

ASSESSMENT OF EDUCATIONAL PROGRAMS

The Governor Wentworth Regional School District has an assessment program that provides ongoing information to teachers, parents, and students relative to student achievement. The assessment program includes state and local instruments which provide both formative and summative data.

The selection and evaluation of assessment instruments includes input from professional staff through the Assessment Task Force, which reports to the Administrative Team.

The Superintendent or designee will ensure that data from the student assessment program is compiled, analyzed, summarized, and reported to the Board annually.
