2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Hewes Mission is to maximize student learning and personal responsibility through a rigorous curriculum, a respectful environment, and the collaborative efforts of staff, students, and parents to acquire 21st-century skills necessary to prepare our students for a global community. With over 50 years in the community, Hewes embraces the mantra: Rich Past. Bold Future. At Hewes Middle School, our vision is founded on our understanding that middle school students are unique and are undergoing major changes in all aspects of their development. We believe that a positive Hewes Middle School experience is

2021-22 School Overview

vital to a child's desire to continue in education, the development of their self-esteem, and the achievement of their full potential. It is with this philosophy that Hewes Middle School employs a comprehensive, multifaceted process for developing and communicating a common vision for our students. Hewes is a WASC Accredited School, recently receiving the highest rating of 6-year review, and is a California Gold Ribbon School.

Our main focuses at Hewes this year are further progress in Writer's Workshop, implementing Reader's Workshop at all grade levels, and providing intervention and support for students that have learning gaps as a result of the pandemic and distance learning. An ongoing focus on our English Language Learners results in two in bell language support classes and an after-school intensive workshop in January targeting the four domains of the ELPAC assessment. The school will offer 5 after bell intervention classes in math, reading, and study skills and organization for students identified based on grades and assessment data. Multiple sources of data including grades, CAASPP scores, ELPAC scores and STAR Assessment results in both reading and math will be used to monitor progress and identify interventions for all students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	38
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	1
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	2

Total Teaching Positions	39

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The Hewes facility, although fifty-five years old, reflects a caring and nurturing environment. Often compared to a Hacienda, classrooms encircle the central quad areas where students, staff and parent volunteers gather outside of instructional periods. Though well protected from outside intrusion, the campus in itself provides a sense of openness that invites interaction and involvement.

As a result of the passage of TUSD's 2004 Measure G, Hewes Middle School underwent major renovations. During this renovation, Hewes received a new roof, exterior doors, drinking fountains, concrete walkways, paint, handicap railings, and upgraded staff, student and physical education bathrooms. Also, with the passage of TUSD's 2008 Measure L, Hewes Middle School had a new gym that opened in November of 2012. This facility is an Activity Center which is approximately 13,000 square feet and includes a lobby, gymnasium/multipurpose area, sports flooring, retractable bleachers, storage space, restrooms, performance area, and two adjoining classrooms. The Hewes PTA has also funded many projects including new signage, water bottle filling stations, and collaborative furniture. As a result of Measure S, Hewes underwent renovations to 5 science classrooms during the summer of 2014 to make them more modern. New electrical systems, technology stations and all new student furniture and teacher storage were added, making the rooms look like new.

Hewes's physical environment is a priority to all members within this learning community. Each year Hewes PTA's Campus Beautification program and ASB raise thousands of dollars to add trees, benches, seating areas, umbrellas, drought-tolerant planters, and bottle filling station water fountains. Several Eagle Scout projects have also added to the overall enhancement of the campus grounds. These ongoing beautification efforts have greatly enhanced the Hewes campus appearance including drought tolerant gardens.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

One of the strongest elements of the Hewes culture is the connection between school and community. Hewes has an invitational climate where students, family, and staff are frequently invited to become meaningful contributors to the school learning environment. Hewes PTA excels in supporting school-wide academic and enrichment programs through thousands of volunteer hours and fundraising events. Hewes PTA opens its doors to hundreds of parents by offering over forty board and chair positions on the PTA. Parent programs are offered multiple times per year including parent education speakers as well as social and student showcase events. We encourage all parents to volunteer and participate in some capacity during their student's time at Hewes Middle School.

For more information on how to become involved at the school, please contact our PTA at www.Hewespta.org or call our front office at 714-730-7348.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	4.20	0.10	2.08	0.10	3.47	0.20
Expulsions	0.39	0.00	0.10	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 10/25/2021

Date Updated and Approved by SSC: 10/25/2021

Date Discussed by Staff: 08/10/2021

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, attestation plan for COVID-19, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

Hewes Middle School works continually on maintaining a safe environment for students and staff. Through monthly safety committee meetings with campus supervisors, custodians, academic/at-risk counselors, and the assistant principal, potential concerns and evaluations of campus safety are practiced routinely. Ongoing staff discussions regarding classroom safety, supervision, and the Hewes progressive discipline program for students are revisited annually and revised as necessary.

Communication with parents and students is essential to the maintenance of a safe campus. Hewes Middle School is committed to keeping a safe and orderly environment on the campus and within the community. In order to continue improving upon this commitment, data from the California Healthy Kids Survey, input from the Parent Teacher Association, SSC/ELAC, and GATE committees, along with discipline records are used to develop and publish the school year objectives and goals.

2020-21 Types of Services Funded

In addition to base funding, Hewes Middle School receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Hewes Middle School values ongoing staff development to improve instructional practices resulting in student mastery of the California state standards. In order to support school-wide best teaching practices and strategies, multiple staff development opportunities in the areas of AVID, STEM, School-Wide Reading and Writing, Technology and iPad integration, Thinking Maps, ELD Strategies, and math. ELD Instruction sections have been provided and supported through all funding categories (LCFF - ELL, General). ESSA funding has been designated to support students outside of school hours. This intervention is to provide additional learning time to account for learning loss due to COVID-19 school closures and distance learning instruction.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

Hewes Middle School faculty members attend several district-wide professional development days and are offered optional training that is self-selected in a wide range of content. These professional development opportunities are provided on an annual basis for all teachers and input from teachers provides the focus for the topics. Educational Services coordinates all district-level training, facilities, and speakers. In addition to TUSD's professional development, Hewes Middle School provides ongoing professional development opportunities that support the school's overall vision. Hewes faculty members receive staff development in the areas of AVID, grading, ELD Instruction, Data Analysis, and technology and digital learning tools such as Actively Learn, Schoology and Google Classroom.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
