# SOUTH KITSAP SCHOOL DISTRICT

GENDER INCLUSIVITY – VIEWING A STUDENT'S PREFERRED NAME

Before communicating with parents/guardians of transgender or gender expansive students, it is important to ask the student how school employees should refer to the student when talking with their parents and guardians.

Student Preferred Name – Visible to All

Students who are comfortable with their preferred name being shared/visible will have that name reflected on their Student Profile. A student's "Other" name will be documented in the Other Name field as shown below.

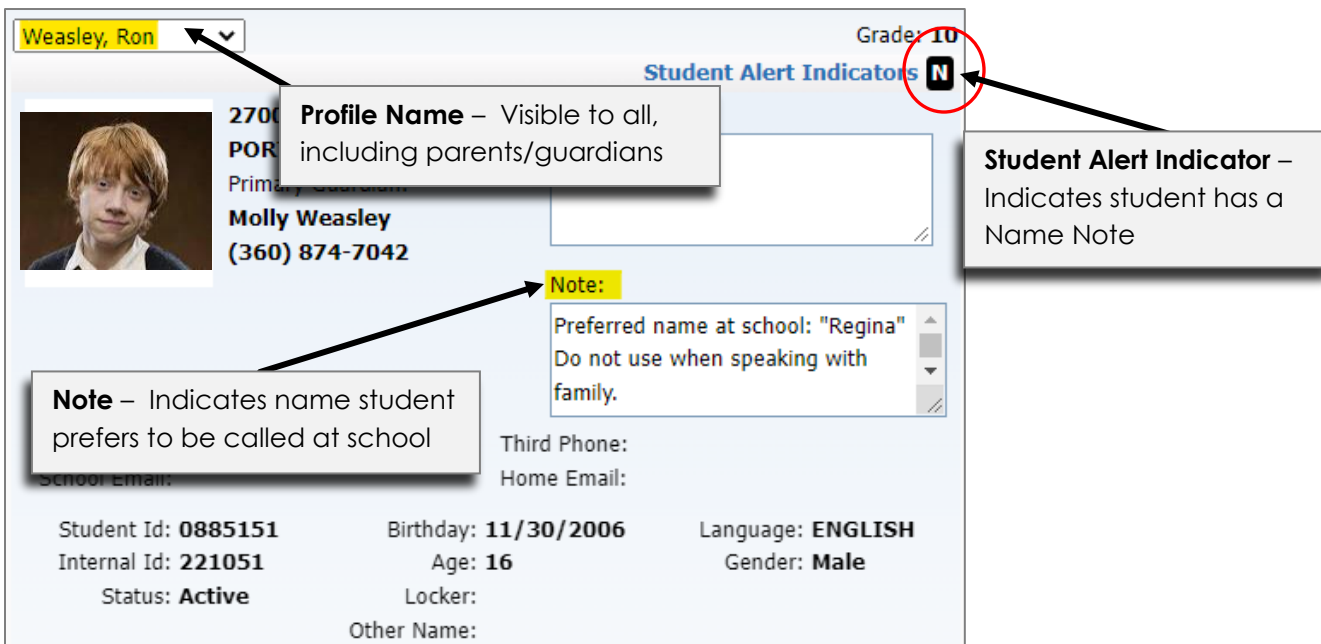

Student Preferred Name – Visible to School Staff

Students who are NOT comfortable with their preferred name being shared/visible to parents/guardians are indicated with a black N which is visible to all school staff.
