Principal's Message

Dear Students and Parents,

Welcome to McKinley Elementary School! We are a TK-5 school and have been servicing families since 1954. We have gone through several modernizations through the years.

At McKinley, the teachers and staff focus on instructional strategies that meet the students' diverse learning needs to achieve academic excellence. The teachers work collaboratively, using data and the best instructional practices to assist students in meeting or exceeding their academic potential. Our staff have high expectations that students will be successful as lifelong learners.

We provide a nurturing atmosphere for our students and welcome parents and the community to collaborate with us to support our students. We stress the importance of being a good citizen by focusing on the Six Pillars of Character: trustworthiness, respect, responsibility, fairness, caring and citizenship. When you come onto our campus, you will see that we are proud to be the McKinley Tigers!!

Follow McKinley Elementary on Facebook at www.facebook.com/McKinleyElementarySchoolTUSD for school updates, events around campus and special announcements.

Sincerely,

Shannon Bancroft

Principal

School Mission Statement

The success and achievement of our students are a priority at McKinley School. We believe that all students can learn. We are committed to educating all students so that they have the knowledge, skills and frame of mind to be effective communicators and complex thinkers. We are also committed to addressing their physical and social-emotional wellbeing. Our students will ultimately become college and career ready.

Collective agreements:

- Teach the basic skills of reading, writing, listening, speaking and solving mathematical problems.
- Differentiate our instruction to provide students more opportunities to demonstrate and apply the basic skills to think critically, communicate effectively and produce quality work.
- Use research and standards-based curriculum that enhances our instruction and is more connected to real-life situations.
- Integrate technology, science, engineering and other subjects to increase their academic knowledge.
- Assess how well our students are doing and use the results to facilitate learning and improve achievement.
- Maintain a safe and positive learning environment where students, staff, parents and community members are respected, appreciated, encouraged and supported.

School Vision Statement

The ultimate goal of the McKinley School community is to provide a positive, safe environment, strive for academic excellence, build strong character, inspire a life-long love of learning and utilize research-based curriculum that effectively meets the needs of each child.

School Safety

At McKinley Elementary School, student safety is our priority, and for this reason we are a closed campus. This means that only students are allowed to come onto campus in the morning as school personnel usher them through the school gates. Parents are welcomed on campus once they have passed clearance through the Department of Justice and the district office. All visitors must check in to the office.

We provide clear expectations for student behavior at the beginning of each school year. The principal conducts classroom and grade-level meetings to emphasize school rules in a positive, respectful way. We also promote a positive and safe school environment by teaching our students Character Counts! Staff members reward positive behavior on campus with Tiger Bucks, which can be redeemed at our student store each month. McKinley has a comprehensive safety plan that includes annual preparation and planning. Teachers are updated on the school plan annually, and it is revisited throughout the school year. Each year, the fire marshal inspects the school, and monthly safety drills prepare students and staff in the event of a fire, earthquake, etc. In addition, each classroom is equipped with an emergency bucket that contains various supplies. Evacuation routes are posted in each classroom.

The safety plan addresses fire drills; shelter-in-place, lockdown and earthquake procedures; student evacuation; emergency student release; and emergency communication.

The school safety plan was last reviewed, updated and discussed with the entire school staff in January 2023.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

Tracy Unified School District prepares our diverse student population to be college and career ready for the 21st century by providing a quality-learning environment in safe, modern facilities equipped with the latest technological tools. Our culturally proficient world-class staff empowers students to reach their fullest potential and prepares students to solve real-world problems by utilizing best instructional practices and collaborating with the community, businesses and institutions of higher learning.

District Vision Statement

All students in Tracy Unified School District will become lifelong learners, responsible citizens, and leaders in the 21st century.

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

About Our School

McKinley Elementary School is a neighborhood school that has been part of the community for more than 60 years. The teachers and staff focus on instructional strategies that meet the students' diverse learning needs to achieve academic excellence.

The teachers work collaboratively to establish student goals and identify appropriate strategies. We provide a nurturing atmosphere for our students and welcome parents and the community to partner with us to support our students. Teachers and staff encourage students to grow personally by teaching and emphasizing the pillars of character in the classroom and around the campus.

At McKinley Elementary School, our motto is "Excellence in Education." We will achieve this by implementing programs to meet the needs of all our students.

Parental Involvement

We believe that a partnership must exist between our parents and our school. We promote positive communication between the school and our students' homes. Our school provides a variety of opportunities for parents to be involved in activities supporting our school. Our school engages parents in the following types of activities to increase their involvement and support for student learning: family science night, parent education workshops, book-fair helpers and many other opportunities. We believe teachers have a responsibility to provide the needed framework for parents to nurture their child's formal instruction at home. We provide materials that can support children at home to reinforce their academic success.

For more information on how to become involved at the school, please contact us at (209) 830-3319.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in ELA and Mathematics for All Students

The table below shows the percent of students meeting or exceeding the State standards on the California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments and California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics for grades 3-8 and 11.

English language arts/literacy	*	29%	*	39%	*	47%
Mathematics	*	21%	*	25%	*	33%

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Facilities

General

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility-survey instrument developed by the State of California Office of Public-School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of McKinley Elementary School for the 2021-22 school year and the efforts made to ensure that students are provided with a clean, safe and functional learning environment.

Age of School/Buildings

This school has 20 classrooms, a multipurpose room, kitchen and administration building. The main campus was built in 1954 and underwent major renovations in 2011-12. Additions were constructed in 1959 (two new classrooms), 1970 (three relocatable classrooms, which were removed in 2011-12), 1982 (one relocatable classroom, which was removed in 2011-12), 1986 (six relocatable classrooms, which were also removed in 2011-12), 1993-94 (modernization on eight classrooms, the multipurpose room and a workroom) and 2011-12 (11 relocatable classrooms were replaced as part of modernization and modernization of all remaining classrooms).

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state-deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures.

Types of Services Funded

About 55% of the district's income is spent on employee salaries, and 22% is spent on employee benefits. Books and supplies account for 9% of the district's spending, an additional 9% is dedicated to services and operating costs, 1% is used for capital outlay, and 2% is spent on another district outgo. Expenditures are expected to exceed revenues by approximately 8%.

All our K-3 classes comply with the California Class Size Reduction program limits. We offer a Bilingual Education and a GATE program at South/West Park Elementary School. We provide special programs at our high schools that include Agricultural Career Technical Education, a Space and Engineering Academy, a Medical and Health Services Academy.

Textbooks and Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2022. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdfdash201.asp>.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.
