SELECTION OF LIBRARY MATERIALS**Policy**

The freedom to read is essential to our democracy. The school library plays an important role in helping students to inquire, to study and evaluate information, and to gain new understandings and knowledge. Therefore, library materials provided by the Barre Unified Union School District, regardless of technology, format, or methods of delivery, should be readily, equally, and equitably accessible to all students.

This policy exists to ensure that the District provides access to a diverse library collection, that supports students in the curriculum, their personal research, and recreational reading, and that sustains students' First Amendment Rights to access information and to read freely.

Definitions

For the purpose of this policy:

1. ***Library Materials*** include all materials considered part of the library collection, including but not limited to print, digital, and media production resources. Library materials may be found in both physical and virtual library spaces.
2. ***Educational Technology*** means instruction and/or preparation in the appropriate use of current technology to provide students with the knowledge and skills needed to communicate, solve problems, and to access, manage, integrate, evaluate and create information.
3. ***Diverse library collection*** means that the library collection intentionally contains content by and about a wide array of people and cultures to authentically reflect a variety of ideas, information, stories, and experiences, including those from traditionally marginalized and underrepresented communities.
