

Community Conversation #2 Summary

Thank you to all who attended **Community Conversation #2 Opportunities & Options** held at Frenchtown School on February 2nd. This is a summary of the event, and an invitation to join the community survey.

About the Project

The District-Wide Master Plan will analyze the existing school facilities, conduct a demographic study for enrollment projections, and identify a planning strategy for future educational delivery and building use that will serve the Town's student population for the next 10 to 15 years.

This process will engage the entire community including a diverse group of school administrators, students and faculty, committee members, businesses, Town staff and residents.
