2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Helen Estock Elementary is located on 12.4 acres near Old Town Tustin and was opened in 1964. Estock Elementary was named to honor an eighth-grade history teacher in Tustin Unified School District (1940-1961). In June 2016, nearby Lambert Elementary School was closed and 300 students, as well as nine teachers, became part of the Estock campus and community. Helen Estock Elementary educates approx. 400 students in kindergarten through fifth grades, 92% who are Hispanic/Latino, 54% English Learners, and 74% Economically Disadvantaged.

The Estock Elementary community is dedicated to mindfully and compassionately engaging, elevating, and supporting each learner. Our mission statement at Helen Estock Elementary School is to create a rich and rigorous learning environment that reaches all learners. We foster a safe and positive community where scholars take ownership of their learning, take risks, persevere, reflect, and collaborate. We, the parents, students, and staff commit to empowering each other on our journey to success.

Strong achievement for all students is the highest priority for Tustin Unified School District, therefore the 2021-22 focus goal, based on the results of our Comprehensive Needs Assessment, is to ensure Multi-tiered systems of support are developed and implemented to address academic, behavioral, attendance, and social-emotional needs of all students as they engage in a standards-based, rigorous academic program. Estock Elementary is committed to maintaining and developing strong/strategic Tier 1 instruction and Tier 2 systems of support for continuous improvement and achievement in all academic areas, for all students with a specific lens on at-risk subgroups, including English Language Learners, Students With Disabilities, and Socioeconomically Disadvantaged. Based on the focused goal, there are twelve actions in place to increase/improve services for Estock Elementary. These actions, in the areas of staff, technology, parent education, resources, and professional development, are focused on increasing and improving core instruction, interventions, parent involvement, and student well-being.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	22
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The Helen Estock Campus is located on a 12-acre property that was opened in 1964. The campus currently houses approximately 400 students. The facility is clean and well maintained through the service of two custodians and the district maintenance staff. The staff, students, and parents take great pride in the appearance of our 50+ year-old school. The Helen Estock school community respects our property and makes every effort to keep the facility clean at all times. On-going routine maintenance is performed as needs are identified.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent..

Parents at Estock Elementary School participate in our Parent Teacher Association (PTA), School Site Council (SSC), English Language Advisory Council (ELAC), District English Language Advisory Council (DELAC), Gifted and Talented Education (GATE) Committee, and the Superintendent's Advisory Council.

Estock's main focus is to support and educate parents about the importance of education and the critical role parents play in academic success. Our Parent/Student/Teacher Compact emphasizes the partnerships between home and school and is developed, signed, and supported by the Estock school community. Parents are kept informed with bilingual school messages through SMORE and classroom newsletters and communications through ParentSquare.

Estock Elementary uses categorical funds to support families by hiring a community liaison to provide outreach to our most underrepresented subgroups. The school principal and community liaison collaborate to create and maintain a strong link between the school and home for our most at-risk students by working closely with the teaching staff and supportive adults in the lives of our students.

Our main focus is to increase participation in community services, non-profit organizations, and our own Parent Teacher Association. Currently, the Tustin Assistance League provides uniforms, Padres en Accion provides parent training in health and nutrition, Families Forward provides backpacks, as well as Christmas and Thanksgiving baskets, for our families, and the Community Action Partnership helps families receive food stamps. In addition, for this school year, we have partnered with Shoes that Fit, providing free pairs of shoes, and Second Harvest Food Bank, to provide a monthly free farmers market to our community. These outreach efforts encourage parent involvement on our campus.

2021-22 Opportunities for Parental Involvement

Additionally, the following opportunities available for parent involvement include PTA membership, English Learner Advisory Council, School Site Council, room parents, Family Movie Nights, Friday folders, Virtual Lunch & Learn, Estock School News SMORE, classroom newsletters/Seesaw communication, Parent/Teacher Conferences in Fall and Spring, Guys/Gals Nights, STEM Night, Social Emotional Learning Night, Open House, fundraising opportunities, and PTA events. Translators and interpreters are used as needed at events/activities.

For more information, contact the school office at 714-730-7390.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.10	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2020-21 Types of Services Funded

Estock Elementary School receives funding for categorical programs focused on ELL and At-risk students that are available at our school site in addition to base funding to support all students. These program funds include LCFF-EL and Schoolwide Title I Program funds. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will support student learning and achievement through a Multi-Tiered System of Supports. The categorical funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Staff development is focused on targeting skill instruction and providing in-services on research based best practices in the core instructional areas related to writing, Professional Learning Communities (PLCs), supporting students at-risk for retention, supporting students who are English learners, building relationships with students and connectedness to school, and varied parent education. Personnel costs include Multi-Tiered Systems of Support (MTSS) staff to support student success, and a portion of the community liaison's salary to support connections with our parent community. Supplemental materials to address needs were also purchased to support English/Language Arts, Mathematics, English Language Development, Student Wellness and School/Community Partnerships.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

Estock staff development is designed to meet the Common Core State Standards with an emphasis on personalization and the use of classroom technology to support 21st-century teaching and learning. Teachers work in Professional Learning Communities (PLC) to analyze student data and develop strategic instructional support plans for students. In addition to professional learning, teachers continue to work on incorporating 21st-century teaching strategies into their daily instruction by utilizing resources found on the TUSD Curriculum Google sites provided by the Tustin Unified School District. Teachers access valuable resources on these sites, and through collaboration with colleagues, develop rich lessons that transform their classroom learning environments to meet individual student needs. For the 21-22 school year, a professional development emphasis is placed in the area of science as teachers engage in utilizing a new curriculum and teaching platform.

Each grade level utilizes District created phase and standards guides for the pacing of units of study in English language arts and Mathematics. These guides align with District assessments and allow for continuity of instruction. At the beginning of the school year, grade level teams create a yearlong projected path for reading and writing, which outlines specific units of study and tentative dates. This projection remains flexible and fluid, in order to meet specific student needs. Data is reviewed with each common assessment to adjust/provide targeted and individualized instructional support for students and adjust curricular projections.

This table displays the number of school days dedicated to staff development and continuous improvement.

Tustin Unified School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
