2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Tustin Connect is a public, K-12 independent study school, located in the Tustin Unified School District. The Tustin Connect K-8 campus is located at the Estock Elementary campus and the Tustin Connect High School is located at the Educational Support Center. Tustin Connect is a school of choice, and students may be referred by counselors throughout Tustin Unified and neighboring communities. Tustin Connect students are supervised by a credentialed teacher and meet at least once a week for feedback, assignments, and testing.

Tustin Connect caters to the needs of many different types of students. Some of these students include home-schooled students, elite athletes, musicians, actors, gifted children, students with health conditions that limit their ability to attend school regularly, and other students and families that want a more personalized and flexible learning environment. Enrollment at Tustin Connect is over 420 students as of the fall of the 2021-2022 school year. Enrollment figures have trended upwards and continued growth is anticipated. Students have many opportunities to participate in clubs, sports, or activities at another TUSD Comprehensive high school. They can also dual enroll at their resident TUSD high school or local community college. Each students' learning plan is personalized to meet their needs.

The mission of the school is to provide students a flexible, yet rigorous, alternative education solution within a caring community that cultivates success, resilience, and advocacy for themselves and others.

Tustin Connect has the following site goals in the Single Plan:

Engaging Students: By Spring 2022, all 4-12 students will collectively average a self-efficacy score of 74.8% (baseline is 68%) or higher as measured by the SEL CORE Survey.

Pupil Learning Outcomes: By Spring 2022, student performance in ELA and math at the high school and K-8 schools will meet or exceed standards by 15% from their baseline levels in the following subgroups: overall, EL, SED in ELA and Math as measured by the STAR assessment 3-8 and CAASPP 11th grade.

Tustin Connect teachers, students, families, and staff believe that when you change the setting, you change the story and in turn thrive. Our site goal is to improve student achievement overall in both English Language Arts and Math with a specific target of the Hispanic/Latino and Socio-Economically disadvantaged subgroups. We will utilize CAASPP, STAR testing and interim and summative assessments along with ongoing formative assessments as progress indicators, and these indicators are monitored several times during the year.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at https://tinyurl.com/TUSD-Facility-Inspection-Tool. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Tustin Connect K-8 is located on Estock Elementary School campus and Tustin Connect High School is located at the Educational Support Center campus. There are 9 classrooms between the K-12 program across both campuses. All Tustin Connect classrooms are equipped with the same technology and resources that all TUSD classrooms have, SMARTBoard/television displays, 1:1 student devices in grades K-12, and low teacher to student ratios with personalized learning opportunities across all grade levels. The high school site created a quad area including tables with umbrellas, a new mural is being added along with pavers at the K-8 site in some common areas. The K-8 site was repainted to reflect the school colors. The facilities will be inspected yearly. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

2020-21 Career Technical Education Programs

Tustin Connect is a small independent study school and most CTE pathways and opportunities are available through outside opportunities, through the other TUSD comprehensive high schools, local community colleges, and Coastline ROP. In addition, the flexible nature of independent study allows students to procure valuable work experience through part-time employment. Tustin Connect students meet with their guidance counselor upon enrollment and are encouraged to enroll in outside CTE opportunities. Since all of the CTE courses are offered outside of Tustin Connect, we do not have measurable outcomes to evaluate or measure the number of students who are participating in CTE courses or opportunities. Tustin Connect does not have a representative on the District's CTE advisory committee. As part of the 2021 WASC visit and the ongoing efforts of the Tustin Connect administration and staff, Tustin Connect plans to offer its first CTE pathway course in video production in the fall of 2022. In the meantime, students continue to have the opportunity to take any of the CTE pathways at the other comprehensive high schools, local community colleges, and Coastline ROP.

2020-21 Career Technical Education (CTE) Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement	State Priority: Parental Involvement
	The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Parents at the school participate in activities such as joining our site PTA, our Meet and Connect events, principal coffees, and staying up to date through our weekly newsletters and social media posts. In addition, the site kicked off our Familial Support University (FSU). In a series of 6 virtual meetings, parents can learn more about a variety of topics including study strategies, social-emotional growth, regulating emotions, developing a growth mindset, and fostering creative and critical thinking. Each of the sessions is videotaped and posted on our school website.

For more information on how to become involved at the school, please contact Kerri Alpay in our school office at (714) 430 - 2052 where the office staff can connect you with our PTA, counselor, or other support. Also, check out the school website at www.tustinconnect.org where you can find the most up-to-date information.

Since Tustin Connect is an independent study program, the parents take a significant role in their child's education. Many of our parents volunteer and help with activities and learning on campus. There are also parent groups and a newly formed PTA to organize informal meetups and activities outside of school. In addition, Tustin Connect has a School Site Council with active parent and student members.

For more information on how to become involved at the school, please contact Kerri Alpay at 714-430-2052.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 10/22/2021
Date Updated and Approved by SSC: 10/22/2021
Date Discussed by Staff: 10/14/2021

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, attestation plan for COVID-19, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

2020-21 Types of Services Funded

In addition to base funding, Tustin Connect receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Tustin Connect opened in 2015-2016 and is an independent study school. Students have access to the core curriculum as an independent study option. Students may also participate in courses and extracurricular activities at their home school of residence. Students who choose to engage in Independent Study have equality of rights and privileges with students in the regular school program. Tustin Connect uses supplemental LCFF funding to assist with purchasing instructional materials and supplies, additional support staff and the testing of our most at-risk and EL students.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

The Tustin Connect staff is provided with two school days for the purpose of staff development. Ongoing professional development is available throughout the year from district coaches and during staff meetings. Staff members also attend regional conferences and district workshops and training throughout the year. The Tustin Connect staff also meets twice a month as a PLC to discuss best practices and student data and once a month for professional development. Paraprofessionals attend staff/PD meetings, receive training and support during staff meetings and with individual staff-principal meetings.

Tustin Connect professional development focuses on providing a flexible learning experience that is equivalent in quality to what students would experience at TUSD traditional schools. Tustin Connect uses CAASPP and STAR achievement data along with weekly engagement ratings to guide professional development efforts. One area of focus for Tustin Connect teachers is to implement common academic expectations and/or designated instructional strategies across curricula as a support structure for at-risk or English Learner students. Tustin Connect teachers, administration, and counselors will continue to refine and evaluate the effectiveness of the newly created MTSS system on student performance by measuring data and student outcomes through intervention including tracking of mental health referrals and other interventions to determine intervention effectiveness. TC meets their professional development goals through monthly PD staff meetings led by the principal and district TOSA experts along with conference attendance and share-outs during grade/department level bi-weekly PLC meetings. Teachers are supported in implementing strategies through in-class coaching, admin walkthrough, peer observation and collaboration, and the analysis of student performance data on both formative and summative assessments.

Tustin Connect's primary focus for professional development is three-pronged, pupil outcomes as they relate to the mastery of grade-level content and meeting College and Career Indicators upon graduation, student engagement, and conditions of learning.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
