2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

As a National Blue Ribbon and California Distinguished Fundamental and GATE Magnet School, Tustin Memorial Academy passionately believes that by focusing on the foundations of literacy through readers and writers workshop and mathematics through CGI (Cognitively Guided Instruction) in a character-building environment, we will produce strong readers, writers, problem solvers, thinkers, innovators, and responsible citizens. All students are provided with STEAM opportunities and experiences that promote critical thinking, collaboration, creativity, and communication as 21st-century learners. All students engage in learning in the iTeam Headquarters Innovation Lab throughout the year and actively participate in school-wide events such as STEAM challenges to support their creativity and learning. GATE strategies deepen critical thinking by focusing on the depth and complexity of the grade-level standards. The fundamental aspect of the school also holds high expectations for student achievement, critical thinking, development, and growth. Local and state progress indicators and the CA Dashboard results provide ongoing data that drives instruction at all grade levels throughout the year.

There is a strong focus on the social-emotional needs of Tustin Memorial's students through mindfulness, social thinking practices, and the implementation of a social-emotional curriculum and its connection to academic achievement. Growth and innovative mindsets continue to be school-wide themes, and students are taught responsible and respectful behavior as outlined in the TMA Commitment Agreement. Our established garden, service-learning, and student-led activities are integral aspects of the school and school community. Our unwavering commitment and devotion to our students as leaders of tomorrow is represented by our school STAR logo depicting "Special, Talented, and Responsible" students and school motto "Helping Our Scholars to Reach for the Stars and Beyond".

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority on ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 12, 2022, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on the textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Beautifully maintained TMA was built in 1956 and retains its charm as part of an older and established neighborhood of ranch-style homes. School-wide beautification efforts by the school community and the district include extensive landscaping, resurfacing, and gardening to enhance curb appeal. In the summer of 2019, TMA received new carpet in every room throughout the campus and rooms were also freshly painted. A solar structure was installed in 2020. Visitors to TMA are welcomed by caring staff members and a well-maintained, inviting campus.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	85	N/A	59	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Tustin Unified School District values our parents and community. We believe that parental engagement is integral to student success and one of our goals is to continuously increase parental involvement in our schools. In TUSD, parents receive regular emails from a Parent Square listserv that provides information on district and school-wide updates and events, available resources, training, opportunities, etc.

In addition to district-wide efforts, our school believes that parent involvement drives the daily learning for all students. Parents and credentialed teachers work together to review the core program, academic support, and supplemental learning opportunities available to students. Annually, parents have the opportunity to meet with their child's teacher or counselor (HS) and work together in the development of the student's educational plan and goal setting at the beginning of each school year. Additionally, parents always have the opportunity to communicate with the administrative team, teachers, counselors, and other school support staff when the need arises.

All parents have the opportunity to be on our School Site Council or to attend the meetings. School Site Council members are elected for a two-year term and meet a minimum of four times per year. The function of the School Site Council is two-fold: to provide feedback and advice to the School Plan for Student Achievement, as well as suggestions and ideas for improving the school's educational programs; and to uphold the mission of the school and contribute to the success of the school. Parents of EL students have access to our TUSD Office of Language Acquisition, and district DELAC committees to learn about the EL Program and the comprehensive support available to EL families. Parents of ELs are able to provide input into decisions related to English language acquisition at the DELAC meetings.

For Special Education students, there is ongoing parental collaboration and support provided to the parent to ensure that their student's needs are met as part of the Individualized Education Program. Parents have access to special education support providers as well as special education department administration.

Parents and families are involved throughout the campus on a daily basis at Tustin Memorial Academy. Our school has built a unique culture that includes strong parent partnerships. Every family signs a Commitment Agreement each year which encourages at least 10 hours of volunteer work. Parents and family members volunteer in various capacities including in classrooms, in the garden, during PE, in our iTeam innovation lab, the library, the office, at school events, or on the playground.

2022-23 Opportunities for Parental Involvement

Parents are actively involved in school activities such as Mother Daughter Tea, Guys Night, Family Reading and Movie Nights, Son Appreciation Night, Family Art Night, Family Lunches, and other evening community events. Our school-wide communication to parents provides a multitude of ways for every family to be involved in some way. Our unique dad's group, HEROES (Helping Enrich Resources of Every Student), emphasizes getting fathers, uncles, and grandparents involved in school activities. The HEROES have been recognized by the Orange County Department of Education for their unique program and received a Golden Bell Award from the California School Boards Association for their innovative techniques of getting fathers, uncles, grandparents, and other male relatives involved in school and providing additional resources for students. Communication among parents, students, and teachers is a high-priority at TMA and we strive to build a strong support system in order to help our students to be successful. A weekly e-blast goes out to families each week with updates, upcoming events, and parenting strategies. TMA prides itself on its strong collaboration with parents to provide a unique and supportive culture and environment for all students.

For more information on how to become involved at the school, please contact Brooke Carreras at (714) 730-7546.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.50	0.93	2.45
Expulsions	0.00	0.07	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 11/18/2022
 Date Updated and Approved by SSC: 11/18/2022
 Date Discussed by Staff: 10/07/2022

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, attestation plan for COVID-19, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

At Tustin Memorial Academy we also have a School Safety Committee that annually updates the School Safety Plan and runs annual school safety drills for all students and staff. The committee is made up of administrators, certificated and classified staff, and may include parents or students.

Additionally, during the 2022-23 school year, all TUSD schools and district departments participated in a training called Knowledge Saves Lives, which prepares schools for Active Shooters or various safety situations that may arise.

2021-22 Types of Services Funded

In addition to base per pupil funding, Tustin Memorial Academy receives ESSER III, LCFF-EL, and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will support student learning and achievement through a Multi-Tiered System of Support. The allocated funds are used to provide tiered and targeted supports or interventions for unduplicated students in the areas of academics, behavior and social-emotional learning, absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Students are administered local assessments three times per year, and more often if at-risk and being monitored for progress. Within the MTSS model, students scoring two or more grade levels below their current grade level on any standard were eligible for intervention and targeted academic support. Our intervention students are provided class-based or small-group intervention sessions which target their specific performance level, focusing on ELA or Math standards. In addition, using ESSER and categorical instructional funds, our students and their teachers have a variety of supplemental print and online intervention curriculum options to choose from.

The TMA Parent Teacher Organization (PTO) provides extensive funding to support enrichment programs in art, music, math, science, performing arts, and STEAM, as well as resources to support technology, the Organic Garden and Nature Center, the library, MTSS paraeducators, and Physical Education personnel.

Please refer to our district LCAP or School Site Plan for Student Achievement, which is posted on our website, for a more detailed list of goals and actions that the school currently funds.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. The comprehensive training takes place before the school year starts, providing teachers with current best practices and opportunities for collaboration around instruction/curriculum for the upcoming year with site and district colleagues. An all district professional development day is also provided on a non-student day in the fall, focusing on any current instructional or organizational professional learning needs at the time. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

Schools also provide professional development opportunities based on school-wide student needs driven by an analysis of student data and funded by site categorical or supplemental allocations. Staff development opportunities can take place before, during, or after school and by release time throughout the school year. All new teachers engage in the Induction Program through OCDE, which provides new teachers with ongoing support through the first two years of teaching.

At TMA, teachers participate in Professional Learning Communities regularly with their grade levels to analyze data and plan collaboratively based on school-wide accountability, district goals, and Common Core Standards. This year, staff development continues to focus on the implementation of our newly adopted Twig Science curriculum as well as strategies to support the social-emotional needs of our students. Grade level teams analyze student performance data and adjust curriculum and long-range lesson plans to meet the needs of all students throughout the year. In the past 3 years, major areas of professional development have been provided for all teachers in CGI math, readers and writers workshop, GATE strategies, social-emotional learning, and technology. Teachers also have the opportunity to pursue independent projects for growth, as well as participate in school/district training, and coaching. Professional development is selected based on student achievement data, teacher input, and district goals. It is provided after school, during the school day through in-class coaching, conference attendance, individual monitoring (independent study), and online workshops. Leadership Team, PBIS Team, and STEAM Team meet monthly to discuss school-wide data, practices, and systems to support learning. New teachers and mentor teachers are provided with specific professional development through the District's Induction Program, which is directed to their specific needs. Support staff receives professional development relevant to their roles through the District Office.
