2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Columbus Tustin Middle School is a positive and supportive learning community where we empower students with the skills and knowledge to become inquisitive, principled learners who create a more peaceful world through global awareness, critical thinking, and a commitment to action and service. At Columbus Tustin Middle School, we believe that all students will become leaders of the P.A.C.K. by demonstrating:
Pride - in themselves, their learning, our school, and community.

2021-22 School Overview

Achievement - by being organized and putting forth their best effort.
Character - by being principled and acting with compassion.
Knowledge - through independent and creative thinking

At Columbus Tustin, in order to monitor student progress, we regularly meet as Professional Learning Community teams to review state assessment data, as well as local data such as ELPAC scores and teacher and district level common formative and summative assessments. Analysis of state and local assessment data indicates an ongoing need to target support for our achievement gap subgroups. To that end, targeted support for our English learner students will continue to be a school-wide focus. Grade level teams of teachers utilize weekly early out Wednesday time in the afternoon to collaboratively analyze the results of common assessments and use that data to provide students additional time and support towards meeting grade-level standards. The teams also utilize their data analysis to revise curriculum in a cycle of continuous improvement.

Columbus Tustin is an AVID National Demonstration School and also offers a comprehensive Pre-International Baccalaureate Magnet Program. We provide a school-wide tutorial period embedded in our weekly schedule to provide both intervention and enrichment opportunities to all students. Other school-wide programs include Systematic ELD instruction, Study Skills Classes, Homework and Math Academy, as well as ASES after-school academic support and enrichment.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	31
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	2
Unknown	0
Total Teaching Positions	31

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Columbus Tustin Middle School is located on 21.85 acres within the city of Tustin and was established in 1959 as the first intermediate school in the Tustin Unified School District. Students and staff are proud of Columbus Tustin Middle School and take good care of the facility. The school is attractive, clean, and well-maintained by a conscientious custodial staff. All buildings and portable classrooms are in good working condition. The facilities include a multipurpose room and activities center where many District, community, and site performances, workshops, parent and student meetings, special assemblies, and concerts take place. The school's large, grass-covered sports fields serve as a hub of school and community athletic events after school and on weekends. During the 2017-18 school year, a solar project was completed which included the installation of solar panels on two covered parking lots. In 2018 and 2020 two large murals were completed in the lunch quad and blacktop areas to promote our school mascot and motto.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Throughout the school year, Columbus Tustin Middle School administration holds parent orientation meetings to inform parents of the school policies and expectations. Parent education, general school site information and resources and referrals will be provided through at-risk conference meetings, parent-teacher conferences, the Parent Teacher Organization (PTO), School Site Council (SSC), and the English Learner Advisory Committee (ELAC). The Principal's newsletter, an informative update of school-related activities is sent home to assist parents with the current aspects of campus life. Additionally, an automated communications system is utilized to notify parents of school-wide activities, upcoming events, projects, student attendance, and important notices. Columbus Tustin's parental involvement is increasing due to efforts by the administration and the entire staff. Parents of all our students are invited to become an active participant in a number of ways:

1. S.S.C. Columbus Tustin's School Site Council is a body of parents, and school staff that collaborates on issues that drive culture, professional development, and academic objectives. In addition, our S.S.C. serves as an advisory board for overall school improvement.
2. ELAC. Our English Language Advisory Council (ELAC) is a large group of parents representing our second language learners. These parents provide a wealth of information and support in reaching the overall school goals.
3. Pre-International Baccalaureate Magnet. C.T.'s Magnet Program has solid parental backing for this "school within a school" program. Magnet Parents are encouraged to volunteer their time and resources to continue the strong showing of this high-performance program. Parents have established an academic booster club (Magnet Excellence Committee) to support extended learning opportunities for our Magnet students.
4. P.T.O. The PTO is committed to making a difference by recognizing students, teachers, and staff, and supporting Columbus Tustin Middle School by sponsoring events such as the "Bulldog of the Month" luncheon, Dino Dash, the art and music program, the Tustin Tiller Days Parade, and numerous fundraisers throughout the course of the year.

2021-22 Opportunities for Parental Involvement

5. Parents may participate in a variety of parent/family nights, which include technology training, guest speakers and family fun nights.

Each year Columbus Tustin hosts a Back-to-School Night where teachers meet with parents and present their programs and expectations. In April the campus hosts a Showcase Evening where parents can visit select classrooms and observe various student projects. Any parent interested in receiving more information about ways to become involved at Columbus Tustin Middle School may contact our Principal, Maggie Burdette, at 714-730-7352.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.24	0.00	0.10	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 02/18/2021

Date Updated and Approved by SSC: 02/18/2021

Date Discussed by Staff: 08/10/2021

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, attestation plan for COVID-19, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

2020-21 Types of Services Funded

Columbus Tustin Middle School receives funding for categorical programs focused on ELL and At-risk students that are available at our school site in addition to base funding to support all students. These program funds include LCFF-EL and Schoolwide Title I Program funds. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will support student learning and achievement through a Multi-Tiered System of Supports. The categorical funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.. All resources used in the Columbus Tustin instructional program are designed to meet the specific needs of our students and are aligned with the guidelines of each funding source.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

Professional development efforts are focused on deepening the staff's implementation of research-based, highly effective instructional strategies. Our site level professional development plan aligns with our Single Plan for Student Achievement. The areas of focus for staff development are engaging and rigorous instructional strategies for English Learners, technology integration, and increasing instructional and formative assessment methods to align with Common Core State Standards. These areas were determined based on student achievement data and teacher survey data. In an effort to meet our goals with Professional Development, we have integrated tailored Professional Development opportunities before, during, and after school throughout the year. These efforts include teachers attending the AVID Institute, TUSD summer trainings, ELD training, and technology training seminars. An administrator or district TOSA supports teachers during implementation and supports the facilitation of alternative forms of tailored Professional Development that include Collaborative Learning Visits for teachers to visit each other's classrooms throughout the year and Quarterly Planning Days for each Content Area to unpack standards, participate in data-driven dialogues, and create common assessments collectively. A Positive Behavior Intervention and Supports team was established in 2015-16 and is trained annually to further support student achievement and narrow the achievement gap. 83% of the staff has participated in Capturing Kids Hearts training over the past three years and successfully implemented strategies in the classroom to build stronger relationships with students. Over the past three years, 93% of staff participated in two full days of training on the theory and implementation of Restorative Practices. We will continue to offer training throughout the 2021-2022 school year so that 100% of staff is trained in Restorative Practices by June of 2022. At the beginning of the 2021-2022 school year, CTMS began a partnership with Stanford's Challenge Success program. A team of teachers, students and parents has been formed to look at data on causes of stress and anxiety in students and staff. PD for the team will be held throughout the year and they will attend two conferences, one in the Fall and one in the Spring, to learn strategies on how to improve school culture.

This table displays the number of school days dedicated to staff development and continuous improvement.

Tustin Unified School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
