Recommendation:

That the School Board review information regarding Middle School Scheduling for the 2022-23 school year.

Background Summary:

A national and local shortage of qualified teacher candidates has impacted VBCPS staffing of schools. In alignment with Compass to 2025 Strategic Framework, Goal 6, equitable distribution of human fiscal, and capital resources, specifically, the management and distribution of human resources, a middle school scheduling model has been developed that more effectively utilizes staff to address the shortage. A committee of principals, assistant principals, and teachers developed an alternative schedule model. The model, which maximizes current staff and solves some staffing challenges, will be presented.

School Board Organizational / Regular Meeting MINUTES Tuesday, January 11, 2022

School Administration Building #6, Municipal Center 2512 George Mason Drive P.O. Box 6038 Virginia Beach, VA 23456 (757) 263-1000

Administrative, Informal, and Workshop: Chairwoman Rye convened the administrative, informal, and workshop session in the School Board chamber at 4:03 p.m. on the 11th day of January 2022 and announced pursuant to the Virginia State Health Commissioner's Order of Public Health Emergency Statewide Requirement to Wear Masks in K-12 Schools issued August 12, 2021, and Virginia Acts of Assembly No. 1303, Chapter 456, and the Center for Disease Control and Prevention (CDC)'s guidance for K-12 schools, and the School Board's 2021-2022 Reopening Plan adopted August 10, 2021, it is determined physical distancing will be used in School Board Chambers as a health mitigation strategy; therefore, there will be limited public seating available on a first-come, first- served basis beginning shortly before the Workshop session of the School Board Meeting. Members of the public will also be able to observe the School Board Meeting through livestreaming on www.vbschools.com, broadcast on VBTV Channel 47, and on Zoom.

It is the School Board's protocol to break at 5:30 p.m. to prepare for the Formal Meeting to begin at 6:00 p.m. At 5:30 p.m., the School Board will conclude its administrative, informal, and workshop session unless the School Board votes to continue until 5:45 p.m. The session will conclude no later than 5:45 p.m. to allow the School Board and the School Administration to prepare for the Formal Meeting at 6:00 p.m.

The following School Board members were present in the School Board Chamber: Chairwoman Rye, Ms. Melnyk, Ms. Anderson, Ms. Felton, Ms. Franklin, Ms. Holtz, Ms. Hughes, Ms. Manning, Ms. Riggs, and Ms. Weems. Ms. Owens attended the meeting via Zoom (health reasons).

School Board Administrative Matters and Reports: Chairwoman Rye mentioned Crystal Pate, Chief Financial Officer, and Jack Freeman, Chief Operations Officer, were not in attendance because they were presenting on our behalf to City Council the reversion resolution. The board received an email noting some adjustments made from a joint session in which Chair Rye, Vice-Chair Melnyk, Superintendent Spence, and Crystal Pate attended with counterparts on City Council and within city staff.

A. <u>Annual Recruitment, Staffing, Retention and Compensation Update</u>: Cheryl Woodhouse, Chief Human Resources Officer; Anne C. Glenn-Zeljeznjak, Coordinator of Recruitment and Retention; Judith Wood, Human Resources Specialist

Staffing and Recruitment (Anne C. Glenn-Zeljeznjak): Since the last report in August, there is still an impact on recruitment. Areas we faced with a shortage include math, special education, ESL/Bilingual, foreign language, science, and English. There was an increase of 41% of teachers who retired or resigned this past year. Since the beginning of this school year, there has been 352 employees who have left the school system. Reasons for teacher and staff shortages include lack of qualified applicants, salary and benefits, retaining teachers, and the housing market. However, as of December 2021, 468 new teachers were hired including 13 future teacher award winners, and 25 early incentive commitment recipients for math, special education, Spanish Immersion, and three career and technical education staff members. As of January 6, there were 116

Tuesday, January 11, 2022 School Board Organizational / Regular Meeting Page 2 of 10

instructional vacancies and 307 non-instructional vacancies (bus drivers and positions from various departments). Recruitment initiatives include employee bus driver referral program, student teacher outreach, radio campaigns, and a Virginia Beach City Public Schools (VBCPS) Career Information Fair, to name a few.

<u>Compensation (Judith Wood)</u>: Progress made with VBCPS compensation program and a few innovative ideas the division instituted this year in staffing schools include the following:

- A .50% step and a 4.5% cost of living adjustment increase to eligible employees
- Increased all part-time rates by 5%
- Increased summer school rates by up to 14%
- Funded 100% of the monies needed to increase the value of additional duty supplements
- Began the process of increasing the value of educational allowances
- Developed a custodian Initiative Program to allow current non-exempt employees to staff custodial vacancies
- Increased pay for teachers to cover a colleague's class during their planning time and/or lunch bell from \$25 to \$35 effective December 2021
- Promoted a bus driver referral program
- Utilized central support staff who volunteered to substitute for teachers, teacher assistants, custodians, and office support vacancies
- Maintained cost of health insurance at the same rate for the third year in a row
- Provided a \$1,000 bonus to employees in allocated positions on December 15
- Temporarily increased daily rate for teacher substitutes by \$30 per day, effective January 1
- Implemented a \$2,500 recruitment and retention incentive for hard-to-staff positions effective January 1
- Plan to issue a Letter of Intent to prospective new teacher hires

Comparing VBCPS teachers to other school divisions – VBCPS ranks from first to fifth place in salary, depending on years of experience. VBCPS ranks fifth place to sixth place for teachers with a master's degree, master's degree +30, and a doctorate degree. Although funding was provided last year to start the process of increasing educational allowances, it would still cost VBCPS a little more than \$4.1 million, inclusive of benefits, to be competitive. The proposed solution is to fund an increase over three years at 33.33% (\$1,387,369) or phase in over a shorter period of time.

Comparing selected non-instructional salaries – Bus drivers were upgraded from Grade 9 to Grade 10, placing VBCPS ranking second. Custodian levels, 1-4, were moved up one pay grade and now ranks first place for an entry level Custodian 1. Cafeteria assistants moved up one pay grade and ranks first in the local area but is still a hard-to-fill position. Teacher assistants and security assistants have five different paygrades, U-6 – U-10, depending on if the employee has a degree. The following options are being offered for consideration: teacher assistants rank sixth place, but if all teacher assistants were moved to Grade 10 then they would rank first. It is a more competitive pay grade and principals can move a teacher assistant to another teacher assistant position. Also, provide teacher assistants a \$750 allowance for those holding a bachelor's degree. Security assistants rank sixth place, but by moving them to Grade 10, it would improve ranking in the local area. Also, provide a \$750 educational allowance to those security assistants holding a bachelor's degree. The assistants at Renaissance Academy and security officers now at U-10 will be moved to U-11 to maintain alignment.

Virginia minimum wage increase – VBCPS was above minimum wage in 2021 and 2022; however, to get the lowest grade of employee to the \$15 minimum wage by 2026, the estimated percentage rate is approximately 27.2 or 6.8 per year. Approximately 1400 employees are getting less than \$15 an hour, but if teacher assistants and security assistants are upgraded to Grade 10, this will eliminate the need to address approximately 850 employees which would allow us to focus on custodians and cafeteria assistants.

Tuesday, January 11, 2022 School Board Organizational / Regular Meeting Page 3 of 10

Substitute teachers – They currently rank second for licensed substitute teachers, tied for third for non-licensed substitute teachers, and first for long-term substitute teachers. Effective January 1, 2022, their pay was able to be increased to \$30 per day using CARES funding until the end of the year.

Health care cost – The division maintained premium cost and will remain the same this year, making it four years in a row.

Budget Considerations for 2022-2023

- Increase funding for allowances for advanced degree
- Reclassify teacher assistants to a minimum of Grade 10
- Additional cost for equity adjustment for moving teacher assistants to Grade 10
- Additional cost teacher assistants holding a bachelor's degree
- Reclassify security assistants to Grade 10 with full equity
- Reclassify Renaissance Academy security assistants and security officers to Grade 11
- Additional cost for security assistants holding a bachelor's degree
 - o Totaling approximately \$10.2 million
- Increase teacher substitute rates and maintain on a permanent basis
 - o Totaling approximately \$5.2 million
- Totaling an estimated cost of \$15.4 million, but budget adjustments can be phased in

Following the overview, there were questions and inquiries regarding comparison of vacancies now to a normal year, salary information including benefits and deferred compensation comparison with all income, receiving incentives instead of money, which school divisions are our competitors for potential applicants, staffing special education assistants, timeframe of retirements/resignations comparison, number of employees to bring up to minimum wage by 2026, phased-in approach for minimum wage requirement, are incentives working, part-time employees eligible to receive health benefits – list of employees, losing employees to the private sector, letters of intent, staff working on weekends.

Ms. Felton mentioned that at the Planning and Performance Monitoring Committee (PPMC) Meeting on January 4, the committee recommended that a compensation study be done. Ms. Felton encouraged the Board to consider the recommendation. The Board decided to give Human Resources staff approval to move forward with the compensation study; however, the cost was requested first. Before any agreement is entered into, the Board will be notified of the cost, and the Board will express any concerns at that time. The compensation study will be for all positions. The items discussed prior for consideration in the budget will still move forward.

- **2. Closed Session:** None during the administrative, informal, and workshop session.
- 3. School Board Recess: Chairwoman Rye adjourned the administrative, informal, and workshop session at 5:24 p.m.
- Call to Order and Roll Call: Superintendent Spence, serving as Chair pro-tem until a chair was elected, called the meeting to order at 6:01 p.m. on the 11th day of January 2022. He announced pursuant to the Virginia State Health Commissioner's Order of Public Health Emergency Statewide Requirement to Wear Masks in K-12 Schools issued August 12, 2021, and Virginia Acts of Assembly No. 1303, Chapter 456, and the Center for Disease Control and Prevention (CDC)'s guidance for K-12 schools, and the School Board's 2021-2022 Reopening Plan adopted August 10, 2021, it is determined that physical distancing will be used in School Board Chambers as a health mitigation strategy; therefore, there will be limited public seating available on a first-come, first-served basis beginning shortly before the School Board Meeting. Members of the public will also be able to observe the School Board Meeting through livestreaming on www.vbschools.com, broadcast on VBTV Channel 47, and on Zoom. There were twenty-eight (28) in-person speakers (including four [4] student speakers and ten [10] online speakers). 13. Information

A. <u>COVID Update</u>: Jack Freeman, Chief Operations Officer, and Eugene F. Soltner, Ed.D., Chief Schools Officer presented the following information to the School Board. Dr. Caitlin Pedati, Director of Virginia Beach Department of Public Health, was in attendance via Zoom to answer questions.

Mr. Freeman reported that since the last School Board meeting, there has been a significant change in community transmission and the CDC guidance related to isolation and quarantine. Virginia Beach is in the high category of transmission. The COVID Plan has been modified to align with the new guidance. Starting January 10, quarantine and isolation has been changed to five days instead of ten; as of February 21, a booster is required, ages 12 and over, to be exempt from quarantine; and there will be temporary modification to contact tracing. All information was communicated to families on January 5. All the other mitigations in place are currently unchanged such as being fully vaccinated, COVID in the last 90 days, or are asymptomatic are exempt from quarantine; high school students identified as close contacts may attend class if asymptomatic; and high school athletes identified as close contacts may continue to participate if fully vaccinated. There are vaccination clinics available at some schools.

Dr. Soltner continued the presentation sharing a second plan due to the shortage of teachers. There are three levels of interventions for keeping schools open. Level 1: in addition to perm substitutes and hired daily substitutes, schools will shift instructional support staff to unfilled staff vacancies and utilize teacher coverage at the secondary level for additional bells, communication will not be sent to parents at this level; Level 2: in addition to Level 1, when schools can no longer meet staffing needs in their buildings, up to 50 central support staff will help support targeted schools, and parents will be made aware of this change; Level 3: in addition to levels 1 and 2, all hands-on-deck intervention as central support will deploy staff necessary to keep classrooms and schools open, and communication will be sent to families indicating a high probability of specific elementary classrooms, middle school grade level closure, or the closure of a high school. Depending on an evaluation on day three of the closure, schools can convert back to level 1 or 2. With an elementary classroom or middle school grade level closure, the first day students will complete work asynchronously. With a schoolwide closure, two days of asynchronous learning would be planned, to allow for teacher and parent planning. During the closure, students will have the same school hours and schedules, teachers will instruct from the school unless quarantined, and breakfast and lunch will be available via a drive by or pick up, as was done before.

Following the brief, there were questions and inquiries regarding what the number would need to be to close a classroom or school; planning and preparation for keeping schools safe; students getting COVID in the schools; incubation period is shorter; vaccines making a difference and less likely to spread with a booster; contact tracing - using broader metrics; wearing masks properly and provide staff with N95 masks; Chromebooks brought home daily; expectation with holiday, mitigations, and vaccine; transmission slowing down; why mitigation strategies required now and not with the flu; quarantine time; level of protection with different masks; resources available for COVID testing; strict guidelines wearing masks and PE; and transmission and student absenteeism being discussed daily.

B. <u>High School Scheduling</u>: Mr. Matt Delaney, Senior Executive Director of High Schools
Mr. Delaney presented a proposed schedule that was developed with the goal of maximizing student
opportunities, as well as the effective use of teachers and staff. With the continued focus on Academic and
Career planning, the schedule provides students with the ability to take advanced courses, obtain an
advanced diploma while exploring electives or center opportunities that will be essential as students
graduate with the necessary skills to enroll in college, enlist in the military, or be employed.

The proposed high school scheduled was presented as follows: All core classes will be scheduled as a 4X4 course; classes specific to special education, Advanced Placement, International Baccalaureate, Academy, Band, Orchestra, Chorus, AVID, Dual Enrollment, Virginia Teacher for Tomorrow, English as a Second Language and other specialty programming will be scheduled on the A/B schedule; and the schools will be provided the flexibility of identifying common planning blocks for professional learning communities. Student and teacher sample schedules were reviewed. The next steps will include a high school webinar on January 20 at 6:00 p.m. and engage high school teachers at Teacher Assembly on January 19. If the Board accepts the recommendation for the high school schedule on January 25, school counselors and case managers will finalize student schedules and IEP's. Master schedulers will work collaboratively to develop a schedule that meets the requirements as outlined in the presentation and minimizes the impact of transfers across the division. The Department of Teaching and Learning staff will move forward with developing professional development for teachers, and the Department of Technology staff will prepare course codes, training for master schedulers, and Synergy for the new model.

Following the presentation, there were questions and inquiries regarding fine arts (band) students having the opportunity to continue with the next level; taking a 4x4 language each year and not continuing in the same year and have a learning loss; course registration and not communicating the 4x4 schedule; inclusion classes and students keeping up in a 4x4 model; academic support classes for students with IEP's; academy and non-academy students attending the Governor's School; teacher numbers being lower with a shortage of teachers; students registering for eight classes because they have to and end up with a class not really wanted; study blocks; 4x4 schedule with holidays; enough time for assignments/tests to be returned; students missing classes back to back due to illness; timeline for professional development; math courses; and information being communicated to the public (video).

Mrs. Leeane Turnbull-Pallette, Principal of Salem High School, gave a perspective on interactions with teachers and the opportunities for students.

Recommendation:

That the School Board approve the recommendation regarding High School Scheduling for the 2022-23 school year.

Background Summary:

During the School Board meeting on January 11 information was provided regarding High School Scheduling for the 2022-23 school year. During the School Board retreat in July and at the November 9 School Board workshop, information was provided on the desire to move to a flexible scheduling model for high schools. Working with building leaders and central support staff, a scheduling model was developed that allows for the goals outlined in *Compass to 2025* to be achieved in the most efficient manner. Virginia Beach City Public Schools staff has been charged, through Goal 6 of our strategic plan (organizational effectiveness and efficiency), to pursue the effective use of division resources, operations and processes to support the division's vision, mission and strategic goals. The proposed scheduling model maximizes the opportunities provided for students and works to maximize how we utilize teacher and staff.

Beginning in September, a committee of principals, master schedulers, directors and the school counseling instructional specialist from the Department of Teaching and Learning have been working on developing a master schedule that will provide increased opportunities for students to take advanced courses, electives and engage in work-based learning opportunities. The scheduling committee took the lessons learned for the 4X4 schedule implemented during the 2020-21 school year. Working closely with the Department of Teaching and Learning, the committee developed a schedule that will place an emphasis on 4X4 classes in core content courses with courses specific to AP, IB, Academy, band, orchestra, chorus, AVID, dual enrollment, VTFT, ESL, NJROTC and special education being offered on the A/B block schedule. The proposed course offerings will be aligned across the division to mitigate the impact on student transfers and the schedule will not negatively impact our centers and programs.

The proposed schedule provides the flexibility to ensure that teachers have common planning time to maintain highly functioning professional learning communities (PLC's) and to work with instructional coaches.

Our strategic plan, *Compass to 2025*, is anchored in our school division's graduate profile because it is the aim of our efforts to prepare all students to be future ready. The proposed schedule enhances the ability to engage all student in rigorous, authentic and student-centered learning. The schedule challenges and supports all students to excel academically through the acquisition of foundational knowledge and transferable life skills as outlined in the VBCPS graduate profile.

Budget Impact:

SCHOOL BOARD BYLAWS

Decorum and Order-School Board Meetings

A. Purpose of decorum and order during meetings

The School Board determines that decorum and order are necessary during School Board Meetings. The purposes for maintaining decorum and order are:

- 1. to ensure that the affairs of the School Board and School Board Committees may be conducted in an open, safe, and orderly manner during meetings;
- that all persons signed up to address the School Board during public comment sections of meetings have the opportunity to do so in an orderly and respectful manner and without being interrupted;
- 3. that persons in attendance may observe and hear the proceedings of the School Board without distraction and interruption;
- 4. that students and other young audience members who attend or watch such meetings are not subject to inappropriate language or conduct;
- 5. that School Board Members and School Division employees or other agents can transact the business of the School Board and the School Division with minimal disruption.

B. Limitations on addressing the School Board

Persons addressing the School Board during public comment sections of the meeting shall:

- 1. Limit their comments to matters relevant to PreK-12 public education in Virginia Beach and the business of the School Board and the School Division.
- 2. Refrain from obscenity, vulgarity, profanity, and comments or actions with the intent to incite violence or other breach of peace.
- Comply with the time limits and other rules for public comment set forth in the agenda or Bylaws.
- 4. During special meetings or public hearings, the School Board may set different rules or time limits for public comments.

C. Other expressive activities during meetings

1. <u>Public comments during meetings limited to matters relevant to public education and the business</u> of the School Board

At regular School Board Meetings, the School Board accepts public comment during designated sections of the Meeting Agenda. The public comment sections of School Board Meetings are limited public forums for the sole purpose of accepting comments from members of the public relevant to PreK-12 public education in Virginia Beach and the business of the School Board and the School Division. The School Board does not accept other forms of public comment during Meetings or at those times immediately preceding or following a Meeting.

2. Expressive activities during meetings

To maintain decorum and order and conduct the business of the School Board and the School Division during meetings, expressive activities by members of the public in meetings will be limited or prohibited. On any day that a meeting is scheduled to take place, the School Board prohibits certain expressive activity, including but not limited to the following, expressive activities:

- Petitioning, demonstrating, picketing, pamphlet distribution, conducting polls, or solicitation in the Building where the Meeting is taking place.
- Displaying or using signs, posters or other items brought into the meeting room that block the view of persons in or observing the meeting or create a safety concern. Possession of such items while in the meeting location will not be prohibited.
- Use of noise making devices.
- Use of excessive cheering, booing, clapping, or similar activity that disrupts the meeting, as determined by the Chair or designee.
- Calling out or making comments when not called to address the School Board.

The Superintendent or designees are authorized to designate areas of the School Administration Building (or other building or location for a meeting), the grounds and parking lots that may be considered for facility use request or application. The Superintendent or designee are authorized to develop and implement regulations and/or procedures related to such facility use requests or applications.

D. Other methods of communicating with the School Board

The School Board encourages citizens and other interested parties to communicate with the School Board regarding matters related to public education. Due to the limited time scheduled to conduct business and the need to follow approved agenda items, School Board meetings may not be conducive for all forms of communication to the School Board. Persons seeking to communicate with the School Board may contact School Board Members through other methods of communication, including VBCPSSchoolboard@googlegroups.com or email individual School Board Members in addition to those provided at School Board meetings.

This Bylaw does not preclude persons addressing the School Board from delivering the School Board or its Clerk written materials including reports, statements, exhibits, letters, or signed petitions prior to or after a Meeting. While public speakers are addressing the School Board, they may not approach the School Board to hand out items but will instead be directed to leave items with the Clerk or designee for the School Board to consider after the Meeting.

This Bylaw does not preclude persons called to address the School Board during public comment sections from using a chart, graph, or other item during their public comments so long as that item does not interfere with the School Board and other persons observing the Meeting from hearing or seeing the speaker and the item does not create a safety issue or otherwise violate the decorum and order rules. Furthermore, nothing herein shall be interpreted to prohibit members of the public from communicating with the School Board or the School Administration on matters relevant to PreK-12 public education in Virginia Beach and the business of the School Board and the School Division at times other than meetings.

School Board Members may vote to overrule the Chair's or designee's decision at the time that the Chair or designee makes the decision. The Chair or designee is authorized to work with the Superintendent, designees, law enforcement and authorized agents to maintain order and decorum prior to the start of, during and immediately after any Meeting.
- **F.** The School Administration, law enforcement and authorized agents will have responsibility for maintaining decorum and order outside of the Meeting room and outside of a building where a meeting will be or is taking place.
- **G.** No person attending a meeting of the School Board, in any capacity, shall use, or allow to sound, any device in a manner that disrupts the conduct of business within the room in which the School Board or a Committee thereof is meeting. Notice of this restriction shall be posted outside of School Board Meeting Room and on the agenda for any School Board meeting.
