### Educational Background

- Bachelor of Arts – Psychology  
Grand Valley State University (Michigan)
- Master of Education - Counseling  
Northern Arizona University

### Educational Philosophy

I believe that all students are unique and must have a stimulating educational environment where they can grow mentally, emotionally, and socially. It is my desire to create this type of atmosphere where students can meet their full potential.

### Welcome!

I've been an Academic Advisor and School Counselor for more than 20 years. I've worked in small, medium and large high schools in Arizona. I've helped students develop post-secondary plans that include the military, community college, state universities, selective and highly selective private colleges.

I grew up in southwest Michigan and moved to Arizona more than thirty years ago to escape the clouds, rust, and snow of the Midwest. When I'm not working I enjoy running, hiking, biking, reading, traveling and scuba diving.

### BFHS History and Purpose

This is my first year at BFHS and I appreciate its culture of academic rigor, high expectations, and focus on personal responsibility and academic achievement.

### What I'm Looking Forward to...

I look forward to helping students pursue and realize their future dreams and goals and become productive, global citizens.
