Parent Portal

Please make sure you have accessed the parent portal in Power School. This will be the way parents are able to gain directory information for students in their child's class.

Specific instructions may be found on our website by clicking on the STUDENTS tab and then click on the Parent/Student Portal.

Download the app and have access to your child's attendance and class directory information at your fingertips.

Please contact your homeroom teacher or Nicole if you need help.

Attendance

Why does attendance matter? Students who are chronically absent, which is 10 or more days in one school year, have a more difficult time with friends, social adjustment, and have a higher risk of dropping out of high school. Our students are currently forming their foundational knowledge that will help them later in life. Students who are not here miss out on many fun activities, social interactions, and the opportunity to expand their knowledge. Our teachers work hard to help these students keep up and feel included, but this doesn't change the struggle the student faces. Please review your child's attendance and, if needed, make a plan with them to support more consistent attendance. Teachers and staff are here to offer support in any way possible. Please let us know if we can help.
