TRANSPORTATION FOR STUDENTS ON IEP'S

GENERAL INFORMATION

Curb to Curb refers to the vehicle and what the vehicle does.

Door to Door is a step further which requires a hand-off at the door of the residence to the door of the bus and from the door of the school to the door of the bus. This is hardly used, but would specify that someone from the school would hand off the student to the bus driver and the bus driver would hand off the student to a caregiver.

Most IEPs indicate curb to curb with specifics if necessary based on student need. Supervision requirements for students receiving curb to curb is typically taken from the services section of the IEP.
