

Phonics refers to the relationship between the letters of written language and the sounds of spoken language.

The following activities can build a child's ability to see the relationship between letters and sounds.

Using pictures in magazines/books and magnetic letters/letter cards:

1. Place the letter of the beginning (or ending) sound on the picture.

2. Play Swap One:

- Create a CVC word – cat
- Swap one letter and read the word – pat
- Repeat – pot
- Read the word even if a make believe word is made – poj
