

ADMINISTRATION

Consultants

The School Board and Superintendent may engage the services of consultants when, in their judgment, such services are not available within the present staff; substantial savings to the School Division are evident; and/or such employment will be to the advantage of the School Division in some other way.

Consultants shall exercise no administrative authority over the work of employees in the School Division; but shall act only as advisers in those fields in which they are qualified to offer expert assistance.

All administrative supervision of employees shall be in the hands of those to whom such responsibility has been specifically designated.
