

Comprehensive School Improvement Plan (CSIP)

Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. Through the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps among identified subgroups of students. When implemented with fidelity, the Comprehensive School Improvement Plan (CSIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes). Through the Needs Assessment for Schools, priorities were identified and processes, practices, and/or conditions were chosen for focus. This goal building template will assist your improvement team to address those priorities and outline your targets and the activities intended to produce the desired changes. Progress monitoring details will ensure that your plan is being reviewed regularly to determine the success of each strategy.

Please note that the objectives (short-term targets) set by your school under the Achievement Gap section of this planning template will be used by the district's superintendent to determine whether or not your school met its targets to reduce the gap in student achievement for any student group for two consecutive years as required by KRS 158.649. Likewise, operational definitions for each required planning component can be found on page 2 of the planning template.

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

Requirements for Building an Improvement Plan

- The required goals for elementary/middle schools include the following:
 - State Assessment Results in reading and mathematics
 - State Assessment Results in science, social studies and writing
 - Achievement Gap
 - English Learner Progress
 - Quality of School Climate and Safety

- The required goals for high schools include the following:
 - State Assessment Results in reading and mathematics
 - State Assessment Results in science, social studies and writing
 - Achievement Gap
 - English Learner Progress
 - Quality of School Climate and Safety

- Postsecondary Readiness
- Graduation Rate

Explanations/Directions

<p>Goal: Schools should determine long-term goals that are three to five year targets for each required school level indicator. Elementary/middle schools must address proficiency, separate academic indicator, achievement gap, and growth. High schools must address proficiency, separate academic indicator, achievement gap, graduation rate, and transition readiness. Long-term targets should be informed by The Needs Assessment for Schools.</p>					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
<p>Schools should determine short-term objectives to be attained by the end of the current academic year. There can be multiple objectives for each goal.</p>	<p>Describe your approach to systematically address a process, practice, or condition that was identified as a priority during the Needs Assessment for Schools. There can be multiple strategies for each objective. The strategy can be based upon <u>Kentucky's six (6) Key Core Work Processes</u> or another established improvement approach (i.e. <i>Six Sigma, Shipley, Baldrige, etc.</i>).</p>	<p>Describe the actionable steps that will occur to deploy the chosen strategy. There can be multiple activities for each strategy.</p>	<p>List the criteria that will gauge the impact of your work. The measures may be quantitative or qualitative but are observable in some way. Consider measures of input as well as outcomes for both staff and students.</p>	<p>Describe the process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. Your description should include the artifacts to be reviewed, specific timelines, and responsible individuals.</p>	<p>List the specific federal, state, or local funding source(s) used to support each improvement initiative. If your school is a recipient of Title I, Part A funds, your CSIP serves as your annual plan and must indicate how Title I funds are utilized to carry out the planned activities.</p>

1: State Assessment Results in reading and mathematics

Goal 1 (State your reading and math goal.): By 2023, 70% of Boonesborough Elementary School students will be proficient or higher on KPREP in both the areas of reading and mathematics .					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 By May of 2023, 100% of classroom teachers will have 70% or more students score proficient or higher in math as measured by iReady.	Design and Deploy Standards	Weekly PLCs to ensure there is an alignment between standard, learning target, activity, success criteria and assessment.	Spring iReady Score 2023 KSA Score	PLC minutes Teacher Lesson Plans Weekly Classroom Walk Throughs	NA
		Mathematics Unit Development in Grades 3-5	Spring iReady Score 2023 KSA Score	Ongoing Units Lesson Plans	District Funding for Academic Interventionist
		Utilize standards based assessments and standards mastery.	Spring iReady Score	Regular implementation (1 time every month) of standards mastery in each grade 2-5.	NA
		Weekly professional learning communities with a mathematics focus to ensure congruency with learning target, activity, success criteria and assessment.	Spring iReady Score 2023 KSA Score	PLC minutes	NA
		Generate success criteria for each standard and share with students and their parents.	Spring iReady Score 2023 KSA Score	Lesson Plans Weekly Classroom Walk Throughs	Title 1 – PD Release Time
	Design and Deliver Instruction	Develop and share clear, student friendly learning targets.	Spring iReady Score 2023 KSA Score	Lesson Plans	NA
		Utilize CCI and PDSA with students.	Spring iReady Score	Bi-monthly progress checks by teachers and students.	District Funds - Training
		Utilize iReady instructional component 40 minutes weekly with students.	Spring iReady Score	Weekly checks of student instructional time by principal and teacher.	Title 1 - \$20,000
		Assign each student an on-grade level assignment each week that matches classroom instruction	Spring iReady Score	Weekly checks of student instructional time by principal and teacher.	Title 1 - \$20,000

Goal 1 (State your reading and math goal.): By 2023, **70%** of Boonesborough Elementary School students will be proficient or higher on KPREP in both the areas of **reading** and **mathematics**.

		Administer and analyze Through Course Task activities.	KSA Science Score Through Course Task Unit Assessments	Through Course Tasks	NA
		Intentional instruction of content vocabulary.	2023 KSA Science Score	Unit Assessments Classroom Use of Frayer Model	NA
		Utilize CER Tasks two times each month with students in grades 3-5	2023 KSA Science Score	Unit Assessments	NA
		Utilize Mystery Science K-5.	KSA Science Score Through Course Task Unit Assessments	Unit Assessments	District Funds
		Utilize National Geographic Texts K-5.	KSA Science Score Through Course Task	Unit Assessments	Title 1 -Materials \$3000

Goal 2 (State your science, social studies, and writing goal.): By Spring 2023, 50% of Boonesborough Elementary School students will score proficient or higher on KPREP in the area of science.					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
			Unit Assessments		
		In grades K-5 utilize science focused texts and articles during literacy block to build content knowledge.	KSA Science Score Through Course Task Unit Assessments	Unit Assessments	Title 1 – Materials \$3000
	Design and Deliver Assessment Literacy	Develop unit assessments that utilize an electronic format.	KSA Science Score	Unit Assessments Semester Scrimmage	Title 1 – Sub Release \$500
		Develop clear success criteria and rubrics to ensure students understand high quality work	KSA Science Score Unit Assessments	Unit Assessments Semester Scrimmage	Title 1 – Sub Release \$500
		Develop and of unit assessments that are congruently aligned with science standards.	KSA Science Score	Unit Assessments Semester Scrimmage	Title 1 – Sub Release \$500

3: Achievement Gap

KRS 158.649 requires the school-based decision making (SBDM) council, or the principal if no council exists, to set the school's yearly targets for eliminating any achievement gap. The targets should be established with input from parents, faculty, and staff and submitted to the superintendent for consideration and the local board of education for adoption. In addition to being a statutory requirement, intentionally focusing on the achievement gaps that exist among a school's underserved student populations is also a vital component of the continuous improvement process. Schools should use a variety of measures and analysis when conducting its review of its achievement gaps, including a review of the school's climate and culture. Schools are not required to establish long term achievement gap goals; however, schools must establish yearly targets (objectives).

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
<p>Objective 1 By Spring 2022, the proficiency gap in math for free and reduced lunch and paid lunch will be reduced by 30% as measured by iReady.</p>	<p>Design and Deploy Standards</p>	<p>Weekly PLCs to ensure there is an alignment between standard, learning target, activity, success criteria and assessment.</p>	<p>Spring iReady Score 2023 KSA Scores</p>	<p>PLC minutes Weekly Classroom Walk Throughs</p>	<p>NA</p>
		<p>Mathematics Unit Development in Grades 3-5</p>	<p>Spring iReady Score 2023 KSA Scores</p>	<p>Ongoing Units Lesson Plans</p>	<p>District Funding for Academic Interventionist</p>
		<p>Utilize standards based assessments and standards mastery.</p>	<p>Spring iReady Score</p>	<p>Regular implementation (1 time every month) of standards mastery in each grade 2-5.</p>	<p>NA</p>
		<p>Weekly professional learning communities with a mathematics focus to ensure congruency with learning target, activity, success criteria and assessment.</p>	<p>Spring iReady Score 2023 KSA Scores</p>	<p>PLC minutes Weekly Lesson Plans Weekly Classroom Walk Throughs</p>	<p>NA</p>
		<p>Generate success criteria for each standard and share with students and their parents.</p>	<p>Spring iReady Score 2023 KSA Scores</p>	<p>Lesson Plans Weekly Classroom Walk Throughs</p>	<p>Title 1 – PD Release Time</p>
	<p>Establishing Learning Culture and Environment</p>	<p>Utilize guidance counselor, teachers, Family Resource Director and Worker, and principal to meet the social, emotional, and physical needs of the students.</p>	<p>Office Referrals Weekly Behavior Data</p>	<p>Parent Surveys SRSS Survey FRC Data</p>	<p>NA</p>

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
		Utilize a school-wide behavior system (PAWS) to ensure that students are held to high standards.	Office Referrals Weekly Behavior Data	Weekly behavior checked teachers Weekly school-wide behavior shared publically Parent Surveys SRSS Survey FRC Data	Section 6 – Rewards for students
		Engage students in personal goal setting and monitoring.	Spring iReady Score 2023 KSA Scores	Standards mastery scores Student progress notebooks	NA
		Utilize student-led conferences so that students can take ownership of their work and share their learning progress with families.	Spring iReady Score 2023 KSA Scores	Standards mastery scores Student progress notebooks	Section 6 and Title 1 – Materials and Snacks for Parent Nights
		Implement learning nights with a parent education component.	Spring iReady Score 2023 KSA Scores	Parent Surveys SRSS Survey FRC Data	Title 1 Parent Involvement Funds

6: Postsecondary Readiness (high school only)

7: Graduation Rate (high school only)

8: Other (Optional)

Goal 8 (State your separate goal.): By 2023, 70% of students will demonstrate one or more years growth on the iReady assessment in the area of math.					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 By 2023, 70% of students will demonstrate one or more years growth on the iReady assessment in the area of math.	Design and Deliver Instruction	Develop and share clear, student friendly learning targets.	Spring iReady Score 2023 KSA Score	Lesson Plans	NA
		Utilize CCI and PDSA with students.	Spring iReady Score	Bi-monthly progress checks by teachers and students.	District Funds - Training
		Utilize iReady instructional component 40 minutes weekly with students.	Spring iReady Score	Weekly checks of student instructional time by principal and teacher.	Title 1 - \$20,000
		Assign each student an on-grade level assignment each week that matches classroom instruction	Spring iReady Score	Weekly checks of student instructional time by principal and teacher.	Title 1 - \$20,000
		Utilize Eureka Math and Ready Math for K-5 tier 1 instruction.	Spring iReady Score 2023 KSA Scores	Spring iReady Scores KSA Mathematics scores	Title 1 - \$20,000
		Utilize both whole group and small group instruction to ensure lessons are differentiated.	Spring iReady Score	Spring iReady Scores	NA
		Intentional instruction of content vocabulary.	Spring iReady Score 2023 KSA Scores	Spring iReady Scores Classroom Use of Frayer Model	NA
		Instructional fluency cycles for addition and subtraction facts (grades 1 and 2) and multiplication and division facts (grades 3 and 4)	Spring iReady Score	CCI analyzed by teachers and students. Fluency Checks at the end of each fluency cycle.	NA
		Mathematics Unit Development in Grades 3-5 led by Academic Interventionist	Spring iReady Score 2023 KSA Scores	Ongoing Units Lesson Plans	District Funding for Academic Interventionist
	Design and Deliver Assessment Literacy	Utilize standards based unit assessments and standards mastery.	Spring iReady Score 2023 KSA Scores	Analyzing bi-monthly standards mastery checks in PLCs and through CCI with students. Unit Development	Title 1 – PD Release Time

Goal 8 (State your separate goal.): By 2023, 70% of students will demonstrate one or more years growth on the iReady assessment in the area of math.					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
		Develop unit assessments that utilize an electronic format.	2023 KSA Scores	Unit Assessments Semester Scrimmage	Title 1 – Sub Release \$500
		Implement student participation in self-assessment and goal setting (CCI)	Spring iReady Score 2023 KSA Scores	Spring iReady Scores Student scores on unit assessments	District Funds – Training Title 1 – Professional Development
		Utilize student data notebooks	Spring iReady Score Unit Assessments 2023 KSA Scores	Unit Assessments Standards Mastery	Section 6 - \$400
		Identify which assessment methods are the best match for each learning target	Spring iReady Score 2023 KSA Scores	Spring iReady Scores Unit Development Student scores on unit assessments	District Funds – Training Title 1 – Professional Development

Special Considerations for Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) Schools

TSI schools (including ATSI schools) must embed their subgroup(s) plan for improvement within their CSIPs. TSI stakeholders, including the principal and other school leaders, teachers, and parents, should carefully consider what must be done to ensure the subgroup(s) perform(s) at high levels in the state accountability system. In addition to identifying strategies and activities within the CSIP that address the specific needs of underperforming groups, provide narrative information regarding the additional requirements for TSI schools in the following chart:

Components of Turnaround Leadership Development and Support:
Consider: How will you ensure that school leadership has or develops the skills and disposition to achieve accelerated, meaningful, and sustainable increases in student achievement for underperforming subgroups? Response:
Identification of Critical Resources Inequities:
Consider: Describe the process used to review the allocation and use of resources (people, time, and money), any resource inequities that were identified that may contribute to underperformance, and how identified resource inequities will be addressed. Response:
Additional Actions That Address the Causes of Consistently Underperforming Subgroups of Students
Consider: Describe the process used to review the learning culture related to your targeted subgroup(s) and any additional actions that were determined to address the causes of underperformance. Response:
Targeted Subgroups and Evidence-Based Interventions:
Consider: Identify the areas of need revealed by the analysis of academic and non-academic data that will be addressed through CSIP activities for your targeted subgroup(s). What evidence-based practice(s) will the school incorporate that specifically targets the subgroup(s) achievement that contributed to the TSI identification? How will we monitor the evidence-based practice to ensure it is implemented with fidelity? Response:
Complete the table below to document the evidence that supports the Activities outlined in this plan. Additional rows may be added to accommodate additional pieces of evidence.

TSI/ATSI Evidence-based Practices

The Every Student Succeeds Act (2015) created new expectations for evidence-based decision making at school and district levels. More specific information regarding evidence-based practices and requirements can be found on the Kentucky Department of Education’s [Evidence-based Practices website](#). While evidence documentation in the CSIP is only required for schools identified for Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) and Comprehensive Support and Improvement (CSI), KDE encourages all school leaders to review evidence related to new programs, practices, or interventions being implemented in the school. In addition to documenting the evidence below, TSI, ATSI and CSI schools are expected to upload a description of their evidence review process, the findings of their evidence review, and a discussion of the local implications into eProve. Specific directions regarding the documentation requirements can be found in the “[Compliance Requirements](#)” resource available on KDE’s [Evidence-based Practices website](#).

Complete the table below to document the evidence that supports the Activities outlined in this plan. Additional rows may be added to accommodate additional pieces of evidence.

Evidence-based Activity	Evidence Citation	Uploaded in eProve
Train staff to implement inductive teaching strategies.	Hattie, J. (2009). Visible Learning: a synthesis of over 800 meta-analyses relating to achievement. Routledge: New York, NY.	<input checked="" type="checkbox"/>

Special Considerations for Comprehensive Support and Improvement (CSI) Schools

Schools identified for Comprehensive Support and Improvement (CSI) must complete the CSIP process and meet all applicable deadlines while identified for Comprehensive Support and Improvement (CSI). Following the completion of the school audit, CSI schools must revise their CSIP to account for the improvement priorities identified by the audit team. The newly revised CSIP, referred to as a Turnaround Plan, must include the following items: (1) evidence-based interventions to be utilized to increase student performance and address the critical needs identified in the school audit, (2) a comprehensive list of persons and entities involved in the turnaround efforts and the specific roles each shall play in the school’s turnaround process, and (3) a review of resource inequities, which shall include an analysis of school level budgeting to ensure resources are adequately channeled towards school improvement (703 KAR 5:280). Each of the three aforementioned requirements must be embedded throughout the CSIP document. Once the CSIP has been revised, the turnaround plan must be submitted to the LEA for approval before it is submitted to the Commissioner of Education for final approval.

Provide narrative information regarding the additional requirements for CSI schools in the following chart:

Turnaround Team:
Consider: Provide a comprehensive list of persons and entities involved in the turnaround efforts and the specific roles each shall play in the school’s turnaround process Response:
Identification of Critical Resources Inequities:
Consider: Describe the process used to review the allocation and use of resources (people, time, and money), any resource inequities that were identified that may contribute to underperformance, and how identified resource inequities will be addressed. Response:

Evidence-based Practices

The Every Student Succeeds Act (2015) created new expectations for evidence-based decision making at school and district levels. More specific information regarding evidence-based practices and requirements can be found on the Kentucky Department of Education’s [Evidence-based Practices website](#). While evidence documentation in the CSIP is only required for schools identified for Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) and Comprehensive Support and Improvement (CSI), KDE encourages all school leaders to review evidence related to new programs, practices, or interventions being implemented in the school.
