

TOWN OF Trumbull Connecticut

Board of Education
District-Wide Master Plan

Community Conversation #1 Summary

Thank you to all who attended the recent **Community Conversation #1 - Thinking Big** held at Booth Hill School on November 17th. This is a summary of the event, and an invitation to join the community survey.

About the Project

The District-Wide Master Plan will analyze the existing school facilities, conduct a demographic study for enrollment projections, and identify a planning strategy for future educational delivery and building use that will serve the Town's student population for the next 10 to 15 years.

This process will engage the entire community including a diverse group of school administrators, students and faculty, committee members, businesses, Town staff and residents.

The goal of the workshop was:

A big-picture thinking event to hear the community's goals, aspirations, and priorities for the project.

The topics we discussed were:

- 6:00 PM Welcome & Gather
- 6:10 PM Presentation, Q&A
- 7:00 PM Activities & Idea Share
- 8:00 PM Closing

Community Conversation #2 Community Conversation #3 Community Conversation #4

Thur. 2/2
6-8pm

Topics:
Opportunities and Options

Frenchtown School

Wed. 3/22
6-8pm

Topics:
Refined and Preferred Option

Madison Middle School

Wed. 4/26
6-8pm

Topics:
Finalizing the Plan and Next Steps

Trumbull High School

Conditions Analysis

Building Summary Table

PK	Building Name	GSF	% of total town budget	Orig. Const.	Age
	Trumbull Early Childhood	24,044	2.1%	2005	17
	Booth Hill Elementary	54,161	4.7%	1955	67
	Daniels Farm Elementary	65,091	5.6%	1962	60
K-5	Frenchtown Elementary	74,355	6.2%	2003	19
	Jane Ryan Elementary	56,895	4.9%	1955	67
	Middlebrook Elementary	75,811	6.6%	1953	69
	Toahua Elementary	55,193	4.8%	1965	57
6-8	Hillcrest Middle	141,000	12.2%	1967	55
	Madison Middle School	154,970	13.4%	1960	62
9-12	Regional Agriscience Center	35,000	3.0%	2001	21
	Trumbull High School	367,000	31.9%	1971	51
6-8/9-12	RSACH	8,700	0.8%	1970	52
Admin	Long Hill Administration	20,075	1.7%	1968	56
	Subtotal	1,152,241	Average Age	54	

The presentation introduced the team, process and goals, initial findings, and precedent imagery. Visit the website to view the presentation:

<https://www.trumbullps.org/boe/district-wide-master-plan.html>

Attendees were asked to select their top four priorities...

Community Access

Outdoor Program use
Shade/electrical

...and fill out comment cards to share what they would like to see in the plan.

Air Conditioning!!
Booth Hill Teacher
(Written by a teacher)
We are very focused on student achievement. Our air quality in the buildings is very poor. These are unbearable working and learning conditions. It is over 100 degrees in my classroom very often during the summer months who have been asthma in these conditions. Please, May, June, I have students in. I have vents all year. They are noisy and it is earning. I have asthma who have been asthma in these conditions. Please,

Ventilation particularly at/ending Specials rooms

Internet access at THS is so bad
Pool on campus. Although, I know there are bigger priorities. But if we can get a pool, it should be at the high school. Kids should have the priority. I don't know why anyone other than the students/kids have any say in this. They are not the priority.
