## 2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### Principal's Message

I would like to welcome you to Carl E. Gilbert Elementary School's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities. Carl E. Gilbert Elementary School provides a supportive and rigorous learning environment where students are actively involved in learning academics, as well as positive values. Students receive a standards-based, challenging curriculum from dedicated professional staff based on the individual needs of the students that reflect the Common Core State Standards that prepare students for a college and career ready professional environment. Our learning community celebrates each child's social-emotional and academic growth in a safe and nurturing atmosphere. We offer a variety of enrichment programs, such as Gifted and Talented Education (GATE), Student Opportunities for Achievement and Reaching Success (SOARs) and science, technology, engineering, arts and math (STEAM) education, to promote the development of the whole child. The centerpiece of our curriculum is our Advancement Via Individual Determination (AVID) program, which cultivates college awareness and readiness by teaching organizational skills, self-advocacy development and success skills.

Our teachers, staff and administrators are passionate and dedicated in providing a supportive and rigorous academic environment that enables all students to unlock their potential. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency. We have made a commitment to provide the best educational program possible for Carl E. Gilbert Elementary School's students and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

### Mission Statement

The mission of Gilbert Elementary School is to provide all students with opportunities to grow academically, socially, and emotionally in order to be positive and productive citizens. The staff is here to provide a learning environment that is Common Core Standards-based and gives all students access to the core curriculum using high quality materials and resources and up-to-date technology. It is our mission to prepare students with a strong knowledge base that will allow them to communicate effectively, think critically, act responsibly, and continue to grow as learners.

## 2022-23 School Overview

### School Profile

Carl E. Gilbert Elementary School is located in the central region of Buena Park and serves students in transitional kindergarten through grade six following a traditional calendar. At the beginning of the 2022-23 school year, 506 students were enrolled, including 9% in special education, 50% qualifying for English Language Learner support, and 93% economically disadvantaged student.

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

On Monday, September 12, 2022, the Buena Park School District's Governing Board held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Governing Board approved Resolution #22-11: Pupil Textbook and Instructional Material Compliance 2022-2023 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students in the district, including English learners, to the extent that each pupil has a textbook or instructional materials or both to use in class and to take home; and (2) that sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in English/language arts, math, science, and history-social science.

All textbook and support materials are selected from the state's list of approved materials and adopted by the State Board of Education. Materials approved for use are reviewed and a recommendation is made to the Governing Board by a selection committee composed of teachers, administrators, and parents. All recommended materials are available for parent examination at the district office prior to adoption. The information that follows shows the currency and availability of the textbooks and other instructional materials used at the school as of September, 2022.

## School Facility Conditions and Planned Improvements

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One full-time day custodians, and one and one half full-time evening custodians are assigned to Carl E. Gilbert Elementary School. The day custodian is responsible for:

- Classroom cleaning
- SOARS cleaning (after school classrooms)
- Library cleaning
- Cafeteria/kitchen setup and cleanup
- Restroom cleaning
- Front of the school/curbside
- Hallways and grass area
- Drinking Fountains
- Event set up

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed.

Evening custodians are responsible for:

- Classroom cleaning
- Restroom cleaning
- Main office cleaning
- Main office restrooms

## School Facility Conditions and Planned Improvements

The principal communicates with custodial staff daily concerning maintenance and school safety issues. All classrooms, restrooms and common areas are sanitized daily with the use of peroxide based cleaning agent and electro static sprayers, Special custodial cleaning crews are also utilized to immediately sanitize any areas on campus that had student or staff test positive for Covid-19. Additionally all staff receive (Healthy School Act Required Annual Training) this training then gives each person the legal ability to personally use the TRU-SHOT disinfectant hand held sprayers in their own work areas for added protection.

### Facilities Inspection

The district's maintenance department inspects Carl E. Gilbert Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Carl E. Gilbert Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on December 14, 2022. Deficiencies are noted in the school inspection survey, and corrected in a timely manner by the Districts maintenance department. During the fiscal year 2022-2023 all restrooms are fully functional and available for student use. The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Carl E. Gilbert Elementary School's original facilities were built in 1958; ongoing maintenance and campus improvements ensure facilities remain up-to-date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

In the last 12 months, the following improvements are currently in progress:

- MPR remodel, install solar arrays, replace playground asphalt on south side of campus, discard all old & stored furniture, paint basketball backboards, paint interior of P-33, demo
- Annual Preventive Maintenance includes; staff ID badges, air conditioning repairs & filter replacements with merv 13 rated filters, test fire alarm system, service fire extinguishers, service back flow devices, trim trees, deep clean campus, replace basketball nets, paint front parking lot curbs.

In the last 12 months, the following improvements have currently been completed:

- air conditioning assessments through the cal shape program and funding, install two (2) new tuff sheds and remove old storage containers, interior paint of the front office, replace front office flooring & counters, modify existing interior front office store front, add interior store front with electronic lock access, install turf under secondary play structure, replace primary play structure, replace front parking lot gate and fencing, replace kinder & north parking lot fencing to include covered no climb chain link,

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	27	N/A	40	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	25	N/A	30	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment by participating in a decision-making group, or simply attending school events. Although COVID-19 conditions have improved greatly, many of our families still prefer to meet via Zoom for a variety of different reasons. Parent trainings have been offered both in-person and on Zoom, and our evening Zoom trainings are three times more attended. Parents stay informed of upcoming events and school activities through Parent Square, the school marquee, school website, Parent Square (automated telephone message delivery system), SeeSaw, parent conferences, and parent meetings. Please contact the school office at (714) 522-7281 for more information on how to become involved in your child's learning environment.

##### Opportunities to Volunteer and Parent Classes/Workshops:

- Classroom Helper
- Fundraising Activities
- GRIP Greeters

##### Committees:

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Carl E. Gilbert Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in Spring 2022 and most recently Fall 2022. An updated version of the School Safety Plan will be completed and reviewed with staff in 2023.

## Professional Development

Professional learning for the Buena Park faculty is aligned to the California State Content Standards and Frameworks, Multi-Tiered System of Support (MTSS) and Gilbert Elementary's School Plan for Student Achievement. At the District level, a team identifies teaching and learning strengths along with specific areas of need. Using site surveys, combined with data analysis from state assessments and District benchmark tests, a district-wide focus for increasing academic proficiency levels for all students is planned.

**On-site Professional Development:** Every week, teachers are provided professional development opportunities to collaborate in the areas of instructional strategies, assessments, and curriculum planning. During the year, time is devoted to data analysis and planning for differentiated instruction and intervention. Site professional development is mirrored with the district plan for instruction and assessment and designed to meet the specific needs of Gilbert Elementary students.

**District Professional Development:** The school district provides teachers with ongoing professional development to advance content knowledge, instructional expertise, and collaborative planning. Training to support teachers with the implementation of district-wide initiatives including Common Core State Standards, new curriculum and units of study, assessment development, and establishing Professional Learning Communities. Teachers are given opportunities to develop both the art of teaching and instructional leadership skills by attending ongoing training and coaching led by district consultants.

Gilbert Elementary School staff participated in the following professional learning activities over the past three school years:

- Common Core State Standards
- Phonemic Awareness in alignment with science of reading
- Assessment and data analysis
- Reading and Writing Workshop
- Cognitively Guided Instruction (CGI) training
- Academic discourse and student engagement using AVID strategies
- TWIG - Next Generation Science Standards (NGSS) instructional shifts, curriculum and resources
- English Language Development (ELD) instructional practices and assessment
- Innovative integrated technology
- Positive Behavior Intervention Support (PBIS)
- Assessment literacy
- Professional Learning Community (PLC)
- MTSS academic behavior, and social-emotional development training

The site offers support to new and veteran teachers through professional development, peer coaching and mentoring. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.
