

STUDENT ACTIVITIES, ORGANIZATIONS

It is the intent of the Governor Wentworth Regional School District School Board to offer a variety of opportunities in which students may participate, activities that are not part of the official curriculum yet complement and enrich the academic experience. Examples of such activities include but are not limited to the Math Team, Knightly News Monthly, Literary Magazine, Spanish Club and the Future Farmers of America.

Students enrolled in the Governor Wentworth Regional School District may participate in these activities and organizations. Students who are residents of the District and are educated in charter schools, non-public schools or at home may also participate. Students may be required to provide documentation of school attendance and residence, and will be expected to adhere to the code of conduct of the school sponsoring the activity.
