

Uniform Policy

Introduction

While attending school all pupils of the BSM must wear the prescribed school uniform for the section of the School they attend. The same applies when participating in a school-organised event outside normal school hours.

Parents are provided with a comprehensive uniform list when a child joins the School. The uniform list is updated from time to time and the most recent version can be found on the School website.

Pupils wear uniform in order to engender a sense of community and to identify them with the School. The uniform also helps to support positive behaviour and encourages pupils to be properly prepared for working at school.

The uniform varies according to the age of the pupils and is intended to be age appropriate. The uniform also takes into account the climate of northern Italy along with the tradition of uniform in British schools and the absence of uniform in Italian schools.

All pupils and parents are expected to adhere to the Uniform Policy.

The standard uniform is supplied by LM School Uniforms while the PE kit is supplied by Hobby & Volley.

The Role of Parents

Parents are expected to support the School Uniform Policy. This means ensuring that their children attend school correctly dressed and ready for their daily school work.

Parents have the responsibility to ensure that their child has the correct BSM school uniform, and that it is clean, labelled with their child's name and in good repair.

Sanctions and Rewards

A system of sanctions and rewards applies to the wearing of the school uniform. Where pupils are in frequent breach of the Uniform Policy they may be excluded from school for a time to be determined by the Principal. In serious and persistent cases this may result in permanent exclusion.

Uniform Policy
