## Chronic Absenteeism

\*A note about the Chronic Absenteeism and Suspension Rate indicators:

- Unlike other indicators where higher rates are desired (e.g., Graduation Rate, lower rates are desirable for Chronic Absenteeism and Suspension Rate. To reflect this difference for these indicators, the labels for the “cell phone bar” graphics are reversed to indicate the goal of low rates.

Overall performance in the district is mostly favorable. As we break down sites and student sub-groups, we see areas of growth that each site is building a plan to address.

Keep in mind that these scores are baselines that we will measure future growth.
