2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Mission: Lincoln High School creates opportunities for all students to gain the education and experiences needed to be successful, knowledgeable, and responsible contributors to society.

Vision: Lincoln High School empowers students to develop their potential, to advocate for themselves, and to make a lifelong positive contribution to the community.

Collective Commitments/Values

Each student will be supported by all staff to achieve at high levels in the areas of academics, socio/emotional well-being, and creative problem solving.

We commit to professionalism in timeliness, appearance, behavior, and accountability for ALL in the school community.

We commit to high expectations and excellence by focusing on healthy relationships where the classroom is a safe place and everyone is engaged.

We commit to meaningful and productive collaborations about student learning with mutual accountability.

We commit to building positive relationships with students, staff, parents, and community members to support student success.

Schoolwide Learner Outcomes

Zebras are safe, respectful and responsible

Zebras are effective communicators

Zebras are goal setters

Zebras are self-directed

Additional details about our Learner Outcomes and Values are available at lhs.wpusd.org > our school > Student Learning Outcomes (SLO). In addition, we had a successful WASC accreditation visit in Spring 2022, and our report and next steps are also available at lhs.wpusd.org > our school > WASC.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

In November, 2022, a bond measure was proposed that would have supported the LHS facility. The bond did not pass, and so our district will be working with our site to support our facilities as needed within our capacity as a district.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	59	N/A	56	N/A	47
Mathematics (grades 3-8 and 11)	N/A	30	N/A	40	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 Career Technical Education Programs

CTE has a long history at Lincoln High School. We have a comprehensive Agricultural program that includes multiple pathways, including Floral Design, Welding, Diesel Mechanics, Agriscience, Veterinary Science (in 23/24) and Agricultural Business. In addition, we have Project Lead the Way (Engineering), Ceramics, Computer science based pathways in Video Game Design (launched in 22/23) and Arts Media Communications (relaunching in 23/24). Next year, we are adding a new pathway in Education. Each pathway listed above will have a three-year or four year path that include "concentrator" and "completer" courses. In addition, internships are available for students wishing to gain even more direct on the job training. Jennifer Horton is our district's CTE and CTEIG representative to various CTE organizations in her role as District College and Career Coordinator.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Lincoln High School encourages all parents to be actively involved in their student's education. Several ways to be involved include:

Site Based Leadership Team: A group of various stakeholders including administration, teachers, classified staff, students, and parents, who share information and agree on decisions including the School Plan for Student Achievement and the School Safety Plan

WASC team involvement: Every six years, we look for parental involvement in our school accreditation process to ensure we are seeking continuous school improvement in a variety of areas

Booster Clubs: Several groups, including athletics, band, and football all provide opportunities for parents to support the various extra curricular activities at LHS

Farm Foundation: A group of shareholders who help support the development of Agricultural programs and offerings at the school farm

ELAC meetings: This group is open to all parents, and provides a venue for ensuring that all families, especially those families who do not speak English at home, the opportunity to be involved in our school. It includes information sessions and the opportunity to be involved in school decisions.

We also have various other activities throughout the year that happen to keep parents informed, such as the Zebra Showcase event. Parents wishing to be involved in any of these opportunities should contact the main office at 916-645-6360 for more information!

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

Lincoln High School's comprehensive safety plan was revised and updated in December, 2022 and will be published on our website in spring 2023. The school safety plan is comprised of district protocols, policies, and procedures for emergencies. The safety plan is reviewed and utilized by the staff regularly to assure that LHS is safe and secure. Our current school safety plan is designed based on the Standard Response Protocol (SRP) system, that includes different levels of response including Secure, Lockdown, Evacuate, and Shelter. This year's safety plan also included significant elements of preparedness for the current COVID situation. All staff are trained on the parameters of each response, and drills for each response are practiced multiple times each year, based on state law and district office directives. Our school safety plan is reviewed by many stakeholders, including our parent-based Site Based Leadership Team and Student Body Leadership team, and it is thoroughly reviewed by Lincoln Police and Fire departments, through the facilitation of an on-site Student Resource Officer. The school safety plan is posted on the school webpage, and a copy is kept in the main office as well.

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2021-22 Types of Services Funded

LCFF/Supplemental funds are used to support such programs as AVID, English Learner students and students that are having difficulty with their studies. The support comes in the form of tutors, aides, and materials that may be necessary. Tutoring takes place four days a week, and is open to all students. It is completely free, and is funded out of supplemental funding to support student success in the classroom. Students needing additional support in English language acquisition are identified before the start of the year, and placed in supports from a menu of options that best meet the students individual needs. Wellness Together is an emotional support program that is offered on a referral basis to student who may need counseling services, both group and individual, that go beyond what our guidance counselors can offer in a typical school day and in the 22-23 year, we launched a physical wellness center in partnership with Placer County. These services are free to the student. AVID tutors/aides, EL tutors/aides, and students tutors/aides are students who directly work with the teacher in the classroom to provide additional support to students during class time. The Agricultural program at Lincoln High School is partially funded by the California Agricultural Incentive Grant. These funds are obtained by allocation based on a list of quality and performance criteria. Funds are used to aid continuing development and maintenance of the Agriculture program, including but not limited to: curriculum, materials, equipment, trips, FFA record books, transportation, student registration, and travel expenses.

Professional Development

Major Professional Development opportunities over the past three years include:

AVID: Yearly conferences of at least five days each take place to keep our site as current on best AVID practices as possible. In addition, several sessions of "teachers teaching teachers" in AVID strategies take place each year at staff meetings and during district PD days. This did not take place this year due to COVID restrictions.

YDI: Based on the district and site belief that student relationships are critical to an effective school, cohorts of LHS teachers attend Youth Development Institute trainings yearly, with more than half of the LHS staff now having been trained. Several LHS site members have now gone through "train the trainers" PD, and can run workshops on their own to sustain this initiative.

School Safety workshop: Two years ago, a team was sent to a national conference on school safety, leading to a major revamping of our school safety plan.

School Culture Summit: Five separate teams sent to this conference to build staff relationships with peers and with students; these teams now developing programs to deliver staff wide through a vehicle called the "Culture Team"

Mental Health Conference: Two years ago, we sent a team of three staff members to a mental health conference, with their finding shared with our guidance counselor team and the staff in general at a staff meeting. Some of the best practices identified there have become integrated into our practices, including proactive work with students in the "Wellness Club."

Advanced Placement Institutes: Each year, any teacher taking on a new AP assignment, or teachers who have a course that has gone through a redesign, attend a five-day AP teaching/learning institute to help them craft a course description and content that meet the needs of learners and satisfies the demands of an AP-type curriculum.

Equity Focus: The leadership team of LHS has been going through a year-long series of meetings with our new partner, Equal Opportunity Schools, to create best practices in recruiting and retaining students from diverse backgrounds to ensure there is equity of access in our highest level courses and we are committed to sending staff to training through CAFE (bilingual education) and other language learner trainings to support our ELD and native Spanish speaker program.

Prior to the start of this school year and during the school year, technology professional development offerings were made available for all district staff to help prepare for rigorous technology demands.

This list identifies the major, ongoing, sustained PD at this site that is impacting the entire staff, but is by no means exhaustive.

This table displays the number of school days dedicated to staff development and continuous improvement.
