

RICHLAND SCHOOL DISTRICT'S CAPITAL PROJECT LEVY

SAFETY & SECURITY ENHANCEMENT PROJECT SPECIFICS

HANFORD HIGH SCHOOL

- Construction of secure vestibule at main entrance (double doors, unobstructed view to outside from inside main office, security glass, intercom and buzz-in controls)
- Enclosing of covered walkway from commons to art and Career and Technical Education classrooms

RICHLAND HIGH SCHOOL

- Relocation of at least some administrative offices to front of building (currently housing student credit union, student store and marketing classrooms)
- Construction of secure vestibule at main entrance (double doors, unobstructed view to outside from inside main office, security glass, intercom and buzz-in controls)
- Relocation of courtyard fencing so that south entrance of MAC Hall is within fence

CARMICHAEL & CHIEF JOSEPH MIDDLE SCHOOLS

- Evaluation of relocation of some administrative offices to closer to main school entrance
- Construction of secure vestibule at main entrance (double doors, full view of outside via security camera feed, security glass, intercom and buzz-in controls)

JASON LEE, WHITE BLUFFS, WILEY ELEMENTARY SCHOOLS AND ENTERPRISE MIDDLE SCHOOL

- Enhancement of current main entrance vestibules to secure vestibules providing staff safe and unobstructed views, intercom and buzz-in controls and other modifications as needed

ADDITIONAL OBJECTIVES

- Security enhancements for the main entrances of the HomeLink main and Lynx campuses, River's Edge High School and Pacific Crest Online Academy
- Adding of badge access panels to access doors at several locations
- Installation of additional surveillance cameras to eliminate blind spots outside of buildings
- Evaluation of additional safety features such as bollards to school parking lots to prevent vehicles from striking buildings
