## SCHOOL RATING: **YELLOW**

The school quality rating is a component of the strategic plan for the district. It is made up of the school scorecard and standards of practice.

A **yellow** rating means the school is receiving inconsistent results on the scorecard and standards of practice and they need extra support.

### WHAT IS OUR FOCUS?

Based on student results, math will be an area of emphasis for the 2022-23 school year.

Here are some things you can do at home to support your student:

- Find ways to bring math concepts into daily lives.
- Spend time with your child doing practice materials and online resources.
- Utilize the SeeSaw app to connect with the teacher.
- Attend conferences.

### IMPORTANCE OF ATTENDANCE

Research shows that missing 10 percent of the school year, or about 18 days, negatively affects a student's academic performance. That's just two days a month and that's known as chronic absenteeism.
