2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Our vision statement: "Be Empowered" is clear, focused and sets the tone for building the culture of our school. It is our mission to create a program in which every student feels empowered to develop purpose, values and positive habits that lead to personal and academic success. Phoenix's curricular emphasis is based on the state's common-core standards while focused on the various learning styles and achievement levels of our students. Student Outcomes or (ESLR's) are the motivating force in curricular development and teaching methodology. The Student Outcomes are intended to encourage and challenge students to become the following:

- Responsible citizens
- Effective communicators
- Academic achievers
- Career planners
- Healthy individuals

Students complete assignments, portfolios and projects that measure progress in meeting our Outcome goals. To ensure completion, a senior project based on the ESLR's is required for graduation. The administration and staff have high expectations for our students and strive to give them the opportunity to be successful and return to the comprehensive high school or graduate from Phoenix.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Year and month of the most recent FIT report				09/2022
System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	X			Gas systems and pipes appear safe, functional, and free of leaks. There is no odor that would indicate a gas leak. Gas pipes are not broken and appear to be in good working order. Heating, ventilation, and air conditioning systems (HVAC) as applicable are functional and unobstructed. The HVAC system is operable. Sewer line stoppage is not evident. There are no obvious signs of flooding caused by sewer line back-up in the facilities or on the school grounds.
Interior: Interior Surfaces			X	Admin: carpet is rippled Room 2: Interior touch up paint needed Room 4: Flooring needs replaced Interior surfaces appear to be clean, safe, and functional.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	X			School grounds, buildings, common areas, and individual rooms appear to have been cleaned regularly. There is no evidence of a major pest or vermin infestation.
Electrical	X			There is no evidence that any portion of the school has a power failure. Electrical systems, components, and equipment appear to be working properly. There are no exposed electrical wires. Electrical equipment is properly covered and secured from pupil access. Lighting appears to be adequate and working properly, including exterior lights.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	X			Restrooms in the vicinity of the area being evaluated appear to be accessible during school hours, clean, functional and inc ompliance with SB 892 (EC Section 35292.5). Drinking fountains appear to be accessible and functioning as intended.

School Facility Conditions and Planned Improvements

<p>Safety: Fire Safety, Hazardous Materials</p>	X		<p>Room 6: Exterior trim paint touch up needed The fire equipment and emergency systems appear to be functioning properly. The fire sprinklers appear to be in working order (e.g., there are no missing or damaged sprinkler heads). Emergency alarms appear to be functional. Emergency exit signs function as designed, exits are unobstructed. There does not appear to be evidence of hazardous materials that may pose a threat to pupils or staff. Hazardous chemicals, chemical waste, and flammable materials are stored properly (e.g. locked and labeled properly).</p>
<p>Structural: Structural Damage, Roofs</p>	X		<p>Room 1 Roof Leak There does not appear to be structural damage that has created or could create hazardous or uninhabitable conditions. Severe cracks are not evident. Ceilings & floors are not sloping or sagging beyond their intended design. Posts, beams, supports for portable classrooms, ramps, and other structural building members appear to be intact, secure, and functional as designed. There is not visible evidence of severe cracks, dry rot, mold or damage that undermines the structural components.</p>
<p>External: Playground/School Grounds, Windows/ Doors/Gates/Fences</p>	X		<p>Playground: Hardcourt needs slurry coated The playground equipment and school grounds in the vicinity of the area being evaluated appear to be clean, safe, and functional. Conditions that pose a safety and/or security risk are not evident. There is no exposed broken glass accessible to pupils and staff. Exterior doors and gates are functioning and do not pose a security risk.</p>

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	25	N/A	56	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

- Initial meeting and orientation with Principal and counselor during the enrollment process.
- Student, parent and teacher meetings
- Career Fair Day

2022-23 Opportunities for Parental Involvement

- Back-to-School and Open House events
- SBAC testing results are mailed to each parent.
- School-wide phone messaging system, notification of up-coming events.
- School Site Council
- Parent conferencing
- Student celebration activities
- Graduation ceremonies

PHS emphasizes ongoing collaboration with students and their families.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	10.32	1.72	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2022-23 School Safety Plan

Goal:

To create and facilitate a positive, safe, and caring learning environment in which all students feel safe, experience success, and build self-esteem.

Objectives:

To provide and facilitate an engaging learning environment that is free of distractions, with the discipline policy applied fairly, consistently, and timely; and allows for personal growth.

Related activities:

- a. Revised 2020-21 PHS School Handbook delivered to all students
- b. Consistently enforce the discipline policy and model appropriate classroom behaviors.
- c. Explain the District's attendance policies, procedures, expectations and consequences with students at first day assembly.
- d. PHS Period Schedule: students assigned to content area classrooms each period. Offered two different sessions each day so that students could remain socially distanced and in stable cohorts.
- e. Counselor on campus Monday - Friday.
- f. School-wide meetings every Friday, to make announcements, celebrate successes, and discuss any campus concerns.
- g. Celebrate students academic, attendance and citizenship successes

Phoenix High School's comprehensive safety plan was revised and updated in October, 2020. The school safety plan is comprised of district protocols, policies, and procedures for emergencies. Our updated school safety plan is designed based on the Standard Response Protocol (SRP) system, that includes different levels of response including Lockout, Lockdown, Evacuate, and Shelter. Drills for each response are practiced multiple times each year, based on state law and district office directives.

2021-22 Types of Services Funded

Phoenix High School uses the majority of its Title 1 funding to help provide extra tutoring opportunities before and after school. This allows our students to earn academic credits and improve their core academic skills in language arts, math, social studies and science. In addition, the programs provide students access to interventions, remediation, and preparation for the GED test. Students are able to work at their own pace, at home, the library, virtually anywhere and anytime. Future purchases will be made to enhance and supplement the various academic subjects and to address the varied academic deficiencies of our students.
