Subject: Orchard Street Sketch

Dear Dan,

Thank you for your time and support of our request regarding Orchard Street.

We approve of this design and fully support the no parking area, 3 parking spaces on Orchard Street, etc. We look forward to the "professionally drawn version of this."

Sincerely,

Margaret Sheffield

Greg- If we expand the parking restrictions on Blackpoint Road to align with your season, are you intending to charge for parking during this extra time? If so, is your suggested charge for safety purposes or for business reasons. I can see the Town being criticized that we are taking away some free parking. Please respond. Tom

Subject: Changing "no parking on road signs"

Tom, just following up with our discussion of changing the signs on BLACKPOINT road from Kala vail to ferry road To be More in line with the operation of Scarborough State Parks season. We open for the season around mid March till November 15th it would be Real helpful and make it safer for park users if the Signs are changed to fill our operational season. I would guarantee that the park would be open daily from March 15th till November 15th. I would be willing to pay the cost of the new signs.

Thanks for considering this
