

Halloween at LK!

Spooky season has just started, and the LK students have already started preparing for one of the first school events!

What can you expect at LK Halloween?

LK has celebrated Halloween for years, and it has been considered one of the most celebrated events on campus. Ranging from different contests to the Upper School party, there is something for everyone to do and enjoy!

Contests

There will be two types of contests: one that's individual and one that's for the entire class.

Since the student body will be wearing costumes throughout the day, all the individual contests will be costume related! There will be prizes for:

- Scariest costume
- Funniest costume
- Most creative costume

The class contest will be a Door Contest. Throughout the last week of school, classes will be decorating their doors and windows to be able to win a class prize. Not only will classes be able to compete against each other and work together as a group, but will be able to add to the Halloween decor of the school (much like the decorations that have been put up Friday!).

We're so excited to see what the LK students will have prepared for Halloween! As a reminder for those who don't know, the Upper School party will start at 3:00 and end at 4:30, so we hope to see you there! Have a scary fun vacation!
