2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Bear Creek High School in northwest Stockton opened as the third Lodi Unified School District high school in the fall of 1991 to serve the many LUSD high school students who reside in north Stockton. The campus opened with approximately 1,150 students and currently has an enrollment that exceeds 2000 students. The student population from our primarily residential attendance area reflects the diversity of our community ethnically, and economically. The staff and students value this diversity and believe that it enriches the teaching and learning experience for all. The school's philosophy emphasizes the ability of all students to learn in what is primarily a heterogeneous environment. High standards are held for all, while multiple support services and programs have been developed over the years to ensure the ability of all students to meet those standards. The certificated staff members are highly committed to the school and its students, as are the excellent support staff personnel. The two groups are the centerpiece of our success with students.

Vision Statement:

Bear Creek High School students graduate empowered with the academic and personal skills they need to take responsibility for their college and career ambitions and to mature into productive members of the community.

Mission Statement:

Teachers, students, parents, support staff, and community members work together to create a welcoming environment at Bear Creek High School that is safe, academically challenging, and supportive of students' social, emotional, and physical development. Students honor and share their unique cultural backgrounds to nurture growth, responsibility, and productivity in a climate that fosters pride in diversity. Through a broad offering of rigorous and challenging courses, and with the support of Bear Creek's extended learning community, teachers inspire curiosity and model adaptive expectations so that all students can achieve educational success. Teachers also collaborate across disciplines to build relevant and stimulating academic activities that ensure students develop and refine their ability to think critically, solve problems, work collaboratively, and create meaning. This process enables students to become responsible, invested partners in their educational and personal growth. Finally, students experience a positive school-wide atmosphere that promotes sportsmanship, school spirit, and self-respect through the celebration of their accomplishments.

School Facility Conditions and Planned Improvements

AGE OF SCHOOL BUILDINGS:

This school site sits on 48.98 acres and was built in 1991. It began with 34 classrooms, 3 portable classrooms, an administration and counseling building, library, multi-purpose/kitchen and gymnasium. There were 6 portable classrooms added in 1995, 5 portable classrooms added in 2000 and 14 portable classrooms added in 2001 along with a portable restroom. Security gates were installed in 2002 by funding received from the School Safety Program Grant.

MAINTENANCE AND REPAIR:

The Bear Creek High School facilities' condition, including grounds and restrooms, are very good based on custodial staffing, a regular district painting and maintenance schedule and funding available for equipment and supplies. Custodial workers are assigned based on a district formula to ensure equity. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

CLEANING PROCESS AND SCHEDULE:

A scheduled maintenance program is administered by Lodi Unified School District to ensure that all classrooms, restrooms and facilities are well-maintained and in good repair. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

DEFERRED MAINTENANCE PROJECTS: N/A

MODERNIZATION PROJECTS:

2011 photovoltaic project. 2012 re-roof portable; 2013 kitchen chiller and hot water system installed. Theatre lighting & various outside siding repaired; 2015 added access control and cameras for security; repaired concrete in various areas; replaced football field with turf materials; replaced fire alarm panel and pool heaters. 2016 resurfaced tennis courts, replaced new gutters, renovated JV baseball infield and girls softball fields. 2017 Prop 39 Yr 2 Wireless Energy Management System Replacement Project completed. 2017 Measure U Painting Project. 2018 Prop 39 Yr 3-5 Lighting Retrofit Project completed. 2020 Fire Alarm project. 2022 New Ag Complex

Data on school facilities was collected for Bear Creek High on 10/7/2022.

Lodi Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or the district office. As of October 2022, none of the eight emergency facilities needs specified in Education Code Section 17592.72 (c)(1) exist at Bear Creek High.

These needs include:

- gas leaks
- nonfunctioning heating, ventilation, fire sprinklers, or air-conditioning systems
- electrical power failure
- major sewer line stoppage
- major pest or vermin infestation
- broken windows or exterior doors or gates that will not lock and that pose a security risk
- abatement of hazardous materials previously undiscovered that pose an immediate threat to pupils or staff
- structural damage creating a hazardous or uninhabitable condition

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	46	N/A	39	N/A	47
Mathematics (grades 3-8 and 11)	N/A	19	N/A	27	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

Students at Bear Creek High have the opportunity to participate in Career Technical instructional programs offered and designed to improve student achievement, while continuing to place specific emphasis on the standards-based curriculum. These courses are designed with career and college preparation in mind. Classes are designed to meet the needs of our unique student population and to provide a comprehensive education for all students through a variety of academic, co-curricular and extra-curricular programs. Academic success is facilitated by courses such as Technology, Health Science, Medical Technology, Automotive Technology and many more. These programs offer a comprehensive curriculum emphasizing technical and employability skills and as well as workplace learning. Students also have the opportunity to participate in CTE courses at Lincoln Technical Academy, the district's CTE learning center, in which courses are designed with career and college preparation in mind.

2021-22 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	614

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents who wish to participate in Bear Creek High's leadership teams, school committees, school activities, or become volunteers may contact Principal Allen Dosty at (209) 953-8213.

The school welcomes community involvement. Community members make significant contributions to the school by volunteering to serve as advisory committee members, mentors, coaches and judges for speech competitions and the senior project oral boards.

The Bear Creek High School Academic and Athletic Foundation (BC Boosters) provide fundraising support to many school programs. Tax-deductible contributions are gladly accepted by the foundation. Bear Creek High School actively makes use of internal and external community resources. The school leadership employs a wide range of strategies to allow parental and community involvement in the school's support system for students. If you are interested in participating on one of the following committees, please contact Allen Dosty at (209) 953-8213: 1) School Site Council (SSC), 2) Parent/Teacher/Student Association (PT SA), 3) English Learners Advisory Committee (ELAC), and 4) Bear Creek Boosters.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	7.06	4.45	2.45
Expulsions	0.55	0.12	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

A Comprehensive School Safety Plan is in place to address safety issues as well as a school wide plan to eliminate bullying behavior. Key elements of the safety plan include safe school strategies and programs, disaster response procedures, procedures for safe ingress and egress and rules and procedures on school discipline. School wide behavior expectations and discipline policies are consistently applied and students are provided adult supervision at all times. Visitors to the school must sign in at the office and receive a visitor's pass prior to going to classrooms. Visitors must return to the office and sign out upon leaving the school. Our Comprehensive School Safety Plan was last reviewed on 08/30/2021.

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2021-22 Types of Services Funded

In addition to services provided with general funding, Lodi Unified School District also provides programs and supplemental services that are funded through either Local Control Funding Formula (LCFF) or other sources. Services vary by school and may include:

- After School Programs
- AVID Programs
- Special Education
- Counseling Services (Academic and Career)
- Extended Day/Year/Summer School
- Supplemental instructional materials
- Enrichment Programs
- Access to Technology
- Social Services
- Athletic Programs
- Program for English Learners
- Distance Learning Resources
- Online and in-person tutoring

Check with the school principal to get more information about the services that are specific to the school.
