

Happy Friday!

It's hard to believe we've already completed two weeks of the new year. It is always busy at The Academy, both during the school day and after school as well. While giving a tour this week, we had to work around students warming up for their spring musical audition, basketball games, baseball practice, an after-school club, and custodians cleaning. It gave the family a good picture of so many options available to our students.

Below is some important information to help families navigate the next couple of weeks. Thanks for taking time to read through each one.
