease

to \$1.70 million for FY 2022 based on actual claims reported and multi-year trend analysis.

State funds are projected to increase by 1.4 percent, or \$0.64 million. Key changes in state funding for the FY 2022 budget compared with FY 2021 include a \$0.20 million increase in Basic Aid, a \$0.89 million increase in Sales Tax receipts, and a \$0.38 million increase in Lottery Proceeds. Other specific categories of state funding, such as Special Education, Gifted, and English as a Second Language, will either remain flat or decrease slightly.

The following is a summary of each tier:

### *Standards of Quality (SOQ) Accounts*

The Standards of Quality encompass the requirements that must be met by all Virginia public schools and divisions. Standards for kindergarten through grade 12 are set by the State Board of Education, subject to revision only by the General Assembly, to provide school divisions with an incentive to offer specific programs, and for general

# Revenue

and categorical support of other educational programs and needs.

The General Assembly also apportions the cost of funding the SOQ between state and local governments. Each locality's index is adjusted to maintain an overall statewide local share of 45 percent and an overall state share of 55 percent, adjusted for each locality by an equalization formula. The formula combines three separate measures of local fiscal capacity into a single index, which weighs a locality's ability to pay relative to other localities in the state. The state funding formula requires that each locality match state funds with local funds.

The Composite Index of Local Ability-To-Pay formula is calculated using three indicators; true value of real property (weighted at 50 percent), adjusted gross income (weighted at 40 percent) and taxable retail sales (weighted at 10 percent), divided by average daily membership (ADM) and population. Counties and cities with a lower composite index receive more state funding, while those with a higher index receive

less.

Alexandria's current composite index of 0.80 is the highest possible under the formula, which indicates ACPS will receive less state aid per pupil than the average school division in Virginia.

According to the most recent Superintendent's Annual Report for Virginia, in FY 2019, ACPS received \$1,831 per pupil in state funding, while the state average per pupil revenue was \$4,280.

Basic Aid, the primary component of the SOQ, establishes standards for personnel, instructional materials, program and system-wide planning and management, as well as performance objectives for the Virginia Board of Education and local school divisions. Based on projected FY 2022 average daily membership (ADM), total Basic Aid is estimated to be \$15.85 million next year, an increase of 1.3 percent from FY 2021.

# Revenue

---

Sales tax revenue is another key component of state funding and is projected to be \$17.94 million in FY 2022 and represents an increase of 5.2 percent from FY 2021. Unlike other categories of state funding, sales tax is not subject to the Local Composite Index formula prior to being distributed among school divisions.

The Governor's budget bases the distribution of sales tax revenues to school divisions on the estimate of school-age population as provided by the Weldon Cooper Center for Public Service at the University of Virginia.

In addition, smaller amounts of SOQ funding are received for special education, vocational education, gifted education, remedial education, textbooks, state retirement, social security, group life insurance, English learners (EL), and remedial summer school. Like basic aid, each SOQ account is funded by an individual per pupil rate and equalized by the local composite index (LCI). The total FY 2022 SOQ funding is estimated at \$42.33 million, an increase of 2.4 percent over FY 2021.

## *Incentive Accounts*

Incentive-based payments from the state are not required by law but are intended to target resources for specific student or school needs statewide. To receive funding from this category, each school division must certify to the state that it will meet the requirements unique to each category. For FY 2022, incentive categories include funding for Technology to support SOL testing, At-Risk initiatives, and additional mathematics and reading specialist positions. The total FY 2022 funding from incentive accounts is estimated to be \$1.49 million, an increase of \$0.09 million compared to FY 2021.

## *Categorical Accounts*

The various categorical programs focus on particular needs of special student populations to fulfill particular state obligations. State or federal regulations typically require these programs. Included in this group is funding for

the homebound program. The total FY 2022 funding from categorical accounts is estimated to be \$0.04 million.

## *Lottery Funded Accounts*

The General Assembly established a tier of funds for lottery proceeds in its budget beginning in FY 2009. Lottery proceeds now serve as the funding source for programs previously funded through the state general fund, including at-risk (split funded with incentive accounts), career and technical education, K-3 primary class size reduction, and supplemental lottery per pupil allocation. Lottery funded allocations to ACPS in FY 2022 will total \$2.18 million, an increase of 21.0 percent from FY 2021, driven primarily by an increase in supplemental lottery per pupil allocation amounts.

## **Local Funds, \$0.81 million**

Included in this category is revenue received for adult and community education tuition, community use of school facilities, community partnerships/grants, summer learning tuition, tuition from students who reside outside the City of Alexandria, and other revenues such as fees from indirect cost recovery received from grant funding, lost textbooks replacement fees, and parking permits.

Local funds make up 0.3 percent of total Operating Fund revenue and are projected to remain at the same level as the FY 2021 budgeted amount.

## **Federal Funds, \$0.13 million**

Federal funding is projected to total \$0.13 million in FY 2022, a decrease of 55.1 percent from the previous year because receipt of Federal Impact Aid is no longer assumed. Federal funds in the operating budget are provided for the ROTC program at T.C. Williams High School.

# Revenue

---

Federal programs are budgeted by the federal government a year in advance of actual use by localities, however actual entitlements are not known until the beginning of the school year.

## **Other Financing Sources and Uses, -\$0.57 million**

The Operating Fund includes certain transfers to the Grants and Special Projects Fund and from the Capital Improvement Project (CIP) Fund.

For FY 2022, a total of \$1.77 million will be transferred from the operating budget to the Preschool fund to support the division-wide preschool program for children eligible to receive services under Virginia Preschool Initiative. A transfer into the operating budget from the CIP Fund will total \$1.20 million next year to offset the expenses of current planning and construction efforts.

The net of inflows and outflows of these funding sources for the FY 2022 operating budget is -\$0.57 million.

## **Operating Fund Balance, \$5.11 million**

Per School Board policy, ACPS may utilize fund balance to support the Operating Budget each year. The amount used for this purpose may not exceed 1.75 percent of the Operating Fund expenditure budget. This results in the planned use of \$5.11 million of operating fund balance to support expenditures. The ending fund balance as of June 30, 2020 was \$15.23 million, an increase of \$4.41 million over the prior year.

## **Community Use Program**

Under School Board policy (policy KG), the Board may permit the use of school property by members of the community when such use will not impair the efficiency or educational mission of the school. The Superintendent develops guidelines and applications for use of school facilities. Requests for the use of any school

facilities are made to the Superintendent or the Superintendent's designee.

The Superintendent cooperates with the City in developing the City Facilities Use and Maintenance Agreement that establishes the guidelines for the mutual use and maintenance of schools and community facilities by and between the City and ACPS. The Superintendent may collaborate with other organizations to develop other similar agreements for the use of school facilities.

As a result of this Board policy, the school system does incur some non-revenue generating expenses. Many of the activities directly pertain to the use of schools by various community groups including civic associations, scout troops, colleges, and universities. The City of Alexandria Department of Recreation, Parks and Cultural Activities, the Campagna Center, and the Electoral Board also use ACPS facilities. No rental or event fees are charged to these organizations, which represent shared resources with the City of Alexandria.

Many users of school facilities are not exempt from building use and custodial fees. Groups using school facilities are categorized by three organizational types for the purpose of charging fees: Groups A, B and C. These groups are defined in the fee schedule shown on the following page.

Revenues collected from the use of school facilities are deposited in the general Operating Fund as shown on the above table. The School Board initiated a revenue-sharing program during the 1998-1999 school year, enabling individual schools to share the rental fees collected from their building rentals. Effective FY 2016, schools will receive 20 percent of revenues collected, compared to 50 percent in prior years.

## ACPS Fee Structure

### Overview

This section shows the types and rates of fees ACPS charges for various activities, materials and services for the upcoming fiscal year.

The following fees are deposited into the Operating Fund:

- Regular Day School Tuition
- Extended Learning/Summer Learning Tuition
- T.C. Williams Adult Education Tuition
- Custodial and Facilities Building Use Fees
- Facilities Rental Fees (80 percent)
- Parking Permit Fees
- Textbooks and Laptops Replacement Fees

Breakfast and lunch revenues are deposited into the School Nutrition Fund to support that program. The remaining fees are deposited with the schools and go directly to cover costs associated with the items or services for which they are charged.

# Expenditures

## Operating Fund Expenditure Overview

The FY 2022 Final Budget expenditures total \$296.75 million, a 3.5 percent increase over FY 2021.

The total expenditures and positions from FY 2018 through the FY 2022 Final Budget are shown in the table below, organized by major expenditure category. These changes are discussed in greater detail in the following section.

ACPS expenditures are composed primarily of salary and employee benefit costs. These two

items alone total \$260.18 million and constitute approximately 87.7 percent of the FY 2022 Final Operating Fund Budget.

The pie chart below shows how both contract and non-contract compensation pay are allocated among the primary employee groups in ACPS. Salary and wage payments for all teacher scale positions account for the largest portion of total personnel costs. Although Compensation increased, FTEs decreased by 2.40 per the chart below. This increase in salaries and benefits is driven primarily by enrollment related staffing, compensation improvements for current ACPS staff, and increases in both retirement and health insurance premiums.

# Expenditures

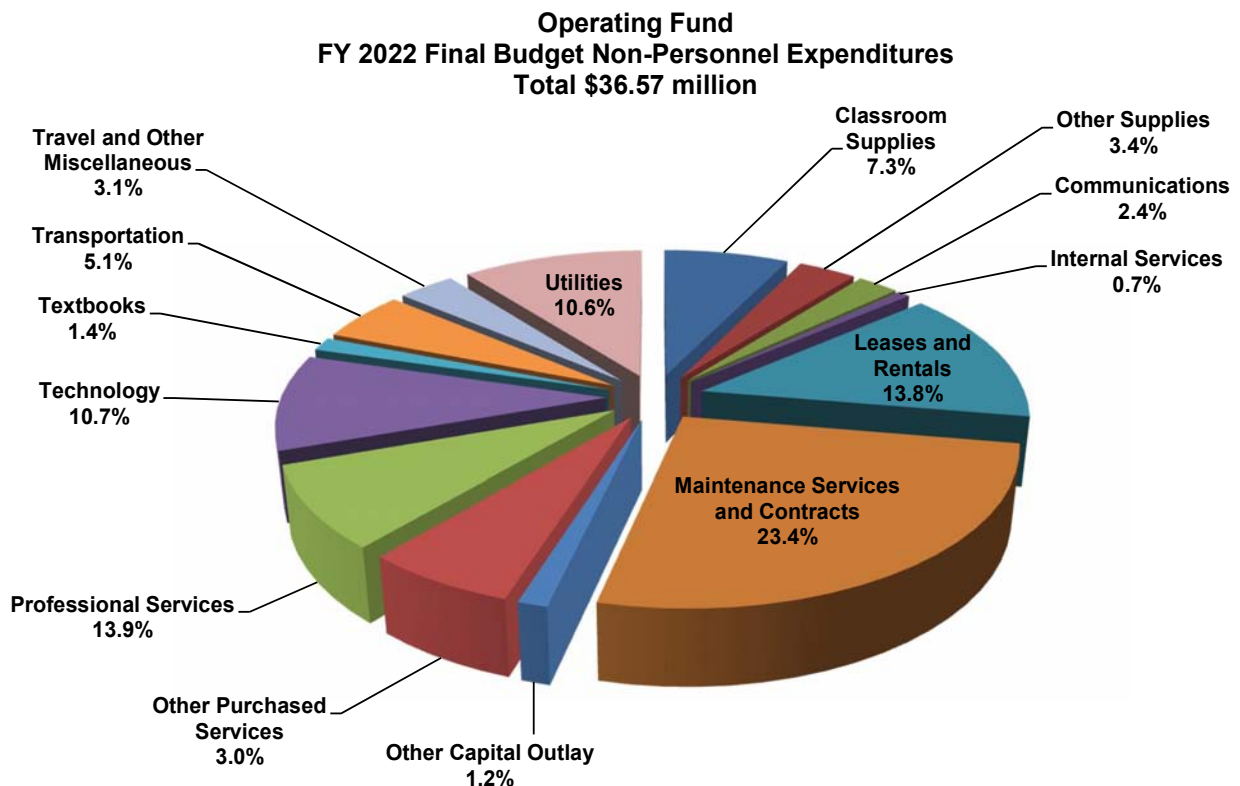

The pie chart below shows the major sources of expenditures in the non-personnel category. Non-personnel expenditures total \$36.57 million and constitute 12.3 percent of the total ACPS budget in FY 2022. This total is up \$2.80 million from FY 2021. Within the total non-personnel budget, the largest categories are Maintenance Services and Contracts, Leases and Rentals, Professional Services, Utilities, Technology, and Classroom Supplies.

In the FY 2022 Final BudgetThe largest non-personal expenditure is Maintenance Services and Contracts. The second largest non-personnel expenditure is Leases and Rentals where the FY 2021 budget held Professional Services as the second largest expenditure.

the Board's total annual General Fund budget appropriation, levies taxes, and issues debt for school projects. The legal liability for the general obligation debt issued for school capital assets remains with the City. Funds also are received from state and federal sources for general school aid and specific grant purposes, respectively. The Council is prohibited from exercising any control over specific appropriations within the operating budget of the Board. ACPS is considered to be a discretely presented component unit of the City because ACPS is fiscally dependent on the City and its operations are funded primarily by payments from the City's general fund. The Board has the discretionary authority to expend the amount appropriated to it by the Council.

## Budget Drivers and General Sources of Change

Many factors have a direct impact on the overall level of ACPS budgeted expenditures and may, therefore, change the budget from one year to the next. This fiscal year saw a notable increase in grants due to the provision of ESSER funding.

Enrollment is the largest driver of cost in any school division. Enrollment projections are recalculated every year using the September 30th enrollment data as reported to the Virginia Department of Education (VDOE) for preliminary enrollment projections. Increased student enrollment requires additional teachers and other school-based staff, classroom materials, and textbooks. Increases in these areas place constraints on school capacity and transportation.

The following descriptions outline major areas that are impacted by enrollment.

### *Personnel and Allocation of Positions*

Enrollment drives staffing for elementary homeroom, physical education, art, vocal music and library/media staffing, as well as division-wide English learner and specialized instruction staff.

Middle and high school staffing is regularly reviewed, especially if there are significant changes in enrollment, course registrations, or if the addition of approved courses warrants a review.

Each year specialized instruction positions are reallocated across schools to correspond to the projected enrollment of special education students and their specific instructional requirements as dictated by their Individualized Education Programs (IEP).

Similarly, English learner (EL) teacher positions

are reallocated across schools each year to respond to projected enrollment and the proficiency level of students.

More information on specialized instruction and EL staffing can be found in the Information section.

### *Salaries*

Increases in the salaries account are the result of additional staff positions coupled with adjustments to current salaries. This increase is driven primarily by enrollment-driven staffing, compensation improvements for current ACPS staff.

Savings are typically realized each year as the result of lapse or turnover savings. Turnover savings result when the actual cost of a replacement hire is less than the budgeted cost based on the incumbent employee. Savings that result from a position that remains unfilled for a certain period of time are referred to as vacancy savings and also are a component of the budgeted lapse figure.

### *Benefits*

Most ACPS benefit costs are driven by salaries, meaning they are calculated as a percentage of the salary paid to each individual. This year, there was a no change to the Virginia Retirement System (VRS) retirement rates. Per Senate Bill 497, employees will continue to contribute 5.0 percent of eligible salary to the plan.

The premium rates for the UHC Point of Service (POS) plan and the Kaiser plan are each expected to increase by 8.5% respectively. Both the employer and employee contribute to these premiums.

### *Non-Personnel*

Formula-based allocations for schools, including base allocations, are determined

# Expenditures

based on the official enrollment reports as of September 30th as submitted to the VDOE. Details on these school allocations are contained in the Information section of this document.

Changes in the cost of doing business, such as office supplies, paper, utilities, fuel, rent, and maintenance/repair costs also have been incorporated into the FY 2022 Final Budget, based on specific analyses for each area.

## Employee Benefits

Employee benefits include various non-cash compensations provided to employees in addition to their salaries or wages. Employee benefits are ongoing expenses for which the school division contributes a portion or all of the cost for its employees. Components of employee benefits include statutory, mandatory, and optional benefits.

ACPS provides the following employee benefits:

Statutory benefits:

- Federal Insurance Contributions Act (FICA)/ Social Security and Medicare
- Unemployment Compensation
- Workers' Compensation

Mandatory benefits for which eligible employees are automatically enrolled include:

- Virginia Retirement System (VRS)
- VRS Retiree Health Insurance Credit (RHIC)
- VRS Basic Group Life Insurance
- ACPS Supplemental Retirement Plan
- Disability Insurance Plan

Optional benefits for which eligible employees may choose to participate include:

- Optional Group Life Insurance
- Tax Sheltered Annuities 403(b) and 457(b) Plans
- Health Insurance: Medical, Dental, and Vision Plans

- Dependent Care, Health Care Flexible Spending, and Health Care Savings Accounts

Other benefits offered to employees include:

- Leave Program (sick leave, personal leave, annual leave, family and medical leave)
- Employee Assistance Program
- Termination Benefits
- Education/Tuition Assistance
- National Board Certification

ACPS also offers health insurance to its eligible retirees for medical, dental, and vision.

Information regarding ACPS employee benefits, including the school division's costs for these benefits is summarized in the following pages. Additional details can be found on the ACPS website at <https://www.acps.k12.va.us/Page/517>.

### *Federal Insurance Contributions Act (FICA)/ Social Security and Medicare*

Participation and rates are mandated by law. FICA is a federal program that requires both employees and employers to fund Social Security benefits that include retirement, Old-Age, Survivors and Disability Insurance (OASDI) and Medicare, which provides hospital or medical insurance.

In total, ACPS contributes 7.65 percent of employees' salary. For calendar year 2021 the employer tax rate for the Social Security portion of FICA is 6.2 percent of earnings up to \$128,400 and the tax rate for the Medicare portion of FICA is 1.45 percent.

### *Unemployment Compensation*

Participation is mandatory and rates for unemployment compensation are determined by the state. The school system is considered a Reimbursable Employer and makes quarterly payments to the Virginia Employment

# Expenditures

Commission. The budget for unemployment insurance is \$0.13 million for FY 2022, unchanged from FY 2021.

## Workers' Compensation

Workers' compensation is a mandatory program. In 1992, the school system instituted a self-insured program administered by a third-party administrator. The budgeted amount is based on an estimate of the open claims ACPs pays each fiscal year. The budget for workers' compensation insurance is \$0.95 million for FY 2022, unchanged from FY 2021.

## Virginia Retirement System (VRS)

Participation and rates are governed by state regulations. VRS rates have increased significantly over the past several years, as shown on the table on the following page. The VRS Board has worked to comply with

Governmental Accounting Standards Board (GASB) requirements to fully fund the long-term liability for retiree benefits.

For FY 2022, the total contribution, relative to projected compensation will increase to 21.62 percent of covered compensation for the professional groups, while Non-professional groups will also remain at 7.25 percent of covered compensation. VRS Plan 1 and Plan 2 members continue to pay 5.0 percent of their salary towards the plan.

The VRS Hybrid Retirement Plan will apply to most employees hired on or after January 01, 2014. The hybrid plan combines the features of a defined benefit plan and a defined contribution plan. Upon retirement, the defined benefit plan pays a monthly retirement benefit based on age, total service credit and average final compensation, whereas a defined contribution plan provides a retirement benefit

Note: Beginning in FY 2013, employees contribute 5.00 percent of compensation to the plan in accordance with Senate Bill 497. Previously, the employee share was paid by ACPS. This 5.00 percent employee contribution is included in the total percentages listed in this table.

based on contributions to the plan and the investment performance of those contributions.

VRS Hybrid Retirement Plan members automatically contribute 4.0 percent of their covered compensation to the defined benefit plan and 1.0 percent to the defined contribution plan. Hybrid plan members may voluntarily contribute up to an additional 4.0 percent to the defined contribution plan, for a total of 5.0 percent contributed to this plan. ACPS matches this additional, voluntary contribution up to 3.5 percent. Additional information on the VRS Hybrid plan can be found at [www.varetirement.org/hybrid](http://www.varetirement.org/hybrid).

The total VRS budget is \$27.64 million, an increase of \$0.90 million based on the rate changes described in this narrative.

## *VRS Retiree Health Insurance Credit (RHIC)*

Participation in the VRS Retiree Health Insurance Credit program is mandatory for the professional employee group. The RHIC

program provides eligible retired teachers and other retired professional groups a monthly health insurance credit to be used towards the cost of their individual health insurance premiums if they retire with at least 15 years of VRS credited services. The monthly health insurance credit amount is \$4 per year of service, not to exceed the amount of the retiree's health insurance premium for single coverage.

The employer contribution rate for the RHIC is 6.9 percent of covered compensation for FY 2022, an increase of 2.7 percentage points from FY 2021.

## *VRS Basic Group Life Insurance*

Participation in VRS Basic Group Life Insurance is mandatory for all eligible employees. For FY 2022, the Group Life Insurance Program rate is projected to be 1.31 percent of the annual covered payroll. The employer portion will be 0.52 percent.

## *ACPS Supplemental Retirement Plan*

Participation is mandatory and eligible employees are automatically enrolled in the Supplemental Retirement Plan currently managed by Principal Financial Group. As of January 01, 2013, the employee contribution is 1.5 percent and there is no ACPS contribution to the plan.

## *Tax Sheltered Annuities 403(b) and 457 Plans*

ACPS provides employees with optional retirement savings plans: 403(b) and/or 457(b) plans. Both plans allow employees to set aside a portion of their salary on a pre-tax basis in accordance with Internal Revenue Service regulations. Employees are entirely responsible for managing the investment of their 403(b) and/or 457(b) plans. A third-party administrator, TSA Consulting Group, manages compliance with IRS regulations.

## *Health Insurance – Medical, Dental and Vision Plans*

Participation in the ACPS health, dental or vision insurance program is optional.

Effective July 1, 2015, eligible employees are offered the choice of two medical plans: (1) a Health Maintenance Organization (HMO) plan with Kaiser Permanente and (2) a Point of Service (POS) plan with United Healthcare (UHC). Participants in the United Healthcare plan will automatically be enrolled in the prescription drug plan with CareFirst CVS/Caremark. For FY 2022, a third, high deductible plan will be offered.

For FY 2022, premiums for both Kaiser and United Healthcare plans are projected to increase by 8.5 percent.

In FY 2021, ACPS contributed between 80 percent and 90 percent of the health insurance premiums for full-time employees, depending on the employee group. Similarly, for part-time employees, ACPS contributed between 60 percent and 70 percent of the premiums, depending on the employee group. In FY 2022, the employee cost share for full-time administrators will increase by four percentage points from 16 percent to 20 percent, resulting in a 80/20 split. This change creates greater equity among employee groups.

CareFirst is the new dental insurance carrier, replacing MetLife, effective July 1, 2017. This change will provide members with access to a broad dental provider network, same dental coverages, and lower premiums. The FY 2022 projected cost for the dental plan increased by \$0.09 million from FY 2021. Employer costs are projected to be \$0.96 million in FY 2022.

The vision plan offered by ACPS is through EyeMed and is paid solely by the employee. Premiums for the vision plan remain the same for FY 2022.

## *Dependent Care and Health Care Flexible Spending Accounts*

Participation in the health care and dependent care flexible spending account is optional. Flexible Spending Accounts allow employees to set aside money to be used for eligible out-of-pocket health care and dependent care expenses using pre-tax dollars. The maximum election for the plan year has increased to \$2,600 from \$2,550. Participants in the healthcare FSA will be allowed to carry over to the next plan year a balance of up to \$500. The dependent care flexible spending account will remain unchanged at \$5,000.

## *Disability Insurance*

ACPS offers a short-term and long-term disability program to all eligible employees. The disability program is an ACPS-pay-all plan, and eligible employees are automatically enrolled in the short-term and long-term disability plans. The Hartford Life Insurance Company is the third-party administrator for the short-term disability plan and also the insurance carrier for the fully insured long-term disability plan. The annual cost for the administrative fees of the short-term disability plan is estimated to total \$0.1 million.

## *Long-Term Sick Leave*

Eligible employees may take leave under the terms of the Family and Medical Leave Act (FMLA). Employees may use accumulated leave and/or donations of sick leave from other employees to continue to receive compensation payments during this time.

## *Employee Assistance Program*

ACPS offers an employee assistance program which is embedded with the long-term disability program, and there is no additional cost to ACPS or its employees.

# Expenditures

---

## *Retiree Health Insurance Benefits*

ACPS employees who retire while enrolled in an ACPS medical plan are eligible for an ACPS subsidy of up to \$265 per month towards their retiree medical premiums. Retirees whose medical insurance premiums are less than this subsidy amount receive the amount of their actual premiums.

Medical plans available to eligible retirees include the same plans offered to active ACPS employees. In addition, retirees and their dependents who are Medicare eligible may choose to participate in a Medicare Advantage Plan currently with United Healthcare or HMO Medicare Plus with Kaiser.

## *Termination Benefits*

ACPS' leave program includes sick leave, personal leave and annual leave. Rates of leave accrual vary based on employee groups for professional, support, and administrative staff. Eligible employees are paid for unused annual and sick leave when they retire or leave their employment with ACPS. A maximum of 45 days of annual leave may be paid out at termination. Upon termination of employment, employees may receive a lump-sum payment based on the rate approved by the Board.

## *Education/Tuition Assistance*

Courses eligible for tuition assistance for teachers and administrators will be classified according to the ACPS priority areas and may vary from year to year. Details of education tuition assistance for licensed and support employees are available on the ACPS website at <https://www.acps.k12.va.us/Page/524>. The budget for tuition assistance totals \$0.19 million, a slight reduction from last year.

## *National Board Certification*

National Board Certification is an optional program. The National Teacher Exam (NTE)

is a standardized examination that provides objective measures of academic achievement for those completing teacher education programs. ACPS pays the fees for selected new teachers. In addition, a contract premium of \$2,200 is awarded to these teachers annually.

# Capital Improvement Program

## Capital Improvement Program (CIP) Introduction

\*The new Parker-Gray Stadium at Alexandria City High School\*

The Alexandria City Public Schools (ACPS) FY 2022-2031 Capital Improvement Program (CIP) is framed by several major considerations: Systemic Alignment, Instructional Excellence, Student Accessibility and Support, Strategic Resource Allocation, Family & Community Engagement.

ACPS incorporates current enrollment information, program requirements, city population data, and planning & zoning assessments, along with principal and department head needs. In addition, staff uses operations and maintenance data, School Board strategic plans and facility needs assessments to determine capital needs. The Capital Improvement Program adoption reflects the annual commitment to a series of projects with estimated costs based on current knowledge, market conditions and priorities.

The City of Alexandria defines a capital project as one that acquires or improves a physical asset with a useful life of three or more years for greater than \$10,000 not including day-to-day maintenance tasks. Several capital projects have a direct impact on the operating budget and are typically related to capacity. While the program serves as a long range

plan, it is reviewed and revised annually based on current planning circumstances and the need to reprioritize.

### Strategic Planning Framework

Equity is an essential part of the ACPS 2022-2031 CIP Plan. This is particularly relevant in the facilities we offer our students and staff. This plan pledges to work for the modernization of schools so that every student has not just a beautiful building and learning space, but optimal learning environments with access to program opportunities.

The chart on the next page reflects ACPS's commitment to the School Board's CIP Budget Priorities. Projects are listed under each priority and remain the focus of project execution throughout the 10 year CIP:

#### 1. Systemic Alignment

This category includes building systems and security upgrades to ensure our buildings are aligned.

#### 2. Instructional Excellence

In recent years, the CIP has expanded to include textbooks and technology upgrades.

#### 3. Student Accessibility and Support

This category includes transportation, kitchen, access and playground projects to provide the necessary supports for our students.

#### 4. Strategic Resource Allocation

This focus ensures that we are adequately funding schools which are being replaced or modernized as well as considers capacity, interim use and complete renovation during any of our major projects.

#### 5. Family and Community Engagement

This focus ensures that we are engaging our community and families on all major projects and allows for time in the projects to be transparent and obtain feedback.

# Capital Improvement Program

---

This budget request contains three primary drivers:

1. Increasing capacity to accommodate anticipated enrollment growth and student needs
2. Modernization to aggressively address unmet facilities needs through a comprehensive approach
3. On-going major repairs of facilities that are not scheduled to be modernized within the 10-year program

The ACPS School Board does not have the funding authority to issue debt, therefore the City of Alexandria City Council approves the appropriate funding option per the project requests.

The total FY 2022-2031 CIP budget is **\$551,483,000**. This is \$20.8M more than the total ten-year City Council approved FY 2021-2030 CIP; which can be largely attributed to cost estimate adjustments on the modernization projects as well as the change of the Cora Kelly project from a renovation and addition to a new building.

This budget considers the City's current economic situation due to the impacts of COVID-19 and defers \$28.6M of approved funds for FY 2022. Please refer to the CIP Budget Summary Chart found on the last page for details.

## **Educational Facilities Department and the CIP**

The Educational Facilities Department of ACPS manages and executes the ACPS Capital Improvement Program. The department executes tasks ranging from small maintenance projects to the design and construction of new school buildings to increase capacity.

## **Capacity Program**

The capacity portion of the CIP program totals **\$424,940,500** over the 10-year period. This

includes funding for design, project management support for the renovation of existing buildings, and construction of additional capacity where necessary.

The major components of the Capacity Program are:

### **1. Adding Capacity**

Based on the annual review and analysis of student enrollment forecasts, ACPS is expecting approximately 2,000 new K-12th grade students within the 10-year program. Please note that these projections are based on last year's enrollment projections. Growth has been expected to continue, however, this year's enrollment did decrease due to COVID-19 impacts. This will continue to be monitored to identify any long term impacts.

Douglas MacArthur, George Mason, Cora Kelly are all proposed for capacity additions. Budgets for these three schools were increased in the proposed FY 2022-2031 CIP to account for construction cost escalations, parking structures, updated site costs and contingency. A new school is also proposed in the out years to accommodate enrollment growth; the grade configuration of this school has not been determined.

### **2. Renovating existing buildings due to age and building condition.**

The second major component of the modernization program is to renovate the existing school facilities. Mount Vernon, Naomi L. Brooks, George Mason, Douglas MacArthur and George Washington (our second largest school) will all reach or exceed 75 years of age within the next five years.

Over the next 20 years, an additional seven schools will reach 75 or more years. Due to the advanced age of the buildings, they can not be properly maintained in a timely manner. This causes significant reactionary and unpredictable maintenance and repairs. Part of the final CIP includes new buildings and modernizations

# Capital Improvement Program

---

to address building condition issues at select facilities.

### 3. Renovating and upgrading the Transportation Facility.

The transportation facility has not been upgraded since it was constructed in 1979. In that time ACPS has gained more than 4,000 students and expanded the school bus fleet. This project to upgrade the transportation facility will need to include an expanded garage and personnel space to meet the needs of the expanding fleet. Construction funding for the building expansion is shown in FY 2023; however, this will be part of a collaborative effort with the City's departments near the site.

#### **Non-Capacity Program:**

The non-capacity portion of the CIP program totals **\$126,542,500** over the 10-year period. The total is divided into:

- \$26,055,504 for elementary
- \$17,186,834 for secondary
- \$83,299,821 for system-wide projects including HVAC, emergency repairs, planning, the Rowing Facility, safety and security, curriculum materials, technology upgrades and Transportation services.

Non-capacity program projects include large major repairs like HVAC upgrades, roof replacements and stormwater management tasks. The program also includes smaller projects like CIP planning, safety and security, plumbing tasks and minor construction projects. This also includes funding for transportation services, technology modernization and textbooks.

#### **Basis of Modernization Estimates**

##### **Capacity Estimates**

The capacity project estimates are based on costs per square foot. New construction budgets are now developed based on the following hard cost estimates:

Building: \$325/sf

Parking: \$83,000/space

Sitework: \$1M/acre

Demolition: \$10/sf

Escalation:

3% annually

Soft Costs:

25% total hard costs

These are budgetary numbers for the purpose of CIP planning. During the planning phase of the implementation of this program, budget numbers should be revised for each upcoming project.

#### **Non-Capacity Estimates**

The current estimates included in the CIP for non-capacity come from various professional sources. We are continuing to conduct facilities condition assessments of buildings.

#### **Operating Budget Impact**

The Operations and Capital Improvement Program (CIP) budgets are closely connected. Year over year, CIP projects impact the Operating Budget by approximately \$10M. The general increase over the next five years is predicted at the average inflation rate, 4% which puts the fifth year closer to \$11M of Operating Budget impact.

Routine maintenance costs associated with custodial contracts (ie. uniforms and apparel), routine preventative work (ie. HVAC repairs), unanticipated maintenance work and parts of comprehensive CIP planning are all considered major parts of this cost.

CIP sites that impact the Operating Budget the most in this budget cycle are:

New School - 2.9%

Patrick Henry - 3.6%

Co-Location of Early Childhood Center - 9.6%

Ferdinand T. Day -70.9%

Various CIP Projects and Unanticipated Maintenance work -13%

For additional information on how parts of the Operating Fund budget are associated with CIP projects, see the Maintenance and Operations Department in the Department Section.

# FY 2021-2026 Fiscal Forecast

## FY 2021-2026 Fiscal Forecast - Operating Fund

The FY 2021-2026 fiscal forecast incorporates the revenue and expenditures of the FY 2021 Final Budget and projects financial performance for the Operating Fund through FY 2026. The forecast utilizes assumptions concerning enrollment and demographics, class size and staffing levels, as well as revenue and expenditure inflation trends, to provide a long-range picture of the financial outlook and challenges facing ACPS. The model underlying the forecast provides an analytical framework

that allows the Alexandria City School Board and ACPS leadership to examine how changes in operating assumptions affect this financial picture, and to determine how best to close the projected operating gap.

### Multi-year Revenue and Expenditure Projections

The chart below displays the revenue (inclusive of other financing sources and uses) and expenditures from FY 2021 Final Budget through FY 2022- 2026 Projected Budget.

# FY 2021-2026 Fiscal Forecast

## Budget Imbalance Given Baseline Assumptions

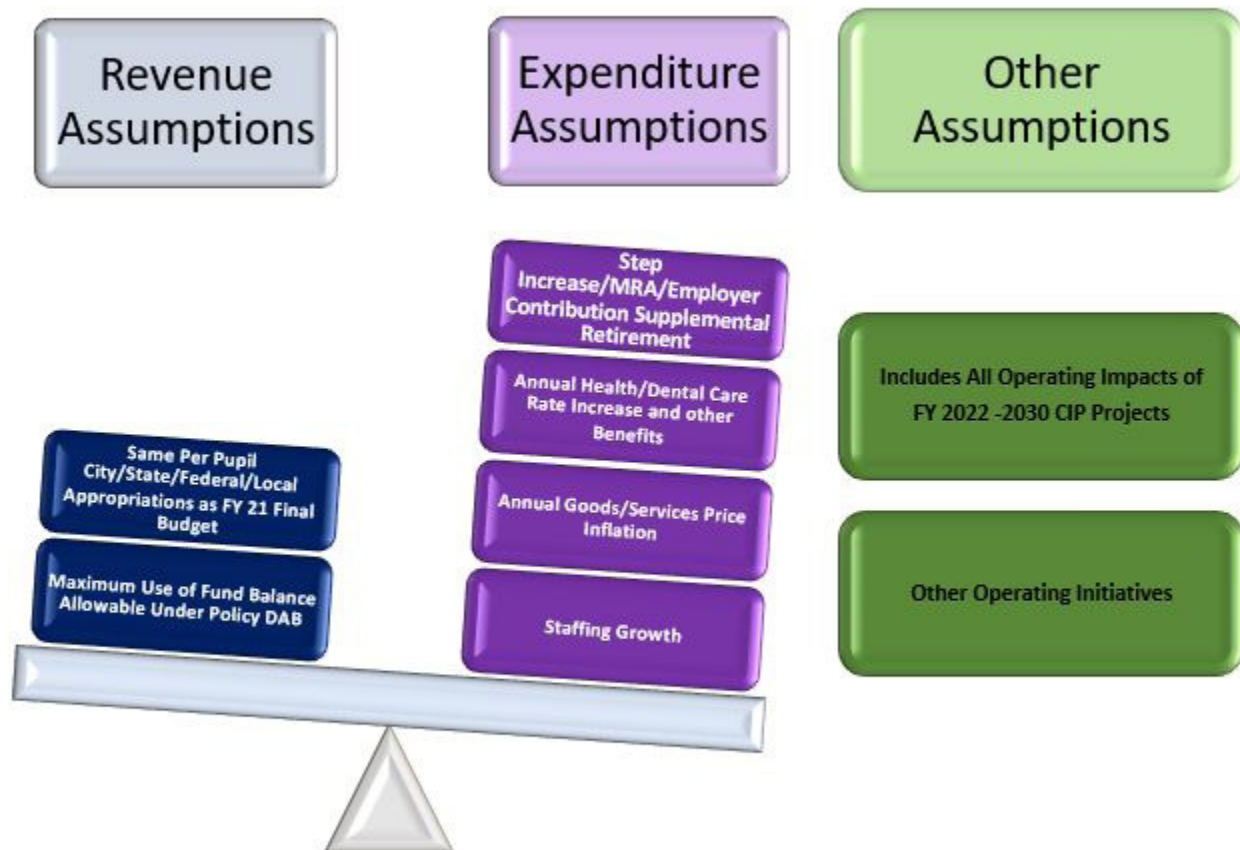

The FY 2021 Operating Fund Final Budget serves as the baseline for the FY 2022 - 2026 Fiscal Forecast. All future-years are informed by additional assumptions as summarized in below chart and described in greater detail on subsequent pages of this Section.

Under the current assumptions, ACPS revenue and expenditures for FY 2022 - FY 2026 are structurally imbalanced. The Operating Fund Revenue, principally the revenue from the City of Alexandria's annual appropriation, is not anticipated to keep pace with the growth in Operating Fund expenditures. The gap in revenue and expenditures grows from \$11.8 million in FY 2022 to \$64.9 million in FY 2026.

## Revenue Growth Assumptions

Student enrollment is anticipated to increase from projected 16,473 students in FY 2021 to 16,929 students in FY 2022, and 17,574 students in FY 2026. The five-year average annual growth rate in enrollment is projected to be 1.3 percent. The FY 2021 actual membership will be released by ACPS in December 2021.

Same Per Pupil Appropriations: \$5.11 million revenue growth in FY 2022, \$20.16 million by FY 2026. In the FY 2021 Final Budget, the City Appropriation totaled \$234.04 million. With FY 2021 projected enrollment of 16,473, the Per Pupil Appropriation equaled \$14,207 per student. Using the same per-pupil allocation assumptions, ACPS student enrollment is anticipated to increase by 1,101 students

# FY 2021-2026 Fiscal Forecast

---

by FY2026, which translates to a City of Alexandria Appropriation of \$250.75 million in FY 2026. This same methodology is used to determine the revenue growth at the state, federal and local levels.

The result of these revenue assumptions are an overall revenue of \$287.38 million in FY 2022 and \$302.43 million by FY 2026. The FY 2022 revenue assumption includes a City Appropriation increase of \$6.48 million, State Appropriation decreased of \$1.40 million and combined federal and local appropriations of just \$30.51 thousand. ACPS recognizes that the amount of appropriation may be impacted by City and State strategies to balance their budgets.

Maximum Use of Fund Balance: \$4.84 million in FY 2021; \$5.59 million in FY 2026.

This projection also includes the maximum annual use of fund balance allowable under ACPS Policy DAB – Operating Fund Balance, jointly developed by the City of Alexandria and Alexandria City Public Schools. There are several restrictions on the use of fund balance within this policy. However, the one that is expected to prevail each year, as the most restrictive, limits annual use of fund balance to 1.75% of the previous year's operating budget in FY 2022 and 1.50% of the previous year's operating budget in FY 2023 and beyond. This assumption allows for ACPS to budget \$5.33 million in use of fund balance within FY 2022. This amount escalates to \$5.59 million by 2026. Policy DAB anticipates that, each year, overall fund balance will be replenished by a total budget underspent.

## **Expenditure Growth Assumptions**

Expenditures are projected to grow at the following average annual rates across the projection period. All numbers shown below are comparisons to the FY 2021 Final Budget unless otherwise noted.

Annual Salary Increases per Employee: \$7.13 million in FY 2022; \$27.12 million by FY 2026.

The annual salary of each employee is expected to increase at an average of 2.64 percent each projection year. This was calculated by analyzing a step increase for every current ACPS employee at the end of FY 2017. ACPS recognizes that one of the key characteristics of a high-performing school division is recruiting and retaining exemplary staff. The Division also understands that it exists in a very competitive labor market for teachers and other school employees in Northern Virginia. As nearby jurisdictions continue to offer salary increases in line with annual step increases, ACPS must do so as well. This will come at an estimated additional expense of \$2.68 million in FY 2022 and \$13.78 million in FY 2026 when compared to the FY 2021 Final Budget.

Health Care and VRS Changes: \$5.74 million in FY 2022; \$32.83 million by FY 2026.

Employee benefit costs incurred by the School Division are anticipated to continue to increase in upcoming years. Expenditures in the Health-Benefits fund have risen 32.6% between fund inception in FY 2014 and actual expenditures for FY 2021. Overall, ACPS projects a 9% annual health care cost increase and 1% Virginia Retirement System (VRS) rate increase throughout the projection period. The combined result, when compared to the FY 2021 budget, is \$5.74 million more anticipated costs in the first projection year and \$32.83 million projected in the fifth projection year.

Non-Personnel Changes: \$1.04 million in FY 2022; \$5.41 million in FY 2026.

All non-personnel costs are projected to increase by 2% each year along with general inflation. This is in line with the escalator clauses in many ACPS multi-year goods and services contracts. It is also aligned with the 5-Year Forward Inflation Expectation Rates published daily by the Federal Reserve Bank of St. Louis (available online at <https://fred.stlouisfed.org/series/T5YIFR>).

# FY 2021-2026 Fiscal Forecast

---

## Enrollment-Driven Staffing: \$3.50 million in FY 2022; \$8.47 million in FY 2026. Slight Escalation for Subsequent Years.

Over the previous decade, ACPS enrollment has grown by 46% or approximately 3.9% each year. The growth is expected to slow down slightly at the elementary, middle school and high school levels through FY 2026. The ACPS and City of Alexandria joint model expects a decreased, though still substantial, rate of 1.3% annual growth over the next five years. More students requires more staffing and ACPS anticipates that a 1.5% annual staffing increase will be required to meet growing student needs. This new staff will increase the annual budget by approximately \$3.50 million in FY 2022 and \$8.47 million in FY 2026.

## Annual operating and maintenance cost increase to \$1.84 million by FY 2026.

Five critical new Capital Improvement Program (CIP) initiatives scheduled to be completed during the next five years. These CIP projects in subsequent years will result in annual operating and maintenance cost increases totaling \$1.84 million by FY 2026.

## **Future Considerations**

As the gap between revenue and expenditures grows, all areas of the division must be examined for efficiencies to continue to provide the services needed by the students.

Salaries and benefits comprise 88% of the current-year operating fund budget. All staffing levels will be examined to determine if additional efficiencies can be realized. Organizational changes and class size adjustments may need to be reviewed by the leadership team and School Board. In addition, outsourcing of certain functions or shared services with the City of Alexandria will be considered.

All programs and services will be reviewed

to determine if further efficiencies are possible. Programs that are not meeting the benchmarks set may face reduction in funding or elimination.

Finally, additional sources of revenue will need to be identified. The division's grant-writing capacity will need to be enhanced and other business development opportunities will need to be pursued.

## Reading the Financial Reports

ACPS employs a multi-segment account code structure that provides for valuable reporting capabilities. The reports in this section are based on five components of the account code structure:

### Fund Segment

This segment identifies the source of funds for the activity: the Operating Fund, School Nutrition Fund, or Grants and Special Projects Fund (the specific grant that funds the expenditure). Financial reports by source of funds are included in this section.

### Section (School/Department) Segment

Identifies the major and subsidiary organizational units in ACPS. This includes individual schools, the School Board, the Office of the Superintendent, and the other organizational units within Central Office.

### Object Segment

The object code is the most detailed level of the expenditure categories and identifies the actual expenditure, goods or service, purchased. The major object is a grouping of object codes in accordance with their categories in the chart of accounts. For example, supplemental teacher, supplemental librarian, and supplemental counselor have different object codes but they all are grouped into a major object called 'supplemental' in the financial reports. A description of major object groupings follows:

#### Personnel Accounts

*Personnel Salaries:* Major groupings within the compensation codes are:

- Administrative: Salaries paid to regular, contracted administrators for full-time and part-time work. Administrators include directors, supervisors, coordinators, and managers.
- Professional Instruction: Salaries and

wages paid to principals, assistant principals, school counselors, library media specialists, instructional coaches, and classroom teachers for full-time and part-time work. Classroom teachers include PreK-8, encore, core and elective at the secondary level, reading, special education, English learner (EL), dual language, talented and gifted (TAG), and alternative education teachers.

- Professional Other: Salaries and wages paid to support teachers and other teacher-scale positions for full-time and part-time work. Support positions include social workers, nurses, psychologists, instructional coaches, program managers, and system analysts.
- Technical: Salaries and wages paid to technical analysts, computer and network support, security guards, and other specialized personnel.
- Support: Salaries and wages paid to paraprofessional and clerical personnel.
- Trades: Salaries and wages paid to mechanics, maintenance supervisors, custodian supervisors, and general maintenance employees.
- Operative: Salaries and wages paid to bus monitors and drivers.
- Laborer and Services: Salaries and wages paid to laborers, food service workers, custodian, security, cafeteria aids, hall monitors, and building engineers. For those who perform tasks requiring some manual skills or relates to both protective and nonprotective support services.
- Intermittent: Compensation for casual temporary employees paid on an hourly basis for hours worked.

# Financial Reports

---

- **Overtime:** Compensation for non-exempt employees for hours worked in excess of 40 hours per week.
- **Substitute:** Compensation for non-contract employees who perform the work of regular full-time or part-time employees who are absent. Substitutes may also fill full-time positions on a long-term basis.
- **Supplemental:** Compensation for full-time and part-time regular employees for work performed outside of the scope of their full-time position. May include such pay as shift-premiums, incentives, and extra duty stipends as well as additional pay for extended learning.

## Employee Benefits Accounts

**Employee Benefits:** Job-related benefits provided to employees as part of their total compensation. Fringe benefits include the employer's portion of FICA, Medicare, retirement, insurance (life, health and dental, disability, etc.), and employee allowances.

## Non-Personnel Accounts

**Purchased Services:** Services acquired from outside sources such as private vendors, public authorities, or other governmental entities including tuition payments to other school divisions for the education of students with disabilities. Purchase of the service is on a fee basis or fixed-price contract basis. Examples include HVAC maintenance, cleaning/janitorial work, legal, and other professional services.

**Internal Services:** Charges from one department of ACPS to another for items such as field trips and printing.

**Other Charges:** Expenditures to support operations including utilities, travel, insurance, phone charges, postage, and leases/rentals.

**Materials and Supplies:** Articles and commodities, including textbooks, that are consumed or materially altered when used and

equipment that is not capitalized.

**Capital Outlay:** Outlays that result in the acquisition of or additions to fixed assets. Capital outlay includes the purchase of replacement or additional fixed assets.

**Other Uses of Funds:** This series of codes is used to classify transactions that are not properly recorded as expenditures of the school division but require budgetary or accounting control. These include fund transfers and budgetary contingency funds and are used solely by the Financial Services Department as well as expenditures for indirect costs which are applied to certain grant funds.

## **Program Segment**

The program code identifies one of nine major areas or one of its detailed sub-programs. The major units are instructional support, regular, special, vocational, gifted and talented, other, summer, adult education, and non-local education agency (LEA) programs.

Reports are organized by the major program level. Similar to the major object, the major program is a grouping of similar programs to provide a more streamlined reporting view.

## **Function Segment**

The function code identifies what type of activity is supported by the transaction. Pursuant to Section 22.1-115 of the Code of Virginia, the major classifications of expenditures are established as (i) instruction, (ii) administration, attendance and health, (iii) pupil transportation, (iv) operation and maintenance, (v) school nutrition services and other non-instructional operations, (vi) facilities, (vii) debt service and fund transfers, (viii) technology and (ix) contingency reserves. These categories are further broken down into function areas, such as classroom instruction in category (i) and vehicle operation in category (iii). Function codes are used to complete the Annual School Report submitted to the Commonwealth of Virginia.

## Overview

The FY 2022 Final Budget personnel report is presented on the following pages. Information is included for FY 2019, FY 2020, FY 2021, and FY 2022 Final Budget years.

## Summary of Staffing Changes

Division-wide staffing is projected to total 2,649.45 FTEs; Operating Fund to 2,422.70 FTEs, Grant and Special Projects Fund to 106.75 FTEs, and School Nutrition Fund to 120.00 FTEs. This is a net increase of 0.61 FTEs compared to the prior fiscal year.

The school budget contains non-enrollment and enrollment-driven staffing adjustments. Enrollment-driven staffing adjustments include elementary homeroom teachers and kindergarten instructional assistant, elementary encore (art, vocal music, physical education, and library media specialist), student improvement FTEs, assistant principals, English learner (EL) teachers, special education teachers and instructional assistant, and SOQ required positions. Staffing at the schools will decrease by 16.89 FTEs for FY 2022 compared to the prior fiscal year.

Departments have added positions to improve or expand services provided throughout the division. The FY 2022 Final Budget adds an additional 17.50 FTEs compared to the prior fiscal year.

Positions funded through federal grants are typically rolled forward onto the new award year for budget purposes.

In FY 2021, the Superintendent implemented an organization structural change. These changes are reflected in the following personnel report.

# Alexandria Community Demographics

## Overview

The City of Alexandria has a total area of 15.48 square miles and has a population of 159,428 people, as of the 2019 Census Bureau Population Estimate. The 2019 dataset is a one year estimate collected between April 01, 2018 and July 1, 2019. ACPS is considered a component unit of the City of Alexandria. The city funds 81.9 percent of the FY 2022 operating budget. The quality of ACPS is a major factor in making Alexandria City a desirable place to live and work.

The chart below shows the city's income below poverty level at 8.2 percent in FY 2019 while over half of ACPS students were eligible for free and reduced-price meals (FRPM) in the following year. The FRPM rate is the highest percentage of all Northern Virginia school divisions, and significantly different than the general Alexandria City population.

As shown in the chart above, the 2019 American Community Survey shows that 59.6 percent of Alexandria students attend kindergarten through grade 12, 32.1 percent attend college or graduate school, and 8.4 percent attend nursery school and preschool. Alexandria compares favorably to the rest of the country when it comes to economic characteristics of the community. In wealth and diversity, Alexandria is comparable to its neighbors; however, it differs substantially in the percentage of its school-age population.

As shown in the following chart, only 9.9 percent of the total city population is of school age (between ages 5 and 19) and is enrolled in public school.

## City of Alexandria and Neighboring Jurisdictions

The following tables show City of Alexandria's diversity compared to neighboring jurisdictions on the basis of a language other than English spoken at home, school-aged population, and per capita income. These factors are indicators to ACPS' challenges and current status.

Nearly one-third of residents over the age of five years speak a language other than English at home. This is an decrease of 2.5 percentage points compared to the prior year.

As measured on a per capita income basis, Alexandria City is one of the wealthiest regions in Northern Virginia. Per capita income was \$66,439 in 2019 (see table below), second to Arlington County.

Per Capita Income US Census Estimates					
Locality	2016	2017	2018	2019	Annual Change

A total of 13.0 percent of the Alexandria's population are children of school age (between ages 5 and 19) whom attend either public, private or are not in school. 76.2 percent of the total school age population in Alexandria attend public school. These percentages are the smallest of the Northern Virginia jurisdictions, as shown in the chart below.

## ACPS and Other Northern Virginia School Divisions

The Washington Area Boards of Education (WABE) Guide is an annual publication that provides data collected from school divisions in a standardized format. Data are collected through a survey form provided to school districts and reviewed by the WABE committee.

The ACPS school division will serve 16,144 students in grades Pre-kindergarten to 12 for FY 2022. According to the Virginia Department of Education, as of fall 2020, ACPS was the 16th largest school division of Virginia's 132 divisions.

### Class Size

Historically, ACPS has maintained smaller class sizes than neighboring school divisions.

The data in the first chart lists students per teacher scale positions including classroom and

other teachers such as library media specialists, coaches, music, art, English learner (EL), and etc. The second chart lists only classroom teachers including EL and special education teachers.

Alexandria City's ratio is the lowest for elementary and high school for teacher scale positions. These numbers are the result of the low class size caps that the School Board adopts annually. In addition, the EL and special education programs are staffed above state ratios, decreasing the ratio of students per teacher.

ACPS elementary schools are generally staffed at a ratio of 24 students per teacher with the addition of elective teachers. Middle schools and Alexandria City High School are staffed in relation to program needs and tend to have smaller class sizes than neighboring school divisions.

Students per Teacher Scale Position WABE Guide Data FY 2021			
Division	Elementary	Intermediate or Middle	Secondary or High
Alexandria City*	9.9	17.0	12.3
Arlington County	10.6	17.1	17.0
Fairfax County	14.0	20.5	21.1
Loudoun County	13.5	18.4	20.3
Prince William County	13.8	19.3	21.5

\*Intermediate or Middle calculation reflects five daily periods per Core teacher.

\*ACPS district's special placement, Pre-K, and kindergarten student enrollments are not included.

\*Elementary classroom teacher count includes "flex" positions which are categorized as student improvement FTEs.

Students per Classroom Teacher WABE Guide Data FY 2021			
Division	Elementary	Intermediate or Middle	Secondary or High
Alexandria City	16.1	26.9	22.1
Arlington County	22.6	21.8	20.1
Fairfax County	21.2	24.9	25.8
Loudoun County	21.8	22.2	24.0
Prince William County	22.1	28.0	29.4

WABE calculation excludes certain positions that ACPS includes in calculation of students per teacher.

## Ethnic Enrollment

The ethnic composition of the ACPS student population varies from that of the City of Alexandria. The table on the right compares population by ethnicity with the City of Alexandria and the United States. The majority of the city's population, per the U.S. Census Bureau, identifies as white (64.4 percent), followed by black (20.9 percent), Hispanic (16.6 percent) and other (15.8 percent). This is in contrast to the national population of white (72.0 percent), black (12.8 percent), Hispanic (18.4 percent) and other (15.1 percent).

Based on VDOE fall enrollment data, ACPS is one of the most ethnically diverse school divisions in Virginia. The chart below shows ACPS ethnic enrollment compared to that of seven northern Virginia school divisions - Arlington, Fairfax, Loudoun and Prince William counties, as well as Falls Church City, Manassas City and Manassas Park City.

## Poverty

The economic status of the majority of families with children enrolled in ACPS is quite different from that of the average family in the City of Alexandria. Although the City's population has a high per capita income, with only 8.2 percent living under the poverty line in 2019, over half of ACPS students were eligible for free and reduced-price meals as shown in the table below. This is the highest percentage of the surrounding Northern Virginia school divisions.

The federal government establishes the income guidelines for free and reduced-price meals annually. These income guidelines vary depending on the size of household. The chart

below expresses the maximum values for the guidelines on a per capita basis (dividing the household income by the number of members in the household). The per capita income ranges from \$15,947 for a family of two to a low of \$10,203 for a family of 8.

While the U.S. Census reports per capita income of \$68,439 for the City of Alexandria in 2019, FY 2020 data from the free and reduced-price meal program suggests that 56.4 percent of ACPS students are from households with significantly less per capita income.

School Free and Reduced-Price Eligible WABE Guide Data FY 2021						
Division	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	Change

## Special Education

The FY 2021 WABE Guide reports that ACPS's approved special education enrollment is 11.8 percent of the total student population for FY 2021. The table below shows an average enrollment percentage for students who receive special education services compared with surrounding Northern Virginia school divisions.

Enrollment of Students with Disabilities WABE Guide Data FY 2021	
Division	Percent of Total Enrollment
Alexandria City	11.8%
Arlington County	15.9%
Fairfax County	14.8%
Loudoun County	11.5%
Prince William County	13.0%

## English Learner (EL)

Alexandria City Schools has the highest percentage of students receiving EL services of the Northern Virginia school divisions at 33.1 percent, followed by Arlington and Fairfax Counties.

Enrollment of EL students (receiving services at proficiency Levels 1 through 5) is shown in the table below.

Enrollment of EL Students WABE Guide Data FY 2021	
Division	Percent of Total Enrollment
Alexandria City*	33.1%
Arlington County	18.9%
Fairfax County	19.0%
Loudoun County	13.4%
Prince William County	21.6%

\* ACPS includes 13 participants in the adult education and adult alternative education programs.

## Cost per Pupil

Many of the preceding characteristics--class size, poverty, special education, and EL enrollment--are associated with higher educational risk, needs, and costs. Studies

sponsored by the National Center for Education Statistics have found that the higher the enrollment of students with special needs, the higher the average per student educational cost.

These factors, coupled with ACPS' competitive teacher salaries, contribute to making the ACPS cost per student the second highest of the five Northern Virginia divisions, as shown in the table below. These costs are calculated per the methodology of the WABE guide to allow for comparisons across jurisdictions.

For the time period FY 2019 to FY 2021, the cost per pupil in ACPS has increased by 0.1 percent, while the cost per pupil in Prince William school division has increased by 6.5 percent.

Cost Per Pupil WABE Guide Data FY 2021					
Division	FY 2019	FY 2020	FY 2021	Change, \$ FY 2020 to FY 2021	Change, % FY 2020 to FY 2021

Prince William County	\$ 11,633	\$ 11,875	\$ 12,641	\$ 766	6.5%

## Drop Out Rate

For the time period FY 2017 to FY 2020, the drop out rate for ACPS has increased by 6.4 percent, while the drop out rate for Prince William County school division has decreased by 0.6 percent.

Drop Out Rate WABE Guide Data 4 Year Drop Out Rate

# Real Estate Property Tax Information

## Alexandria City Real Estate Property Tax Information

Real estate property tax rates in the City of Alexandria are set by the Alexandria City Council.

All real estate parcels in the City of Alexandria are assessed annually at 100 percent of estimated fair market value as of Jan. 1. Real estate assessed values are based on trends in the region and in the city, but primarily from large numbers of sales that are analyzed to determine values for groups of properties. Real estate taxes are based on these assessed values and the real estate tax rate.

Alexandria has the second lowest tax rate in Northern Virginia for CY 2021 (FY 2022), as shown in the real estate tax rate line graph. The graph shows a comparison of tax rates among the City of Alexandria and neighboring

jurisdictions, including Arlington County, Fairfax County, Loudoun County, and Prince William County over the past ten calendar years. Rates listed are per \$100 of assessed value.

The FY 2022 budget reflects a real property tax rate of \$1.110 per \$100 of assessed value, reduced from 1.130 compared to the FY 2020 rate. Changes to the real estate tax rate can impact budget through revenue collection and average residential tax bill.

### Statement of Real Property Tax Revenues

Fiscal Year	Tax Rate (per \$100)	Net Tax Revenue	% Change in Revenue from Prior Year
2022 Approved	1.110	483,311,548	5.1%
2021 Approved	1.130	477,554,000	3.2%

### Real Estate Tax Rates Cents Per \$100 of Assessed Value CY 2012-2021

Arlington County's rate includes 2.0 cents for schools and public safety and a transportation add-on tax on commercial property of 12.5 cents.

The Fairfax County rate includes add-on tax rates of 0.1 cents for pest infestation and 12.5 cents on commercial properties for transportation.

Prince William includes a county-wide fire and rescue levy of 8.0 cents and 0.25 cents for mosquito and forest pest management.

# Real Estate Property Tax Information

The FY 2022 rate includes the following set asides:

- \$0.022 reserved for transportation improvements
- \$0.006 for affordable housing
- \$0.020 for school and city capital projects

The statement of real property tax revenues table displays five years of data; FY 2018-FY 2020 actual, and FY 2021 and FY 2022 approved. Real property tax includes residential, commercial multi-family, office/retail and other commercial, and public service corporation. The net tax revenue will increase to \$483.31 million, an increase of 5.1 percent or \$23.56 million compared to FY 2021.

The chart and table to the right shows the average residential tax bill and assessment since CY 2016. The average tax per household will increase by 3.8 percent or \$252 in CY 2021 compared to CY 2020 and an increase of 22.2 percent or \$1,243 compared to CY 2016.

# Enrollment Overview

## Overview

With the exception of FY 2021, Alexandria City Public Schools' enrollment has grown continuously since FY 2016, and is projected to maintain this pattern through FY 2027. The projected growth for FY 2022 is 509 students, or 3.3 percent compared to the actual enrollment in FY 2021.

This section details three data series: 1) total division enrollment by grade, school level, and school; 2) special education enrollment; and, 3) English Learner (EL) enrollment. Staffing projections associated with each series, as well as explanations of the formulas used to calculate staffing are provided.

Enrollment projections are prepared annually as a collaborative effort by ACPS' Facilities and Maintenance Department and the City's Planning and Zoning Department. In general, the enrollment projections are based on trends experienced throughout the school division by school and by grade. ACPS and the City use an average "Cohort Survival Rate" from the

previous 3 or 4 years at each school and grade to determine the numbers of students who would be retained or added in each school and at each grade.

Grades 6 and 9 are considered "transition grades", and the enrollment projection model uses the sum of the feeder schools for either the middle schools or Minnie Howard and applies the cohort survival rate to that entire sum. Sixth graders projected to enter one of the K-8 schools are removed from the middle schools' projections.

Kindergarten is projected by applying a "K Capture Rate" or percentage of K enrollment compared to births to mothers who are Alexandria City residents from five years ago (applying the cutoff date of October 1st). Birth data are obtained from the Virginia Department of Health.

All projections are adjusted to anticipate space challenges and budget constraints to optimize space and staffing throughout the division.

# Enrollment Overview

## Total ACPS Enrollment

ACPS' enrollment data series counts all students, including students under the age of 5 and over the age of 20, as well as all special placements. The division incurs costs for all enrolled students even if they are not included in the state's definition of average daily membership. As shown on the previous table, over the five-year period from FY 2016 to FY 2021, enrollment increased by 906 students. With a projected increase in FY 2022 of another 509 students, ACPS will see a total rise in enrollment of 1,415 students over this six-year period, a cumulative growth of 9.6 percent.

From FY 2018 through FY 2021: elementary school enrollment decreased from 8,501 to 8,026 students; middle school increased from 3,043 to 3,411 students; and, high school increased from 3,949 to 4,151 students.

For FY 2022, elementary school enrollment is projected at 8,367 and secondary school at 7,730. Special placements is projected to remain at 47 students. With the projected changes in enrollment for FY 2022, elementary school enrollment represents 52.0 percent of total enrollment, with middle and high schools at 20.7 percent and 27.3 percent, respectively.

Enrollment data by school are provided on the following page. Actual enrollment data are shown for FY 2017 through FY 2021 and projected enrollments are shown for FY 2022.

Historical enrollment for each ACPS school and demographic information on the ACPS student population is contained in the following pages.

## Enrollment & Staffing: Demographics

**Special Education, English Learner and Free and Reduced-Price Meal Eligible Student Totals**

### ACPS Student Demographics

Special education, English learner (EL), and free and reduced-price meal (FRPM) eligible enrollment totals are shown above.

For FY 2022, special education enrollment is projected to increase to 1,942 students. This brings the percentage of special education students to 12.2 percent of total enrollment.

The EL program enrollment is expected to increase for FY 2022, with a projected enrollment of 5,036 receiving services, or 33.2 percent of the total ACPS enrollment.

With the exception of FY 2020, the FRPM program serves students whose family income meets eligibility requirements and has continued to increase for the division since FY 2007. As of October 2020, 8,400 students were

eligible for free or reduced-price meals. Over the five-year period shown, ACPS has seen an annual increase in students served by this program. Using a two-year trend analysis, ACPS projects FRPM eligibility will increase to 8,675 or, 53.7 percent of total enrollment for FY 2022.

Studies show that well-nourished students are better prepared to learn. To this end, schools help maintain a healthy environment by providing nutritious meals, healthy snacks, and opportunities for physical and nutritional education. Through school nutrition programs, 1.42 million lunches, 48.9 million breakfasts and 1.29 million after-school snacks are served on a typical day in Virginia public schools. In FY 2020, ACPS served a total of approximately 1.4 million lunches, 858,300 breakfasts, 102,200 after-school snacks and 43,000 suppers.

# Enrollment & Staffing: Demographics

## Free and Reduced-Price Meal Eligibility as a Percentage of School Membership Oct. 31, 2020

The FRPM is part of the National School Lunch Program (NSLP), a federally-assisted meal program that operates in more than 100,000 public and non-profit private schools and residential child care institutions. The NSLP provides nutritionally-balanced low-cost or free meals to more than 31.0 million children each school day.

Children from families with incomes at or below 130 percent of the federal poverty level are eligible for free meals. Those with incomes between 130 and 185 percent of the poverty level are eligible for reduced-price meals, for which students can be charged no more than

\$0.40 per meal. ACPS absorbs the entire meal cost for all eligible students. For the period July 2020 through June 2021, the annual federal poverty level for a household of 4 is \$26,200; 130 percent of that level is \$34,060 and 185 percent of that level is \$48,470.

ACPS's free and reduced-price meal program eligibility ranges from 17.2 percent of school membership at Lyles-Crouch Elementary to 81.6 percent of school membership at Ferdinand T. Day Elementary, shown above.

## Enrollment & Staffing: Demographics

The chart on the righthand side of this page shows the division-wide average eligibility for free and reduced-price meals over the past 10 years. The percentage of qualifying students has now stabilized and has ranged between 53.8 and 59.2 percent within the most recent five years.

With the exception of FY 2021, the number of students served by this program has increased over the past 10 years, with 7,541 students eligible for free meals and 844 students eligible for reduced-price meals for FY 2021.

# Enrollment & Staffing: Elementary

## Elementary Homeroom Staffing

Elementary homeroom staffing is based on grade-by-grade enrollment projections and on the Capacity Reassignment (formerly referred to as Modified Open Enrollment) Ratios or class size caps shown to the right. All students are part of the homeroom staffing calculations, including students receiving specialized instruction and English learner (EL) services.

ACPS uses a conservative approach to staffing, as enrollment projections for the next several years show continuing growth. In an effort to manage increasing student enrollment within the constraints of the physical capacity of existing schools, ACPS implemented a capacity reassignment model in FY 2011.

Capacity reassignment places grade level caps on schools that are over capacity. As new families enroll in these full grade levels, they are offered the option to enroll in other ACPS schools. ACPS staff helps families choose a different Alexandria school with space at their child's grade level and provide transportation to the affected students. This practice allows building administrators to utilize limited space more effectively and to staff appropriately, resulting in lower costs.

Capacity reassignment does not affect students who are currently enrolled or their siblings; every effort is made to keep families together. In addition, ACPS also makes a special effort to reach out to parents who may wait until the first day of school to register their children.

Enrollment and staffing projections by grade level and school using capacity reassignment are shown in the table on the following page.

## Elementary Dual Language

Mount Vernon implemented a school-wide dual language model of instruction in FY 2017. All classrooms in grades K - 2 and math and science content areas in grades 3 -5 will continue to be dual language in FY 2022. For staffing allocations, class size caps are applied assuming the same number of dual language classrooms for the rising classes. The general classrooms are adjusted to accommodate any changes in projected enrollment. This is done for the higher grades at Mount Vernon Community School and for all grades at John Adams.

allocated according to standard instructional time periods for art, vocal music, and physical education for all elementary schools. Library media assistants allocations are shown in the table below.

In FY 2019, the staffing formula for art, vocal music, and physical education teachers was revised to better meet the needs of the school division. Staffing for elementary encore teachers is formulated at 1.00 FTE for every five K-5 classrooms and 1.00 FTE for every eight preschool and city-wide classrooms projected for FY 2022. Additionally, staffing for middle encore teachers for Jefferson-Houston and Patrick Henry is formulated at 1.00 FTE for every 125 projected students. Formula driven staffing is rounded to the nearest 0.20 FTE.

## Elementary Encore Staffing

Elementary encore staffing include library media specialist, art, vocal music, and physical education teachers, however at the discretion of the School Principal, encore allocations can be assigned in other areas of need to serve the entire student body. Positions have been

The encore staffing formula continues to consider preschool classes, as these students also receive encore instruction. It also allows for common planning time within the school.

<sup>1</sup>Elementary encore positions are assigned at the Principal's discretion.

<sup>2</sup>For FY 2021, John Adams has reallocated their 0.10 FTE encore position to Early Childhood Center.

<sup>3</sup>For FY 2021, Patrick Henry receives an additional 0.50 FTE encore as part of their additional FTE request.

Instrumental music (band and orchestra) is available to students in grades four and five. Since this is not a required class, staffing is provided based on course registration. Details of school-based instrumental music teachers can be found in the staffing report in the Schools Information section.

For FY 2022, elementary encore teachers are projected to decrease by 3.90 FTE. In FY 2021, an additional 0.50 FTE art teacher at Patrick Henry was added, as part of an additional FTE request. The FY 2018 final through FY 2022 final allocation of the formula-driven positions is shown in the table above.

# Enrollment & Staffing: Special Education

## Special Education Enrollment

Special education students are reported, per federal and state requirements, by primary disability category and level of service:

- **Disability category:** The student's disability category is determined during the special education eligibility process. State regulations now mandate that all students receiving special education services are identified with a specific disability by age 7.
- **Level of service:** Student service levels have been modified to more appropriately tier service times and are categorized by the percent of instructional support:  
 Level I: 0-30%; 1.0 Points  
 Level II: 31-49%; 1.5 Points  
 Level III: 50-70%; 2.0 Points  
 Level III: 50% or more; 2.5 Points (Autism, Intellectual, Emotional and Multiple Disabilities)  
 Level IV: 71% or more; 2.5 Points

Students in special placements are included in the total special education enrollment figures, but do not receive services in ACPS facilities. Special education enrollment will total 1,845 students in FY 2022 compared to 1,896 in FY 2021.

## Special Education Staffing

The allocation of special education staffing is determined by disability category and level of service.

The provision of special education services, including special education staffing, is governed by state and federal regulations.

Federal and state regulations also mandate the availability of a continuum of services from least restrictive to most restrictive environments. At the least restrictive level, special education services are provided in the general education classroom. At the most restrictive level, students are served in separate special

placements for students with disabilities.

The staffing ratios, which vary from the state requirements, are shown in the table below. There are special ratios for specific city-wide classes requiring a more restrictive placement, including early childhood special education, autism, intellectual, emotional and multiple disability. The instructional assistant staffing ratio in intellectual emotional and multiple disability city-wide classes remains at to 2.00 FTE per classroom to allow for more support in these classes.

ACPS Staffing Ratios in City-wide Learning Environments

Disability/Program	Student with Disabilities	Teacher	Instructional Assistant
Elementary Autism classroom (including preschool Autism classes)	6 students	1 teacher	2 Instructional Assist.
Multiple Disability classroom	8 students	1 teacher	2 Instructional Assist.
Intellectual and Emotional Disabilities classroom - Elementary	8 students	1 teacher	2 Instructional Assist.
Intellectual Disabilities and Autism Emotional Disabilities classroom- Secondary	7 students	1 teacher	2 Instructional Assist.
Emotional Disabilities classroom- Secondary	8 students	1 teacher	1 Instructional Asst.
Early Childhood Special Education classroom	8 students 8 students	1 teacher AM class 1 teacher PM class	1 Instructional Asst. shared across AM/PM classes

In an effort to further support inclusion and co-teaching across content areas, the formula was revised beginning in FY 2017 by adjusting the service intensity point values which determine staff ratios and further differentiating levels of service values. This results in additional teachers and paraprofessionals at both elementary and secondary schools. All elementary schools continue to have a base staffing ratio of three teachers and two instructional assistants. The revised formula will continue for FY 2022 and is projected to generate 2.00 FTEs for special education teacher and no additional FTEs instructional assistants for kindergarten through grade 12.

All instructional assistant II and certified nursing assistant positions are placed in a centralized pool allowing more flexibility as students move from school to school.

# Enrollment & Staffing: Special Education and English Learner

In the FY 2022 budget, there are 5.00 FTE special education reserve teachers and 2.00 FTE reserved instructional assistants budgeted.

The program continues to improve instructional delivery to special education students and implement inclusionary models.

## English Learner Enrollment

ACPS is projected to experience a 380 student increase in the enrollment of English Learner (EL) students for FY 2022, or 7.5% percent.

The table below will show proposed FY 2022 EL enrollment, with enrollment broken down into English Language Proficiency (ELP) levels. Monitored students are included for informational purposes; these students have exited the EL program and are not counted in

ACPS staffing methodologies.

EL students, excluding students in monitoring services, will comprise 32.7 percent of total ACPS enrollment in FY 2022.

The methodology of reporting on EL students may differ among various sources. The state reports on EL students (students at WIDA Access for ELLs English proficiency levels 1-5 and WIDA Alternate ACCESS for ELLs levels). Separately, the state also reports on former EL students who are in monitoring status. As of FY 2017, Every Student Succeeds Act (ESSA) requires monitoring students for two years (students in Monitoring Year 1 and Monitoring Year 2) and, for accountability purposes, permits EL students who have exited the EL program to be included in the EL sub group for up to four years.

ELP levels correspond to: 1) Entering; 2)

Emerging; 3) Developing; 4) Expanding; and, 5) Bridging. After reaching a composite overall proficiency level of 4.4 or higher on access for ELLS, students in Virginia are considered to have attained proficiency in English and are monitored for four years to ensure success in the general education classroom. Additional information on ELP levels can be found at <https://www.acps.k12.va.us/Page/387>, and on the WIDA consortium website at <https://wida.wisc.edu/>.

## International Academy

The International Academy (IA) model of service is designed to meet the needs of recent immigrant students learning the English language while earning course credit toward the next grade level and on-time high school graduation with college/career preparation. The IA model of service is currently offered at Francis C. Hammond Middle School and

T.C. Williams High School, in addition to the traditional content-based English learner model of service.

## English Learner Staffing

Beginning in FY 2017, adjustments were made to the English learner staffing methodology. The new methodology addressed staffing challenges at smaller elementary schools. It incorporates a tiered allocation of teachers for schools with EL student populations up to 119 students as follows:

1-30 students: 1.00 FTE  
31-60 students: 2.00 FTE  
61-119 students: 3.00 FTE

Elementary schools with 120 or more EL students are staffed using the service minutes formula, which applies service minutes to a student based on their grade and ELP level,

and incorporates instructional hours per teacher with a caseload cap to allocate teacher FTEs.

There will be no staffing changes in EL teacher in FY 22. We will remain at 2.00 FTE in reserve EL teachers in FY 2022.

At the middle school level, Francis C. Hammond has both a traditional model and an International Academy (IA) model of services. Francis C. Hammond Middle School is allocated a total of 17.00 FTE EL teachers. There are 12.00 FTE core content teachers to support the traditional model of EL services and 5.00 FTE to support the IA model of EL services. George Washington will receive an allocation of 12.00 FTE, and Jefferson Houston and Patrick Henry will each receive 1.00 FTE to support the traditional model of EL services.

At the high school level, staffing for the International Academy (IA) model of service at the Alexandria City High School campus provides each of seven student cohorts with core content teachers and EL support teachers. In addition, both Alexandria City High School and Minnie Howard campuses are allocated EL support to provide services to EL students who receive traditional content-based EL services. Staffing for Alexandria City High School campus includes 26.00 FTE EL teachers and the Minnie Howard campus includes 5.00 FTE EL support teachers.

# Enrollment & Staffing: Talented and Gifted

## Talented and Gifted Staffing

The Local Plan for Gifted Education was revised in 2012 and provides for additional services in order to reach a broader, more representative group of students in ACPS. Once the plan was implemented, staffing availability needed to be thoroughly reviewed. Historically, Talented and Gifted (TAG) teachers were assigned one per building in each elementary school. As a result, available staff was imbalanced requiring a new allocation process of TAG teachers across schools.

A staffing formula to address enrollment and services for the TAG program was designed with the following factors taken into consideration:

- Scheduling options for TAG services including Young Scholars, General Intellectual Ability (GIA) and Specific Academic Ability;
- Class size and enrollment;

- Teacher time requirements; and,
- Dual Language program at John Adams and Mount Vernon.

TAG teachers are needed as teachers of record to provide advanced English/language arts and math instruction to two grade levels, as well as serve as either consultants or direct service providers to K-3 services and Young Scholars. The need for staffing is primarily dependent on enrollment levels. There is no net change in FTEs for TAG.

# Enrollment & Staffing: Assistant Principals

## Assistant Principal Staffing

ACPS provides assistant principal positions for elementary schools via formula. Dean of Students positions are included in this number. In FY 2016, the formula was expanded to add assistant principal positions at a rate of:

- 1.00 FTE for up to 600 students;
- 2.00 FTE for 601 to 900 students; and,
- 3.00 FTE for more than 900 students.

# Enrollment & Staffing: Standards of Quality

---

## Virginia Standards of Quality (SOQ)

The School Board is required to design and implement an instructional program that is aligned with the Standards of Learning set forth by the Virginia Board of Education. These standards encompass the requirements that must be met by the school division. Additionally, the Virginia Board of Education has established maximum student-to-teacher ratios for the following areas:

- Elementary homeroom
- Special education
- English
- Reading
- Prevention, intervention, and remediation
- English learners
- Principals and Assistant Principals
- Librarians
- School Counselors
- Art, music, and physical education (K-5)
- Technology support
- Instructional technology resource

ACPS routinely confirms that staffing across all schools meets or exceeds the ratios established by the Virginia Board of Education. For FY 2022, ACPS increased emphasis in the areas Prevention, intervention, and remediation as well as School Counselors. Although ACPS meets the minimum requirement in the areas of technology support and instructional technology resources, these are areas that will need to be monitored and assessed as enrollment continues to grow.

# Standard School Allocations

## Standard School Allocations

The table on the following page shows FY 2022 non-personnel base allocations for each school. Enrollment projections, on which these school base and stipend allocations are based, were calculated in November 2020 using FY 2022 projected PreK-12 enrollment data.

The total school base allocation includes the costs of instructional materials, services, and capital outlay. The FY 2022 per pupil rates are as follows:

- Elementary: \$ 95.00
- Middle: \$155.00
- High: \$195.00

Each elementary school receives a base allocation of \$10,000 for FY 2022. The per pupil rate is multiplied by the projected enrollment base, then an additional \$10,000 is added for elementary schools to determine the total school base allocations.

Enrollment at each school is reviewed every fall after the school year has begun. Schools where actual enrollment is significantly higher than projected receive an increase to their allocations through the enrollment adjustment reserve.

School base allocation for Alexandria City HS Division-Wide Athletics, Alexandria City HS Financial Aid, Alexandria City HS International Academy, Alexandria City HS Satellite, and Chance for Change Academy is based on prior fiscal year non-personnel budget which will carry into FY 2022.

### Additional Standard Allocations

*Elementary Exemplary Programs:* Elementary schools will continue their exemplary programs in FY 2022 with funding based on specific program needs. For FY 2022, the schools have chosen the following exemplary programs:

- Charles Barrett: Changing Education Through the Arts (CETA)
- Cora Kelly: Science, Technology, and Math Focus
- Douglas MacArthur: Responsive Classroom
- Ferdinand T. Day: Science, Technology, Engineering, and Math (STEM)
- George Mason: Science Focus
- James K. Polk: Soaring with Pride
- Jefferson-Houston: International Baccalaureate Primary and Middle Years Programmes
- John Adams: Dual Language (Spanish) and Changing Education Through the Arts (CETA)
- Lyles-Crouch: Core Knowledge
- Naomi L. Brooks: Habits of Mind
- Mount Vernon: Dual Language (Spanish)
- Patrick Henry: Discourse and Rigor
- William Ramsay: Guided Language Acquisition Design (GLAD)

Details on each school's exemplary program can be found in the Schools section of the budget document.

### Other Supplemental Personnel

*Teacher Substitutes:* Funding for two teacher substitute days when licensed personnel are on professional leave was previously included in the schools' base allocations. Funding for teacher substitutes when licensed personnel are on paid or unpaid leave is located in the Division-Wide Human Resources budget.

*Standard School and Athletic Stipends:* All schools, with the exception of Early Childhood Center, receive standard school stipends for the grade level/department chair and to conduct student activities and bus duty. Early Childhood Center receives standard school stipend for grade level/department chair and bus duty only. Details on the standard school, department-funded, and athletic stipends are provided later in the Stipends section of this chapter.

# Additional School Allocations

---

## Additional School Allocations

Additional school allocations, not defined on the standard school allocations page, are also provided to schools each year, including student improvement FTEs, field trips, and extended learning and summer programs. These allocations are explained below with detailed allocation information found on the following pages.

*Kindergarten Prep (K-Prep):* All kindergarten elementary schools on a traditional calendar receive a K-Prep allocation for summer 2021. The K-Prep program is a four-day, four-and-a-half-hour per day program offered in August to introduce rising kindergartners to their respective schools and classrooms. All students are introduced to beginning academic skills and are prepared for early success in school.

For FY 2022, each K-Prep classroom is allocated one teacher, one paraprofessional, and \$50 for instructional supplies. In addition, each school is allocated a school nurse and a special education teacher to support the program.

*Middle School Prep:* The Middle School Prep program is a two-day, four-hour per day program offered in August to provide all rising sixth graders an opportunity to become acclimated to the middle school experience through information sessions with teachers, school counselors, school administrators, and various staff members. These sessions may include the following topics: organizational and study skills, team building opportunities with new classmates, tours, a scavenger hunt throughout the building, managing a multi-course load, and school policies. Each Middle School Prep classroom is allocated \$25 for instructional supplies.

*Summer Language Academy:* Mount Vernon Community School was first allocated funding in FY 2015 for the Summer Language Academy as part of the transition from a modified to a

traditional calendar. The academy is offered to all rising first through fifth grade Mount Vernon Community School students and to John Adams Elementary School dual language students.

*Modified Calendar School:* Starting with the 2004-2005 school year, Samuel W. Tucker Elementary School converted from a traditional school calendar to a modified school calendar. Samuel W. Tucker students attend school the same number of days as included in the traditional calendar, but have the option of attending up to 20 additional days of school. Samuel W. Tucker students begin school in early August and have the summer break days redistributed throughout the year so that students attend school for approximately nine weeks and have a break before the next nine-week term begins. During this break or extended learning session, the school hosts a two-week intersession where students can attend additional remediation or enrichment classes.

Samuel W. Tucker Elementary School is allocated additional funds for extended learning opportunities as part of the modified school calendar. The FY 2022 budget includes the total funding necessary for four weeks of additional time; intersession revenue from fees collected will be credited to ACPS's general operating fund.

*Division-Wide Summer Learning:* In addition to the individual schools' summer programs, three division-wide summer learning programs will be held: two at the elementary level and one at the middle school level. Funding is located in the budgets for the Office of Instructional Support. These summer programs focus on Tier 2 and Tier 3 students.

*Alexandria City HS Summer Learning:* Summer learning funds are allocated for the credit recovery summer learning program at Alexandria City High School. Also included are additional summer work days for school

counselors at Alexandria City HS to assist students with registration, applications, and course scheduling.

*Extended School Year (ESY):* Certain students with disabilities are served through the Extended School Year program during the summer months. The students must be identified for the program through their Individualized Education Plan (IEP). Funding is budgeted centrally at the Special Education Office.

*English Learner Summer:* English learner (EL) students are served through the EL summer learning program. Funding is centrally budgeted at the English Learner Services Office.

*Summer Transportation:* Transportation for all summer learning programs is provided and funded through a transportation allocation.

*Extended Learning Opportunities:* Schools receive extended learning/tutoring funds to supplement classroom instruction. Each principal has the ability to create a unique

program to support students.

Each elementary and middle school, except Early Childhood Center, will receive a base allocation determined by student enrollment as well as a differentiated amount based on the enrollment and performance of special education, EL, and economically disadvantaged students, known as Gap Group 1.

*Student Improvement FTE:* Each elementary school receives a base of 3.50 student improvement FTE (formerly referred to as FLEX). Those schools with projected enrollment greater than 700 students and free and reduced-price meal eligibility greater than 60 percent will receive an additional student improvement FTE. In FY 2022, no adjustments to student improvement staffing were applied, keeping staffing unchanged. These positions are assigned at the principals' discretion based on individual school needs and are shown in the below table.

\*\*Funding available for schools is the difference of the total field trip funding and the allocation for AC Athletics.

\*\*\*Enrollment does not include pre-school and special placement students.

*Field Trips:* Each school, excluding Early Childhood Center, is given an annual field trip allocation. The Athletics Department receives a set allocation and the remaining funds are allocated to the schools based on each school's percentage of total projected enrollment. If the school or program anticipates additional needs, these may be funded through the school's base allocation or its local school activity fund. Funding for school field trips are budgeted centrally in the Pupil Transportation Department.

# Stipends

## Stipends

Stipends are provided for duties performed outside the scope of the regular work day and in addition to regular duties. The standard school stipends for grade level/department chair and student activity are shown in the tables below. The expectation is that each school will award the same standard stipend for the additional duties performed.

The following types of stipends have been budgeted for each school:

- Grade level, department chair, or team leader stipends are awarded when a teacher coordinates instruction within the grade, department, or team level.
- Student activity stipends are provided to employees who supervise an after-school club or coordinate a student activity, such as the student newspaper or safety patrol.
- Bus Duty stipends compensate staff to monitor activity before and after school to increase safety and efficiency as children disembark and board school buses. Each elementary school, except Early Childhood Center (ECC), receives a base of two bus duty stipends and one additional for every three additional buses. Early Childhood Center receives a fixed allocation for the number of pre-school students attending programs at that location.

<sup>1</sup>All elementary schools, except Early Childhood Center, each receive eight grade level/department chair and two student activity stipends. Early Childhood Center receives two stipends for lead teachers.

<sup>2</sup>Francis C. Hammond and George Washington Middle Schools each receive eight department chair and 12 student activity stipends. Jefferson-Houston receives three stipends and Patrick Henry receives two stipends to cover all grades 6-8 activities.

<sup>3</sup>The high school stipends are shared across all campuses of Alexandria City High School.

# Stipends

*Additional Stipends:* Stipends are budgeted in departments for other activities at the school level which are undertaken outside of regular contract hours to support specific programs.

At the elementary level, lead teacher stipends are awarded in the program areas of English learners (EL), special education, positive behavior interventions and supports (PBIS), and talented and gifted (TAG). For EL, special education, and PBIS stipends, the amount of the stipend is consistent across all eligible elementary schools. For TAG, the stipend is formula-driven and based on the number of students referred for services. Stipends are also offered for mentor teachers. The amount of the stipend varies based on the experience of the mentee and the number of mentees mentors monitor. Test coordinator stipends are

funded through the Accountability Department and are given to the employees responsible for the administration of the standardized testing program. Additionally, Charles Barrett funds a Changing Education Through the Arts (CETA) stipend, Douglas MacArthur funds a Responsive Classroom stipend, and Lyles-Crouch funds a Core Knowledge stipend through their respective exemplary program funds.

At the middle and high school levels, stipends are provided for the special education lead teachers, mentoring, and test coordination. Middle schools also receive stipends for PBIS lead teachers.

Details of these stipends are below, totaling \$307,568, excluding the exemplary program stipends funded at the school level.

# Cost per Pupil: General Education, Special Education, EL

## Cost per Pupil

Cost per pupil is a measure frequently used by school systems to put school budgets into perspective and relate total expenditures to the central purpose of schools -- the education of each student. The per pupil amount also supports comparisons over time to easily identify overall cost trends.

### General Education, Special Education, and English Learner per Pupil Costs

This set of calculations compares the average cost for all ACPS students and then disaggregates that cost into three components:

- the average cost for a special education student;
- the average cost for an EL student; and,
- the average cost for a student who receives neither of these services, termed “general education.”

There are 16,144 projected students for FY 2022. This total includes 1,845 special education and 5,285 EL students.

General education includes many specialized services that are not shown separately. For example, the general education category includes the costs of exemplary programs and advanced placement participation.

It should be noted that these costs are averages and that actual costs for students in each of these subgroups may vary significantly.

The chart below shows the various components of the cost per pupil for each of these groups. The first cylinder below, in purple, shows the cost for a general education student, with the caveats previously mentioned. The cost for general education students is \$15,960, a 2.5 percent increase from FY 2021 Final Budget and 16.7 percent increase from FY 2018 Actual cost per pupil, as shown in the table on the following page.

The second cylinder shows the cost of educating a special education student. The red cylinders show the costs above the general education cost per pupil. This is a composite of the cost of general education at \$15,960 plus the additional cost for special education services at \$21,918. The total cost to educate

**Components of Cost per Pupil  
FY 2022 Final Budget**

Note: Totals may vary due to rounding

# Cost per Pupil: Components

a special education student is \$37,878, a 1.7 percent decrease compared to FY 2021 Final Budget and a 14.2 percent increase compared to FY 2018 Actual cost per pupil.

The third cylinder in the chart shows the cost of educating an EL student. The total cost of educating an EL student is \$20,235, a 2.5 percent increase from the FY 2021 Final Budget and a 15.5 percent increase from FY 2018 Actual.

The fourth cylinder shows the average cost for all ACPS students. The average cost per student is expected to be \$19,864 in FY 2022. This represents a 0.5 percent increase from the FY 2021 Final Budget and a 15.2 percent increase from the FY 2018 Actual cost per pupil.

ACPS was awarded new federal entitlement grants through the CARES Act, CRRSA Act, and ARP Act. The ESSER II and III funds were loaded in the FY 2022 budget and are the main reason the components of the cost per pupil are seeing substantial increases compared to the prior fiscal year.

## ACPS Methodology

The ACPS methodology considers general operating funds and federal entitlement grants

that support students in grades pre-kindergarten (PreK)-12 in relation to PreK-12 enrollment. Exclusions include the adult education and summer learning programs because these expenditures support programming for students not included in general K-12 enrollment, and the school nutrition program, which is a self-sufficient special revenue fund.

In addition, ACPS disaggregates the educational delivery cost for EL students and students with disabilities to illustrate the additional support provided to these special student groups. General education costs represent the services provided to all students, including classroom teachers, principals and other administrative personnel, and operational costs.

The ACPS cost per pupil formula includes the Virginia Preschool Initiative (VPI) grant expenditures and updates the special education transportation cost factor, which apportions a share of the transportation cost to special education based on the ratio of special education buses to standard school buses.

Please note that the methodology used by ACPS differs from the WABE methodology shown in the Information section.

## School Overview:

ACPS has 12 elementary schools, one Pre-Kindergarten to grade 8 school, one Kindergarten to grade 8 school, one Early Childhood Center, two middle schools, and one high school. Additionally, ACPS provides flexible online learning through the Alexandria City Satellite Program and Chance for Change Program. Enrollment is projected at 16,144, an increase of 509 students compared to the prior fiscal year. For details on enrollment please see the Information section of the Budget Book.

Effective FY 2022, Matthew Maury Elementary School and T.C. Williams High School were renamed to Naomi L. Brooks Elementary and Alexandria City High School, respectively. For reporting purposes, the new school names are not reflected in prior fiscal years budget and staffing data.

The following pages includes an elementary, middle, high, and alternative education summary, followed by the individual school or alternative education sections. Each school or alternative education section consist of the contact information, overview, staffing table, budget table, and performance table, if applicable.

## Staffing Reports:

The staffing reports are shown by program, position title and funding source. The staffing for FY 2019, FY 2020, FY 2021, and FY 2022 Final Budget are shown, with the variance from FY 2021 to FY 2022 displayed in the last column. Major changes to staffing levels is described earlier in the section.

These reports are found on the individual school pages in this section of the budget book.

## Budget Reports:

The tables on the individual school pages show the budget summary by program group by character, or major expenditure category. The reports show three years of actual expenditures and the FY 2021 and FY 2022 Final Budgets and the variance from FY 2021 to FY 2022.

The budget reports includes six character categories as explained below.

- **Salaries:** All compensation for the direct labor of persons in the employment of the local government. This includes regular, intermittent, supplement and overtime pay.
- **Benefits:** Job related benefits provided to employees as part of their total compensation such as FICA, medicare, VRS, and hospital/medical plans.
- **Purchased Services:** Payment for services acquired from outside sources such as staff development, other professional services, professional temporary employees, and other printing and binding.
- **Internal Services:** Charges from one department of ACPS to another for items such as field trips and printing.
- **Other Charges:** Payments for other services such as travel, lease and rental, and dues/association memberships.
- **Materials and Supplies:** Includes articles and commodities that are consumed or materially altered when used and minor equipment that is not capitalized such as instructional, office and paper supplies, textbooks, software/online charges, and other technology equipment.

The major changes in the school budgets include school allocation and staffing changes based on enrollment, other non-formula staffing changes and the reallocation of substitute funding.

## Performance Report:

The performance report shows the progress of schools in raising achievement and improving learning. The US Department of Education established target school quality indicators for reducing proficient gaps between low-performing and high-performing schools. In December, 2015, the *Elementary and Secondary Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act of 2001* (NCLB) with the *Every Student Succeeds Act* (ESSA). The revised state requirements for schools to meet accreditation and for students to graduate took effect in FY 2019.

The report includes the targeted school quality indicator, if the school has met the AMO target, the accreditation status, SOL pass percentages and PALS pass percentages (for elementary schools) for reading and mathematics.

In FY 2021 and continuing for FY 2022, all annual accreditation were waived for all Virginia Public Schools due to the impact of the pandemic to schools and students.

## School Improvement Plans:

School Improvement Plans (formerly School Education Plans) are required by ACPS to be submitted by each school. For each school, there is a SMART (Specific, Measurable, Aggressive and Achievable, Results-Driven, Time-Bound) goal in the areas of math, reading, science, and the teaching, empowering, leading and learning (TELL) survey. Following the SMART goal are the school goal and strategy. The final column is a reference to the *ACPS 2025: Equity for All*.

The Department Improvement Plans and School Improvement Plans are currently being revised and updated according to the new

ACPS Strategic Plan, ACPS 2025: *Equity for All*.

School's individual Student Improvement Plans can be found in the supporting documents package on the Budget webpage <https://www.acps.k12.va.us/budget>.

## Elementary Schools Summary

### Elementary Schools Overview:

ACPS has 12 elementary schools, one Pre-Kindergarten to grade 8 school, one Kindergarten to grade 8 school, and one Early Childhood Center. Across the division, elementary school enrollment is projected to increase by 1.5 percent to a total of 9,042, which includes 213 students in Jefferson-Houston grades 6-8 and 229 students in Patrick Henry grades 6-8 for FY 2022. For FY

2022, there will be three VPI schools which will house an early childhood program: Early Childhood Center, Jefferson-Houston, and William Ramsay. For FY 2022, ten schools will hold a division-wide special education program: Charles Barrett, Cora Kelly, Early Childhood Center, James K. Polk, Jefferson-Houston, John Adams, Lyles-Crouch, Mount Vernon, Patrick Henry and William Ramsay. Other major programs can be seen in the table below.

## Enrollment and Demographics:

Elementary School enrollment for Pre-Kindergarten through 5th grade was 8,026 as of September 30, 2020 and is projected to increase to 8,367. Pre-Kindergarten through 8th grade enrollment, which includes students in grades 6-8 at Jefferson-Houston and Patrick Henry Elementary Schools, is projected to increase to 8,813. Elementary schools across the division have experienced varying levels of change in enrollment over the past few years as displayed in the chart below.

For reporting purposes, Jefferson-Houston and Patrick Henry enrollment, staffing, and budget reports presented in this section reflect pre-kindergarten through grade 8.

With increasing enrollment, the number of students with additional needs continues to grow as well.

Significant numbers of English learner (EL) students attend ACPS schools, as displayed in the table below. In total, the number of EL students at the elementary level is projected to increase by 8.5 percent to a total of 3,455,

\* Includes sixth-, seventh-, and eighth-grade students in the school's total enrollment.

# Elementary Schools

which includes 70 EL students in grades 6-8 at Jefferson-Houston and Patrick Henry. Additional information describing the EL program is located within the Information and Department sections of the budget book.

The trends of numbers of students requiring specialized instruction is shown by school in the table above.

In total, the number of students receiving specialized instruction at the elementary level is projected to decrease by 0.1 percent, to a total of 842. For more information on Specialized

Instruction, please refer to the Information and Department sections of the budget book.

Many of the students in ACPS elementary schools come from families that are economically disadvantaged; this is reflected in the number of students qualifying for free and reduced-price meals, shown in the table below. Assuming that the proportion of students qualifying for free and reduced-price meals stays constant, the FY 2022 projected number of students meeting this criteria will increase to 4,817, which includes grades 6-8 at Jefferson-Houston and Patrick Henry.

\* Includes sixth-, seventh-, and eighth-grade students in the school's total enrollment.

## **Staffing:**

Elementary schools are staffed based on formulas for homeroom teachers, kindergarten instructional assistants (previously titled paraprofessionals), specialized instruction teachers and instructional assistants, English learner (EL) teachers, talented and gifted (TAG) education teachers, assistant principals, student improvement FTEs, and encore teachers such as art, vocal music, and physical education. The Information section of the budget book contains details on the formulas for each of these areas.

Division-wide, operating-funded staffing at elementary schools is projected to decrease by 17.39 FTEs. The decrease is based on enrollment adjustments from formula driven staffing at various elementary schools.

Total Operating Funded homeroom K-5 teacher and K instructional assistant I staffing is adjusted at the following schools: Charles Barrett (-2.00 FTE); Cora Kelly (-2.00 FTE); Douglas MacArthur (-1.00 FTE); Ferdinand T. Day (+4.00 FTE); George Mason (-1.00 FTE); James K. Polk (-1.00 FTE); Jefferson-Houston (-1.00 FTE); John Adams (-2.00 FTE); Lyles-Crouch (-1.00 FTE); Matthew Maury (-1.00 FTE); Mount Vernon (0.00 FTE); Patrick Henry (1.00 FTE); Samuel W. Tucker (-1.00 FTE); and William Ramsay (-3.00 FTE). Total Operating Funded homeroom and k instructional assistant I staffing is decreased by 13.00 FTE positions.

Total Grant and Special Projects Funded k instructional assistant I is adjusted at the following schools: Early Childhood Center (0.00 FTE); Jefferson-Houston (0.00 FTE); and William Ramsay (+1.00 FTE). Total Grant and Special Projects Funded k instructional assistant I staffing is increased by 1.00 FTE positions.

Across the elementary schools, there is a net decrease of 3.90 FTEs for elementary encore positions, which generally includes art, vocal

music, health and physical education, and library media.

## **Specialized Instruction:**

Beginning in FY 2017, in an effort to further support inclusion and co-teaching across content areas, the staffing formula was revised by adjusting the service intensity point values which determine staff ratios and by further differentiating levels of service percentages. For FY 2022, staffing will decrease to 182.00 FTE teacher and instructional assistant positions at the elementary schools. All elementary schools continue to have a base staffing ratio of three teachers and two instructional assistants.

As in previous years, special education instructional assistant I positions are budgeted in a central pool in the School-Wide Resources section; in FY 2019, the certified nursing assistant positions were moved there as well. Speech Language Pathologist (SLP) positions are housed in a central pool in the Specialized Instruction office. Positions will be allocated from these two pools based on the needs of individual students.

## **English Learners:**

Beginning in FY 2017, adjustments were made to the English learner (EL) staffing methodology. The methodology intended to address staffing challenges at smaller elementary schools. It incorporates a tiered teacher allocation for schools with EL student populations up to 120 students as follows:

- 1-30 students: 1.00 FTE
- 31-60 students: 2.00 FTE
- 61-120 students: 3.00 FTE

Elementary schools with more than 120 EL students are staffed using the service minutes formula, which assigns a certain number of service minutes to a student based on their grade and ELP level. This is then combined with a caseload cap to allocate teacher FTEs.

# Elementary Schools

---

In FY 2022 this will result in a total of 93.60 FTE teachers at the elementary schools.

## **Other Staffing Changes:**

Prior fiscal year additional FTE request that were approved during the adoption of the final do not carryforward into the next fiscal year. Additionally, there will be no change to assistant principal and student improvement FTE positions for FY 2022.

## **Compensation and Benefits:**

Operating funded compensation is projected to increase by \$2.77 million and benefits are projected to increase by \$0.33 million. As noted in the Financials section of the budget book, the FY 2022 budget includes a STEP increase and a market rate adjustment (MRA) for all eligible employees.

The division-wide cost of employee benefits is projected to increase. Further information about these changes can be found in the Salary and Employee Benefits pages of the Financials section.

## **School Base Allocations:**

Base allocations to elementary schools are determined by formula. Each elementary school receives a base allocation of \$10,000. The projected enrollment, Pre-K to fifth grade, is then multiplied by the per pupil rate of \$95 for each school and added to the base allocation. This allocation is expected to fund the items necessary for school operations, such as instructional and paper supplies, supplemental materials, and staff development.

## **Extended Learning:**

Each school, except the Early Childhood Center, will receive an extended learning allocation to supplement classroom instruction. Each principal has the ability to create a unique program to support his or her students. Funding for extended learning opportunities

will remain unchanged, totalling \$670,960 at the elementary level. The formula continues to provide each school a base allocation based on total enrollment and an additional allocation based on the number and achievement of students in gap group 1, defined by the State as students with disabilities, English learners, and economically disadvantaged students, regardless of race and ethnicity. Individual school allocations can be found on the extended learning table found in the Information section of this document.

Samuel W. Tucker Elementary School is allocated additional funds for extended learning opportunities as part of the modified school calendar. These funds are calculated using the estimated student enrollment based on historical averages during the intersessions. The FY 2022 budget includes the total funding necessary for four weeks of additional time; intersession revenue will be credited to ACPS's general operating fund.

## **Summer Learning:**

The K-Prep formula continues to fund one teacher, one instructional assistant, and instructional supplies for each classroom, with a maximum of 22 students per class. In addition, each school is allocated one nurse position and one special education teacher. As a modified calendar school, Samuel Tucker does not receive K-Prep funding.

Mount Vernon Community School will continue to receive funding for a Summer Language Academy. The Summer Language Academy will be offered to all rising first through fifth grade Mount Vernon Community School students and rising first through fifth grade dual language students at John Adams.

A division-wide summer learning program will be held at two elementary schools. This summer learning program focuses on Tier 2 and Tier 3 students. Funding for this program can be found in the Office of Elementary School Instruction.

# Elementary Schools

## Stipends:

Elementary schools receive funds for stipends which are provided for duties performed outside the scope of the regular work day and in addition to regular duties. Grade level/department chair and student activity stipends are considered standard school stipends. There are eight grade/department level stipends per school which the principals assign at their discretion to support the instructional programs. The two student activity stipends are funded to support programs for students, such as safety patrol or a school newspaper. Jefferson-Houston and Patrick Henry each receives an additional three stipend to cover activities for grades 6 to 8. Early Childhood Center receives a total of two stipends to cover activities for pre-kindergarten.

Also, each elementary school receives an allocation for bus duty stipends. These stipends compensate staff to monitor activity before and after school to increase safety and efficiency as children disembark and board school buses. These stipend amounts have been adjusted to reflect enrollment changes and number of bus routes, except Early Childhood Center which receives a fixed allocation.

Charles Barrett funds a Changing Education Through the Arts (CETA) stipend, Douglas MacArthur funds a Responsive Classroom stipend, and Lyles-Crouch funds a Core Knowledge (CK) stipend through their exemplary program funds.

Finally, certain departments fund stipends for program-specific activities. These include English learner (EL), special education, positive behavior interventions and supports (PBIS), and talented and gifted (TAG) lead teachers. Mentor stipends vary in amount dependent on both the experience of the mentee and the number of mentees they are mentoring. The Department of Accountability provides stipends to the staff members who administer the schools' standardized testing program.

More information is available in the Stipend

section in the Information chapter of this document.

## Substitutes:

Substitute pay is defined as compensation for non-contract part-time employees who perform the work of regular full or part-time employees who are absent. Beginning in FY 2017, a new methodology was created for allocating the substitute compensation funding. Each school is allocated funding for two professional learning days per year per the licensed staff member. These days are calculated at the long-term rate of \$157.00 per day and can be used at the principal's discretion to provide staff development. These funds are budgeted within Division-wide Human Resources.

The remaining substitute funding is located in the Division-Wide Human Resources budget. These funds will be used when professional staff is out on leave other than school-based professional development, such as sick or personal leave or division-level professional development.

## Exemplary Programs:

Exemplary programs are supported at 13 elementary schools in FY 2022. Samuel W. Tucker offers intersession classes as a result of the modified school calendar in lieu of an exemplary program. For FY 2022, the schools have chosen the following exemplary programs:

- Charles Barrett: Changing Education Through the Arts (CETA)
- Cora Kelly: Science, Technology and Math Focus
- Douglas MacArthur: Responsive Classroom
- Ferdinand T. Day: Science, Technology, Engineering, and Math (STEM)
- George Mason: Science Focus
- James K. Polk: Soaring With Pride
- Jefferson-Houston: International Baccalaureate Primary and Middle Years Programmes
- John Adams: Dual Language (Spanish)

and Changing Education Through the Arts (CETA)

- Lyles-Crouch: Core Knowledge
- Mount Vernon: Dual Language (Spanish)
- Naomi L. Brooks: Habits of Mind
- Patrick Henry: Discourse and Rigor
- William Ramsay: Guided Language Acquisition Design (GLAD)

In addition, Jefferson-Houston offers the Advancement Via Individual Determination (AVID) program for students in grades 6 to 8. Funding for this program is found in the AVID/ College Readiness budget. Charles Barrett and John Adams receive additional allocation to support the CETA program through professional development substitutes.

Descriptions and budgets for each of the programs are found on the individual school pages in this section of the document.

## **Grant Support of Elementary Schools:**

Elementary schools also receive funding through grants that supplement the operating funds. In addition to the grants listed below, schools may apply for competitive grants to support specific programs.

*Title I:* Title I, Part A of the Elementary and Secondary Education Act (ESEA), as amended, provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. For FY 2022, Cora Kelly, Ferdinand T. Day, James K. Polk, Jefferson-Houston, John Adams, Patrick Henry, and William Ramsay will receive Title I funding. These funds will be used for school-based personnel and non-personnel such as instructional material and professional development. All items must supplement what is provided to all schools in the operating budget.

*Early Intervention Reading Initiative:* The Early Intervention Reading Initiative (EIRI) furnishes

incentive funds for school divisions to provide identified students with additional reading instruction. Each elementary school receives these funds based on the number of students, grades K-3, who are identified through the Phonological Awareness Literacy Screening. These funds are used for tutoring or intervention materials.

*Virginia Preschool Initiative:* The Virginia Preschool Initiative (VPI) distributes state funds to schools and community-based organizations to provide quality preschool programs for at-risk four-year olds who are not served by Head Start. There are 12 VPI classrooms in ACPS, 9 housed at Early Childhood Center, 1 at Jefferson Houston, and 2 at William Ramsay. The VPI program provides funding per student and a transfer from the operating fund completes the funding for these classrooms.

*Middle School Teachers Corps:* Jefferson-Houston will continue to receive \$5,000 in State Funds to support mathematics.

Charles Barrett Elementary School faculty and staff are committed to providing a high-quality education program for the entire student body. The school fosters partnerships with diverse students, their families, and the extended community to facilitate student progress in a safe, positive, and child-centered environment. The school also benefits from a partnership with The Kennedy Center's Changing Education Through the Arts (CETA) program, which integrates the arts across all instructional areas. The school works closely with the local community to ensure the needs of all students are met. Charles Barrett prides itself on its high expectations and inclusive learning environment.

### **Exemplary Program:**

The CETA program provides arts integrated professional learning opportunities to teachers and staff at Barrett. Students are taught to construct and demonstrate understanding through an art form. Students engage in a creative process that connects an art form and another subject area to meet objectives in both. Non-compensation and non-personnel support totals \$22,125 for teacher substitute, professional development, travel - mileage, course and event fees, refreshments, instructional supplies, and audiovisual supplies.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

Cora Kelly Elementary School is a diverse learning community dedicated to educating all students for success in the 21st century with a focus on math, science, and technology. Its highly-qualified faculty and staff, in collaboration with parents and community partners, hold high expectations for every student in academic achievement and citizenship. Cora Kelly students are encouraged to be effective problem solvers and critical thinkers to prepare them to become leaders in the global community.

### **Exemplary Program:**

The Science, Technology, and Math initiative prepares students for success in the 21st century and cultivates scientists, mathematicians, and engineers beginning at a young age by equipping them with strategies to think critically, solve problems, utilize higher-order thinking, and engage in cooperative learning and inquiry based lessons. This program is supported by a 1.00 FTE math teacher as well as an updated STEM Lab that includes an outdoor habitat area. The STEM Lab has acquired Engineering is Elementary kit which encourage project based learning and exploration. Our goal at CK this year is to build our STEM program by integrating it into our math and science curriculum. We updated our Digital Lab with a green screen as well as robotics equipment, coding activities, and a 3-D printer. The Digital Lab is supported by a part time Technology Integration Specialist. Non-compensation support totals \$29,800. There is also \$19,081 STEM instructional support that is grant funded.

AVID Elementary is a foundational component of the AVID College Readiness System and supports AVID's mission and vision to provide a comprehensive model of success for all students, from elementary through higher education. The AVID Elementary (AE) model supports students as they become independent learners and is designed to promote WICOR (writing, inquiry, collaboration, organization, and reading) throughout the academic day. It also supports students as independent thinkers—thinking about thinking and learning, and about their own learning. Student success skills, organizational skills, and partnership development are all facets of the AVID School wide model. Like AVID Secondary, AVID Elementary Essentials focuses on the four necessary areas that ensure all students are poised for academic success: Instruction, Culture, Leadership, and Systems. Funding for this program is found in the AVID/ College Readiness budget for FY 2021.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

Note, for FY 2021, Douglas MacArthur Elementary School will operate at the former Patrick Henry facility on 4633 Taney Avenue.

Douglas MacArthur Elementary School is a welcoming and inclusive community. The school community fosters academic achievement, respect, responsibility, and citizenship. Students are developing thinking and problem-solving skills that will lead to lifelong success. As a Responsive Classroom school each day begins with a morning meeting, designed to build a strong sense of community. Douglas MacArthur celebrates its increasingly diverse school community and works to build strong partnerships with each family. Our professional learning community includes highly trained staff that provides job-embedded learning through various coaching opportunities that supports student achievement and well-being. The school takes a multi-tiered approach to supporting students emotionally and academically with early interventions. Support programs include early reading and math intervention programs, extended-day learning, and the use of technology to enhance the learning experience and provide access to targeted skill development, the use of the Fountas and Pinnell Benchmark Literacy Assessment, and targeted literacy instruction. Our mission is to eliminate race, class, gender, and ethnicity as predictors of success. "MacArthur Stars Shine Brightly" has everything to do with the school and surrounding community's commitment to work together to improve student achievement.

**Exemplary Program:**

Responsive Classroom (RC) is a research- and evidence-based approach to education that leads to greater teacher effectiveness, higher student achievement, and improved school climate. RC has been recognized by the Collaborative for Academic, Social, and Emotional Learning (CASEL) as one of the most well-designed, evidence-based social and emotional learning programs supporting academic growth for all students. Non-compensation support totals \$13,000 for professional development and instructional supplies.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

At Early Childhood Center (ECC), our children are the center of our instruction and we are committed to empowering children and inspiring them to be healthy joyful learners who are compassionate citizens and stewards of the environment.

Early Childhood Center's core values are respect, diversity, relationships, teamwork, and differentiation. We love our children, welcome and affirm our families, and celebrate the rich diversity within our community. We educate the whole child within the context of our community and the natural world. We examine all practices to ensure equity. We embrace change and commit to continuous professional growth. We design instruction based on data, best practices and research. We are all leaders in the work.

ECC houses 24 classrooms including 9 ACPS Virginia Preschool Initiative (VPI) classes, 6 Early Childhood Special Education classes and 1 Preschool Autism program, as well as 8 Campagna Head Start and VPI classes. This unique center brings together many Alexandria City early childhood stakeholders for collaboration and inclusive professional opportunities that foster student growth. The Early Childhood Special Education (ECSE) and Preschool Autism programs serve students ages 2-5, while VPI serves students who will enter kindergarten the following year, and Head Start serves 3-5 year olds. Family engagement is crucial to early childhood education and we connect with our families through home visits, family nights, principal's coffees and volunteer opportunities.

Ferdinand T. Day (FTD) is a neighborhood school that opened its doors for the first time in the 2018-2019 school year. FTD is a Title 1 school that serves a diverse population on the west end of Alexandria City. Our school proudly represents more than 30 languages spoken in the large majority of student homes. To meet the needs of our diverse population, we incorporate Guided Language Acquisition Design (GLAD) strategies. FTD fosters an appreciation for all world cultures through various parent engagement opportunities throughout the school year. All families have the opportunity to engage in home visits with school staff. Staff engages and supports all students utilizing a whole child approach with a focus on a student's social, emotional, and academic needs. Our students engage in daily morning meetings and workshop structures within Tier 1 instruction. Our professional learning community includes highly trained staff that provides job-embedded learning through various coaching opportunities that supports student achievement and well being.

**Exemplary Program:**

Ferdinand T. Day Elementary School embraces pedagogy founded in STEM (Science, Technology, Engineering, and Mathematics) education. STEM education is a student-centered approach to teaching and learning that involves the intentional integration of rigorous content, processes, and skills such as critical thinking, creativity, collaboration, and innovation to solve relevant problems in both academic and real-world contexts. Current educational research is clear that an integrated, problem-based, and real-world approach to learning maximizes student engagement, authenticity, and purpose. Through performance tasks and culminating projects in a blended learning environment, students are engaged in regular hands-on scientific and mathematical investigations involving engineering-based scenarios and real-world problem solving. All FTD staff implement teaching the STEM framework with all students. The school also seeks partnerships with local area cutting-edge businesses to mentor students and present career options in the STEM field.

Operating funded non-compensation support totals \$20,000 for STEM instructional supplies, plus an additional \$20,000 funded through grant.

<b>Accreditation Status</b>	NA	Conditionally Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

George Mason Elementary School is dedicated to developing students' love of learning, academic excellence, with respect and appreciation for the community's diversity. To this end, it prepares learners to utilize knowledge and skills in a variety of contexts and for a variety of purposes. It seeks academic excellence for all students through a best-practices approach to teaching and learning with a focus on equity. The school provides experiences that foster academic, social, physical, and cognitive growth. It prepares competent learners who are self-directed, self-evaluative risk takers. George Mason provides a responsive, supportive, challenging, and nurturing environment, facilitating this growth in harmony with the home and greater community.

#### Exemplary Program:

With a science teacher funded through exemplary program funding, George Mason is able to provide students with a curriculum rich in hands-on science instruction and experimentation. This program is supported by a .50 FTE science teacher.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

James K. Polk (JKP) Elementary School is proud of its widely-diverse student community. Although our English Language (EL) and special education populations have steadily increased, every staff member continues to embrace the positive impact that inclusive classrooms and co-teaching models have had on our students, instructional practices, and positive school climate. We see this commitment to inclusion as we find creative ways to integrate the students at Polk in our 3 citywide self-contained classes for students with Autism. JKP also has 9 Board Certified teachers and has consistently had anywhere from two to four teachers pursue this certification yearly. We pride ourselves on building strong teacher leader which supports our climate of shared leadership and decision making.

JKP was one of only 52 schools recognized under the state board's new exemplar performance recognition program. Polk earned this the Board of Education's Highest Achievement producing consistent gains in academic achievement and successful efforts to reduce absenteeism and dropout rates. James K. Polk Elementary School have been fully accredited for the past five years – meeting both the achievement benchmarks set under the old recognition system and the growth benchmarks under the new one adopted in 2018.

JKP is entering its second year of Title I status. With these added resources, it is our goal to strengthen and enrich the academic program by: extending the school day through increased afterschool tutoring, embedding reading and/or mathematics curricula into other instructional areas, use technology to enhance the learning experience and provide access to targeted skill development, to provide additional staff for reading remediation, and increase science & math investigations with both students and their families.

Further, it is our goal to increase our student and family support services through Positive Behavioral Interventions and Supports (PBIS), an on-site full-time Parent Liaison, dental assistance through the Wellness on Wheels program (WOW Bus), & programs like Empower Her and Space of Her Own (SOHO), all supporting students social and emotional development. We were also able to have our two cafeteria hostesses and support specialist extend their hours as Community Outreach Specialists to increase parent engagement and

---

ensure that necessary resources get to our families.

JKP also prides itself on the strong sense of community that we have cultivated as our school staff and PTA consistently work together for the betterment of the students. Over the years, the PTA has sponsored a variety of activities that engage the entire school community and ultimately result in valuable programs and resources that have improved our school. For more than 8 years we have hosted phenomenal book fairs that have provided us with many resources such as much needed Smart Boards and classroom libraries. Our vibrant afterschool programs, totally managed and run by our parents and school staff continue to provide quality enrichment activities for our students. Our Award winning Safe Routes to School Program with monthly Fitness Fridays is another example of the collaboration of our PE department and our parent liaison who are committed to finding ways to keep kids healthy and active. #PolkPride has everything to do with the school and surrounding community's commitment to work together to improve student achievement.

## **Exemplary Program:**

Our Exemplary program combines our Positive Behavioral Interventions and Supports (PBIS) with our sixteen Habits of Mind to build a schoolwide climate that teaches appropriate behavior expectations for school and life. This combined program is a part of our Multi-tiered Systems of Supports (MTSS) and aligns with our behavior and discipline management goals to form a more cohesive schoolwide behavior management system. The consistency of the program over time has reduced the number of discipline referrals by almost 50% over the past two years. Support for this program totals \$10,000.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

Jefferson-Houston institutes a culture of high expectations and rigorous instruction. It is the shared goal of administration and staff to encourage and support Jefferson-Houston students in seeking knowledge and becoming life-long learners.

### Exemplary Program:

International Baccalaureate/Primary Years Programme (IB-PYP) is an internationally-recognized curriculum framework for children aged 3-12 years designed to promote the development of the children socially, emotionally, and academically. IB-PYP places major emphasis on inquiry-based teaching and learning, transdisciplinary lesson implementation, community service, real world applications, and character development.

International Baccalaureate/Middle Years Programme (IB-MYP) is a challenging framework that encourages students to make practical connections between their studies and the real world. The MYP curriculum framework comprises eight subject groups, providing a broad and balanced education for early adolescents.

These programs are supported by a 1.00 FTE IB coordinator. This coordinator supports both the Primary Years and Middle Years Programmes. Non-compensation support totals \$28,850 for the Primary Years Programme and \$26,691 for the Middle Years Programme.

AVID Secondary Schoolwide model is a foundational component of the AVID College Readiness System and supports AVID's mission and vision to provide a comprehensive model of success for all students, from elementary through higher education. The AVID Secondary model, which spans grades 6-12, includes a two-prong approach that supports students through the promotion of WICOR (writing, inquiry, collaboration, organization, and reading) across the entire campus. It also includes a selective elective course for students who have a desire to enroll in higher education. This course supports students' rigorous course schedules by providing a tutorial component, (supported by college-age tutors), college knowledge curriculum, and college visits. The AVID Secondary model is a schoolwide model that changes the trajectory of an entire school campus by focusing on the four areas necessary to ensure all students are poised for academic success: Instruction, Culture, Leadership, and Systems. Funding for this program is found in the AVID/ College Readiness budget.

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

No-A = Did not meet benchmark but is within the narrow margin.

No-W = Did not meet benchmark or criteria for narrow margin or improvement.

< = A group below state definition for personally identifiable results.

- = No data for group.

John Adams Elementary School is a Changing Education Through the Arts (CETA) school. This partnership is in association with the John F. Kennedy Center for the Performing Arts. John Adams also offers a two-way immersion Dual Language Program.

**Exemplary Program:**

The CETA program provides arts-integrated, professional learning opportunities to teachers and staff at John Adams so that they can teach students to construct and demonstrate understanding through an art form. This site has focused on Tableau, Tableau II, and Reading Art Across The Curriculum in recent years. Students engage in a creative process that connects an art form and another subject area, meeting evolving objectives in both. This program is supported by a 0.50 FTE CETA coordinator.

Last school year, through CETA, John Adams Elementary teachers will participated in a course called "Reading Art Across the Curriculum" with Melanie Rick. Visual art is a text that students of all reading abilities can access. This workshop introduced the language of visual art so that teachers feel confident looking, thinking, and talking about art with their students. Teachers this school year are participating in refresher workshop series aimed at transferring the approaches learned in previous arts integration courses to the virtual setting and learning about technology tools and programs to support this transition. Teachers will also continue to build a library of images, including primary sources that can be used to efficiently build background knowledge, teach content, generate points of inquiry for research, and assess understandings in social studies, science, and reading. Non-compensation support totals \$30,355.

The John Adams Dual Language program provides an immersion program in English and Spanish. Students are taught English language arts and social studies in English, while math and science are taught in Spanish. John Adams uses a 70/30 Spanish/English model in kindergarten and first grade and a 50/50 Spanish/English model in 2nd grade through 5th grade, based on research and best practices for language acquisition. This program is supported by 10.00 FTE elementary dual language teachers and paraprofessionals, and 4.00 FTE kindergarten dual language teachers and paraprofessionals. Non-compensation support totals \$42,797.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

Lyles-Crouch Traditional Academy is a kindergarten through fifth grade public school located in Old Town, Alexandria. Its diverse and dynamic student body is comprised of students from southwest Old Town as well as many other neighborhoods throughout Alexandria. Lyles-Crouch Traditional Academy embraces the “whole child” approach to education, addressing each student’s social, emotional, physical, and academic requirements through the support of families, staff, and community resources. The school believes the true measure of a student’s success transcends test scores. True success is measured by the preparation necessary to meet the 21st century demands for career, college, and citizenship. Partnering with parents and community resources can ensure this goal is achieved.

### Exemplary Program:

Through a rigorous vetting process, Lyles-Crouch Traditional has been recognized as a Core Knowledge School of Distinction with special recognition for content integration and teaching practices, one of only ten schools nationally to attain this designation. Core Knowledge (CK), the main focus of instruction at Lyles-Crouch Traditional Academy, is built around the 4C’s: a content rich curriculum that is coherent, cumulative, and context-specific. Content is built into the program with rich vocabulary, emphasis on building background knowledge, and enhanced focus on language development through read-alouds. Coherence is incorporated as grade-level teams make decisions on the scope and sequence of content taught that best-aligns with state standards. The cumulative nature of learning is built into the CK sequence as content spirals through the grades. The Core Knowledge allocation totals \$39,292.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

Mount Vernon Community School (MVCS) offers a positive learning environment where dedicated staff, students, and families actively engage in and provide meaningful educational experiences that allow for language acquisition in English and Spanish. Students in the dual language program will become bilingual, bi-literate and culturally aware, while maintaining high levels of academic achievement. A Summer Language Academy based in literacy in Spanish and English has been offered since 2015 and will continue to be offered to all Mount Vernon Community School rising first through fifth grade students as well as rising first through fifth grade dual language students at John Adams Elementary School.

**Exemplary Program:**

Mount Vernon Community School Dual Language program is a 50/50 immersion program in English and Spanish. Students in the dual language program will become bilingual, bi-literate and culturally aware, while maintaining high levels of academic achievement. MVCS Dual Language Program follows a biliteracy model in grades K-2 and a math and science content area dual language instructional model in grades 3-5. This program will fund \$10,000 for purchased services and is supported by 43.00 FTE dual language teachers and paraprofessionals.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

Naomi L. Brooks Elementary School is a kindergarten through fifth grade school in the Rosemont area of Alexandria. The school's mission is based on the knowledge and belief that all students can learn. Naomi L. Brooks is committed to a safe and orderly school environment, high expectations, and time-on-task for all students. We are dedicated to fostering the love of learning by encouraging each child to think critically and creatively, work cooperatively, and communicate effectively, thus promoting social, physical, and cognitive growth. Our overarching school goal is closing the equity and achievement gap for SWD, Black, Economically Disadvantaged and EL students by increasing the number of students proficiency levels within all content areas to meet formative and summative assessment growth within reading & math levels and proficiency in all other content areas.

### **Exemplary Program:**

The Habits of Mind are a repertoire of behaviors that help students and teachers successfully navigate the various challenges and problems they encounter in the classroom and in everyday life. The 16 habits were derived from studies of what successful, intelligent people do when they are confronted with problems to solve, decisions to make, creative ideas to generate, and ambiguities to clarify. They promote strategic reasoning, insightfulness, perseverance, creativity, and craftsmanship and are relevant to support student mastery of unit and course/grade-level desired results. Non-compensation support totals \$5,000 for instructional supplies.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

Patrick Henry Elementary is committed to advancing student growth by providing an environment that is conducive to high levels of academic achievement and that promotes academic rigor, and parental and community engagement.

### **Exemplary Program:**

The Discourse and Rigor program supports higher-order thinking, advanced academic opportunities, alternative assessments, hands-on learning experiences, and the shared inquiry literacy process. This program will primarily support rigorous instructional opportunities for mathematics and literacy. Total support is \$15,000.

AVID Elementary and Secondary System is a foundational component of the AVID College Readiness System and supports AVID's mission and vision to provide a comprehensive model of success for all students, from elementary through higher education. The AVID System focuses on the four necessary areas that ensure all students are poised for academic success: Instruction, Culture, Leadership, and Systems. This model supports students as they become independent learners and is designed to promote WICOR (writing, inquiry, collaboration, organization, and reading) throughout the academic day. It also supports students as independent thinkers—thinking and learning, and about their own learning. Student success skills, organizational skills, and partnership development are all facets of the AVID School-wide model. Additionally, the AVID Elective component afforded in the middle grades targets students who have a determination to enroll in post-secondary education and the desire to learn about college access, financial aid, and post-secondary college options. In addition, the AVID System encourages college campus visits, career learning and leadership opportunities for all students throughout the school setting.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

The team at William Ramsay Elementary School is committed to building strong relationships and developing the whole child through effective collaboration in an inclusive learning environment that focuses on real-world applications of knowledge and leads students to global success. The expectations are high, the curriculum is rigorous, and students are required to think critically. The school's academic curriculum includes reading, math, social studies, and science. William Ramsay will continue to offer and seek to expand our talented and gifted programs to students in all grade levels. William Ramsay also provides specialized instruction to eligible students and English learners.

### Exemplary Programs:

The Project GLAD® (Guided Language Acquisition Design) is an instructional model dedicated to building academic language and literacy for all students, especially English Learner/emergent bilingual students. The model enhances teachers' design and delivery of standards-based instruction through an integrated approach with the intent of building language proficiency, academic comprehension, and promotes an environment that respects and honors each child's voice, personal life experience, beliefs and values their culture. Total support for this program is \$30,000.

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

### Middle Schools Overview

ACPS has two middle schools (grades 6-8), Francis C. Hammond and George Washington. Jefferson-Houston houses grades PreK-8 and Patrick Henry houses K-8; however, the information for these locations is presented in

the elementary school summary section. Other major programs can be seen in the table below.

## Enrollment and Demographics:

The Middle School enrollment, for sixth through eighth grades, was 2,987 as of September 30, 2020. Enrollment is projected to decrease by 3.2 percent to a total of 2,892. Both middle schools have experienced steady enrollment growth in recent years; however, enrollments are leveling off, as displayed in the chart below.

For reporting purposes, both Jefferson-Houston and Patrick Henry student enrollments, staffing, and budget reports are presented in the Elementary School section.

With the increasing enrollment, the number of students with additional needs continue to grow as well. Significant numbers of English learner (EL) students attend ACPS schools, as displayed in the chart below.

In total, the number of EL students at the middle school level is projected to decrease by 2.5 percent to a total of 700 students. Additional information describing the EL program is located within the Information and Department sections of this budget book.

# Middle Schools

The trends of numbers of students requiring special education (SPED) services are shown by school in the table above.

The number of students receiving special education services at the middle school level is projected to decrease by 3.6 percent, to a total of 296. For more information on the special education program, please refer to the Information and Department sections of this budget book.

Many of the students in ACPS middle schools come from families that are economically disadvantaged; this is reflected in the number of students qualifying for free and reduced-price meals, shown in the table below.

Assuming that the proportion of students qualifying for free and reduced-price meals stays constant, the FY 2022 projected number of students meeting this criteria will decrease slightly to 1,608 students.

## **Staffing:**

Operating funded staffing at middle schools will be a total of 349.70 FTE in FY 2022 for Francis C. Hammond and George Washington middle schools.

## **Specialized Instruction:**

The allocation of special education staffing is determined by two factors: disability category and level of service. Beginning in FY 2017, to further support inclusion and co-teaching across content areas, the staffing formula was revised by adjusting the service intensity point values which determine staff ratios. For FY 2022, the formula will decrease staffing by 1.00 FTE special education position at George Washington and Francis C. Hammond. There are a total of 40 Special Education positions at Francis C. Hammond and George Washington in FY 2022. Special education Instructional Support II and III positions are a central pool in the School-wide resources section. Speech language pathologist (SLP) positions are housed in a central pool in the Specialized Instruction Department. Positions will be allocated from these two pools based on individual student need.

## **English Learners:**

At the middle school level, Francis C. Hammond has both a traditional model and an International Academy (IA) model of services. Through the traditional model, Francis C. Hammond receives 12.00 FTE positions. Staffing for the IA model provides cohorts with 4.00 FTE core content teachers. The service minutes formula is applied at George Washington Middle School. The school receives 12.00 FTE under the traditional model based on service minutes.

## **Other Staffing Changes:**

Middle core and elective classes are staffed based on class enrollment. Changes in

secondary staffing include a decrease of 1.00 FTE Custodian, 1.00 FTE Reading Specialist, 0.50 FTE Social Studies Teacher, 1.00 FTE Art Teacher, 0.50 FTE World Language Teacher, and 0.50 FTE Social Studies Teacher. There change also includes an increase of 0.50 FTE DL Instructional Coach, 1.00 FTE DL Spanish Language Arts Teacher, 1.00 FTE AVID Teacher, 1.00 FTE DL Social Studies Teacher, 0.50 DL Instructional Coach, 2.00 FTE Core Content Teachers, and a 0.50 FTE Counselor.

## **Compensation and Benefits:**

Compensation for middle schools will increase by \$1.33 million and benefits are projected to increase by \$0.11 million.

As noted in the Financials section of the budget book, the FY 2022 Final Budget includes a step increase for all eligible employees as well as a .

## **School Base Allocations:**

To determine a school's base allocation, the projected enrollment, sixth to eighth grade, is multiplied by the per pupil rate of \$155. This allocation is expected to fund the items necessary for school operations, including instructional and paper supplies, postage, and staff development.

## **Extended Learning:**

The extended learning program supports tutoring services for afterschool and Saturday School. Each school will receive an extended learning allocation to supplement classroom instruction. Each principal has the ability to create a unique program to support his or her students.

Francis C. Hammond's allocation is \$26,585 and George Washington's allocation totals \$23,415 for FY 2022. In addition to these funds, George Washington will use a portion of its school base allocation to supplement their

# Middle Schools

---

extended learning budget. The total George Washington budget for extended learning will be \$33,149. Individual school allocations can be found on the school allocation table found in the Information section. Francis C. Hammond will also receive grant funding.

## **Summer Learning:**

The Middle School Prep Program provides all rising sixth graders an opportunity to become acclimated to the middle school experience through information sessions with teachers, school counselors, school administrators, and various staff members.

Jefferson Houston will receive a total allocation of \$525 George Washington will receive an allocation of \$525, Jefferson-Houston will receive an allocation of \$625, and Patrick Henry will receive \$100.

## **Stipends:**

Each middle school receives funds for stipends which are provided for duties performed outside the scope of the regular work day and in addition to regular duties. Grade and department level and student activity stipends are considered standard school stipends. Middle schools will each receive eight grade or department level stipends, which the principals assign at their discretion to support the instructional programs. The student activity stipends are funded to support programs that are led by staff with the students, such as safety patrol or a school newspaper. Middle schools will each receive 12 student activity stipends.

Finally, certain departments fund stipends for program-specific activities. These include special education and positive behavior interventions and supports (PBIS), as well as test coordinator and mentor stipends. Mentor stipends vary in amount dependent on whether the mentee is a novice or has teaching

experience. The Department of Accountability provides stipends to the staff members who administer the schools' standardized testing program.

The ACPS intramural program is an after-school activity that introduces middle school students to the rules of various sports. The program is offered throughout the school year to keep children involved and active. Details of the intramural program can be found in the Department section, under Secondary School Instruction.

More information is available in the stipend section in the Information section of this document.

## **Substitutes:**

Substitute pay is defined as compensation for non-contract part-time employees who perform the work of regular full or part-time employees who are absent. Beginning in FY 2017, a new methodology was created for allocating the substitute compensation funding. Each school is allocated funding for two professional learning days per year per the licensed staffmember. These days are calculated at the long-term rate of \$157.00 per day and can be used at the principal's discretion to provide staff development. The remaining substitute funding is located in the Division-Wide Human Resources budget. These funds will be used when professional staff is out on leave other than school-based professional development, such as sick or personal leave or division-level professional development.

## **Exemplary Programs:**

Exemplary programs continue to be supported at the secondary schools. For FY 2022, the schools have chosen the following exemplary programs:

- Francis C. Hammond: Advancement Via Individual Determination (AVID)

# Middle Schools

---

- George Washington: Advancement Via Individual Determination (AVID)

## Grant Support of Middle Schools:

Secondary schools also receive funding through grants that supplement the operating funds. In addition to the grant listed below, schools may apply for competitive grants to support specific programs.

Title I, Part A of the Elementary and Secondary Education Act (ESEA), as amended, provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. For FY 2022, Francis C. Hammond will receive Title I funding. These funds will be used for school-based personnel, staff development, translation, technology equipment and software, instructional supplies, and parental involvement activities. All items must supplement what is provided to all schools in the operating budget.

## Staffing Reports:

The staffing reports are shown by program, position title and funding source. The staffing for the FY 2019 Final, FY 2020 Final, FY 2021 Final, and FY 2022 Final Budgets are shown, with the variance from FY 2021 Final to FY 2022 Proposed displayed in the final column. Major changes to staffing levels is described earlier in the section.

These reports are found on the individual school pages in this section of the budget book.

## Budget Reports:

The tables on the individual school pages show the budget summary by program group by character, or major expenditure category. The reports show three years of actual expenditures, the FY 2021 Final and FY 2022 Final Budgets, and the variance from FY 2021 to FY 2022.

The budget reports includes six character categories as explained below.

- Salaries: All compensation for the direct labor of persons in the employment of the local government. This includes regular, intermittent, supplemental, and overtime pay.
- Benefits: Job-related benefits provided to employees as part of their total compensation such as FICA, Medicare, VRS, and hospital/medical plans.
- Purchased Services: Payment for services acquired from outside sources such as staff development, other professional services, professional temporary employees, and other printing and binding.
- Internal Services: Charges from one department of ACPS to another for items such as field trips and printing.
- Other Charges: Payments for other services such as travel, leases and rentals, and dues/association memberships.
- Materials and Supplies: Includes articles and commodities that are consumed or materially altered when used and minor equipment that is not capitalized such as instructional, office, and paper supplies; textbooks; software/online charges; and, other technology equipment.

The major changes in the school budgets include school allocation and staffing changes based on enrollment, other non-formula staffing changes and the reallocation of substitute funding.

## Performance Report:

The performance report shows the progress of schools in raising achievement and improving learning. The US Department of Education established the Annual Measurable Objectives (AMO) for reducing proficient gaps between low-performing and high-performing schools. In December, 2015, the *Elementary*

# Middle Schools

---

and Secondary Act of 1965 (ESEA) was reauthorized, replacing the *No Child Left Behind Act of 2001* (NCLB) with the *Every Student Succeeds Act* (ESSA). The revised state requirements for schools to meet accreditation and for students to graduate took effect in FY 2019.

The report includes the targeted school quality indicator, if the school has met the AMO target (SY17-18), the accreditation status, SOL pass percentages and PALS pass percentages (for elementary schools) for reading and mathematics.

## **School Improvement Plans:**

School Improvement Plans (formerly School Education Plans) are required by ACPS to be submitted by each school. For each school, there is a SMART (Specific, Measurable, Aggressive and Achievable, Results-Driven, Time-Bound) goal in the areas of math, reading, science, and the teaching, empowering, leading and learning (TELL) survey. Following the SMART goal are the school goal and strategy. The final column is a reference to the *ACPS 2025: Equity for All*.

The Department Improvement Plans and School Improvement Plans are currently being revised and updated according to the new ACPS Strategic Plan, *ACPS 2025: Equity for All*.

School's individual Student Improvement Plans can be found in the supporting documents package on the Budget webpage <https://www.acps.k12.va.us/budget>.

Francis C. Hammond Middle School faculty and staff are committed to creating a nurturing academic learning environment that allows students to master the knowledge and skills needed to prepare them for success in high school and a variety of post-secondary and career opportunities. Francis C. Hammond Middle School's vision is to be a model instructional environment for diverse adolescent learners. The mission of Francis C. Hammond Middle School through a partnership of students, families, staff, and community will ensure that every student has the skills to build a strong social and academic foundation in order to transition into a successful, responsible member of society. Francis C. Hammond's mission and vision are grounded in the ACPS 2025 vision of "Empowering all students to thrive in a diverse and ever-changing world."

### **Exemplary Program:**

AVID Secondary Schoolwide Model is a foundational component of the AVID College Readiness System and supports AVID's mission and vision to provide a comprehensive model of success for all students, from elementary through higher education. The AVID Secondary model, which spans grades 6-12, includes a two-prong approach that supports students through the promotion of WICOR (writing, inquiry, collaboration, organization, and reading) across the entire campus. It also includes a selective elective course for interested students who have a desire to enroll in higher education. This course supports students' rigorous course schedules by providing a tutorial component (supported by college-age tutors), college knowledge curriculum, and college visits. AVID Secondary is a schoolwide model that changes the trajectory of the entire school campus by focusing on the four areas necessary to ensure all students are poised for academic success: Instruction, Culture, Leadership, and Systems. Funding for this program is found in the AVID/ College Readiness budget.

Francis C. Hammond Middle School was the first school in the state of Virginia to offer AVID Excel. The goal of AVID Excel is to interrupt the path and change the trajectory of long-term English language learners by accelerating language acquisition, developing literacy, and placing AVID Excel Scholars on the path to high school AVID and college preparatory coursework. The mainstay of AVID Excel is the Elective class, which is designed to prepare middle school ELLs to enter AVID in the 9th grade. The program is supported by a 1.00 FTE AVID teacher and provides funding for instructional supplies. Support totals \$0.14 million.

<b>Accreditation Status</b>	Partially Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

Detailed SOL results are available on the Virginia Department of Education (VDOE) website.

Key: Yes-3YR = Met objective based on the three year average result.

Yes-R10 = Met objective by reducing failure rate by at least 10 percent.

Yes-MP = Maintain Progress: Current year pass rate equal to prior year's pass rate, or stayed within 5%.

< = A group below state definition for personally identifiable results.

- = No data for group.

George Washington is committed to providing a safe and nurturing environment where student learning comes first. In partnership with parents and community, George Washington will guide students to uphold high standards of integrity and handle independence, responsibility, while demonstrating good citizenship. Each student is engaged so that he or she can develop and become a caring individual, a lifelong learner, a steward of the community in today's multicultural and technological world.

**Exemplary Program:**

Advancement Via Individual Determination (AVID) is a system to prepare students in the academic middle for four-year college eligibility. It has a proven track record in bringing out the best in students, and in closing access, opportunity, and achievement gaps with students. The program is supported by a 1.00 FTE AVID teacher. Support totals \$0.13 million.

<b>Accreditation Status</b>	Fully Accredited	Accredited	Accredited	Accreditation Waived	Accreditation Waived

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

### Secondary Schools Overview

ACPS has one high school, Alexandria City High School, which is comprised of three campuses: King Street campus, Minnie Howard campus, and the Satellite Campus. The school also oversees the division-wide Athletics Program and

the Financial Aid Program. Other major programs can be seen in the table below.

## Enrollment and Demographics:

High School enrollment, for ninth through twelfth grades, was 4,151 as of September 30, 2020. Next year, enrollment is projected to increase by 5.8 percent to a total of 4,392. Alexandria City H.S. has experienced steady growth in enrollment over the past few years, as displayed in the chart below.

With the increasing enrollment, number of students with additional needs continues to

grow as well. Significant numbers of English learner (EL) students attend ACPS schools, as displayed in the chart below.

In total, the number of EL students at the high school level is projected to increase slightly to a total of 1,061 students. Additional information describing the EL program is located within the Information and Department sections of the budget book.

# High School

The trends of numbers of students requiring special education (SPED) services are shown by campus in the table above.

The number of students receiving special education services at the high school level is projected to increase by 4.9 percent, to a total of 450. For more information on specialized instruction, please refer to the Information and Department sections of the budget book.

Many of the students at Alexandria City H.S. come from families that are economically disadvantaged; this is reflected in the number of students qualifying for free and reduced-price meals, shown in the table below.

Assuming that the proportion of students qualifying for free and reduced-price meals stays constant, the FY 2022 projected number of students meeting this criteria will increase to 2,249 students.

## **Staffing:**

Staffing at high school will decrease 1.00 FTE to 428.63 FTEs.

## **Specialized Instruction:**

The allocation of special education staffing is determined by two factors: disability category and level of service. Beginning in FY 2017, to further support inclusion and co-teaching across content areas, the staffing formula was revised by adjusting the service intensity point values which determine staff ratios. For FY 2022, special education staffing levels will remain unchanged at 59.00 FTEs. Special education Instructional Support I and III positions are a central pool in the School-wide resources section. Speech language pathologist (SLP) positions are housed in a central pool in the Specialized Instruction Department. Positions will be allocated from these two pools based on the needs of individual students.

## **English Learners:**

An International Academy (IA) was created in 2011 to support and empower English learners with content mastery and language proficiency through rigorous, experiential, and project-based curricula for college and workforce readiness and to prepare them to become both contributing members of our community and conscientious global citizens of the future.

Staffing for the IA at the King Street campus provides each of six cohorts with core content teachers and EL support teachers. In addition, both campuses are allocated additional EL teacher FTE to provide services to students who do not participate in the International Academy.

## **Other Staffing Changes:**

Secondary core and elective classes are staffed based on class enrollment. As a

result of staffing adjustments associated with the leadership reorganization, increased enrollment, and major changes in staff scheduling.

## **Compensation and Benefits:**

Compensation and benefits for Alexandria City H.S. high school will increase by \$1.36 million and benefits are projected to increase by \$XX million. As noted in the Financials section of the budget book, the FY 2022 budget includes a STEP increase and a market rate adjustment (MRA) for all eligible employees.

The division-wide cost of employee benefits is projected to increase. Further information about these changes can be found in the Salary and Employee Benefits pages of the Financials section.

## **School Base Allocations:**

To determine a school's base allocation, the projected enrollment, ninth to twelfth grade, is then multiplied by the per pupil rate of \$195. This allocation is expected to fund the items necessary for school operations, including instructional and paper supplies, postage, and staff development.

## **Extended Learning:**

Each school will receive an extended learning allocation to supplement classroom instruction. Each principal has the ability to create a unique program to support his or her students.

For FY2022, the Alexandria City H.S. allocation will be \$40,000. The allocation will provide student support through tutoring services. Individual school allocations can be found on the extended learning table found in the Information section of this document.

## **Summer Learning:**

Alexandria City H.S. hosts a summer learning

# High School

program for credit recovery and new courses. Funding totals \$0.277 million and is found in the Alexandria City H.S. King Street Campus budget.

## Stipends:

Each school receives funds for stipends which are provided for duties performed outside the scope of the regular work day and in addition to regular duties. Grade and department level and student activity stipends are considered standard school stipends. Alexandria City H.S. will receive 36 grade department/team leader level stipends, which the principal assigns at his discretion to support the instructional programs. The student activity stipends are funded to support programs that are lead by staff with the students, such as safety patrol or a school newspaper. Alexandria City H.S. will receive 65 student activity stipends. These stipends are shared across both campuses.

Finally, certain departments fund stipends for program-specific activities. For Alexandria City H.S. this includes special education and mentor stipends, as well as a test coordinator stipend for the Alexandria City H.S. Minnie Howard Campus. Mentor stipends vary in amount dependent on whether the mentee is a novice or has teaching experience. The Department of Accountability provides stipends to the staff members who administer standardized testing programs.

More information is available in the stipend section in the Information section of this document.

## Substitutes:

Substitute pay is defined as compensation for non-contract part-time employees who perform the work of regular full or part-time employees who are absent. Beginning in FY 2017, a new methodology was created for allocating the substitute compensation funding. Each school will be allocated professional development days based on a formula of two days per licensed

staff member. These days are calculated at the short-term rate of \$157 per day. These days can be used at the principal's discretion to provide staff development.

The remaining substitute funding is located in the Division-Wide Human Resources budget. These funds will be used when professional staff is out on leave, such as sick leave.

## Exemplary Programs:

Exemplary programs continue to be supported at the secondary school. For FY 2022, the schools have chosen the following exemplary programs:

- Alexandria City H.S. King Street Campus: Advancement Via Individual Determination (AVID); Advanced Placement; Dual Enrollment; Science, Technology, Engineering, & Math;
- Alexandria City H.S. Minnie Howard Campus: Advancement Via Individual Determination (AVID), Science, Technology, Engineering and Mathematics (STEM), and Advancement Placement.

Descriptions for each of the programs are shown are found on subsequent pages under the High School section of this document.

## Staffing Reports:

The staffing reports are shown by program, position title, and funding source and can be found on the individual school pages in this section of the budget book. The staffing for the FY 2018, FY 2019, FY 2020, FY 2021 Final and the FY 2022 Final Budget are shown along with the variance from FY 2021 to FY 2022. Major changes to staffing levels are described earlier in this section.

## Budget Reports:

The tables on the individual school pages show the budget summary by program group by character, or major expenditure category. The

# High School

---

reports show four years of actual expenditures, the FY 2021 Final Budget and FY 2022 Proposed Budget and the variance from FY 2021 to FY 2022.

The budget reports includes six character categories as explained below.

- **Salaries:** All compensation for the direct labor of persons in the employment of the local government. This includes regular, intermittent, supplement and overtime pay.
- **Benefits:** Job related benefits provided to employees as part of their total compensation such as FICA, Medicare, VRS and hospital/medical plans.
- **Purchased Services:** Payment for services from outside sources such as staff development and professional services.
- **Internal Services:** Charges from one department of ACPS to another for items such as field trips and printing.
- **Other Charges:** Payments for other services such as travel, lease and rental and dues/association memberships.
- **Materials and Supplies:** Includes articles and commodities that are consumed or materially altered when used and minor equipment that is not capitalized such as instructional, office and paper supplies, textbooks, software/online charges and other technology equipment.

The changes in the school budgets include school allocation and staffing changes based on enrollment, other non-formula staffing changes, and the reallocation of substitute funding.

## Performance Report:

The performance report shows the progress of schools in raising achievement and improving learning. The US Department of Education established the Annual Measurable Objectives (AMO) for reducing proficient gaps between low-performing and high-performing schools. In December, 2015, the *Elementary and Secondary Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind*

*Act of 2001* (NCLB) with the *Every Student Succeeds Act* (ESSA). The AMO target will not be a requirement for the current year as Virginia transitions to implement requirements within ESSA beginning in school year 2017-2018.

The report includes the targeted AYP and AMO pass percentages, if the school has met the AMO target, the accreditation status and SOL pass percentages for Reading and Mathematics.

## School Improvement Plans:

School Improvement Plans are required by ACPS to be submitted by each school. For each school, there is a SMART (Specific, Measurable, Aggressive and Achievable, Results-Driven, Time-Bound) goal in the areas of math, reading, science, and the teaching, empowering, leading and learning (TELL) survey. Following the SMART goal is the school goal. The final column is the link to the *ACPS 2025: Equity for All*.

The Department Improvement Plans and School Improvement Plans are currently being revised and updated according to the new ACPS Strategic Plan, *ACPS 2025: Equity for All*. The School's individual Student Improvement Plans can be found in the supporting documents package on the Budget webpage <https://www.acps.k12.va.us/budget>.

## Alexandria City High School

Alexandria City High School is committed to the effective and efficient utilization of funding and resources to meet the goals and objectives of our school and the division. Through the execution of our school improvement plans, we prepare students with the requisite skills necessary to compete and succeed in the global marketplace by providing a rigorous and challenging academic curriculum; a diverse selection of extracurricular opportunities and experiences; access to the most current technologies; College and Career preparatory and transition programs; and a spectrum of services focusing on individualized care, goal setting, and planning. Alexandria City High School is fully accredited and comprises three school campuses: King Street, Minnie Howard, and Satellite, with a total of more than 4,100 students in grades 9-12. Alexandria City High School is committed to its overarching school improvement goal of increasing levels of student engagement that will result in gains in academics, attendance, conduct, and school involvement. The commitment

# High School

---

to student engagement is evident through staff professional learning and coaching models, which will then positively impact graduation and completion index rates. Alexandria City High School enjoys many partnerships that benefit our student population, including DASH Transit and local colleges and universities, such as Northern Virginia Community College and George Washington University. All students are able to choose from a number of extracurricular activities and athletics. Our many sports teams, athletic clubs, and afterschool clubs offer students many opportunities for participation.

The Alexandria City H.S. King Street Campus is a fully comprehensive high school with thriving Career and Technical Education offerings, Advanced Placement (AP) and Dual Enrollment offerings, and a wide array of electives. The student body is divided into academies, each including an administrator, school counselors, and social worker supports. The King Street Campus is also home to the International Academy, which supports students who are new immigrants to the country. The International Academy is fully supported by administrators, school counselors, and social workers. The International Academy partners with the Internationals Network of Public Schools, which provides staff with high levels of training for this population around language acquisition and social/emotional support. Students at Alexandria City High School also have opportunities to take online course offerings under the guidance and support of an online learning mentor.

The Alexandria City H.S. Minnie Howard Campus currently houses ninth grade students. Students are divided into teams that have the necessary support from teachers, administrators, school counselors, and social workers. Minnie Howard's smaller setting and robust teaming assist students in managing the crucial transition year from middle school to high school. Ninth grade students are able to take AP courses and the beginning courses of the STEM Academy. In addition, students at the Minnie Howard Campus have the flexibility to take electives or more advanced offerings at the King Street Campus and are transported by bus throughout the day. Students have the option to begin coursework in the GW Health Sciences field while at Minnie Howard.

The Alexandria City H.S. Satellite Campus is designed to offer a flexible schedule for students within a non-traditional school setting. Students apply for admission to Satellite and may do so for a variety of reasons, such as having an aspiration to graduate early, a need to recover credit, a desire for a smaller setting, student health conditions that require flexible scheduling options, a competitive athletic schedule that also requires instructional flexibility, or a responsibility for helping to support their family that may conflict with traditional school schedules. Many Satellite students are considered "hybrid", and attend one to two classes at Alexandria City King Street Campus and Alexandria City Satellite campus simultaneously. Satellite provides every student with an academic adviser who monitors the student's academic progress, supports their academic development, takes daily attendance, and engages their advisory caseload in a variety of team and relationship building activities that encourage student success. Additionally, Satellite offers socioemotional supports for students, and student groups, as well as opportunities for hands-on, experiential learning activities such as blended learning sessions, field trips to museums, colleges, universities, historical landmarks, and Alexandria sustainability facilities (these activities are conducted virtually during Virtual Plus+ schedule), immersive science labs, a Satellite student government, and student-led extracurricular activities. Courses are offered online and supplemented on site with face-to-face instruction. This blend of online and face-to-face instruction is termed as "blended learning." Current Alexandria City students in grades 9-12 may apply via their school counselors for admission to Satellite.

## Exemplary Programs

Advancement Via Individual Determination (AVID) is a system to prepare students in the academic middle for four-year college eligibility. It has a proven track record in bringing out the best in students and in closing the access, opportunity, and achievement gap with students. The program at Alexandria City King Street Campus is supported by 2.00 FTE AVID teachers. The program at Alexandria City Minnie Howard Campus is supported by 1.00 FTE AVID teacher.

The STEM Academy is a small learning community that was developed to reach students who have a deep interest in STEM topics. The mission is to create a student-centered, inquiry-based environment that is both challenging and supportive so that students are excited to come to school and can become successful life-long learners. The Alexandria City King Street and Minnie Howard Campuses support this program. Non-compensation support totals \$0.039 million for instructional supplies, public carriers, and course and event fees.

The Governor's Health Sciences Academy at Alexandria City High School is a school-within-a-school. The academy has been designed through a collaborative effort between ACPS and The George Washington University. Through this collaboration, students have the ability to receive up to 18 college credits from The GW School of Medicine and Health Sciences. Students also have the opportunity to start a career pathway that leads to an associates and/or bachelor's degree and career-related industry certifications. Students who successfully complete an academy pathway are offered guaranteed admissions to the GW School of Medicine and Health Sciences.

The Academy of Finance (AOF) is part of the Business & Information Technology program. It prepares students for post-secondary education and careers through academic learning within a theme-based curriculum centered around the financial services industry. AOF courses include AOF Introduction to Financial Services, AOF Economics and Personal Finance, and AOF Introduction to Business & International Finance (dual enrollment). On completion, students will receive a National Academy Foundation Certificate of Financial Studies. Alexandria City is one of only two high schools in Virginia that offers this program.

\*Schools must develop a multi-year plan for continuous improvement.

Accreditation statuses are based on the Standards of Learning (SOL) tests administered during the previous school year.

In FY 2016, the *Elementary and Secondary Education Act of 1965* (ESEA) was reauthorized, replacing the *No Child Left Behind Act* (NCLB) with the *Every Student Succeeds Act* (ESSA). In SY 2018-2019, school accreditation ratings reflect a new approach to accountability. Detailed Standards of Accreditation (SOA) indicators are available on the Virginia Department of Education (VDOE) website.

School Quality Indicators:

Level 1 = Meets or exceeds state standard or sufficient improvement

Level 2 = Near state standard or sufficient improvement

Level 3 = Below state standard

Too Small = Too few students in school or group to evaluate

### Alternative Programs Overview:

ACPS has three alternative education programs consisting of the Northern Virginia Juvenile Detention Center School (NVJDCS), the Chance for Change (CFC) Academy, and Sheltercare Program.

CFC reports to the Department of Student Services and Equity. CFC is located at 216 Peyton Street. The program receives student enrollments through the Department of Student Services, Alternative Programs, and Equity as well as through student, parent, and school counselor referrals.

The NVJDCS and Sheltercare Programs are located on S. Whiting St. and receive placements through the Alexandria City court system. In addition, ACPS provides funding for limited placement at the Fairfax County Bryant Center.

In FY 2022, these Alternative education programs have prepared their budgets using the modified zero-based budgeting (MZBB) methodology.

### Staffing:

Staffing for the Chance for Change Academy will remain the same at 16.20 FTEs in FY 2022. Additionally, there is 1.00 FTE Shelter Care teacher that supports Alternative programs.

### Specialized Instruction:

The allocation of special education staffing is determined by two factors: disability category and level of service. Beginning in FY 2017, to further support inclusion and co-teaching across content areas, the staffing formula was revised by adjusting the service intensity point values which determine staff ratios. In FY 2022, Chance for Change Academy will continue to receive 1.00 FTE special education teacher, which is unchanged from FY 2021.

### English Learners:

A 1.00 FTE EL teacher will continue to be shared between the Alexandria City High School Satellite program and the Chance for Change Academy.

## **Compensation and Benefits:**

as mentioned earlier in this section. Associated benefits will also see an overall increase.

Operating-funded compensation and benefits for FY 2022 are projected to be \$2.0 million. This is \$0.08 million more over FY 2021.

As noted in the Financials section of this budget book, the FY 2022 budget includes a step increase for eligible employees.

Further information about these changes can be found in the Salary and Employee Benefits pages of the Financials section.

## **Grant Support of Alternative Schools:**

The NVJDCS will receive funding through the VDOE State Operating Programs to staff a total of 11.00 FTE.

## **Staffing Reports:**

The staffing reports are shown by program, position title, and funding source. The staffing for the FY 2019 Actual, FY 2020 Actual, FY 2021 Final, and FY 2022 Final budgets are shown, with the variance from FY 2021 to FY 2022 displayed in the Final column. Major changes to staffing levels is described earlier in the section.

These reports are found on the individual alternative programs pages in this section of the budget book.

## **Budget Reports:**

The tables on the individual school pages show the budget summary by program group, character, or major expenditure category. The reports show three years of actual expenditures, the FY 2021 Final and FY 2022 Final budgets, and the variance from FY 2021 to FY 2022.

The salaries account will see an increase in budget as a result of changes in compensation,

The Northern Virginia Juvenile Detention Center School (NVJDCS) is a regional, state-operated program whose local educational agency is ACPS. NVJDCS provides full-day educational services for school-aged students who are residing at the detention center. The school is a secure facility with a capacity for 70 students who are of pre- and post-judicial disposition. NVJDCS' students are enrolled for short periods of time, ranging from one day up to 180 days for students in the post-disposition program. The school receives funding for school staff and instructional needs from the Virginia Department of Education State Operating Programs.

The Chance for Change Academy serves as an alternative school program for students in grades 6-12 who have violated the student code of conduct, are transitioning from a medical or disciplinary placement, or students have the opportunity to attend CFC through an application process. This program is designed to equip students with tools to enhance their academic progress and address behavioral challenges with which they are dealing at school. Each student who participates in this program is supported by a team of dedicated teachers and the student support team, in addition to having access to organizations that offer assistance in mental health, wellness, and academics.

### Responsibilities:

The School-Wide resources budget is comprised entirely of contract salaries and benefits. The positions in this section will remain in this budget but be deployed to schools as needed, e.g. special education paraprofessional I positions.

### Budget Summary

The School-Wide Resources Office budget includes funding for 43.00 FTE Special Education positions, comprised of 31.00 FTE Instructional Assistant I positions, 1.00 FTE Instructional Assistant III, 7.00 FTE Instructional Assistant IV positions, 2.00 FTE Instructional Assistant II - ECSE positions; 2.00 SPED Teacher - ECSE positions. Staffing these positions in this department allows flexibility for the Paraprofessionals to transfer with the student instead of being allocated to a specific school site.

The budget totals \$2.39 million, an increase of \$0.56 million, and is comprised entirely of salary and benefits.

### Department: Overview

This section of the book provides detailed information about ACPS departments including a list of responsibilities, budget summary narratives and detailed staffing and budget reports for each department or office.

Central office departments prepared department goals and strategies in support of meeting division objectives. Department's individual Department Improvement Plans (DIP) can be found in the supporting documents package on the Budget web page <https://www.acps.k12.va.us/budget>.

The FY 2022 Budget includes an increase in salaries and benefits driven primarily by enrollment related staffing, compensation improvements for current ACPS staff, and increases in both retirement and health insurance premiums.

Employee benefits are increased this year as expected each year to include changes to the Kaiser and United Healthcare participation while VRS rates will also see a slight increase from FY 2021 levels.

Further information about these changes can be found in the Salary and Employee Benefits pages of the Financials section.

The Departments will also reflect an organizational restructuring whereby a new Chief of Staff position will provide greater support to the Superintendent as well as streamline the reporting structure. An additional position, Chief of School and Community Relations, was also created to provide for increased collaboration amongst the Offices of Communications and of School, Business, Community Partnerships.

The Office of School, Business and Community Partnerships was established in FY 2017 to support ACPS partners, Family and Community Engagement (FACE), Business Advisory Council (BAC), grants development, volunteer services and community-funded facilities projects. As part of the FY 2022 organization structural change, the office of School, Business, and Community Partnerships was re-titled to Community Partnerships and Engagement. Tables and narrative may not reflect this new title change. Additionally, the Department of School and Community Relations will oversee the Office of Community Partnerships and Engagement.

The Department of Accountability & Research supports evaluation and research, technical support, data analysis and reporting and test administration.

The FY 2022 budget continues to focus on student achievement and targeted intervention. The Department of Teaching, Learning and Leadership includes funding for professional development for staff, an expanded Teacher Mentor Program, instructional supplies for students, and continued support of the Advancement Via Individual Determination (AVID) program. The Teaching, Learning and Leadership budget will see a change in the FY 2022 Budget attributed to efforts to continue replacing, replenishing, and bringing current all textbooks on a seven year cycle, as this was shifted to the Capital Improvement Program budget.

Funding within the Office of EL will support student registration and assessment, professional development (Project GLAD training) and textbook adoption for elementary dual language.

The office of AVID/College Readiness will

receive funding to continue support of the existing AVID program at Cora Kelly, as well as expand the program to Patrick Henry. This includes membership dues, stipend, transportation and travel costs.

The Technology Services Department will receive funding to renew and maintain annual licenses for instructional and operational software and subscriptions due to the projected increase in enrollment and content agreement.

The Department of Student Services and Equity supports the Alternative Educational Programs, school counseling services, cultural competency, school health services, Family Education Rights and Privacy Act (FERPA), school psychologist services, homelessness, school social work services, home schooling, student hearings, title IX compliance and residency verification. Funding will provide for two additional staff employees and staff development in cultural competency, a increase in intermittent pay for homebound instructional services, updated software and travel cost to attend the ASCA National Conference for staff.

The Facilities and Operations Department, formerly Support Operations, underwent a staffing and structural reorganization in FY 2021. The Facilities and Operations Department will require increased financial support in FY 2022. The incremental resource needs are largely to do with salary scale adjustment for transportation staff, rising costs of building leases, additional costs of sanitization/cleaning services; increasing insurance costs, HVAC service contracts as well as continuing efforts to improving ACPS service delivery and to address audit/study recommendations.

## Responsibilities

The ACPS School Board directs and supports all aspects of the operational elements of the school system in accordance with the goals and objectives of the ACPS strategic plan. The School Board's budget reflects its role as the governing body of the school division. The School Board:

- Ensures policies, regulations, recommendations, budgets and decisions consider that every student succeeds in ACPS.
- Ensures requisite consideration and incorporation of community views in the vision and mission statements of the school division.
- Provides opportunities for public access, review, comment, and input.
- Ensures application of accountability measures and provides a mechanism to receive performance reviews of the school division.
- Provides input, finalizes, and approves the budgets that are presented to the community and City Council.
- Advocates for all educational legislative issues at the local, state, and federal level that would directly affect the school division.
- Ensures public school operations are conducted in an efficient manner and in accordance with established law and Division policies.
- Creates, updates, and ensures the enforcement of school division policies, bylaws, and regulations including those that pertain to Board governance, the management of official Division business, and for the supervision of schools.
- Ensures proper care, management, operation, and control of all school division properties including school facilities, Division headquarters, garages, and warehouses.
- Adjusts school boundaries and pupil assignment policies as required to ensure efficient and equitable operation of the school division.
- Provides input and approves the program of studies annually, consistent with state statutes and regulations.

# School Board

- Approves the yearly school division calendar including identifying the number of school days, holidays, etc., consistent with state statutes and regulations.
- Performs such other duties as prescribed by the Virginia Department of Education (VDOE) or imposed by law.

Positions will remain flat at 3.00 FTE positions. The budget increase is due to salary and benefit adjustments. Other non-labor expenditures such as purchased services, materials and supplies and other charges will remain unchanged from FY 2021.

## Budget Summary

The School Board budget funds all of the School Board's efforts, with a focus on community outreach and engagement for FY 2022. The FY 2022 School Board Services budget totals \$1.25 million, a slight increase from FY 2021.

### Responsibilities

Through building broad based partnerships, the Office of Community Partnerships and Engagement will support the School and Community Relationship Department in the strengthening of the education and equal opportunities for all students. Established in FY 2017, the Office of Community Partnerships and Engagement helps build the school division's capacity to respond and coordinate partnerships, collaborate with parents and guardians to provide meaningful opportunities, inspire civic engagement and encourage life long learners.

The office supports the division in alignment of the ACPS 2025 Strategic Plan as referenced below:

#### Systematic Alignment

- Create a culture in which Division operations department works collaboratively and engages families to support the education delivered to students.

#### Instructional Excellence

- Ensure a guaranteed and viable curriculum is delivered to all students.

### Student Accessibility and Support

- Engage students and families in identifying needed supports and services and offering them in schools while monitoring utilization of existing and new resources.
- Improve students' and families' experiences during key transitions in their educational journey.
- Expand families' access to pre-K programs.
- Improve impact of out-of-school learning opportunities.

### Strategic Resource Allocation

- Allocate resources to the highest need schools and programs in a transparent way.

### Family and Community Engagement

- Engage families — with a particular focus on immigrants and families of color — in their children's education and in school and Division decision making.
- Work with city and nonprofit partners to address the health, social service and academic needs of students and their families.
- Increase the effectiveness and diversity of community volunteers supporting schools.
- Engage business partners to expand opportunities for students.

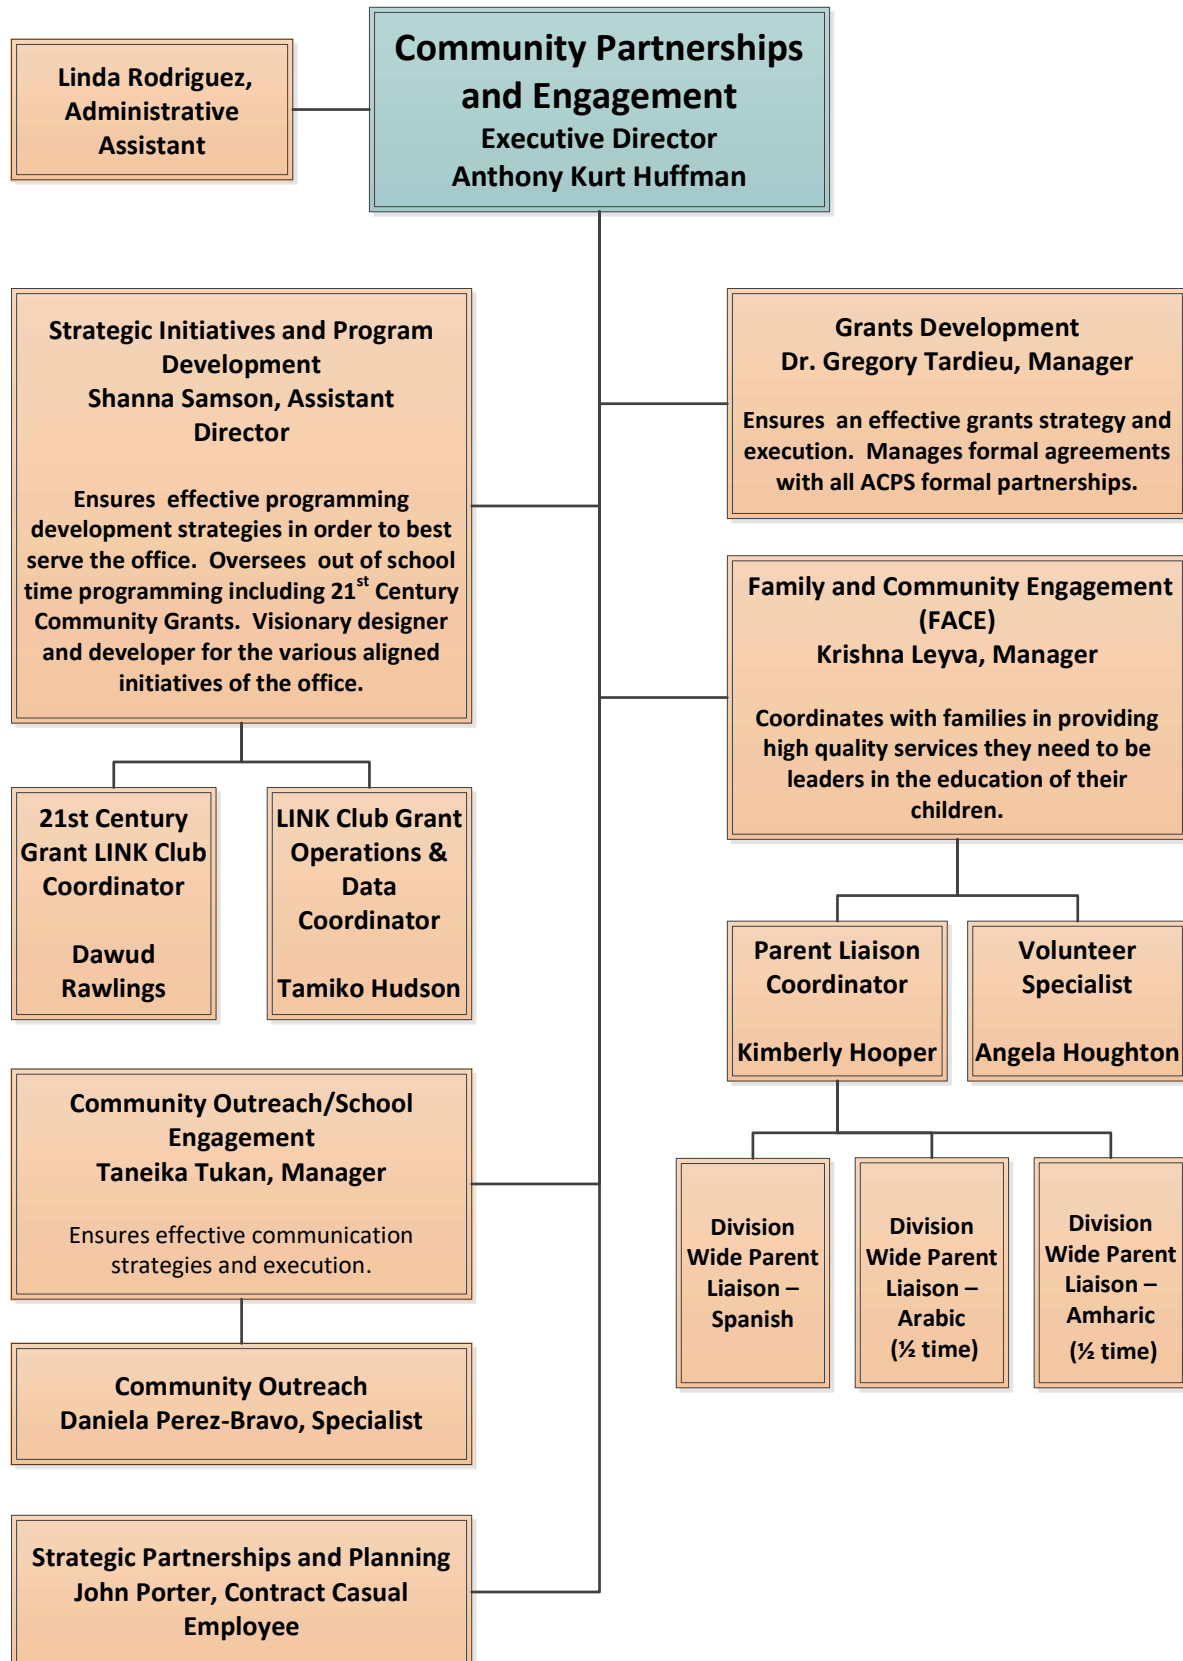

# Community Partnerships and Engagement

---

## **The Office:**

- Engages families in meaningful opportunities designed to support children's academic success and healthy social/emotional development.
- Connects ACPS families to tools, information and services that support educational achievement and overall quality of life.
- Helps eliminate barriers to family engagement for ACPS families who are low-income, limited English proficient and/or historically-disenfranchised families.
- Offers family and community activities/events within targeted high-need communities to enhance equity in the delivery of engagement opportunities.
- Connects ACPS parent/guardians with meaningful opportunities to volunteer within schools.
- Engages community organizations and businesses in volunteer opportunities.
- Builds the capacity of ACPS schools to develop two-way trusting relationships with families and implement effective family engagement activities to improve student academic achievement.
- Engages capacity of ACPS staff, schools and departments through in-kind partnership agreements and donations with community members and partners.
- Expands capacity of ACPS staff, schools and departments through resources provided by outside funders.
- Build and maintain positive relationships with stakeholders and partner organizations to foster a sense of community ownership in our schools.
- Investigate, develop and implement systems designed to increase external organizations' support of ACPS.
- Expand and enhance capacity to support the academic, social, physical, creative and emotional needs of students during afterschool hours.
- Coordinate effective outreach strategies designed to increase communication with our hardest to reach families.
- Enhance digital/web presence to increase community access to important information and resources.
- Provides opportunities for ACPS families and community members to provide feedback on issues of importance.

### Responsibilities

The Office of Communications seeks to enhance the image of the school division through developing and implementing targeted strategies to communicate and engage effectively with internal and external stakeholders including staff, parents, students, and the community.

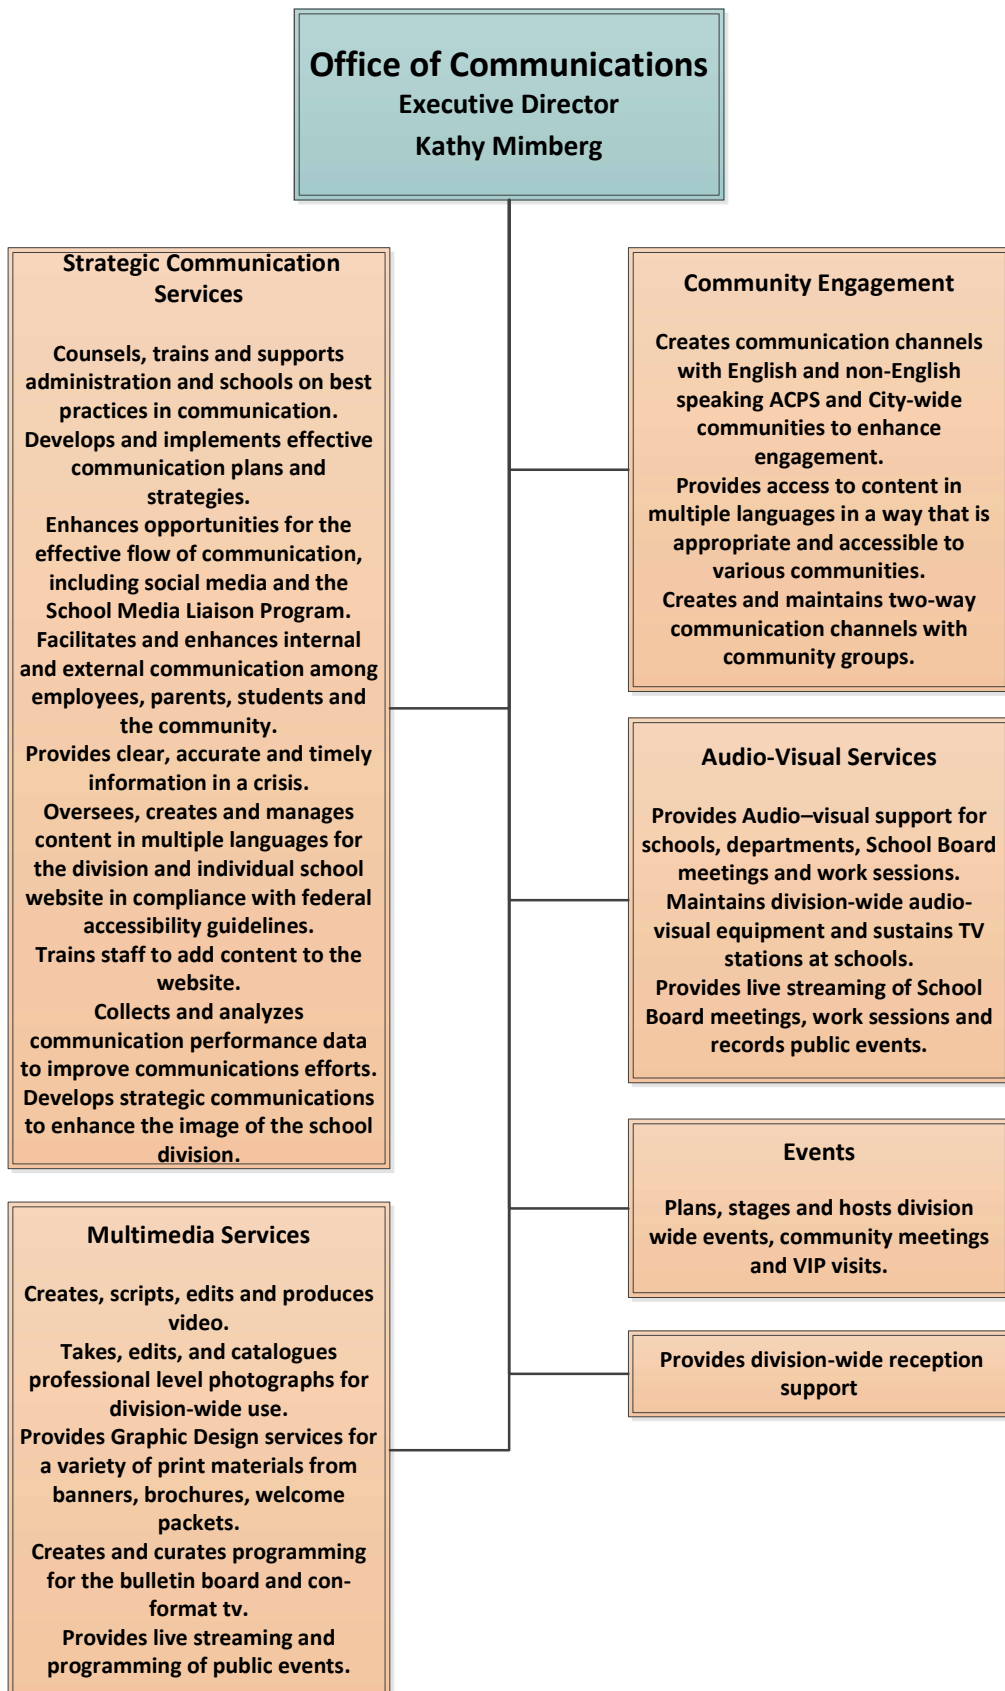

The Office of Communications will:

- Provide counsel, training, and support to administration and schools on best practices in communications and assist in implementing those practices;
- Develop and implement effective communications plans and strategies to support student achievement and community and family engagement;
- Provide clear, accurate, and timely information in a crisis;
- Facilitate and enhance internal and external communication among employees, parents, students, and the community;
- Identify, create, and enhance opportunities for the effective flow of communications among school, home, and community as well as between the administration

and schools, thereby increasing trust and confidence in ACPS among all stakeholders;

- Provide audio/visual support to schools, departments and School Board meetings and work sessions, as well as live streaming these meetings;
- Create communication channels with English speaking and non-English speaking ACPS and City communities to enhance ACPS' engagement with the community;
- Effectively plan, stage, and host division-wide events, facilities community meetings, and VIP visits.
- Oversee, create, and manage content in multiple languages for the division website and individual school websites in compliance with Federal Accessibility Guidelines.

### **Responsibilities**

The vision statement of Accountability and Research is: “Anyone can measure the rain; we build arks.”

The mission of Accountability and Research in ACPS is to provide decision-makers with valid, reliable, and timely data to enhance the quality of education offered to students.

The Department of Accountability and Research leads the division strategic planning efforts, program evaluations and surveys, division standardized assessments administration, data analysis and reporting, organizational continuous improvement efforts, and external research review and approval processes.

The Department of Accountability and Research leads the creation, implementation, monitoring, and refinement processes of the ACPS strategic plan. This includes leading and facilitating groups of internal and external stakeholders across all phases of the division’s strategic plan ensuring appropriate organizational alignment, prioritization, and monitoring. The department works collaboratively with internal stakeholders to

identify, collect, analyze, publicly report, and make necessary improvements from key data indicators throughout the implementation of the strategic plan.

The department also manages all aspects of a wide-ranging assessment system. The department implements the division’s standardized testing program and reports on students’ results for a variety of tests. The Virginia Department of Education requires some of the tests; others are required by ACPS; and others, such as the SAT or Advanced Placement (AP), are selected by students. Typically, these tests are administered to all students at a specific grade level, through course enrollment, or to a certain subgroup (e.g., EL).

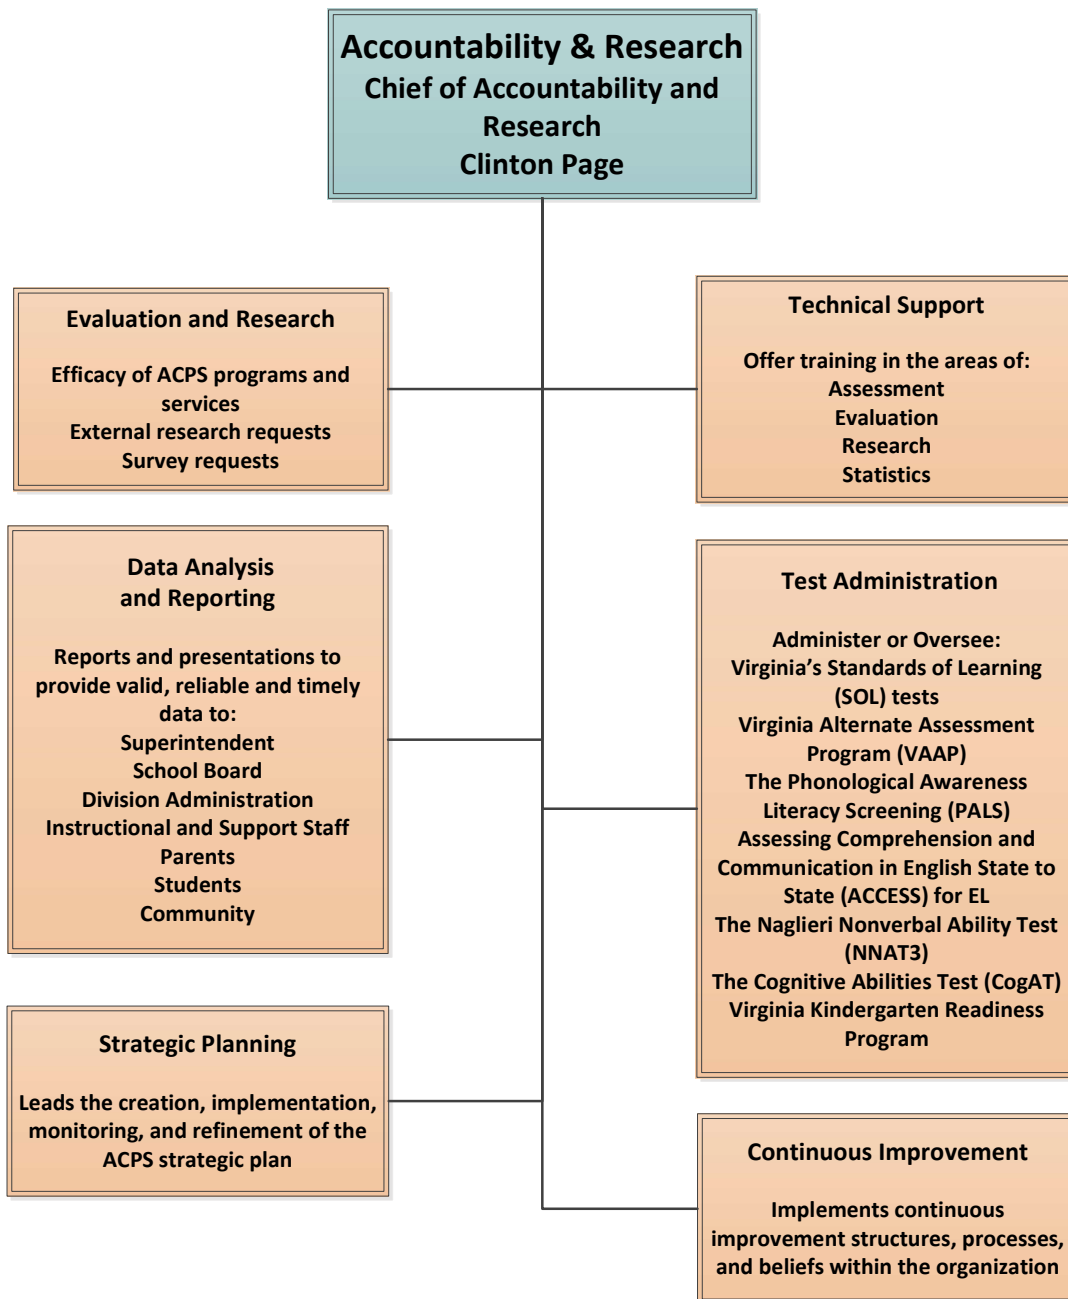

Tests administered or overseen by the Department of Accountability include:

- Virginia’s Standards of Learning (SOL) tests (six main administrations and six expedited administrations per year)
- Virginia Alternate Assessment Program (VAAP)
- The Phonological Awareness Literacy Screening (PALS) (two to three times each year)
- Assessing Comprehension and

Communication in English State to State (ACCESS) for EL

- The Naglieri Nonverbal Ability Test (NNAT3)
- The Cognitive Abilities Test (CogAT)
- Virginia Kindergarten Readiness Program

The Department of Accountability and Research coordinates or produces a wide array of reports and presentations to provide decision-makers with valid, reliable, and timely data to enhance the quality of education offered to students. The department provides these services to a wide array of stakeholders including the Superintendent, School Board, senior leadership, school administration, instructional staff, support staff, parents, students, and community members.

Along with analyzing and reporting test and survey data, the department evaluates the efficacy of various programs and services offered by the school division. The department engages in monitoring and evaluation activities to drive decisions that encourage the use of best practices. Programs are evaluated at the request of the Superintendent, School Board and ACPS departments.

The department works collaboratively with other Central Office departments on implementing continuous improvement structures, processes, and beliefs within the organization. This includes the school and department improvement planning processes as well as individual improvement efforts identified throughout the division.

Additionally, all external research requests and all survey requests that include ACPS schools, students, or staff, are reviewed by the department for practicality and methodology.

Tertiary responsibilities include providing ACPS staff and departments with training and/or other educative utilities related to the department's specialized expertise in assessment, research, statistics, and evaluation.

## Budget Summary

As part of the FY 2021 organization structural change, the Department has been retitled from Accountability to Accountability and Research. The Department of Accountability and Research budget supports the testing administration program, division-wide program evaluations, and data analysis and reporting. The FY 2022 Final Budget totals \$1.32 million, a slight increase compared to the prior fiscal year. Positions remain unchanged at 6.00 FTEs.

The purchased services category will continue to be budgeted at \$0.22 million to fund testing and evaluation, printing and binding, professional temp, software maintenance, and other professional services.

## **Department Overview**

The Chief of Teaching, Learning, and Leadership (TLL) leads this department, which supports the implementation of high-quality instructional programs. These include student access to an engaging and rigorous curriculum, exemplary and effective teaching, highly effective instructional leaders, ongoing professional development, and academic

enhancement and intervention programs. The TLL provides leadership to the following offices: English Learner (EL) Services; Instructional Support; School Improvement; School Leadership; and Specialized Instruction.

The staff is organized in a manner to support the division in achieving the ACPS 2025 Strategic Plan: Equity for All. More specifically, the department is committed to working

---

collaboratively and providing services as well as supports to ensure the empowerment of all students to thrive in a diverse and ever-changing world. At the core of the department's work is a commitment to removing barriers that prevent all students from achieving their goals and aspirations. The department's collective commitment is to align programs, initiatives, strategies, systems, and resources so that staff and students thrive and achieve at high levels.

The priority work in the department does not occur in a silo. We will continue to work with departments within the school division to achieve the five ACPS 2025 Strategic Plan goals: systemic alignment, instructional excellence, student accessibility and support, strategic resource allocation, and family and community engagement. As the division builds a culture of continuous improvement and designs equitable systems for school and instructional improvement, the department is integral to the successful implementation of key measures, strategies, and actions associated with each of the strategic plans.

The department supports all aspects of teaching and learning in one early childhood center, twelve elementary schools, one K-8 school, one PreK-8 International Baccalaureate (IB) school, two middle schools, and one high school (located on multiple campuses). The department works collaboratively with principals, assistant principals, teachers, paraprofessionals, and others to create exemplary educational experiences for all our students. Ultimately, the department's primary goal is to keep equity at the core of our work and ensure that our students are engaged in classroom instruction and have the educational resources and opportunities to graduate ready for college, careers, and life.

## **Configuration of Offices Within the Department**

**The Office of English Learner (EL) Services** provides a variety of services to students and

families who have a primary language other than English. The Office of EL Services is responsible for registering students in families who have a primary language other than English, assessing students for English language proficiency to determine eligibility for program services, and evaluating transcripts from countries outside the United States. The Parent Coordinator in the Office of EL Services also provides orientation materials and connects families with community resources.

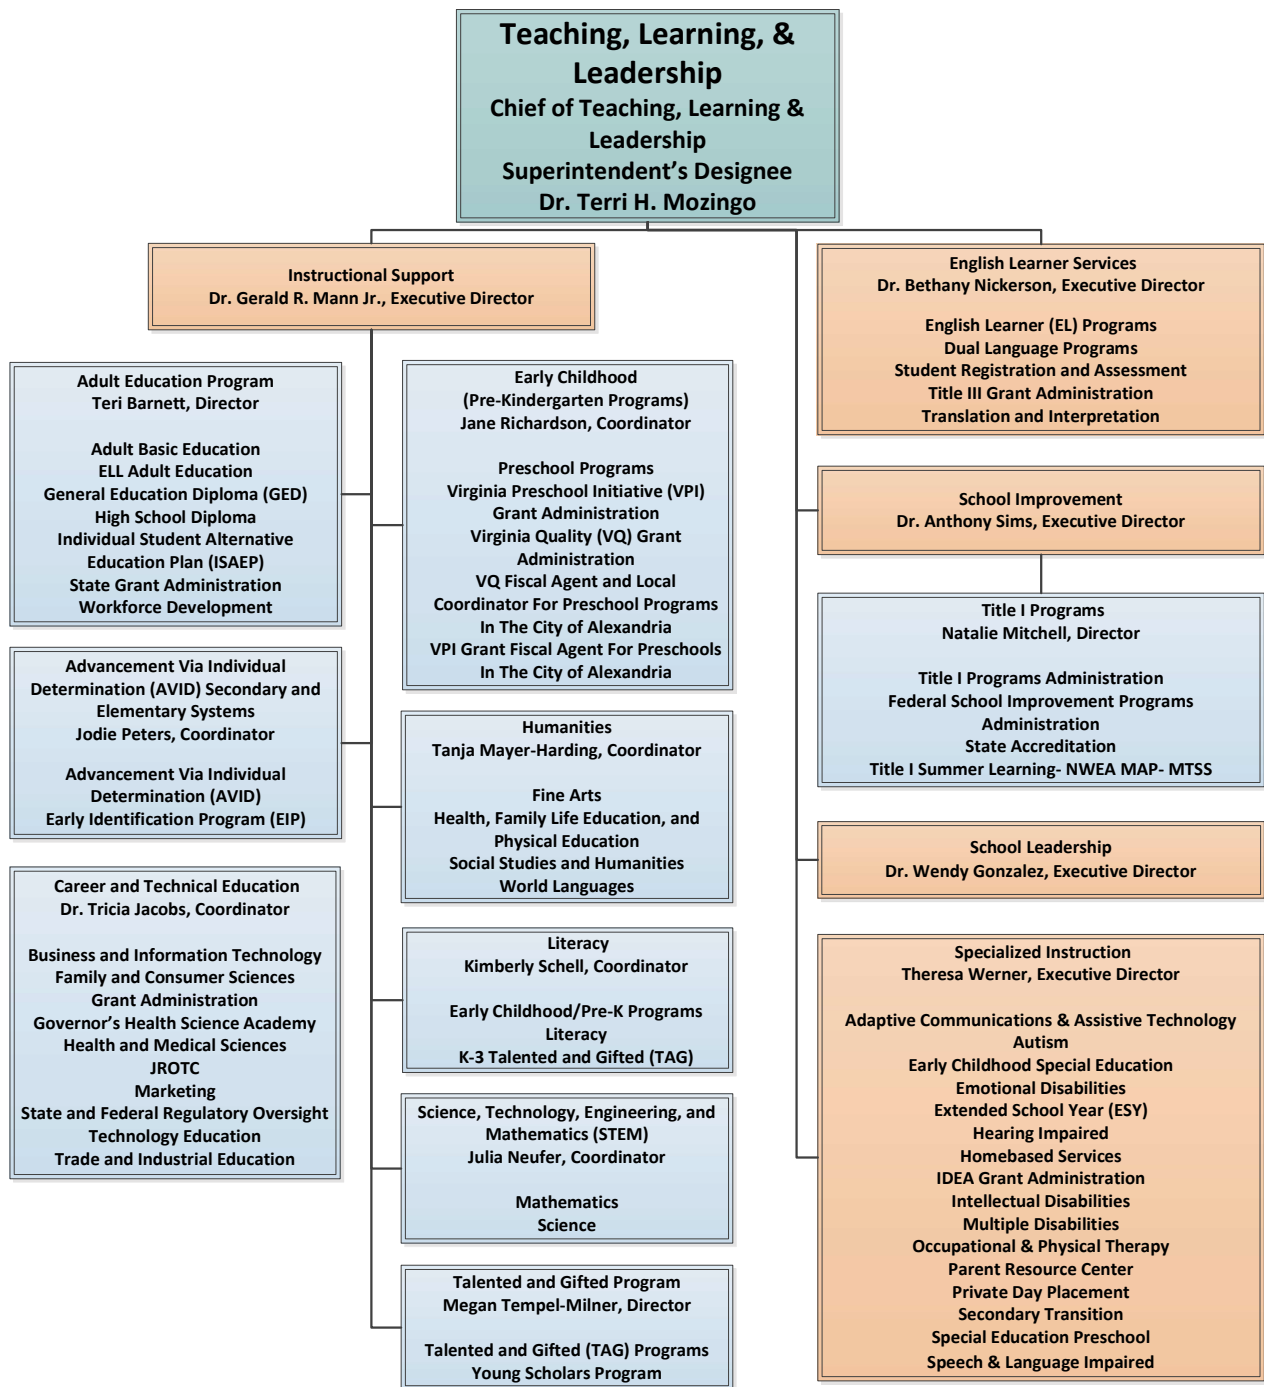

Additionally, this office provides guidance and support to schools to promote language acquisition and academic achievement for English Learners, ensures compliance with federal and state regulations for serving English Learners, supports the Dual Language Education Programs, and coordinates translation and interpretation services to enhance communication with families who have a primary language other than English. This office also integrates best practices and resources into the ACPS curriculum to address English Learners' needs.

**The Office of Instructional Support** focuses on ensuring a guaranteed and viable curriculum for all ACPS students, PreK-12. This office's responsibilities include all core and core subjects as well as career and college preparation programs and services. It also includes a fully articulated set of career and college-preparation programs and services for all ACPS learners, grades PreK-12. To ensure that our students are prepared for as many opportunities as possible while in school and beyond their completion of high school, this team supports the continued expansion of dual enrollment, opportunities for industry certifications, and avenues for students to earn an Associate's Degree while completing high school credits for an Advanced Studies Diploma. Specific offices and teams within this office include:

**The Office of Adult Education** manages the federal Adult Education and Family Literacy Act

(AEFLA) Grant, the following state grants to include the Race-to-GED Grant, the General Adult Education Grant (GAE) and the Individual Student Alternative Education Program (ISAEF) GED Grant. These grants support basic and literacy education programs for adults who need a high school diploma or are not proficient in English. This office also manages programs utilizing ACPS operating and grant funds that support the high school diploma program, the General Equivalency Diploma (GED), and English Language Learner (ELL) adult education and workforce development.

**The Advancement Via Individual Determination (AVID)** school-wide system, which includes the AVID Elementary and AVID Secondary Model, is a college-readiness system designed to advance the trajectory and long-term outcomes for all students. The AVID School-wide framework at both the elementary and secondary levels is intended to target and expand school-wide instruction and leadership capacity by creating a college-going culture that increases the number of students who enroll and succeed in courses of rigor and eventually higher education and are workplace ready upon graduation. Additionally, the AVID Secondary Model supports approximately 600 students who enroll in the AVID elective over a series of years who take part in advanced courses and receive proper support for academic success. Overall, AVID addresses college readiness, through rigorous course preparation, opportunity knowledge and student agency by advocating for students and breaking down barriers to higher education.

**The Office of Career and Technical Education (CTE)** manages and oversees the Carl Perkins Grant. This federal grant provides an increased focus on the academic achievement of career and technical education students, strengthens the connections between secondary and post-secondary education, and improves state and local accountability. This office also manages state grants supporting workplace development, equipment purchases,

certification testing, and oversees state and federal compliance of all Business, Marketing, Health and Medical Science, Junior Reserve Officers' Training Camp (JROTC), Family and Consumer Sciences, Technology Education, and Trade and Industrial Education Programs, including the Governor's Health Sciences Academy, the Academy of Finance, and the STEM Academy.

**The Office of Early Childhood Programs** provides leadership and coordination of the division-wide implementation of early childhood education and collaborates with other City of Alexandria providers to ensure consistent delivery of services focused on kindergarten readiness. Focus areas for this office include high-quality professional learning, equitable access to resources, curriculum development, and effective teacher-child interactions. Data are consistently monitored to support informed decision-making, child development, and continuous program improvement. Family and community engagement is prioritized to support social, emotional, academic, and developmental readiness for Alexandria's youngest learners.

**The Humanities Team** focuses on the improvement of student achievement in the areas of fine arts, health and physical education, social studies (including history, economics, political science, and service-learning), and world languages. Team members include the instructional specialists for fine arts, health and physical education, social studies, and world languages. Additionally, there is a dedicated specialist from the Offices of English Learners and Specialized Instruction. This team collaborates to ensure appropriate alignment of content within these disciplines, support problem-based/service-learning opportunities for students, engages teachers in implementing cross-content activities, and support students' social, emotional, and academic needs.

**The Literacy Team** is a PreK-12 team committed to ACPS students' achievement in reading, writing, speaking, listening,

# Teaching, Learning and Leadership

---

research, and media presentation skills.

The Literacy Team includes elementary and secondary English Language Arts specialists and representatives from the Offices of Early Childhood Programs, English Learners, Specialized Instruction, and Talented and Gifted (TAG). This team strategically and deliberately focuses on ways to ensure that more students are reading on grade-level and have language skills that enable them to access the curriculum and other literacy-related resources effectively.

**The Science, Technology, Engineering, and Mathematics (STEM) Team** focuses on the improvement of K-12 students' achievement in the areas of science, technology, engineering, and mathematics. This team is comprised of elementary and secondary science instructional specialists as well as a representative from the Offices of English Learner Programs, Specialized Instruction, and Talented and Gifted (TAG). A major priority for this team is to provide direct services and support resources to schools in order to improve student achievement in the areas of science and mathematics. Additionally, the team is responsible for helping schools implement an integrated and blended learning approach to engage students in mathematical problem solving and scientific inquiry processes. The team is also responsible for helping educators to integrate science, mathematics, technology, and engineering concepts and problem-solving into a more interdisciplinary and holistic approach to STEM education within the division.

**The Office of Talent Development** supports all offices in providing professional development opportunities for teachers, administrators, and support staff. This office ensures that procedures for providing professional learning are aligned with the characteristics of high-performing school districts. Additionally, professional development and growth opportunities are carefully aligned with the ACPS 2025 Strategic Plan: Equity for ALL. This office also coordinates new teacher orientation,

induction activities, and comprehensive professional learning opportunities for all staff.

**The Office of Talented and Gifted (TAG)** ensures effective identification and delivery of services for students, K-12, performing or showing the potential to perform significantly above grade level. These services and programs address General Intellectual Aptitude (GIA), Specific Academic Aptitude (SAA), and Young Scholars. Professional development for school-based personnel coordinating the identification process and services to TAG students and families is coordinated and conducted by the office. TAG teachers are supported with supplemental curriculum materials and resources to enhance and extend differentiation. There is a minimum of one TAG teacher on each elementary campus and one TAG resource teacher at each middle school program. The TAG program coordinates opportunities for gifted and high achieving students such as Governor's School and Odyssey of the Mind competitions. In addition, the TAG office supports the Talented and Gifted Advisory Committee (TAGAC), which is a School Board Advisory Committee (SBAC).

**The Office of School Improvement** focuses on facilitating the division's school improvement planning process for over 18 schools as well as the achievement of continuous academic improvement, especially in the area of Tier I teaching and learning as articulated in the division's Multi-Tiered System of Support (MTSS). This office's primary goal is to ensure that ACPS leaders and educators are equipped with the tools and skills to engage in continuous improvement practices necessary to successfully implement School Improvement Plans (SIPs) and the respective processes to achieve specific performance targets and outcomes. This office is responsible for establishing and implementing a systematic and cyclical management system to analyze and prioritize division-wide formative assessments, collect data, and subsequently develop action plans, and tools for monitoring

as well as reporting outcomes. The specific team and office within this office include:

**The Data Analysis, Interpretation, and Resources Team** supports effective data literacy, analysis, interpretation, and articulation of instructional implications. This team collaborates with the Department of Accountability and other offices to analyze student achievement data, prepare data displays, and offer instructional implications of the data within and across schools. This team is led by the Executive Director of School Improvement and includes the Title I School Improvement Coordinator, the Coordinator of Textbooks and Library Media Services, the English Learner Office Data Specialist, the Assistant Director for Specialized Instruction, as well as the Evaluation and Assessment Analyst from the Department of Accountability and Research. Also, several school principals serve as members on the Data Analysis, Interpretation, and Resources Team.

**The Office of Title I Programs and School Improvement** provides leadership in the coordination of division offices and programs to implement school support structures. The purpose of the Title I grant is to ensure that all children are afforded the opportunity to receive a fair, equitable, and high-quality education as part of the division's commitment to closing educational equity and opportunity gaps. This office ensures meaningful compliance and integration of state and federal expectations for academic achievement and school improvement under various federal and state programs, including federal school improvement programs.

**The Office of Specialized Instruction** ensures that a continuum of Special Education services is provided to students with disabilities as required by the Individuals with Disabilities Education Act (IDEA). The staff supports schools by coaching and modeling effective instructional practices and behavioral interventions related to students

with disabilities. In addition, the office provides support to families through outreach and technical support by the Anne R. Lipnick Family Resource Center. These resources enable families to become engaged partners in their child's educational success. This office will also be responsible for providing resources within the ACPS curriculum to address the needs of students with Individual Education Plans (IEPs).

## **Departmental Budget and Grant-Funded Services**

The operating budget is the key funding source for the department; however, several grants supplement the funding for specific purposes:

**The Office of Early Childhood** manages the Virginia Preschool Initiative (VPI) Grant for ACPS and acts as the fiscal agent for private providers throughout the city. Furthermore, this office coordinates the Virginia Quality Rating and Improvement System (VQRIS) Grant for Alexandria City. This office serves as the liaison for Early Head Start and Head Start Programs.

**The Office of English Learner (EL) Services** manages the federal Title III Grant, including subprograms. The Title III Grant is specifically targeted to promote language instruction for English Learners and immigrant youth.

**The Office of Specialized Instruction** oversees the Title IV IDEA and IDEA Preschool Grants. These grants provide funds for personnel and the materials directly supporting students with disabilities.

**The Office of Talent Development** manages the Title II, Part A Grant. The purpose of the Title II, Part A Grant is to increase academic achievement by improving teacher and principal quality. Title II funds are intended to improve teacher and leader quality and increase student success by providing evidence-based professional development activities that are sustained, intensive, collaborative, job-embedded, data-driven,

and classroom-focused. This office also oversees the state's teacher-mentor grants. This office also facilitates and coordinates the mentoring program for both new and novice teachers, manages the tuition reimbursement program, creates K-12 interactive professional learning videos focusing on research-proven instructional practices, and oversees the professional learning management software system to support professional development division-wide.

**The Office of Title I Programs and School Improvement** operationalizes division requirements for the expenditure of federal funds under Title I programs and subprograms. Title I funds provide supplemental assistance to schools with high concentrations of students living under low-income circumstances.

## Budget Summary

The Department of Teaching, Learning and Leadership's FY 2022 operating funded budget totals \$20.38 million, an increase of \$1.44 million over FY 2021. There is an increase of 2.50 FTEs across all Teaching, Learning, and Leadership offices.

As part of the FY 2021 organization structural change, Curriculum and Instruction was retitled to Teaching, Learning & Leadership with new offices created and existing offices realigned.

### **Office of Chief of Teaching, Learning, & Leadership (Previously Office of Chief Academic Officer)**

The Office of Teaching, Learning, and Leadership's budget provides funds to support all of the offices in Teaching, Learning, and Leadership through leadership and professional development. The FY 2022 budget totals \$0.54 million, an increase compared to the prior fiscal year. The office continues to staff 3.00 FTE positions.

Major changes to the budget include additional resources of \$0.05 million to support the NWEA-MAP assessment.

### **Instructional Support**

The office will oversee Curriculum Design and Instructional Services, Career and Technical Education, Humanities, Literacy, STEM, Talent Development, Early Childhood, Adult Education, Talented and Gifted, and AVID/College Readiness. For FY 2022, the Operating Funded Budget totals \$0.93 million. This includes shifted resources from Elementary School Instructions and Secondary School Instructions. The office will staff 1.50 FTE positions.

### **Elementary School Instruction**

As part of the FY 2021 reorganization, the Office of Elementary School Instruction budget was reallocated to support the new Instructional

Support Office and School Improvement Office.

### **Secondary School Instruction**

As part of the FY 2021 reorganization, the Office of Secondary School Instruction budget was reallocated to support the new Instructional Support Office.

### **Adult Education**

The Adult Education budget supports the day program and the midday ELL program offered at central office and the night program offered at T.C. Williams High School. Courses include Adult Basic Education, ELL adult education, General Education Diploma (GED), high school diploma and Individual Student Alternative Education Plan (ISAEP). The FY 2022 operating funded budget is \$0.72 million, an increase of \$0.02 million compared to the FY 2021 Final Budget. The operating fund continues to fund 3.00 FTE positions. In addition, the Adult Detention Center and Division of Criminal Justice Services (DCJS)-Detention grants fund a 1.00 FTE teacher at the Adult Detention Center.

The intermittent salary accounts will remain the same this year at \$0.24 million. Purchased services encompasses funding for testing materials and other professional services. It will also remain the same this year at \$0.02 million.

### **Advancement Via Individual Determination (AVID) / College Readiness**

The AVID/College Readiness budget funds the AVID program and George Mason University Early Identification Program (GMU-EIP). Both support college readiness for select students and for all secondary and elementary sites that are part of the AVID System. The FY 2022 budget totals \$0.57 million, a slight increase compared against the prior fiscal year. Staffing remains at 1.00 FTE.

In the purchased services category, funding

# Teaching, Learning and Leadership

---

provides for staff development, and other printing and binding. Funding in internal services continues to provide transportation for AVID students to participate in college visits and other events and GMU-EIP students to attend the Saturday Power Aid program.

## **Career and Technical Education**

The Career and Technical Education (CTE) budget supports the program in middle and high schools. The office remains relatively steady in operating funding at \$0.41 million. The operating fund will increase 2.00 FTE to a total of 3.00 FTE positions.

In the materials and supplies category, funding will be used to provide CTE textbooks to address replacement and growth in areas such as economics and personal finance.

The CTE office will also receive \$0.33 million funded by the Carl Perkins Vocational Education fund and as well \$54K in funding from the Virginia Department of Education.

## **Curriculum Design and Instructional Services**

The Curriculum Design and Instructional Services budget supports all curriculum areas with textbooks, curriculum writing, instructional materials, and professional development. The FY 2022 budget is \$2.26 million, an increase of \$0.16 million compared to FY 2021. Positions will remain unchanged to 14.00 FTEs compared to the prior fiscal year.

## **Early Childhood (Pre-Kindergarten Programs)**

The main funding sources for the pre-kindergarten program are the Virginia Preschool Initiative (VPI) and the transfer from the operating fund. The total VPI budget for FY 2022 is \$3.24 million, including the funding designated for the private preschool providers in the City of Alexandria. There are 26.00 FTEs funded through VPI; 12.00 FTE teachers and 12.00 FTE paraprofessionals at Jefferson

Houston, Early Childhood Center, and William Ramsay; 2.00 FTE positions at Pre K program office.

This office will also receive an additional \$30,000 funded from the operating budget to assist with the implementation of the Early Care and Education System Building initiative.

## **Humanities**

The office supports programs such as foreign languages, music, physical education and health, drama, social studies, and world language. The FY 2022 Operating Funded Budget totals \$0.39 million for the office of humanities.

## **Literacy**

The office will have an operating funded budget of \$0.41 million to support english language arts. The budget within the materials and supplies category will support software/online charges, instructional supplies, promotional items, uniforms and wearing apparel, textbooks, and refreshments.

For FY 2022, the office receives additional resources of \$50,000 to support SEAL.

## **Science, Technology, Engineering and Math (STEM)**

The operating funded budget will total \$0.64 million for FY 2022. This includes funding in the materials and supplies category for textbooks, technology, and educational and recreational supplies to support the STEM program.

## **Talent Development**

The Talent Development budget supports the division-wide professional development program, content academies and the teacher mentor program. Funding for the FY 2022 operating funded budget is \$1.04 million, a slight increase compared to FY 2021. Positions will remain at 3.00 FTE in the department.

# Teaching, Learning and Leadership

---

The materials and supplies category will increase to \$0.09 million to fund refreshments, office supplies, library books and supplies, instructional supplies, and etc.

The Talent Development Office is also funded through Title II. The purpose of the program is to increase academic achievement by improving teacher and principal quality. This program is carried out by increasing the number of highly qualified teachers in classrooms; increasing the number of highly qualified principals and assistant principals in schools; and increasing the effectiveness of teachers and principals by holding local education agencies (LEAs) and schools accountable for improvements in student academic achievement. While schools do not receive these funds directly, these funds support division-wide staff development, including the summer content academies.

## **Talented and Gifted Programs**

The Talented and Gifted (TAG) Programs budget supports both the TAG and Young Scholars programs. The FY 2022 Operating Funded Budget totals \$0.56 million, a slight increase compared to the prior fiscal year. Staffing will remain unchanged at 2.00 FTEs.

The purchased services category will continue to fund instructional services for the VDOE Summer Residential Governor's Schools and Foreign Language Academy, testing and evaluation, staff development, and other printing and binding.

The materials and supplies category will continue to receive funds for refreshments, instructional supplies, other technology equipment, office supplies, paper supplies, and promotional items.

## **English Learner (EL) Services**

The EL budget supports all EL activities division-wide, dual language programs, and translation and interpretations services. The operating funded budget is \$3.27 million for

FY 2022, an increase of \$0.19 million. There are 18.5 FTE positions in this office; 3.00 FTEs funded through Title III grant and 15.5 FTEs funded through operating fund for FY 2022.

Funding for intermittent and supplemental salaries increased by 0.01 million. The operating budget for FY 2022 will continue to support student registration and assessment.

The purchased services category includes continued funding for ACCESS for ELLs testing material, management services, translation services, testing and evaluation, staff development, and other printing and binding.

The EL Services Office also receives funds through Title III. Federal funds awarded under Title III support programs to improve the education of limited English proficient (LEP) children and youths by helping them learn English and meet challenging state content and achievement standards. Title III programs also provide enhanced instructional opportunities for immigrant children and youths. Schools do not receive these funds directly, but are supported through staff development, and instructional materials.

## **Specialized Instruction**

The Office of Specialized Instruction budget supports all special education services division-wide, including the Extended School Year (ESY) program and private placements. The FY 2022 operating funded budget is \$7.31 million, a decrease of \$8,454 under FY 2021. Additionally, the office will increase staffing by 0.50 FTE position to 86.4 FTE positions. The FY 2022 operating fund will support 53.1 FTEs and grants will fund 31.5 FTEs.

The purchased services category will be budgeted at \$0.45 million for FY 2022. This is a decrease of \$9,918 compared to FY 2021. The budget for transportation of students with disabilities whose individualized education plan (IEP) requires this accommodation is now

# Teaching, Learning and Leadership

---

reflected in the Transportation Department budget.

The Office of Specialized Instruction receives funds through the Individuals with Disabilities Education Act (IDEA). The IDEA is a law ensuring services to children with disabilities throughout the nation. IDEA governs how states and public agencies provide early intervention, special education and related services to children and youth with disabilities. This grant funds an early childhood special education teacher, a special education teacher, a speech language pathologist, and several specialists and coordinators. In addition, technology equipment and instructional supplies are funded through the IDEA grant.

## **School Improvement**

The office will supervise the Office of Title I Programs. For FY 2022, the Operating Funded Budget totals \$0.88 million. Funds from the Office of Elementary School Instructions were reallocated to this office.

## **Title I Programs**

The operating budget for Title I Programs funds a portion of both the director and coordinator salaries, association membership dues, travel and refreshments for parental engagement activities that are not covered through Title I. The operating funded budget totals \$0.27 million, an increase of \$5,836 compared to the FY 2021 Final Budget.

This includes operating funded staffing of a 0.25 FTE Director position and 0.50 FTE School Improvement Coordinator position split funded with the Title I Part A grant. A total of 4.25 FTE positions are funded through Title I grant.

The majority of the office budget is funded through Title I. Title I, Part A of the Elementary and Secondary Education Act (ESEA), as amended, provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children

from low-income families to help ensure that all children meet challenging state academic standards. For FY 2022, Cora Kelly, Francis C. Hammond, Jefferson-Houston, John Adams, Patrick Henry, Ferdinand T. Day, James K. Polk, and William Ramsay will receive Title I funding. These funds will be used for school-based personnel, staff development, translation, technology equipment and software, instructional supplies, and parent and family engagement activities. All items must supplement what is provided to all schools, by formula, in the operating budget.

## **School Leadership**

The office will supervise all school principals. For FY 2022, the Operating Funded Budget totals \$0.15 million, which is comprised solely of salaries and benefits.

### Responsibilities

The Technology Services Department leads and manages the implementation of the ACPS Technology Plan. There are four major technology goal areas in this plan: Learning Environment, Professional Learning, Infrastructure, and Data.

*Learning Environment* - To create student-centered, technology-rich learning environments that provide for academic excellence and educational equity by encouraging creativity, critical thinking, and collaboration.

- Provide equitable opportunities and resources that allow for meaningful and relevant learning opportunities for students. Define and model instructional strategies that implement a 21st century curriculum that supports student-centered, technology-rich learning environments.
- Evaluate how technology is used to support creation, collaboration, and critical thinking.
- Proactively support community understanding of technology resources, blended learning, and their impact on student learning.

*Professional Development* - Provide effective professional development for all staff that mirrors best practices and supports learner-centered, technology-rich learning environments.

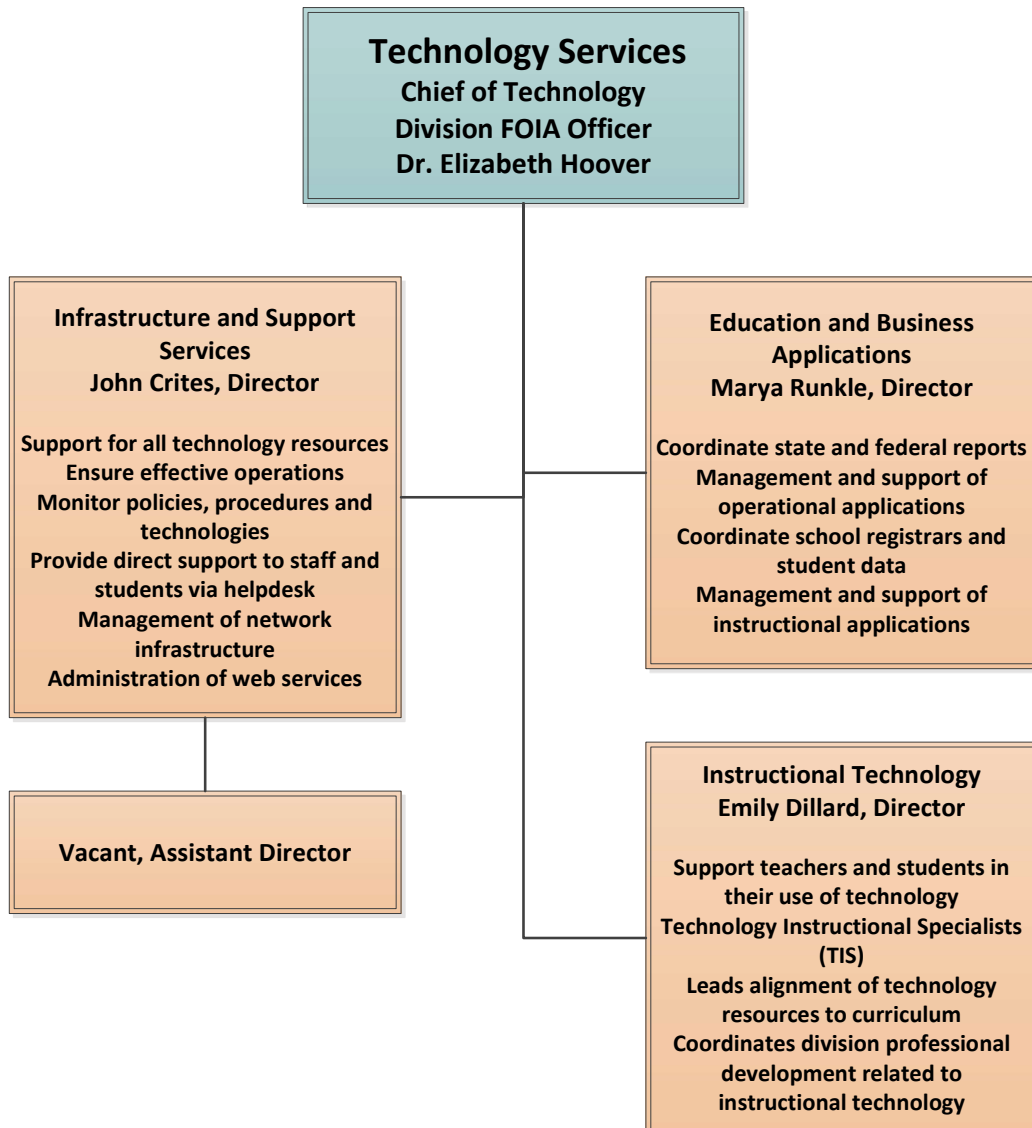

- Provide job-embedded, differentiated professional learning options that encourage learner choice, meaningful participation, and risk-taking for professional growth.
- Maintain a program of instructional leadership development that fosters effective identification and implementation of technology in support of academic achievement.

*Infrastructure* - Provide a reliable infrastructure that facilitates the operation of the school division and is transparent to the end user.

- Build and maintain a technical architecture that provides a strong and scalable foundation in support of the goals of the division.
- Provide efficient and effective support for all instructional and administrative technology resources for students and staff.
- Monitor policies, procedures, and technologies to ensure that computing resources are secure and recoverable.

# Technology Services

# Technology Services

---

- Maintain office productivity software and systems for communication and collaboration throughout the division.
- Develop sound policies and procedures for the acquisition and management of technologies.

*Data* - Provide access to high-quality data to support data-driven decision making.

- Implement governance structure to manage and monitor IT investments.
- Increase data accessibility and data quality.
- Enhance and implement systems and analysis tools.
- Collaborate to procure, update, and maintain assessment tools and systems that provide authentic and blended assessment opportunities

In addition to implementing the Technology Plan, Technology Services is also responsible for complying with a variety of state mandates. These are listed below.

- The Virginia Department of Education requires state-mandated assessments, including annual assessments and end-of-course (EOC) exams (some required for high school graduation) to be administered online on a computer unless a student has a documented need for a paper/pencil test. Tests are administered during fall, spring, and summer.
- Virginia Code 22.1-253.13:2 SOQs: Virginia's standards of quality (SOQ) require two full-time equivalent positions per 1,000 students in kindergarten through grade 12, one to provide technology support and one to serve as an instructional technology resource teacher (Technology Integration Specialist).
- Technology Plan: The state currently operates under the Educational Technology Plan for Virginia: 2010–2017, which serves as a blueprint for school divisions to enhance students' academic achievement through technology. Each division must devise its own technology plan, which

defines a strategic direction for both the short and long term and is aligned with the state technology plan.

- Virginia Code 22.1-70.2 Acceptable Use/Responsible Use Policy: Schools and divisions are required to establish guidelines for appropriate technology use. These guidelines generally are called acceptable use policies (AUP). By definition, an AUP is a written agreement signed by students, their parents/caregivers, and their teachers. It outlines the terms and conditions for using technology-based devices maintained by schools and personal technology-based devices used during school hours on school property. During the 2011-2012 school year, ACPS transitioned its AUP to a Responsible Use Policy (RUP). In February 2016, the RUP, Employee Use of Social Media Policy and Student Use of Social Media Policy and Regulations were updated.
- Reports: As a result of local, state and federal requirements, (ESSA Every Student Succeeds, Title I, Family Educational Rights and Privacy Act, Individuals with Disabilities Education Improvement Act, student records collections, etc.) ACPS submits numerous reports throughout the calendar year. These reports are all coordinated and collected through Technology Services.
- Filtering: Various laws mandate Internet filtering on school and library computers. Legislation passed by the Virginia General Assembly required state schools to implement filtering in public schools by July 1, 2001. The Children's Internet Protection Act (CIPA), passed by Congress in December 2000, applies to all schools and libraries that receive E-rate discounts for Internet access and internal connections. On Apr. 5, 2001, the Federal Communications Commission (FCC) issued regulations for schools and libraries receiving non-telecommunications E-Rate discounts.

## Budget Summary

The Technology Services funds services provided to ACPS in the areas of connectivity, business applications, educational applications, backup services, and security. The FY 2022 Final Operating Funded Budget is \$12.36 million, a decrease of \$0.15 million. Staffing will decrease to 61.00 FTEs.

For FY 2022, Technology Services will reduce their budget by \$0.50 million in technology hardware.

The budget for the purchased services category is \$1.08 million. This category funds professional services, maintenance services, other printing and binding, computer equipment repair, software maintenance, and computer network services.

The materials and supplies category continues to provide support for the division through online subscriptions and software such as Electronic School Board, Microsoft licensing fees, web development application, Kaltura, PowerSchool, Blackboard, Atomic Learning, BrainPop, VoiceThread, Discovery, Naviance, DimensionsU and Respondus.

The capital outlay category continues to fund additions and replacement of capital technology hardware for upgrades to the network and replacement of computers, laptops, and devices including hardware for data center and network storage. The budget is decreased to \$1.34 million within this category.

### Responsibilities

The Department of Student Services and Equity is led by the Chief Student Services, Alternative Programs and Equity Officer.

The Office of Alternative Programs and Equity provides direct oversight to division-level alternative programs, including the Chance for Change Academy, Northern Virginia Juvenile Detention Center School, and ShelterCare Educational Program. The office also works with students who are placed in the Bryant Transition Support Resource Center (TRSC) or who are on home instruction.

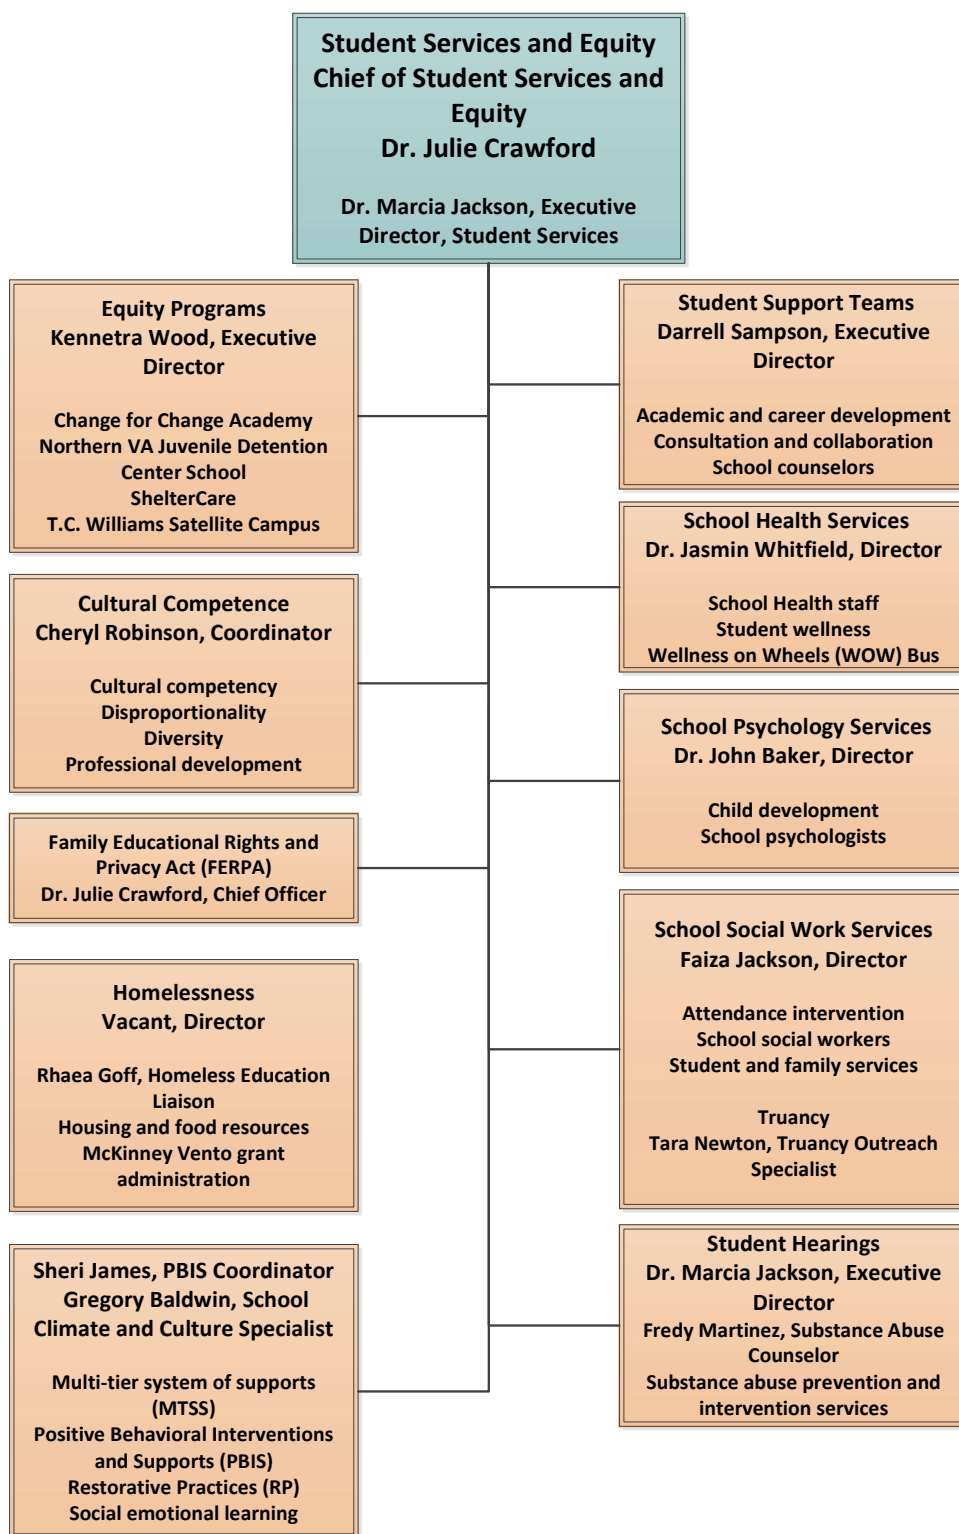

The office will provide counsel and support to the administration, school principals and staff to help ensure ACPS schools are safe, equitable learning environments for all students. The office reviews, recommends and implements policies, regulations and procedures that address issues of disproportionality, diversity and cultural competency. The office also serves

as the division liaison to many community agencies that support student wellness.

Sustained professional development on equity and cultural competency is offered for staff, students, and the community to assist schools in monitoring issues of disproportionality and diversity. In addition, guidance and support are provided to school administrators and secondary deans for attendance, discipline, and other issues that impact student academic and social achievement. The office issues and monitors discipline through hearings needed to support appropriate student behavior and develops and implements effective strategies to support student achievement, increase graduation rates, decrease dropouts, and address issues of disproportionality.

The Office of Equity works with the Department of Technology Services on the submission of required data for the Crime and Violence Report, a state report.

---

Instructional programs such as the Minority Student Achievement Network (MSAN), Young Stars Success Program, and Mentoring Program at T.C. Williams High School are coordinated through this office.

The Office of Student Services' staff works to ensure success for every child, every day. These professionals are dedicated to executing the School Board's promise to be committed to the academic, social, physical, and emotional well-being and development of ACPS students.

ACPS serves students with extraordinary talents and extraordinary needs. Using a cross-disciplinary approach, the professionals in the Department of Student Services, Alternative Programs and Equity address the health, psychological, counseling, and social, physical, and mental health work needs of ACPS students and families. Continuous increases in enrollment and the need to address the academic and social-emotional needs of students and families dramatically impacts the requirements on these professionals. The staff delivers essential services with expertise, compassion, and a commitment to positive results for every student.

## **Budget Summary**

The Student Services and Equity budget supports equity and student Services. The FY 2022 Final Operating Funded Budget totals \$3.92 million, an increase of \$0.33 million. Positions will increase to 24.28 FTEs.

## **Student Services**

The Student Services budget supports school health, psychology, counseling and social work services, homebound instruction, Minority Student Achievement Network (MSAN), Positive Behavioral Interventions and Supports (PBIS), truancy and homelessness support. The total FY 2022 Operating Funded Budget is \$2.69 million, an increase of \$0.29 million compared to the prior fiscal year.

Staffing will increase by 4.00 FTEs for 2.00 FTE mental health specialist, 1.00 FTE school health specialist, and 1.00 FTE attendance specialist position funded through the ESSER Grant.

Funding in materials and supplies will continue to fund instructional materials, office and paper supplies, refreshments, software/online charges, and medical supplies.

Student Services will receive \$0.25 million in additional resources for FY 2022 to provide support in social, emotional and academic learning (SEAL).

The Student Services grant budget will continue to receive funds from the McKinney Vento grant to support the homeless resource and social work programs. This includes funding in salaries, benefits, materials and supplies, other charges, and purchased services.

## **Equity (Alternative Programs and Equity)**

The Equity budget supports the direct oversight of the alternative education programs and activities to ensure ACPS schools provide safe, equitable learning environments for all students and supports professional development on cultural competence. The FY 2022 budget is \$1.24 million, an increase of \$0.03 million over the prior fiscal year. Staffing will remain unchanged to 6.00 FTEs for FY 2022.

The purchased services category will continue to fund medical/legal services, instructional services, other professional services, staff development, other printing and binding, and tuition for services provided by other divisions.

- Health Insurance Portability and Accountability Act (HIPAA)
- IRS section 125 (benefits cafeteria plans)
- Occupational Health and Safety Act (OSHA)
- Patient Protection and Affordable Care Act (PPACA)
- Virginia Workers' Compensation Act

# Human Resources

## Budget Summary

The Human Resources budget consists of two parts: the Human Resources Department and the Division-Wide Human Resources accounts. The Human Resources Department budget manages the daily operations of the department, while the Division-Wide Human Resources budget supports system-wide activities. The FY 2022 Budget totals \$9.90 million, an increase of \$0.13 million difference from the previous year. FY 2022 staffing plan includes an additional 1.00 FTE HR Data Quality Specialist.

## Human Resources

The budget for the Human Resources Department supports recruitment and retention

of staff, new teacher and substitute orientation, compensation and benefits, employee relations, service awards, and the retirement ceremony. The FY 2022 Budget is \$2.07 million, an increase of \$0.12 million over the FY 2021 Final Budget.

## Division-Wide Human Resources

The Division-Wide Human Resources budget includes funding for employee benefits, substitutes, and tuition reimbursement. The budget also supports division-wide benefits and substitutes. The FY 2022 Division-Wide Human Resources budget totals \$7.83 million. There are no additional FTEs budgeted under the Division-Wide Human Resources budget.

## Responsibilities

The Facilities and Operations Department is led by the Executive Director and supports the division in achieving goals 1-5 of the ACPS strategic plan:

- Goal 1: Systemic Alignment: ACPS will build a culture of continuous improvement and design equitable systems for school and instructional improvement.
- Goal 2: Instructional Excellence: ACPS will ensure that all students have access to and engagement with high-quality instruction.
- Goal 3: Student Accessibility and Support:

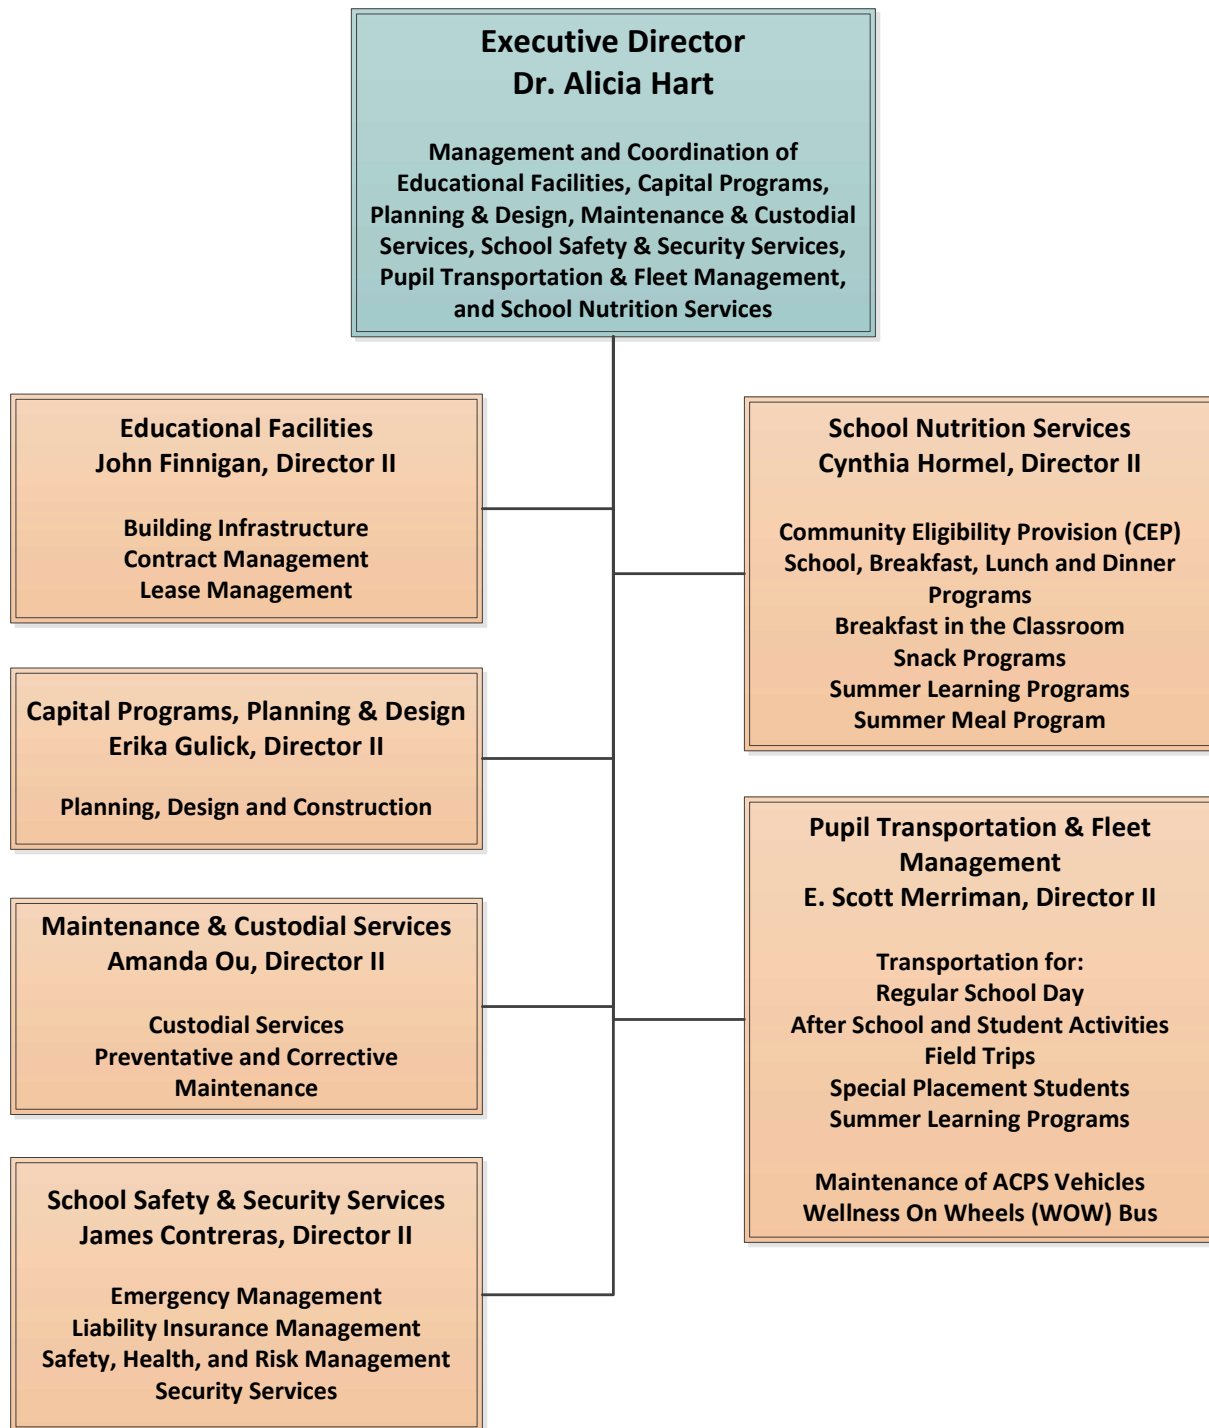

ACPS will ensure students have equitable access to and engagement with programs and supports that reduce barriers to learning.

- Goal 4: Strategic Resource Allocation: ACPS will strategically provide differentiated resources and supports to schools and departments.
- Goal 5: Family and Community Engagement: ACPS will ensure that all families and community members feel welcomed, respected, and valued.

These goals are achieved through the collaborative efforts of the Offices of Educational Facilities, Capital Programs, Planning and Design, Maintenance and Custodial Services, Pupil Transportation and Fleet Management,

School Safety and Security Services, and School Nutrition Services with school leadership, parents and staff, and other ACPS stakeholders.

**The Executive Director** oversees the operational efficiency and fiscal management of the Facilities & Operations Department and the Capital Improvement Program (CIP) projects. Oversight of the CIP projects includes the planning for capacity modernization and construction of new schools, transportation and technology assets, real estate planning for the division, and developing schedules that integrate academic programs to meet long range portfolio development goals of the School Board and City Council.

**The Office of Capital Programs, Planning and Design** is responsible for capital and long-range planning, in collaboration with the Office of Educational Facilities and other departments, enrollment forecasts, GIS analysis and the planning, design and construction of capacity or new building projects in ACPS's Capital Improvement Program (CIP) budget. This office has significant interaction with City of Alexandria staff and the community in establishing plans and executing projects. The team consists of planning, design and project management professionals.

**The Office of Educational Facilities** administers the non-capacity Capital Improvement Program (CIP) budget and projects, which is comprised of planned minor and major projects of all ACPS-occupied schools and other facilities. The office work program scope includes additions, renovations, abatement, systems replacement projects and smaller-scale design and construction. This effort is planned with facility and systems assessments, coordinated with Maintenance and Custodial Services, Capital Programs, Planning and Design and other offices and directed through the CIP and the City of Alexandria. Educational

Facilities consists of planning, engineering, environmental, energy and project management professionals and plays a major role in coordinating with school campuses on environmental and sustainability programs.

**The Office of Maintenance and Custodial Services** manages and cares for facilities and grounds owned and leased by ACPS. The team is comprised of both technical and labored staff to handle smaller-scale repairs and the cleaning of school buildings. In collaboration with Capital Programs, Planning and Design and Educational Facilities, Maintenance and Custodial Services work to sustain the lifecycle of our facilities and grounds in preparation for a planned project. In addition, this office manages the Community Use of School Facilities program permit process.

**The Office of Pupil Transportation and Fleet Management** maintains a school bus and van fleet that provides transportation services to students to and from school (who live outside of an established walk zone from each school). Transportation also supports specialized education students, after-school activity programs and interscholastic sports on a daily basis in safe, well-maintained vehicles. The office is also responsible for transporting students to and from summer learning programs, private placement facilities and on field trips. The office maintains the Wellness on Wheels (WOW) bus, a mobile dental unit currently serving John Adams, Patrick Henry, Cora Kelly, William Ramsay Elementary school and TC Williams High School students.

**The Office of School Nutrition Services (SNS)** supports the educational mission and instructional programs of ACPS by providing nutritious meals to students and staff. School Nutrition Services provides a variety of choices for meals (breakfast, lunch, dinner, snacks, supper and summer feeding) that meet the Dietary Guidelines for Americans, 2010. Meals are planned using the USDA mandated criteria

---

for menu patterns as a guide that ensures a focus on whole grains, fruits and vegetables, lean proteins, and low-fat dairy. ACPS also strives to diversify its nutrition offerings to support values of equity required by ACPS' diverse and large international population of students and staff. Nutritious meals give ACPS students the opportunity to make educated, healthy food choices that will have positive physical outcomes and contribute to high academic achievement.

**The Office of Safety and Security Services (S&SS)** oversees the division's security and emergency management services programs, health and safety requirements, and risk management areas in accordance with School Board policies and directives. S&SS manages and monitors physical security, secure intervention, visitor compliance and visual surveillance of access control points at all schools. S&SS manages training for compliance with state and local regulations, and manages the ACPS insurance portfolio. The Office also serves as the liaison to city services and school leaders to design, evaluate, comply and monitor safety and security policies, programs, and protocols.

## Budget Summary

### Chief of Staff

The Office of the Chief of Staff staffing and budget information is found in the Facilities and Operations budget summary section. The Office of the Chief of Staff oversees the Facilities & Operations (F&O) Department and the Human Resources Department. The FY 2022 staffing is 1.00 FTE positions and an Operating Fund Budget totals \$0.25 million.

### Facilities and Operations Department

As part of the FY 2021 ACPS organizational restructuring process, the Support Operations Department was renamed to the Facilities and Operations Department. The existing F&O Offices and Teams were realigned. These structural changes are reflected in the FY 2022 budget information.

The FY 2022 Operating Fund Budget for the Facilities and Operations Department is \$32.54 million, an increase of \$1.50 million over prior year. The FY 2022 School Nutrition Fund Budget increased by \$0.23 million to \$11.19 million. The total number of FTEs budgeted across all Facilities and Operations Offices is 314.00 FTEs. Of the 314.00 FTE positions, the FY 2022 Operating Fund supports 193.00 FTE positions and the School Nutrition Fund supports 120.00 FTE positions.

### Executive Director

The FY 2022 Operating Fund Budget for the Executive Director totals \$0.63 million and is staffed with 5.0 FTE positions.

### Capital Programs, Planning and Design

The FY 2022 Operating Fund Budget for Capital Programs, Planning and Design totals \$1.28 million and 9.00 FTE positions. Of the 9.00 FTE positions, 7.00 FTE will be reimbursed through CIP Fund.

The Operations and Maintenance program resources are designated for departmental oversight, management and operations

of all schools and facilities, provision of maintenance & custodial services, and safety & security services.

### Educational Facilities

The FY 2022 Operating Fund Budget for Educational Facilities is \$0.95 million and 6.0 FTE positions. The non-labor costs associated with facility operations, building & equipment repair and maintenance, leases & rentals and other maintenance costs are reflected in Maintenance & Custodial Services budget.

### Maintenance and Custodial Services

The FY 2022 Operating Fund Budget for Educational Facilities totals \$16.79 million and includes 16.0 FTE positions.

Notable budget changes in FY 2022 include:

- \$0.65 million increase in lease & rentals
- \$0.10 million increase in cleaning & sanitization services.

### Safety & Security Services

The FY 2022 Operating Fund Budget for Safety and Security Services (S&SS) totals \$1.80 million and includes 3.00 FTE positions, a reduction of 1.00 FTE position.

### Pupil Transportation

The Pupil Transportation program budget supports all pupil transportation systems, including after-school and summer learning programs, the Wellness on Wheels (WOW) bus and maintenance for all ACPS vehicles. The FY 2022 Budget for Pupil Transportation totals \$11.07 million, an increase of \$0.39 million. Staffing levels increase by 1.00 FTE bringing the number of positions to 154.00 FTEs. Contracted staff budget reflects an MRA adjustment to bus driver compensation as well as staffing compliment changes.

### School Nutrition Services

The School Nutrition Services budget is a self-supporting enterprise fund and supports all meal and snack programs division-wide. The FY 2022 Budget totals \$11.19 million and the Office is staffed with 120.00 FTE positions.

### Responsibilities

The Financial Services Department (FSD) is led by the Chief Financial Officer and supports the division in achieving goal 4 of the ACPS strategic plan:

- **Goal 4: Strategic Resource Allocation:**  
ACPS will strategically provide differentiated resources and supports to schools and departments.

This goal is achieved through the collaborative efforts of the Offices of Budget and Financial Planning, Financial Systems and Reporting, Procurement and General Services, Accounting Services, and Payroll Services.

The Financial Services Department serves as a steward for public funds, safeguarding the assets of ACPS while supporting the division to meet annual and long-term performance goals.

Primary responsibilities are to:

- Support and assist schools and departments in budget preparation, financial management, procurement procedures, appropriation control,

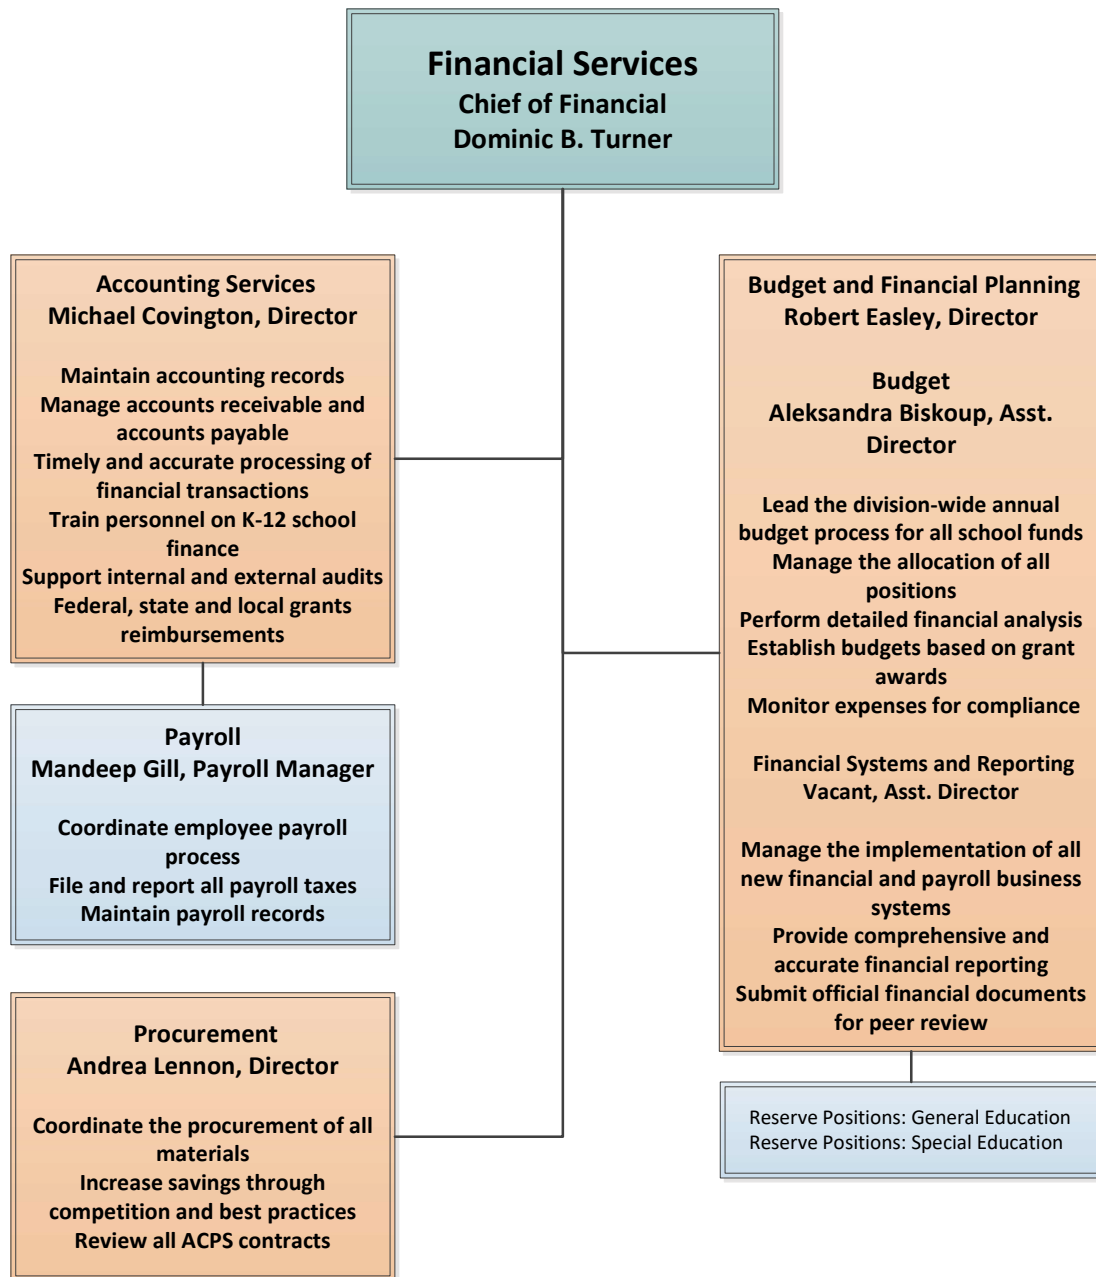

expenditures monitoring, position control, chart of accounts, and student activity funds;

- Provide excellent customer service by enhancing the efficiency of financial operations throughout the division through continuous assessment of the department and implementation of technological and process improvements;
- Lead, coordinate, and prepare the division-wide annual budget for all school funds. This includes establishing budgets in compliance with grant awards and ACPS requirements;
- Prepare and manage the allocation of all positions through the use of staffing formulas and class size analyses. Monitor staffing assignments and compliance with total approved full-time equivalents (FTEs);
- Prepare financial documents, including School Board materials, the Superintendent's Final budget book, the School Board's final budget book, internal management reporting, the Virginia Annual School Report (ASRFIN), and the

Comprehensive Annual Financial Report (CAFR);

- Maintain accounting and payroll records in compliance with state and federal regulations;
- Ensure the timely and accurate processing of all financial transactions, including accounts receivable, accounts payable, payroll, Automated Clearing House (ACH) transactions, purchase orders, invoices, and credit or procurement cards;
- Perform detailed financial analyses to ensure division-wide expenditures and positions are in compliance with approved and amended budgets, School Board policies and division regulations;
- Manage the implementation of all new financial and payroll business systems and provide ongoing system administration and security support;
- Increase dollar savings through best business practices, procurement process standardization, and review of all ACPS contracts and partnership agreements with other organizations for greater business efficiency. Train all staff for accurate decentralized procurement processes; and
- Review and enhance internal controls to safeguard division assets and guarantee fiscal accountability. Implement generally accepted accounting principles to ensure compliance and prevent theft and fraud.

## Budget Summary

The Financial Services budget consists of two components: the Financial Services Department and the Division-Wide FSD Reserve. The Financial Services Department budget manages the daily operations of the department, while the Division-Wide FSD Reserve houses the funding for the staffing and enrollment adjustment reserves, as well as lapse salary and benefits. The FY 2022 operating fund budget totals \$2.59 million, a decrease of \$0.31 million. Staffing is projected to increase by 6.00 FTEs

part of the budget process which is included in the division-wide accounts.

The Special Education reserve is comprised of 4.00 FTE teachers, while English Learners has (2.00) FTE teachers. The General Education teacher reserves will be at 4.00 FTE.

The non-compensation portion of the FY 2022 Division-Wide Reserve Budget totals \$1.44 million and includes \$0.71 million contingency for renaming our school/s and \$0.73 million contingency for emergencies and/or to cover any other unanticipated costs.

## Financial Services Department

The Financial Services Department budget supports budget and financial planning, financial systems and reporting, procurement and general services, grants management, accounting services, payroll services, and fiscal procedures and compliance. The FY 2022 budget will be \$4.66 million with total staffing of 27.00 FTEs. The staffing levels are inclusive of additional 2.00 FTEs. The Cares Act ESSER II grant will fund 0.50 FTE for Accounting Support and 0.50 FTE for Procurement Support. Procurement Specialist under OF is replaced with Procurement Specialist (CIP) position which is presented under Operating Fund budget but will be reimbursed through CIP projects. Additionally the P-card Administrator position is budgeted at 1.00 FTE.

The FY 2022 budget for internal services account has a credit balance of \$0.05 million to offset the school and department internal services budget.

## Division-Wide FSD Reserve

The Division-Wide Reserve funds the reserve positions and enrollment adjustment reserve account. These are offset by the lapse salary and benefit accounts which reflect in a department balance of \$(3.51) million for the FY 2022 budget.

ACPS estimates the level of lapse savings as a

**Accounts Payable:**

The amounts owed to private persons or organizations for goods and services received by the school system.

**ACPS School Board:**

A nine-member elected body that adopts policy for the daily operation of Alexandria's public schools and ensures school laws are properly explained, enforced, and observed.

**Administrative Compensation:**

Salaries paid to administrators for full-time and part-time work. Administrators include principals, assistant principals, directors, supervisors, coordinators, and managers.

**Adult Education:**

Adult education and English literacy classes assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency; assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children; and assist adults in the completion of a secondary school education.

**Advanced Placement (AP) Program:**

An intensive program of college-level courses and examinations that provides high school students with an opportunity to earn advanced placement, college credit, or both, at participating universities and colleges across the country. The AP program bridges the transition from secondary school to college by offering students an opportunity to develop their academic strengths through rigorous curricula, challenging national examinations, and by exposing them to academic experiences usually reserved for college students.

**Americans with Disabilities Act (ADA):**

A federal law that prohibits discrimination against individuals with disabilities and requires employers to provide reasonable accommodations to help those with disabilities in performing their jobs. The ADA defines an

individual with a disability as a person with a serious physical or mental impairment that substantially limits a major life activity.

**Annual Measurable Objectives (AMO):**

The AMOs represent the percentage of students within each subgroup that must pass Standards of Learning (SOL) tests in reading and mathematics in order to make acceptable progress over six years. Although the AMOs represent yearly goals for low-performing schools, all schools must meet these objectives. This measurement tool has been eliminated through the Every Student Succeeds Act (ESSA) and will not be reported in the future.

**Appropriation:**

A legislative act authorizing a designated amount of public funds for a specific purpose. The City of Alexandria appropriates funding to the school division to support operations.

**Asset:**

The International Accounting Standards Board defines an asset as a "resource controlled by the enterprise as a result of past events and from which future economic benefits are expected to flow to the enterprise."

**At-Promise Student:**

Any student who is not presently reaching his or her fullest potential, but has the ability to do so with additional resources, additional time, or different instructional strategies.

**Average Daily Membership (ADM):**

The sum of total daily student membership of the school system divided by the number of days school was actually in session. ADM is a factor used in the state funding formulas.

**Base Allocations:**

The dollar amount for materials and supplies for schools, determined by adding per pupil allocations, recurring supplementals, and extended learning allocations, as applicable.

# Glossary

---

**Beginning Balance:**

The dollar amount remaining in a fund at the start of a fiscal year.

**Benefits:**

Job-related benefits provided to employees as part of their total compensation. Fringe benefits include the employer's portion of FICA, retirement, insurance (life, health, disability income, etc.), and employee allowances.

**Budget:**

The Association of School Business Officials (ASBO) defines a budget as "a plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them." It is a list of estimates of revenues and expenditures for the organization for a specified period of time. Normally a budget describes a period in the present or future, not the past.

**Capital Improvement Program (CIP):**

The primary source of funding for school construction, renovation, and maintenance projects. It provides a 10-year prioritized plan for major facility changes. It is submitted in a separate document to city council and is entirely funded by the City.

**Capital Outlay:**

Includes the purchases of replacement or additional fixed assets valued at more than \$5,000 per unit that have a useful life of at least one year.

**Carryover:**

The process at the end of one fiscal year by which certain funds for previously approved School Board commitments to pay for goods and services are reappropriated in the next fiscal year.

**Categorical Accounts:**

State revenue funds for special student populations or for fulfilling particular state obligations.

**City Appropriation:**

An expenditure level granted by the City Council to the School Board to make expenditures and to incur obligations for specific purposes. Appropriation authorizations expire at the end of the fiscal year.

**Classroom Instruction Compensation:**

Salaries and wages paid to classroom teachers for full-time and part-time work. Classroom teachers include grades Pre-K to 5, core and elective, specialty, reading, special education, English Learners dual language, Talented and Gifted (TAG), and alternative education teachers.

**Combined Funds:**

Includes the Operating Fund, Grants & Special Projects Fund, and the School Nutrition Fund. These three primary funds include appropriated positions including salaries and benefits for eligible full- and part-time employees, along with other revenues and expenditures, unlike the other funds.

**Community Use Fees:**

Funds collected from outside entities for rental of ACPS facilities during non-school hours.

**Cost Center Code:**

Identifies the revenue or expenditure as an elementary, secondary, instructional support, operational support, or administrative activity.

**Department Code:**

Identifies the major and subsidiary organizational units in ACPS. The schools are included in the department code structure.

**Designated Funds:**

Unencumbered, unexpended funds set aside by the School Board for subsequent use.

**Dual Language:**

Program at Mount Vernon and John Adams elementary schools where Spanish-speaking and English-speaking students have the opportunity to learn Spanish and English

# Glossary

---

literacy through content-based instruction in selected core subjects. Science, mathematics, and Spanish literacy are taught in Spanish. English language arts and social studies are taught in English. Dual language students continue to develop language and literacy skills in their primary language while learning the same content in their second language.

**Employee Benefits:**

Job-related benefits provided to employees as part of their total compensation. Fringe benefits include the employer's portion of FICA, pensions, insurance (life, health, disability income, etc.), and employee allowances.

**Encumbrance:**

A commitment to use funds for a specific purpose.

**Encumbered Carryover:**

Funds set aside at the end of a fiscal year to pay for items encumbered during that fiscal year to be received and paid for in the subsequent fiscal year.

**English Learners (EL):**

The EL program helps limited-English-proficient students learn literacy and content concepts in order to function successfully in the general education program.

**Enrollment Adjustment Reserve:**

An amount established in the budget and used to adjust material and supply allocations if an individual school's September enrollment exceeds budgeted student projections.

**Every Student Succeeds Act (ESSA):**

The most recent reauthorization of the Elementary and Secondary Education Act (ESEA) is known as the Every Student Succeeds Act (ESSA). ACPS' Title I funding is designated for the division by this act.

**Exempt:**

A categorization of employees who, because of their positional duties, responsibilities, and level of decision making authority, are exempt

from the overtime provisions of the Fair Labor Standards Act (FSLA).

**Expenditures:**

Total charges incurred, whether paid or unpaid, for current costs.

**Extended Learning:**

Extended learning is instruction provided outside of the regular school day. It includes summer learning programs, modified school calendar intersession periods, and afterschool tutoring. Funding is provided through the operating and grants budgets.

**Family and Medical Leave Act (FMLA):**

FMLA is a U.S. federal law requiring covered employers to provide eligible employees job-protected and unpaid leave for qualified medical and family reasons. Qualified medical and family reasons include: personal or family illness, family military leave, pregnancy, adoption, or the foster care placement of a child.

**Federal Funds:**

Federal funds are provided through entitlement grants, including Title I, Title II, Title III and IDEA. Funds from entitlement grants may be carried over into future fiscal years, but must be spent within 27 months from inception.

**Fiscal Year (FY):**
