- C. Reversion Authorization: Ms. Riggs made a motion, seconded by Vice Chair Melnyk, that the School Board approve the use of FY2018/19 reversion funds to complete the funding of full-day kindergarten (FDK) in FY2019/20 with the exception of the three schools impacted by construction, and that the School Board authorize the Superintendent and Chief Financial Officer to implement full-day kindergarten in the remaining elementary schools not affected by current construction projects in FY2019/20. Ms. Manning stated her opposition to using reversion funds for recurring costs and expressed concern that funding to accelerate the program was not identified as a priority in the beginning of budget process. School Board members spoke to City Council's assertion that reversion funds be used for the stated purpose opining they had overstepped their direction on the use of reversion funds by making it clear those funds would be at risk if the school division did not follow their direction. In stating support for the motion, it was not without reservation, noting City Council's priorities for 2019-20 identified public education as number four on their list known as "the big five" specifically mentioning the benefits of FDK. In recounting the 1995 event where the School Board overspent its annual budget, Vice Chair Melnyk reaffirmed the budget practice of keeping two percent of the budget on hand for unforeseen expenses to be used for one-time expenses not intended to sustain ongoing initiatives like full-day kindergarten and compensation increases. She advised of a meeting held with City leaders where the School Board's reservations were expressed, but the City's direction remained unchanged. Farrell E. Hanzaker, Chief Financial Officers, reaffirmed Administration's position that reversion funds (or one-time monies) should not

- be used for ongoing expenses, but in this special circumstance, it is agreed this is the right thing to do. He further reported, during that meeting City leadership gave their assurances that during the first 4-5 months of the fiscal year, City staff will increase the School's cash flow by approximately \$400,000 to cover increased expenses since the appropriation of reversion funds will not be known until October, and that should there not be sufficient reversion funds to cover the \$5 million needed for FDK, a request for appropriation from the Schools' special reserve fund balance of approximately \$10.7 million can be made. Following discussion, the motion was approved (ayes 8, nays 1 - Manning).
- D. Budget Transfers: Ms. Riggs made a motion, seconded by Vice Chair Melnyk, that the School Board approve the budget transfers within the 2018-19 fiscal year operating budget in the amount of \$364,086. Farrell E. Hanzaker, Chief Financial Officer, explained the budget transfer is to be used to purchase Chromebooks for classrooms expanding to full-day kindergarten. Prior to a vote, Ms. Manning reported her opposition to the 1-1 technology initiative for elementary students stating she does not believe it is advantageous to provide a Chromebook to every kindergartener, and feels the division should be limiting technology. Superintendent Spence explained Chromebooks were not being purchased for every student, rather, it is to make a cart available to each classroom. Ms. Manning clarified her position is that kindergarteners do not need Chromebooks at all. Ms. Hughes agreed stating other basic skills should be taught instead of using technology all day. Superintendent Spence described the use of technology noting resounding support to provide adaptive and balanced learning opportunities for students. He suggested the School Board may want to receive another update to discuss how technology is used in the classroom, and reassured all children are not staring at Chromebook screens all day long. Following further discussion, the motion passed (ayes 6, nays 3 – Hughes, Manning, Weems), and the budget transfer dated May 28, 2019 in the amount of \$364,086 was approved to purchase Chromebooks for classrooms expanding to full-day kindergarten.
- E. Action Regarding Appointment of an Interim School Board Member Residing in District 3 Rose Hall: Vice Chair Melnyk made a motion, seconded by Ms. Felton, that the School Board vote on two finalists for appointment of an interim School Board member to the District 3 Rose Hall vacancy on the School Board to serve until a School Board member for District 3 Rose Hall is elected on, and qualified after, the November 5, 2019 special election. School Board members spoke to the appointment and appointment process; and Chairwoman Anderson advised of plans to develop a procedure to be used in the future for considering appointments to School Board vacancies that will address more transparency in the application and interview process to include appropriate vetting procedures, more extensive requests for applicant information, and better definition of the roles of the School Board and Administration in the application and appointment process. Following further comment, votes were cast for finalists Jessica L. Owens and Seko B. Varner. Ms. Owens received the majority votes (Anderson, Edwards, Felton, Melnyk, Riggs, Rye); and remaining votes were cast for Mr. Varner (Hughes, Manning,

Weems). Chairwoman Anderson welcomed Ms. Owens as the newest member of the School Board, and thanked all applicants, especially Mr. Varner for participating in the appointment process.

**13. Information**

- A. Notification of Intent to Apply for Federal Grants 2019-20: James M. Pohl, Ph.D., Executive Director of Secondary Teaching and Learning, presented an overview of 2019-2020 Federal Grant applications to be submitted to the Virginia Department of Education by the July 1, 2019 deadline. A review of past, current, and projected funding amounts for each grant was provided noting final amounts for all grants will be determined in late September or early October 2019. He summarized the anticipated funding level and services provided by each of the following grant applications:
- Title I, Part A (\$11,914,697): It was noted since full-day kindergarten is now officially funded, Bayside and Luxford elementary schools will be added to the list of schools receiving services.
  - Title I, Part D (\$225,905)
  - Title II, Part A (\$1,583,202)
  - Title III, Part A (\$118,489)
  - Title IV, Part A (\$857,952)
- B. Recess Committee Update: Nicole M. DeVries, Ph.D., Director of K-12 and Gifted Programs, reported the elementary recess committee comprised of parents, teachers, principals, counselors and central office staff, met four times and summarized topics discussed at each meeting. She then presented an overview of changes to be implemented in the 2019-2020 school year to increase recess for full-day kindergarten from 20 minutes daily to 40 minutes daily – 15 minutes prior to or following physical education; and 25 minutes at a time opposite from physical education during general classroom instructional time (language arts, math, social studies, and science). Recess for grades 1-5 will increase from 20 minutes daily to 30 minutes daily – 15 minutes prior to or following physical education; and 15 minutes at a time opposite from physical education during general classroom instructional time (language arts, math, social studies, and science). An outline of average movement time for students was presented along with next steps to include developing and implementing a communication plan and creating an implementation guidelines document that includes recess expectations, playground safety, recess monitoring, and weather guidelines. Additionally, she advised of plans to develop and implement teacher professional learning and conduct an evaluation of playground equipment. In response to an inquiry, Superintendent Spence explained guidelines could be encapsulated in Division Regulation 5-58.1 relative to student wellness, or the School Board could ask the Policy Review Committee to consider writing a policy regarding recess guidelines.
- C. Interim Financial Statements – April 2019: Crystal M. Pate, Director of Business Services, presented the division's financial position as of April 30, 2019 reporting overall revenues remain acceptable at this point in the fiscal year. She explained the basis for the projected

surplus in state revenue of approximately \$1.9 million composed of a shortfall due to lower than projected March 31 Average Daily Membership (ADM) offset by a projected surplus in the Supplemental Lottery Per Pupil Allocation. Federal revenues were reported on a favorable trend receiving approximately \$1.9 million or 116% more than the original budget year-to-date mainly due to Impact Aid receipts and Medicaid reimbursements coming in over budget. Sales tax receipts were reported on an acceptable trend at approximately \$1.2 million higher than the prior year with May seeing an increase of approximately \$86,000 when compared to the prior year. The expenditures/encumbrances trend was reported as continuing to remain acceptable at this point in the fiscal year.

- 14. Standing Committee Reports:** As chair of the School Board's Audit Committee, Mr. Edwards reported the committee met recently and received a report on the transportation audit available on the School Board's SharePoint site and online for the public to review.

Mr. Edwards advised the Ad Hoc Committee for An Achievable Dream Academy (AADA) met the prior week and affirmed a recommendation regarding the secondary facility proposal, and continued their review of the Memorandum of Agreement that exists between the AADA private board that funds a substantial part of the program and with the division. He advised they were largely in agreement with a few details to be worked out before being presented to the School Board in the summer months for review and subsequent approval.

On behalf of the School Board's Legislative Committee, Vice Chair Melnyk announced the next meeting on June 10 at 3:00 p.m. to start to prepare for legislative work, and invited School Board members to submit items to be considered.

As the School Board's liaison to the School Health Advisory Committee, Ms. Rye reported the next quarterly meeting will be held on June 5 at 9:00 a.m. Additionally, she reported the final meeting of the Strategic Plan Ad Hoc Committee will be held on June 5 at 4:00 p.m. so that recommendations can be brought forward to the School Board at their July retreat.

Ms. Felton reported on the May 22 WHRO HRETA meeting where a new program was presented and where Superintendent Spence was elected to the WHRO Board. Additionally, she reported on the May 18, 200+ Men Annual Scholarship event; the Adult Learning Center graduation; and Technical and Career Education's first career-signing event.

That the School Board approves the Cooperative Agreement for Legal Services for FY20.

**Background Summary:**

The School Board and the City Council have had a Cooperative Agreement for Legal Services since FY96. For FY20, the City Attorney will provide three attorneys, one paralegal, and one office assistant to serve full time providing legal services in house and will draw off the remaining attorneys and staff members to provide additional in house legal services to the School Board as needed. The cost for providing services under the Cooperative Agreement is \$633,026.53 which includes salaries, benefits, professional organizations dues, office supplies, and office equipment for a new office assistant to be hired after July 1, 2019. **COOPERATIVE AGREEMENT BETWEEN THE CITY COUNCIL  
AND THE SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH  
PERTAINING TO LEGAL SERVICES TO BE PROVIDED TO THE  
SCHOOL BOARD AND SCHOOL ADMINISTRATION BY THE  
OFFICE OF THE CITY ATTORNEY IN FISCAL YEAR 2020**

**Factual Background:**

1.     **City Charter Authority.** Chapter 9 of the Charter of the City of Virginia Beach, Virginia (“City Charter”) provides that the City Attorney shall be the chief legal advisor of the City Council, the City Manager, and all departments, boards, commissions and agencies of the City in all matters affecting the interests of the City, and that he shall have such powers and duties as may be assigned by the City Council.

2.     **Appointment of City Attorney.** The City Charter also provides that the City Attorney is appointed by the City Council and serves at its pleasure.

3.     **School Board Authority.** The School Board is established by the Virginia Constitution, the City Charter, and provisions of general law, and is a body corporate vested with all of the powers and duties of local school boards conferred by law, including the right to contract and be contracted with, to sue and be sued, and to purchase, take, hold, lease, and convey school property both real and personal.

4.     **School Board Authority to Hire Legal Counsel.** The School Board is authorized by Section 22.1-82 of the Code of Virginia (1950), as amended, to employ counsel to advise it, and to pay for such advice out of funds appropriated to the School Board.

5.     **Recognized Reasons to Share Legal Services.** Both the City Council and the School Board have recognized that the reasons for sharing services of the City Attorney’s Office include potential savings to taxpayers, expertise of the City Attorney’s Office in City Council and School Board matters, institutional memory, and the ability of the City Attorney’s Office to

provide a wide range of legal services to the School Board based on the expertise of the attorneys in numerous specialized areas of the law.

6. **Professional Judgment of City Attorney.** The Virginia Rules of Professional Conduct for the Legal Profession require the independent professional judgment of the Office of the City Attorney on behalf of its clients.

7. **Potential Ethical Conflicts.** The City Council and the School Board recognize that the potential for conflicting interests between the City Council and School Board may arise and that, in such cases, the City Attorney must refrain from representation of interests which may conflict.

8. **Identification of Conflicts.** The City Council and the School Board also recognize that they must work together and with the City Attorney to identify any real or perceived potential for conflict at the earliest possible time, advise each other and the City Attorney of any such conflict as soon as it arises so as not to compromise the interests of the City Council or the School Board, and assist the City Attorney in avoiding any violation or appearance of violation of the Code of Professional Responsibility.

9. **Continuation of Services.** The City Council and the School Board further recognize that it remains in the best interest of the taxpayers of the City for the School Board to continue to use the legal services of the Office of the City Attorney to the extent that no real or perceived conflict is present, and to the extent the City Attorney is budgeted and staffed to handle assigned legal business of the School Board.

**Objectives:**

The objective of this Cooperative Agreement is to define the scope and nature of the relationship between the City Attorney's Office and the School Board, to provide for the delivery

of designated legal services to the School Board, and to avoid any real or perceived conflict in the delivery of those services.

**Agreement:**

NOW, THEREFORE, the City Council and the School Board hereby agree as follows:

1. **Legal Staffing.** The Office of the City Attorney will provide the following staffing during FY 2020 to serve as in house counsel under this Agreement. The services to be provided as follows:

A. The City Attorney will assign three attorneys on-site at the School Administration Building for provision of legal services to the School Board and the School Administration. As determined by the City Attorney, the attorneys will devote substantially all of their time to the provision of legal services to the School Board and School Administration. For the term of this Agreement, those attorneys will be Kamala H. Lannetti, Deputy City Attorney, and Dannielle Hall-McIvor, Associate City Attorney, and Matthew R. Simmons, Associate City Attorney. The City Attorney reserves the right to reassign attorneys to meet the legal needs of the School Board and School Administration in accordance paragraph 1D.

B. The City Attorney will dedicate one paralegal, Anna Cleveland, and one office assistant, to be hired after July 1, 2019, on-site at the School Administration Building who will devote substantially all of his/her time to the support of legal services to the School Board and School Administration.

C. The City Attorney will be provide legal assistance from the other attorneys and staff members in the Office based upon their various areas of expertise with school-related legal issues, student services, real estate matters, human resources

and employee benefits matters, contracts, general administrative and procedural issues, litigation, and other legal matters. Attorneys assigned to handle School Board matters will remain on-call to handle legal matters throughout the week. The City Attorney's Office will endeavor to handle as many legal matters in-house as it is capable of handling subject to the provisions of this Agreement.

D. During the term of this Agreement, and subject to reassignment in the judgment of the City Attorney, the selection of the assigned attorneys shall be mutually agreed upon by the City Attorney and the School Board. Additionally, if a majority of the Members of the School Board expresses dissatisfaction with the legal services provided by the assigned attorney, or by any other attorney providing services to the School Board, the City Attorney will meet with the School Board to discuss and evaluate its concerns. Furthermore, if the School Board and the City Attorney agree that the most reasonable way to address the School Board's concerns is to assign another attorney or other attorneys to represent the School Board, the City Attorney will use his best efforts to make such an assignment(s) as soon as possible.

2. **Communication and Reports.** Throughout the term of this Agreement, the Office of the City Attorney will maintain an open line of communication with the School Board and the Division Superintendent, and will keep each apprised, on a regular basis, of the status of all legal matters being handled on behalf of the School Board and School Administration; provided, however, that the Office of the City Attorney shall not communicate with the Superintendent concerning those matters being handled on a confidential basis for the School Board or for individual School Board Members in accordance with applicable School Board policies and

applicable provisions of the Superintendent's contract. Additionally, the Office of the City Attorney will provide the Superintendent and the School Board an annual report of the legal services and attorney hours provided pursuant to this Agreement and, upon request of the School Board, the School Board Chairman, or the Superintendent, will identify the amount of attorney hours expended in response to inquiries from individual School Board Members.

3. **Management of Legal Affairs.** The City Council and the School Board recognize and understand that the School Board shall be responsible for the management of its legal matters; that, to the extent contemplated by this Agreement, the City Attorney shall be designated as the chief legal advisor of the School Board and the School Administration, and shall assist the School Board and School Administration in the management of the School Board's legal matters; and that the City Attorney or his designee shall report to the School Board concerning those matters he has been assigned by the School Board to manage and/or handle on its behalf.

4. **Ethical Conflicts Concerning Representation of Parties.** The City Council and the School Board recognize the potential for real or perceived conflicts in the provision of legal services by the City Attorney, and agree to be vigilant in advising the City Attorney of such issues as they arise. Additionally, the City Council and the School Board understand that in such cases, the City Attorney will refrain from participation on behalf of the School Board but, to the extent ethically permissible in accordance with the Rules and Procedures of the Virginia State Bar, will continue representation of the City Council.

5. **Ability to Provide Legal Services.** The City Council and the School Board further recognize that the ability of the City Attorney's Office to provide legal services to the School Board is limited by the attorney hours allocated pursuant to this Agreement, the other provisions of this Agreement, and ethical constraints as they may arise.

6. **Nature of Agreement.** The parties agree that this Cooperative Agreement is not a contract to be enforced by either party but is rather an agreement setting forth the understanding of the parties regarding the parameters within which the Office of the City Attorney will provide legal services to the School Board and School Administration.

7. **Payment for Services.** The City shall forward to the School Board IDT requests in the amount of \$633,026.53 from its FY 2020 Operating Budget to the FY 2020 Operating Budget of the Office of the City Attorney to fund the annual salaries, benefits, organizational dues, and certain administrative costs of attorneys and staff members assigned to handle matters under this Agreement. IDT requests of 50% of the total shall be made by the City and funds transferred by the School Board on or about September first and February first.
