

## **INTERDISCIPLINARY CREDIT**

The high school principal is charged with approving courses for interdisciplinary credit. Such courses must have been adopted by a faculty team/committee and must address objectives for the subject area in which the course is to be counted. The awarding of an interdisciplinary credit must have the approval of certified educators in each of the content areas.

Interdisciplinary credit may be counted only once in meeting graduation requirements. Such credit must be clearly designated on the student's transcript.

Adopted: 5/18/09
