Principal's Message

Dear parents and students,

Welcome to Wanda Hirsch Elementary School! Hirsch is a preschool through fifth-grade neighborhood school built in 1997. Our school has been serving families for 24 years. Hirsch cultivates a collaborative culture through the development of high performing teams involving colleagues, parents and students by analyzing relevant data and information to promote continuous improvement. Our school community is proud that Hirsch was recognized in 2002, 2004 and 2010 as a California Distinguished School. The programs at Hirsch focus on rigorous academic achievement and promote a positive school climate. Our school's mission is to engage all students in 21st century learning and provide them with the skills they need to succeed in a modern world. Our staff members have high expectations that students will be successful as lifelong learners, problem solvers, critical thinkers, communicators, researchers, and have the ability to work collaboratively with others. Our team is committed to providing a safe learning environment where all students thrive and realize their full potential. Students learn and model the Six Pillars of Character: trustworthiness, respect, responsibility, fairness, caring and citizenship. Social and emotional development is nurtured through our implementation of the Second Step program. Students serve on Student Council and plan activities. Hirsch has many extracurricular activities for students, including Walkathon, Turkey Trot, science/STEM fair, spellingathon, spelling bee and much more. Check for school news, updates, special announcements and events around campus on the Wanda Hirsch Elementary School website and Facebook.

Sincerely,

Gillian Bradley

Principal

School Mission Statement

Wanda Hirsch Elementary School's mission is to engage all students in 21st century learning and provide them with the skills they need to succeed in a modern world.

School Vision Statement

We are a school where education is high quality and students work together, show good character and use problem-solving skills for their academic success.

Parental Involvement

Hirsch Elementary promotes a sense of community within the school by encouraging parent involvement in all areas of the school: classroom volunteering, the English Learner Advisory Committee (ELAC), School Site Council, District Language Acquisition Committee and Hirsch Parent Teacher Organization (HPTO).

Parents have taken an active role in determining the school goals and identifying supportive programs and activities. The School Site Council at least four times a year to review school goals, programs and activities. The Hirsch Parent Teacher Organization volunteers and coordinates fundraising efforts to help support programs such as field trips, Accelerated Reader and assemblies.

The HPTO encourages families to attend family movie nights and family dances, which are fun and well attended. The staff invited our parent volunteers to an end-of-the-year appreciation tea to recognize them for their outstanding efforts and contributions. Formal parent conferences are held at the end of the first report period. A series of minimum days are scheduled in order to allow sufficient time for parents to meet with teachers.

Proud Patriot Assemblies, the talent show, Family Science Night, Multicultural Fair, ice cream social and our Annual Night of Character are all examples of opportunities for parents to participate in school events.

Information is posted on our school website, on Facebook and on the marquee. Hirsch also uses School Messenger communications system to phone, e-mail and text families to make them aware of important upcoming events.

Please call our school office at (209) 830-3312 or come in and speak with Mrs. Phenix, our school secretary, if you are interested in getting more information on how you can be an active participant in your child's education.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

Tracy Unified School District prepares our diverse student population to be college and career ready for the 21st century by providing a quality-learning environment in safe, modern facilities equipped with the latest technological tools. Our culturally proficient world-class staff empowers students to reach their fullest potential and prepares students to solve real-world problems by utilizing best instructional practices and collaborating with the community, businesses and institutions of higher learning.

District Vision Statement

All students in Tracy Unified School District will become lifelong learners, responsible citizens, and leaders in the 21st century.

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

Tracy Unified School District (TUSD) requires new teachers to participate in the Tracy Teacher Induction Program (TTIP). This involves six full days of pre-service and four days of follow-up during the year. At this time, teachers are introduced to the district and their site and receive training on classroom management, content organization and lesson design.

All activities are based on the California Standards for the Teaching Profession (CSTP). Throughout the year in TTIP, teachers are additionally supported in the classroom on a regular basis by a staff-development specialist. New teachers who qualify for the district's induction program to clear their preliminary credentials are assigned an Induction mentor and work through two cycles of inquiry.

The district offers professional-development opportunities for all staff members throughout the school year. Two full days are provided before the school year starts. Hirsch continues to implement the Common Core State Standards (CCSS). The staff receives STEM training and lesson development focusing on problem-based learning that embeds science, technology, engineering and mathematics integrated into language arts, Rigor and Relevance focused on academic discourse.

Every Wednesday, students are released early from school at 1:30 p.m. to allow teachers to participate in professional-development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and teacher collaboration time in professional learning communities working on data driving instruction.

About 55% of the district's income is spent on employee salaries, and 22% is spent on employee benefits. Books and supplies account for 9% of the district's spending, an additional 9% is dedicated to services and operating costs, 1% is used for capital outlay, and 2% is spent on another district outgo. Expenditures are expected to exceed revenues by approximately 8%.

All our K-3 classes comply with the California Class Size Reduction program limits. We offer a Bilingual Education and a GATE program at South/West Park Elementary School. We provide special programs at our high schools that include Agricultural Career Technical Education, a Space and Engineering Academy, a Medical and Health Services Academy.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in ELA and Mathematics for All Students

The table below shows the percent of students meeting or exceeding the State standards on the California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments and California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics for grades 3–8 and 11.

English language arts/literacy	*	42%	*	39%	*	47%
Mathematics	*	37%	*	25%	*	33%

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facilities

General

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public-School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of Wanda Hirsch Elementary School for the 2021-22 school year, and the efforts made to ensure that students are provided with a clean, safe and functional learning environment.

Age of School/Buildings

This school has 32 classrooms, a multipurpose room, library, administration building, stage and kitchen. The main campus was built in 1997. Additions were constructed in the 1997-98 school year (two classrooms added for Class Size Reduction), 1998-99 (four classrooms added for Class Size Reduction), 2005-06 (two state relocatable classrooms) and 2016 (window systems, intrusion alarm system). Even though this campus has not seen a complete modernization, slight improvements have been made with classrooms receiving new finishes (i.e. paint and carpet). In addition, the campus has undergone the installation of solar arrays, which cover a large area of its existing onsite parking, and has added 4 parking spots for charging electric cars.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state-deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures. This school year, solar panels have been erected in the parking lot. The school also received new carpet in the office, classrooms off the library, and portables 27, 27A and 29, as well as new laminate in the staffroom, office restrooms and adult restrooms off the library. Hirsch also received new flooring throughout the multipurpose room (MPR) and on the stage, including carpeting on the stage steps, and new flooring and wall painting in the student restrooms next to the MPR.

Plans are to add concrete to a front section of the school for ease at student dismissal. Plans are to move the bike rack area so additional parking can be added.

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks	
2022-23 School Year	
Criteria	Yes/No
Are the textbooks adopted from the most recent state-approved or local governing-board-approved list?	Yes

Textbooks and Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2022. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12.

School Safety

Student safety is a priority at Hirsch Elementary. Each year the school's safety plan is reviewed and updated. Staff and students participate in monthly fire drills. The school conducts earthquake drills each quarter. Each classroom is equipped with an emergency-response backpack and bucket containing items deemed necessary in the event of an emergency.

All visitors to the school must sign in at the office, and all staff members wear badges. New fencing and gates surround the school site for additional safety and security. There are 20 security cameras located throughout the school. A positive school climate and safety are of upmost importance. The district Elementary School Handbook and education code are followed. Inappropriate student conduct is not tolerated. Results from the school surveys indicate that staff, students and parents agree that Hirsch is safe and has a positive climate. Students demonstrating good character are acknowledged on a regular basis.

The school safety plan is reviewed, updated and discussed with the school faculty each year; it was last done in September 2022.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdfdash201.asp>.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.
