2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Orchard Hills School has nearly 1400 Kindergarten through eighth grade students. Located in Irvine, California, we are one of two K-8 schools in Tustin Unified School District. At Orchard Hills School we value our diverse community, yet we are keenly focused on our strengths so that together, we soar to success! We aim to provide a safe and orderly learning environment, to cultivate academic and personal growth, to nurture a positive home-school partnership, and to maintain a supportive school culture. Orchard Hills is truly a special place because of our outstanding teachers, hardworking and respectful students,

2021-22 School Overview

supportive parents, and an underlying belief that it is our collective goal to meet the individual needs of every child.

To attain this we have partnered with Stanford University's Challenge Success and Western Youth Services to provide training and resources to meet student, parent and staff needs. As a PBIS school, we have committed to developing a common language, K-8, for social-emotional learning. Our counselors provide "Coffee with the Counselors" for our parents, support classrooms with lessons, and meet with students daily. We endeavor to strengthen our academic, behavioral and emotional multi-tiered supports to help all students reach their full potential.

It is our shared responsibility that all students become effective communicators, creative thinkers, and productive citizens prepared to use their skills and talents to positively impact the community. We offer a variety of academic, creative leadership opportunities to spark enthusiasm for learning, growing, and self-discovery. We boast a world-renowned Robotics program. At Orchard Hills School, we provide a rigorous learning environment with opportunities for students to take academic risks, experience failure, and to practice resilience. Orchard Hills is also renowned for excellence in our Robotics programs, robust electives, CTE pathways, performing arts, and athletics.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	51
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	2
Unknown	0
Total Teaching Positions	51

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Two full time day custodians and one night custodian ensures that the campus continues to operate at its peak, and that campus needs are tended to quickly and efficiently. In recent years, Advanced Art students painted a sensory walk on our elementary campus. Construction and completion of the solar shade structures in the front parking lot and backfield were completed December of 2017.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Parents at the school participate in activities such as Coffee with the Counselors, Back to School Night, Open House, awards ceremonies and conferences. We are hosting virtual SSC and ELAC meetings as well as PTO sponsored events like a webinar, "Parenting in the Digital World." Parents are welcome and valued at our school. A weekly e-newsletter keeps parents informed of ongoing activities.

For more information on how to become involved at the school, please contact Eric Kilian at (714) 430 - 2078.

The Orchard Hills PTO works with the staff to provide an exemplary model of effective collaboration between parents and school. The purpose of the Orchard Hills PTO is:

To assist and support Orchard Hills School by providing programs, activities, materials, items, and financial support to further enrich and enhance the educational experience of the students.

To promote a closer and more effective relationship between students, parents, teachers, and the community.

To encourage involvement and volunteerism of parents, guardians and other family and community members who are interested in supporting the educational and/or social activities of Orchard Hills School.

To support the staff in our collective work towards the attainment of our agreed-upon mission and vision.

Many opportunities are available to make a positive difference in the lives of our students. These include, but are not limited to Support Programs, Sports, Extra-curricular activities, Classroom Help/Tutoring, School Site Council, Program Committees, Fundraising, After School Programs, and Technology/Robotics.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.10	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 10/26/2021

Date Updated and Approved by SSC: 10/26/2021

Date Discussed by Staff: 8/11/2021

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, attestation plan for COVID-19, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

The Orchard Hills School Safety Plan is a comprehensive document that outlines necessary precautions and considerations to ensure that all students, staff and faculty members are safe and secure while on our campus. The staff of Orchard Hills will engage in ongoing emergency preparedness training throughout the 2021-22 school year. The key elements of the plan are the formation of teams (made up of staff members) that have been put in place to respond to an emergency. The teams are as follows: (1) Command Center, (2) Search and Rescue, (3) Site Security, (4) First-Aid, (5) Supervision and Assembly of Students and (6) Student Release. We reviewed our site's Safety Plan and protocol at our first staff meeting on August 11, 2021. Additionally, much of the staff has been trained by the Irvine Police Department on the protocol in a lockdown or intruder scenario.

2020-21 Types of Services Funded

In addition to base funding, Orchard Hills School receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Based on our greatest needs, we will concentrate funds on systems for progress monitoring to identify at-risk students who require more support. We will be focusing on a school-wide tier I and tier II support system for Social Emotional Learning, Math and English/Language Arts. Funds will be directed toward providing effective, timely assistance during RSP and to support instructional time. We will purchase supplemental materials for classroom instruction for EL and at-risk learners. In addition, we will provide high-quality and ongoing professional development for teachers and administration (GATE, ELD, Constructive Meaning, Haiku, Aeries, Illuminate, etc.)

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction. The Orchard Hills professional development focus is supporting student Social Emotional Learning, Building Relationships, and engagement.

The District continues to focus on the language proficiency of English Learners. In prior years, teachers attended workshops and conferences for professional development specifically to help improve the English proficiency levels for these students. The effective use of technology to improve student achievement is another area of focus. Teachers also have the opportunity to attend various training to improve their delivery of instruction through technology (i.e. use of the Smartboards/Polyvision boards, document cameras, illuminate software, web page design, etc.). In addition, teachers use iPads in the learning environment to enhance lesson preparation, improve data collection, and assess instructional delivery. All teachers have been trained in the implementation of graphic organizers to improve note-taking, comprehension, and retention of learned material.

In past years, the Professional Learning Community process and release time provided during PE for elementary and a prep period for middle school, Orchard Hills teachers regularly share teaching ideas, best practices that are leading to student learning, materials and other helpful information among departments, and with grade-level counterparts. The Banking Minutes program allows teachers extra time and the opportunity to meet a minimum of twice per month to collaborate. Cross-curricular collaboration is a focus, but school-wide collaboration happens informally on a daily basis. Because collaboration is a key component of the school's vision, evidence of this is found in the teacher's use of essential standards, common assessments, and use of benchmark data across the curriculum.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
