Date

This section is for schools outside of the United States ONLY: Transcripts issued in a foreign language must be translated into English with an evaluation company that is certified by the United States Consul. In addition to the grade received for each subject, foreign transcripts must show the number of subject contact hours per week and per subject. If a mathematics course was taken, please indicate course content if the title is not self-explanatory. With this information we can determine the student's place in Cardinal Gibbons' curriculum.
