Students who are accepted for one of the programs attend Marshall Opportunity High School for the first half of the school day and the CACC for the second half of the school day. Students who apply to and are accepted to the CACC are expected to be committed to the course of study and the lack of such could hinder their ability to graduate and/or get credit.

2. Students who have attended a non-public school that is not on the MDE list of approved schools and does not meet the MDE requirements for reporting, or students from out of state schools that do not meet the requirements previously stated in number one must test out of the highest level previously achieved. (Example: students who wish to register for an English 11 course must test out of English 10). This testing will also be used to determine the appropriate placement of the student. Students who fail the test will be placed in an appropriate course level and grade level as determined by the administration, and English instructor.

Letter grades will not be accepted for students who have attended a non-public school that is not on the MDE list of approved schools and does not meet the MDE requirements previously stated in number one. These students will receive Credit for all courses previously passed and No Credit for courses not passed. Credit/No Credit cannot be averaged into the student's GPA.

3. Students are encouraged to enroll at the beginning of a new semester. All attempts will be made to enroll students in the same or similar course offerings that they were enrolled in at their previous school. Grades will be accepted for students who have attended a non-public school that is on the MDE list of approved schools and meets the MDE requirements for reporting or students from out of state schools who meet the requirements previously stated in number one.

A copy of the home-schooling curriculum, course offerings, course descriptions, grading requirements and an official student transcript will also be required. Students who cannot provide the above will not have their credits accepted by Marshall Public Schools/MAHS. Students may utilize the testing out process as described in number two above.

ATTENDANCE

What to do if a student is/will be absent: Call Marshall Opportunity main office, 517-629-9421, to document the reason for the absence. The main office phone is 517-629-9421 and is in operation 24 hours a day.

Students are limited to seven (7) absences each quarter. Please understand that there are no “excused absence”, or “unexcused absence”, all absences will be documented and counted the same. However, assignments and work completion are still expected. It is the student’s responsibility to contact the teacher for missed work. All make-up work must be turned in within one week of the absence, unless other arrangements have been made with the teacher.

In order to earn credit for a quarter, a student may not exceed seven (7) absences per class per quarter. If a student exceeds seven (7) absences during quarters 1, 2 and 3 they will receive an **N** in that course which indicates a student has not met the school’s attendance expectations. An **N** reflects an academic grade of 59% due to lack of attendance. Students are afforded the opportunity to recover a grade of **N** with the student’s earned grade. The policy and procedure is listed below:

Quarter’s 1, 2 and 3

Grade Reduction: A student with seven (7) or more absences in the quarter will receive an NC for a grade. As a result, the original graded earned (60% or higher) is replaced with a 59%. The comment of “Failure due to attendance” will be noted on the student’s report card. Grades earned below 59% will not be replaced with an N but will be recorded according to what the student has earned.

Grade Buyback: A student who earns an N for the first quarter can earn their grade back if he/she meets the attendance expectations in the following quarter and has no discipline concerns. If the student meets the discipline and attendance expectations in the following quarter, his/her grade of NC (59%) will be **replaced by the student’s original grade earned**.

If a student does not meet the attendance expectation in the second quarter, the grade of NC (59%) is not replaced.

If a student accumulates more than seven (7) absences during the fourth (4th) quarter, he/she may be dropped from the program for the remainder of the quarter and may re-enroll for the next school year.

Only special situations such as long-term illness, hospital stays, etc. will be considered for appeals. Exceptions under extenuating circumstances may be brought to the director and/or the advisory committee.

Student’s attendance can be reviewed in Parent Portal. Absence Codes are:

- U = Unexcused absence
- A = Parent explained absence
- C = College Visit
- F = Family Emergency/Religious/Funeral
- H = Homebound/Hospital
- I = In School Suspension
- L = Legal/Court
- M = Medical/Dental/FMLA...doctor signed note

- R = School Related
- V = Vacation Day...must be approved two (2) weeks prior
- N= Nurse's Office

State law requires daily attendance of all students enrolled in Michigan Public Schools. Regular attendance at school is very important to each student's success; therefore, students must attend regularly scheduled classes unless officially excused. Students are required to participate in class and complete all assigned work. Class attendance is not only important for the learning process, but also helps students to develop habits of punctuality, dependability, and self-discipline. These are essential for a successful adult life. Students who are more than 10 minutes late to class will be marked absent for that class. Students under the age of 18 that do not adhere to the law will be referred to the Calhoun Intermediate School District attendance office. Students over the age of 18 may be dropped from the program.

SKIPPING – Skipping class will result in a referral. Students arriving more than 5 minutes late to class without an approved late pass will be considered skipping.

- 1st Referral- 1 day of ISS
- 2nd Referral 1 days of ISS
- 3rd Referral 3 days of ISS
- 4th Referral 5 days of ISS
- 5th Referral 7 days of ISS

Tardiness: Punctuality is part of attendance. Students are considered late if they arrive after class is scheduled to begin. Passing time between classes is 3 minutes. If a student is not in class when it has begun, they are considered tardy. If a student accumulates more than 3 tardies, it will count as an absence. Each subsequent tardy will also count as an absence. Students who arrive 5 minutes or more after class has begun will be marked absent and may have to make the time up before or after school or at another arranged time approved by the staff. A student who returns 5 or more minutes late from lunch may be asked to leave for the rest of the day and the student will be marked absent.

Attendance letters will be mailed quarterly for students with 3-5 absences in a class.

Attendance concerns/referrals: Upon receiving a referral from the teacher the student will meet with the MOHS Director to discuss attendance concerns and establish solutions. If a student continues to have attendance issues, he/she may be placed on attendance probation and a parent/guardian meeting will be scheduled. If the student is under the age of 16 a referral will be made to the Calhoun IDS.

Students may use their cell phones or electronic devices in the hallways during passing time or in the lunchroom during lunch time.

Students found using electronic device in class will be asked to turn the device into the teacher for the remainder of the class period. If student refuses, they will be sent to the office to turn their phones in for the remainder of the school day, student will then spend the remainder of the class period in ISS.

Students refusing to give their device to the office will be considered insubordinate and may result in Out of School Suspension.

In order to place a student’s work or photo on the web page, a parent or guardian must sign a form granting permission to do so. This permission form will be available at registration.

DIRECTORY INFORMATION

Each fall the schools compile directory information on the students. This includes such things as name, age, grade, date of birth, place of birth and address. This information is used for such things as athletic eligibility, job application, and college entrance. All items to be used in the directory information are read at a public Board of Education meeting. The policy of the Board of Education as it relates to directory information on students is as follows: No employee of the school may furnish list of names and addresses of pupils to anyone other than school officials. The superintendent of schools may authorize the release of the list of names of the senior class to local schools and colleges, to military authorities, and other appropriate persons or agencies. The school acts as an official agent in helping students obtain work permit. Students may get applications for work permits in the guidance office. Since the student and the prospective employer must fill out the forms, it is usually impossible for a student to complete the required work in one day. Proof of age will be required. If a student changes jobs, a new work permit listing the new employer must be obtained. All such reports will be investigated immediately by the district. Anyone found to have violated this policy will be subject to disciplinary action up to and including expulsion from school if a student, or termination from employment if an employee.

The right to confidentiality, both of the complainant and of the accused will be respected consistent with the district's legal obligations and the necessity to investigate allegations of misconduct. The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

This policy shall also encompass such actions as look-alike items, false fire alarms, bomb threats, or intentional calls to falsely report a dangerous condition.

The Superintendent is authorized to establish instructional programs on weapons which require students to immediately report knowledge of weapons and threats of violence by students and staff to the building principal. Failure to report such knowledge may subject the student to discipline up to and including suspension or expulsion from school.

The Superintendent will refer any student who violates this policy to the student's parents or guardians and to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action, up to and including expulsion.

Policy exceptions include:

- weapons under the control of law enforcement personnel.
- items pre-approved by the building principal as part of a class or individual presentation under adult supervision, if used for the purpose and in the manner approved; (Working firearms and any ammunition will never be approved as part of a presentation.)
- theatrical props used in appropriate settings.

This policy will be published annually in all District student and staff handbooks. Publication is not a precondition to enforcement of this policy.

The penalty for possession and/or use of a weapon: up to 45 school days suspension and possible expulsion from school for a period of up to 180 school days. If expelled, the student may reapply for reinstatement.

Possessing a Dangerous Weapon, Firearm, and/or Destructive Device

(Excerpts from Board Policy 5610.01)

The Board of Education is continually concerned about the safety and welfare of District students and staff and, therefore, will not tolerate behavior that creates an unsafe environment or a threat to safety.

In compliance with State and Federal law, the Board shall expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation.

For purposes of this policy, a dangerous weapon is defined as "a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocketknife opened by a mechanical device, iron bar, or brass knuckles" or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices. The term "firearm" is defined as: a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of the explosive; b) the frame or receiver of any such weapon; c) any firearm muffler or firearm silencer; or d) any destructive device. Such term does not include an antique firearm.

The Board need not expel for possession of a dangerous weapon if the student can establish to the satisfaction of the Board that:

1. the object or instrument was not possessed for use as a weapon, or for direct or indirect delivery to another person for use as a weapon
2. the weapon was not knowingly possessed
3. the student did not know or have reason to know that the object or instrument possessed constituted a dangerous weapon
4. the weapon was possessed at the suggestion, request, or direction of, or with the express permission of a District administrator or the police

The penalty for possession of a dangerous weapon: up to 45 school days suspension and expulsion from school for a period of up to 180 school days. If expelled, the student may reapply for reinstatement

SEARCH AND SEIZURE

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search students, student lockers and desks and/or student automobiles under the circumstances outlined below and seize any illegal, unauthorized, or contraband materials discovered in the search. A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action. A student's person and/or personal effects (e.g., purse, book bag, athletic bag, etc.) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials.

Student lockers and desks are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers and desks. Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. School authorities may conduct periodic general inspection of lockers and desk for any reason, at any time, without notice, without student consent and without a search warrant.

If a properly conducted search yields illegal or contraband materials, such findings will be turned over to proper legal authorities for ultimate disposition.

RESTORATIVE JUSTICE

"In recognition of the negative impact on a student's education, we view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort; except where these disciplines are required by law (Policy 5610.01). We will utilize restorative practices in addition to, or as an alternative to, suspension or expulsion which emphasize repairing the harm to the victim and school community caused by the student's misconduct. Restorative practices may include victim-offender conferences that are initiated by the victim, are approved by the victim's parent or legal guardian (or if the victim is at least fifteen 15, by the victim), are attended voluntarily by the victim and supporters of the victim and offender, and would provide an opportunity for the offender to accept personal responsibility for the harm caused to those affected and to participate in the setting of consequences to repair the harm. The selected consequences and time limits for their completion will be incorporated into an agreement signed by all conference participants."

IN-SCHOOL SUSPENSION- ISS is used as a consequence for behaviors that do not impact school safety. The ISS environment is a strict-quiet zone. Students are expected to be silent at minimum and are encouraged to be academically productive. *(If a student is suspended in-school for a day on which school has to be closed (e.g., snow day) the student's suspension carries over to the next day school is in session.)*

SUSPENSIONS

Suspension is the exclusion of a student from a class or classes for a period of from one (1) to forty-five (45) days for a violation of the rules contained in this handbook. A school administrator will take action utilizing the Suspension Procedure.

- Any student suspended from the same class, subject, or activity for then accumulative or consecutive school days during the school year shall be given a formal procedural Board hearing for each additional suspension beyond the tenth day in accordance with due process requirement required by Board Policy for suspension of ten (10) days or more.

SUSPENSION PROCEDURES

Suspension days and classroom dismissals will be counted as "non-chargeable" absences. An exception to this policy is the Calhoun Area Career Center. The CACC provides an extension to the MAHS curriculum. The policies established in the CACC handbook apply when a MAHS Student is in attendance at the CACC facility. Suspended students will be expected to make up all work missed. For make-up work procedures see item 6.

The following procedural guidelines will govern the suspension process:

4. If the parent or guardian is in disagreement with the disciplinary code, see the due process section of this handbook for the appeal process.
 5. Homework will be provided, and credit will be given for all work if it is turned in within two (2) days of the student's return to class. Homework assignments may be obtained by calling the office. The teacher will be given twenty-four (24) hours to prepare the assignments after which a parent may pick up the assignments at the office between the hours of 7:30 a.m. and 3:00 p.m. When necessary, suspended students who have made prior arrangements may pick up their assignments.
 6. Suspensions that are not of mandated length will be progressive per similar occurrence:
 - First occurrence: 3 days
 - Second occurrence: 5 days
 - Third occurrence: 10 days and up to 45 days with a possible recommendation for expulsion
 7. Suspensions are accumulated on a per year basis.
 8. Students on out-of-school suspension are ineligible to participate and attend extracurricular activities during suspension.
 9. Suspensions interrupted by snow day, vacations, breaks in the calendar year, bereavement, etc. do not count as days served for suspension.

EXPULSIONS

Expulsion – The exclusion of a student from classes for the balance of a semester, a school year, or permanently for violation of the rules contained in this handbook rests solely with the Board of Education. Recommendations for expulsion will follow the expulsion procedures.

Grounds for Suspension or Expulsion

FIRE, DISASTER, AND LOCKDOWN DRILLS

State law requires that fire and disaster and lock down drills be held for your protection. Each classroom has a posted route to be followed for fire drills and information about the portion of the building to be used as a shelter area for disaster and lock down drills. Familiarize yourself with the routes and areas to be used by your classrooms. It is imperative that there be silence during these drills so that any necessary changes in routing, building evacuation, or shelter areas can be clearly heard by the students and staff.

SEVERE WEATHER

The following procedures will be implemented whenever the school receives notification from the sheriff's department of possible severe weather:

TORNADO WATCH

RETURNING AFTER BEING REMOVED FROM THE ROLLS

Any student dropped from the rolls, voluntarily or otherwise, who wishes to return, must do so under a behavioral contract and complete a probationary period. This period will end when the student completes an entire quarter without violating the terms of the contract. The student wishing to return must set up a meeting with the Director prior to the start of the new semester to outline the conditions of the behavioral contract.

RESOLVING PROBLEMS AT SCHOOL

As in any family, place of employment or school situation, problems among members may arise. Many times, misunderstandings can be avoided by keeping communication open between staff and students. Every attempt will be made by staff to help students work out problems right away. This may be in the form of a one-on-one conversation with staff and/or facilitation of conversation between those involved in the disagreement. Students or parents who feel there may be a problem at school are encouraged to let the staff or administrator who may be involved know right away and every attempt will be made to resolve the issue. Making an appointment may be necessary in order to have sufficient time to discuss the issue. If the meeting or telephone conversation does not solve the issue, please contact the next level of administration:

Education Coordinator	Mrs. Merryln McMiller
Principal	Mr. Ben Wallace
