Mission Statement

We, the Francis Howell School District Vacation Station program, provide quality and progressive out-of-school-time experiences for children by offering enriching opportunities that support home, school, and community.

Vision Statement

The Vacation Station program will become a community that will:

- Remain at the forefront of innovative out-of-school-time programming;
- Empower dedicated staff by providing professional development, mentoring, and opportunities for growth;
- Maintain personal connections between children, families, schools, and the community;
- Be actively involved and engaged in all aspects of a child's character and social development;
- Provide opportunities that support and empower parents in their role to promote life-long learning.

Values

The Vacation Station program will:

- Gather current research-based concepts in program development;
- Recognize and provide avenues for staff to build upon their personal strengths;
- Use communication as a bridge to build relationships;
- Focus on activities based on children's needs;
- Involve parents by offering relevant resources and information for the education and development of their children.

Program Philosophy

The philosophy of Vacation Station is an affordable, quality program designed to meet the needs of the families of Francis Howell School District. This is an enriching program that is fun and challenging for students, kindergarten through seventh grade. Children are given a choice of activities designed to provide experiences that stimulate the child's physical, social, intellectual, and emotional development.

Vacation Station Guiding Principles

Vacation Station:

- Advocates for children;
- Recognizes that all children have strengths, and works with each child to develop those strengths;
- Believes that all children should have the opportunity to participate in an inclusive environment that celebrates diversity;
- Provides a bridge between community, home, and school through the extended school day;
- Recognizes that parents are the experts on their child(ren);
- Provides a safe and nurturing environment of mutual respect;
- Encourages open communication among children, family, school personnel, and staff;
- Encourages socialization and empowerment of children through fun, innovative, child-centered, developmentally appropriate activities;
- Fosters education through play based on constructivist theory, which promotes child choice and meaningful enrichment activities.

VACATION STATION PROGRAM DESIGN

Vacation Station's environment and curriculum are designed to provide enrichment experiences that stimulate a child's physical, social, intellectual, and emotional development. The environment and planned activities are designed to give opportunities for self-expression and the development of a positive self-image. The structure for the children's day is provided by a schedule that moves children through six core centers, as well as various site-based centers. This structure allows the children to vary the activity of their day.

Communication

This center is designed for quieter play that focuses on communication skills and is comprised of a reading space equipped with books and current magazines for children, a writing space, and a listening space. Scheduled lessons in a computer lab may also be a part of this area, based on availability.

Imagination

This center is designed for children to role-play by providing props that stimulate their imagination. The center provides a variety of ways for the children to express their dramatic side with puppets, a stage, and other action playsets.

Construction

This center is equipped with a variety of materials such as wooden blocks, Legos, K'Nex, Lincoln Logs, and other building manipulatives. Household items such as paper plates, cups, and cardboard boxes can be used in this area. Children experience problem-solving through building and creating simulations of real-life models.

Recreation

This center is located in the Gym or Multipurpose room to allow children to move and get their wiggles out! The focus is on social development with peers on an individual and group basis. Cooperative play, learning about winning and losing, and sportsmanship are addressed in this center, as the child's physical growth and development parallel sports and game skill development. This area is equipped with a variety of balls, jump ropes, parachutes, and various types of athletic equipment.

Creation

This center is designed to stimulate the creative and curious nature in every child. The area is equipped with a variety of art mediums for endless projects and creative expression to enhance art awareness and appreciation. The creative process stimulates self-expression and problem solving through the designing and developing of arts and crafts, both seasonal and thematic. Fine motor skills are honed through a variety of manipulatives such as beads, toothpicks, and skill sticks.

Exploration

This center enables children to make discoveries about their world. Problem-solving techniques are highlighted as children sink their hands into planned activities or explore independently. Children observe, learn, and apply scientific principles through play. As children explore, they gain independence in their learning.

Lesson Planning / Essential Curriculum

Vacation Station staff plan learning activities for the children. Lesson plans are centered on a theme and provide opportunities for students to participate in hands-on enrichment activities. Overviews of each site's lesson plans are available for review at the parent table, along with the daily and group rotation schedules.

Vacation Station staff write lesson plans in the areas of Science, Technology, Engineering, Art, and Math (STEAM) that foster creativity, critical thinking, communication, and collaboration. Your child's social-emotional development is also a critical aspect of Vacation Station programming. Our staff provides opportunities to support your child's personal social growth in alignment with the elementary school initiatives. Lessons may include specific games, role-play exercises, books, and participation in community circles (class meetings). This supports the FHSD goals in curriculum planning.

Additional Supports

Vacation Station has obtained a grant from the Developmental Disabilities Board (DDR) to allow for extra staffing assistance for the inclusion of children with disabilities. DDR facilitators provide extra assistance to a reduced number of students so that children with special needs get the full experience of Vacation Station. If your child needs assistance, contact your site Coordinator. A Regional Service Center Client Code must be provided for children that receive services through the DDR Grant. For continuity of students' social goals, the Vacation Station Coordinator at your school will attend IEP meetings.

Individual Rights and Responsibilities

In accordance with school board policy [1300](#) Vacation Station reaffirms its belief that every student, regardless of race, color, sex, national origin, age, ethnicity, religion, disability, gender identity, sexual orientation, or perceived sexual orientation be given equal opportunity for educational development.

The Board recognizes the importance of providing each student with a school environment conducive to intellectual, emotional, and social growth through participation in a full range of educational programs and activities. Board and staff commitment ensure equal educational opportunities in course offerings, guidance and counseling, test procedures, extra-curricular activities, discipline procedures, and student support services.

It is the policy of the Board of Education to provide free and appropriate education for students with disabilities. Students with disabilities are those who, because of certain atypical characteristics, have been identified by professionally qualified personnel as requiring special educational planning and services. Students with disabilities will be identified on the basis of physical, health, sensory, emotional handicaps, or observable exceptionalities in mental ability. It is possible that a student may have more than one (1) type of disability.

The District's programs and services available to meet the needs of these students will be in accordance with The Individuals with Disabilities Education Act, The Education for All Handicapped Students Act of 1975, The Rehabilitation Act of 1973, Section 504, and RSMo. 162.670.995, Missouri Special Education Services. In addition, the identification of students with disabilities and the services provided by the District will be in accordance with the regulations and guidelines of the Missouri Department of Elementary and Secondary Education's Current Plan for Part B of The Education of the Handicapped Act, as amended. [See Regulation 2110](#)

VACATION STATION STAFF

Vacation Station employs Program Coordinators and Assistant Coordinators that have degrees and/or quality experience working with children and families. Other staff members include Lead Facilitators and Facilitators, many of whom have degrees or are seeking degrees. Some locations also employ Facilitators to support the inclusion of children with special needs in our program. The funding for this additional support is provided through a grant with the Developmental Disabilities Resource Board.

Employment Procedures:

Vacation Station Staff must complete two background checks before employment with the program.

The Board of Education, upon recommendation of the Superintendent of Schools, votes on the employment of all staff members. In approving applicants, the Board will be guided by the desire to obtain individuals committed to providing the highest quality education for the District's students.

No person will be employed by the Board until the District obtains a clear criminal records check and a clear check of the Child Abuse/Neglect Registry maintained by the Missouri Department of Social Services. All candidates for an employment position will be required to sign a release of liability authorizing prior employers, including school districts, to furnish any information about the applicant and the applicant's work performance, including but not limited to discipline records and performance evaluations. The administration may also conduct random background checks after employment.

As part of the criminal records check, any person seeking employment shall submit fingerprints to be used by the Missouri Highway Patrol and the Federal Bureau of Investigation. The fingerprints shall be collected pursuant to standards determined by the Missouri Highway Patrol. All District employees who are authorized to access the Missouri Automated Criminal History Site (MACHS) will only use such criminal history information for purposes of verifying qualifications for employment.

In addition to the FHSD required background check for employment, background checks are also completed on all Vacation Station staff through the Family Safety Care Registry (FSCR) upon hire and annually thereafter. If the FSCR indicates findings, the agency must request the additional information regarding these findings from the FSCR. Agencies will use the Disqualifying Rimes Pursuant to the Missouri Revised Statute 630.170 when determining eligibility for employment or utilization of volunteers. The statute requires that agencies will not employ individuals' reports as having engaged in disqualifying conduct.

Professional Development

Professional development is provided yearly that meets or exceeds the Missouri recommendations for after-school programming. This level of professional development ensures all Vacation Station staff members implement high-quality lessons and supervision in our program. Sessions are offered each year in the following content areas: Child Development, Lesson Planning and Implementation, Communication, Conflict Resolution, and Inclusion. Staff members are also certified in First Aid and CPR.

If an unpaid account is considered delinquent, the Program Coordinator will contact the account holder to notify them that their program services are suspended until payment is **made in full**.

Failure to pay the account balance in full will result in the inability to reactivate or re-enroll your child(ren) in Vacation Station.

It is not Vacation Station's responsibility to determine which parent/guardian is responsible for the payment of tuition fees. Your Administrative Assistant will support you in this process and provide documentation to guide you with your application.

 - If your child does not ride the bus home, you must have a designated person come pick up your child at the designated area in the school. This person should be within 10 minutes driving time from the school.
 - Unless we receive prior written or verbal notice, we will follow the instructions you provided on your registration form, meaning your child will ride the bus home or be picked up by a parent or designated person at **release time**.
- In the instance of an emergency at an individual site, parents will be contacted if Vacation Station programming is cancelled. In this instance, there will be no alternate location for student care.

Change of Attendance

After School Absence and Dismissal Change Notification

The parent/guardian should note any changes to the child's attendance, after-school pick-up, or dismissal plans by notifying the Vacation Station Business Office at your school via email. If you notify us via email please copy the Vacation Station Coordinator, Assistant Program Coordinator, and Administrative Assistant to ensure notification. **Please note: The building's front office staff also needs to be notified.**

Communication regarding changes to your afternoon dismissal and/or pick-up plans is the responsibility of the parent/guardian. If changes in dismissal plans are not clear and/or Vacation Station staff are in doubt, we will err on the side of safety and keep your child at Vacation Station. We will not send your child home on the bus or allow them to be picked up by someone after school if we have not been notified of the change.

Inactive Status

Vacation Station realizes that there may be times that you experience a change in your family status due to serious illness, job loss, maternity leave, or other temporary circumstances. While you are on inactive status, your account will not be billed tuition. Requests to be placed on an "inactive status" must be made to your Program Coordinator via phone call or written notice.

Inactive Status is subject to the following:

- All account balances must be paid in full at the time you request to go inactive. This will allow you to reactivate at a future date.
- You may reactivate your status by contacting your Program Coordinator or Administrative Assistant (a reactivation fee applies [see page 6]).
- If your schedule changes at the time of account reactivation, you must notify the Vacation Station Office.

Exiting/Withdrawing from the Program

To exit from the program, you will need to notify your Program Coordinator. If you have a balance due, the balance must be paid in full.

Emergency / Authorized Pick-Ups

A child shall be released only to the child's custodial parents/guardians unless prior permission has been given in writing for us to release your child to an authorized adult.

- Either parent may authorize another adult to pick up his or her child. Disputes between parents regarding authorized pick-ups are between the parents of the child. Vacation Station is not a party to such a dispute. Such disputes should be resolved outside program time.
- If someone other than the parents/guardians will pick up your child, written authorization must be submitted. The written authorization includes all authorized adults listed on your registration paperwork or a written note or email that includes the parent/guardian's name and phone number. Parent Authorization forms are available for your convenience. To ensure the safety of all children, please have the authorized person be prepared to show ID when picking up your child. The authorized person will also need to sign the child out at the time of pick up with a unique signature code and notify the Vacation Station staff that they are picking up the student.

When calling to authorize an individual to pick up your child over the phone, you will be asked to provide information that will identify you as a parent/guardian so that we are assured that the legal guardian/parent is authorizing the change.

Releasing to Parents/Authorized Pick-Ups Who Show Signs of Impairment

Vacation Station will not immediately release children to adults who show signs of impairment due to medical reasons, drugs, or alcohol. The following actions will be taken:

- We will ask if there is another trusted adult who can be called to pick up both you and your child(ren); or
- We will arrange for a taxi service to take you and your child(ren) home.

If the adult refuses the support indicated and returns to their vehicle to drive, the proper medical or legal authorities will be contacted.

Custody & Special Family Situations

Vacation Station realizes that parents who are separated/divorced or who have never been married may have legally defined responsibilities and/or limitations regarding participation in their child's education. While you are free to provide custody orders and parenting plans to Vacation Station, we are not a party to these court orders. Therefore, Vacation Station cannot be expected to enforce these orders. Unless a court order is provided that clearly states that parental rights have been terminated, we cannot deny a parent access to his or her child.

Grievance Procedures

Vacation Station recognizes that situations of concern to the parent(s)/guardian(s) may arise in the operation of the Program. Such concerns are best resolved through communication with the appropriate staff members and officers of the District, such as the staff, the Program Coordinator, the Director of Elementary Education, the Superintendent, or the Board of Education.

Parents/legal guardians have the right to make a formal complaint. Filing a formal complaint will not result in penalty or reprisal by Vacation Station or its employees against the parent/legal guardian or any other individual involved

In accordance with Francis Howell School District Policy 1480, the following procedures are to be followed by persons with questions or complaints regarding the operation of Vacation Station:

- 1) Complaints on behalf of individual students should first be addressed to the Program Coordinator.
- 2) Unsettled matters from (1) above, or problems and questions concerning individual programs, should be directed to the Director of Elementary Education.
- 3) Unsettled matters from (2) above or problems and questions concerning the Francis Howell School District should be directed to the superintendent/designee.
- 4) If the matter cannot be settled satisfactorily by the superintendent/designee, it should be brought to the Board of Education. Questions and comments submitted to the secretary of the Board in letter form will be brought to the attention of the entire Board at a regularly scheduled or called meeting. If necessary, a special Board meeting will be scheduled to resolve the complaint. The decision of the Board shall be final. However, the complainant may go to the appropriate section of the Department of Elementary and Secondary Education and from there on to the United States Secretary of Education.

The Board considers it the obligation of the professional and support staff of the District to field the questions of the parent(s)/guardian(s) or the public in a timely manner.

Access to Vacation Station Records

Parents/Guardians will have access to student Vacation Station records such as registration paperwork, attendance records and incident/accident forms, and/or account information unless a court order is provided that clearly states that a parent's rights have been terminated.

- Parents/Guardians may request to inspect Vacation Station records by submitting a written request to the Administrative Assistant at the site your child attends.

- The Administrative Assistant will provide Vacation Station records within 10 days of receipt of the request.

Request for duplication of records as approved under Francis Howell School District Regulation 2400 may be subject to a fee. Upon request of the person requesting duplication, we will ensure that the actual cost of document search and duplication is fair, reasonable, and does not exceed the actual cost incurred by the District.

All records will be retained in accordance with Francis Howell School District Regulation 1531. Record of services provided through the Developmental Disabilities Resource Board funding including expenses, individuals receiving services, and the dates of such services will be maintained for seven years from the date of service.

Visitors & Volunteers

Parents and community members interested in utilizing Vacation Station programming are welcome to tour the program at any of our locations. All visitors to the building/program must sign in at the school office and be accompanied by the Program Coordinator or designee.

We welcome parent volunteers in our program. If you would like to volunteer for Vacation Station you need to complete the District's Volunteer Training program and have a background check on file with the District. Please talk to your school office for more information on how to complete the volunteer process. Observations within Vacation Station programming is limited to parents/guardians and must be pre-approved per Board of Education policy.

Vacation Station provides a safe and orderly environment for all children, staff, and visitors. Therefore, Vacation Station abides by the code of conduct for parents, guardians, and visitors established by the school board. All parents, guardians, patrons, and visitors will conduct themselves in a manner reflective of a positive role model for children. Public displays contrary to this expectation as provided in Board of Education Regulation 1431 will result in sanctions that will limit a person's access to Vacation Station, school activities, and school premises.

Personal Property / Lost & Found

Necessary personal property should be marked with your child's name (for example coats, book bags, lunch boxes, etc.). Vacation Station will provide a place for necessary personal property. However, necessary personal property is the responsibility of the child within the management system established by Vacation Station.

Non-essential personal property/electronic equipment can be problematic in the Vacation Station setting. Non-essential personal property/electronic equipment should not be displayed or used and should be kept in a child's backpack and remain off during program hours (including but not limited to cell phones, personal message devices, MP3 players, CDs, headphones, and DVDs). Items displayed or in use will be confiscated and Vacation Station is not liable for damage, theft, or loss of the device. Confiscated devices may be searched for improper messages/images. Confiscated devices will be returned only to the parent/guardian and can be picked up from your Program Coordinator.

Non-essential personal property/electronics may be brought with the Coordinator's approval but will have the following limitations:

- There will be a designated time and place that personal property may be used by your child;
- Because we serve children in grades Kindergarten-5th grade, all games must be "E" rated and age-appropriate;
- Personal property must be clearly labeled with the child's name and must be stored in a suitable container;
- Non-essential personal property brought to Vacation Station is the responsibility of the child;
- The risk of lost, damaged or stolen non-essential personal property brought to Vacation Station lies solely with the parent and the child. Vacation Station will be happy to provide a written notice regarding lost articles; however, that is the extent to which we are able to help recover a lost item.

Any belongings left at Vacation Station will be placed in the building's Lost and Found. Children's personal property, coats, clothing, school bags, etc. must be cleared from each location each day. Every effort will be made to contact the owners of **labeled** items. The remaining items will be donated to charity periodically.

DISCIPLINE POLICIES AND PROCEDURES / BEHAVIOR

Vacation Station/QUEST employs Collaborative Problem Solving (CPS) and Active Supervision to help solve discipline issues before they arise. The Collaborative Problem Solving model is built on the belief that children will do well if they can, and focuses on thoroughly understanding the root of the behavior and working together with the child to help solve and diminish behavior concerns.

Vacation Station/QUEST also believes that discipline is the guidance and teaching of young people to help them make wise decisions about their behavior. This involves allowing them to accept responsibility for their choices and actions.

To accomplish this goal the Vacation Station/QUEST Staff employs the following strategies:

- Engage children in meaningful and fun activities that center on the children's interest;
- Provide opportunities for children to choose activities and courses of action to learn to make good decisions;
- Allow children to develop leadership by giving them responsibility in the care of materials and equipment, and in the establishment of rules for the program at their site;
- Provide an environment that allows children to work through challenges under the supervision of adults;
- Redirect children to help them see how their continued words or actions could become problematic in the Vacation Station setting;
- Provide children with a place and time to calm themselves and think through the situation;
- Involve parents by keeping them informed of their child's behavior and choices.

Vacation Station/QUEST abides by the District Code of Student Conduct, the rules of the elementary or middle school site, and regulations set forth by the Board of Education.

Behavioral infractions disrupt others from gaining the full benefit of the program offered by Vacation Station/QUEST. Examples of behavioral infractions:

- Disruptive verbal or physical behavior,
- Not following the rules established at the site,
- Disrespect directed towards people and materials provided in the program.

Responses to behavioral infractions in Vacation Station/QUEST may include:

- Redirecting the disruptive behavior by offering appropriate choices;
- Reflecting upon the behavior with a staff member using collaborative problem-solving techniques (may include the use of a **Think Sheet** to support the reflective process);
- Teaching replacement behaviors;
- Providing an alternate environment for the student to regain composure and continue in participation in programming.

An incident report will be written to the parent for all behavioral infractions. Parents will receive a copy of all incident reports. (Parents must sign the incident report to indicate acknowledgment of said report.)

If responses to behavioral infractions are not effective or behavioral infractions increase in intensity, the following steps may be taken:

- The Vacation Station/QUEST Coordinator or Assistant Coordinator will be contacted.
- A conference with the family may be held to determine what additional strategies or support the child needs.
- If the behavioral infractions cause physical harm to another child or adult OR if the child's safety is compromised due to the continued behavioral infractions OR if the behavior causes intentional property damage, the child will be removed from the group and the parent will be called to pick up the child immediately.
- If the strategies put in place to support the student are not successful and/or additional supports are not available, the child may be dismissed from the Vacation Station/QUEST program.

Behavior that causes property damage

In the instance that a child causes damage to school or program property/facilities, the parents/guardians are responsible for the replacement of the item and/or the repair of any property/facility damages.

The school district is not responsible for any damage to personal items brought from home. Any items brought from home are at your own risk.

**There are times that the severity of the behavior impacts the safety of other children or adults. If at any time the severity of the behavior is deemed significant enough to require dismissal from the program, the Director of Elementary Education reserves the right to make this determination.*

HEALTH, SAFETY, & NUTRITION POLICIES

Dress Code

Children should wear comfortable play clothes for safety when running and playing. Messy activities are part of the Vacation Station curriculum. Vacation Station will provide protective apparel to minimize the risk of damage to clothing. However, clothing may become dirty during the course of the day. **WARNING: We will have fun. We will get dirty.**

Shoes and clothing must meet reasonable safety guidelines for physical play. Tennis shoes are most appropriate. If your child prefers to wear open-toed shoes, please send tennis shoes and socks for outdoor play. Participation in physical activities may be limited due to unsafe apparel. We play outdoors almost every day, so remember to send appropriate outerwear with your child.

Recess Policy

Children will have scheduled outdoor play and activity each day, weather permitting. We follow the temperature guidelines given by the School District.

Wind Chill Policy

Sunscreen

During warmer spring and summer months we will apply sunscreen in SPF 50 or higher before extended outdoor play lasting more than 30 minutes and on all outdoor field trips. Reapplication will be made every 2 hours while outdoors. If your child has sensitive skin or contact allergies (*some sunscreens contain tree nut oils*) and you would like to send in your own sunscreen, please bring your labeled container with your child's first name, last name, and grade to Vacation Station. Please note that we will apply the recommended amount of 1 oz. with each application. Therefore, an 8 oz. bottle will last for 8 applications.

Known Medical Conditions

Any known medical condition must be reported to the site Program Coordinator in writing with information on caring for your child should a medical emergency arise. Necessary medication must be available, and the appropriate forms completed.

We ask that parents assess their child's and family health daily before coming to Vacation Station. If your child or another family member is exhibiting any of the following symptoms, keep them at home:

- Fever in the previous 24 hours exceeding 100°F
- During the first 24 hours of antibiotic treatments (strep throat, pink eye, etc.)

Children who exhibit any of the above symptoms within the past 24 hours should not be brought to the program and will not be allowed to remain for the day. Children may not attend the program until they are symptom and/or fever-free for 24 hours without the use of medication OR with a doctor's note of clearance for a specific condition or after 24 hours of antibiotics with a bacterial infection. The specific condition must be noted in the doctor's note of clearance.

Illness During Program Hours

If a child has any of the following, the parent must pick up the child immediately:

- Any of the symptoms listed above.
- Accident requiring medical attention.

If the parent/guardian cannot be reached, those persons listed on the child's emergency/authorized pick-up list will be contacted. While the child is waiting to be picked up, they will be isolated under a staff member's care. A facilitator or familiar adult will be available to comfort the child as needed until the parent/guardian or other designated adult arrives.

Children must be free from the above symptoms without medication for 24 hours before they return to Vacation Station/QUEST OR return with a doctor's note of clearance for a specific condition or after 24 hours of antibiotics with a bacterial infection. The specific condition must be noted in the doctor's note of clearance. **We care about the safety of your child and make providing a safe environment a priority.**

Medication

Whenever a child is to be given medication (including over-the-counter medication), the parent must complete or do the following:

- A "Medication Authorization" form should be given to a Vacation Station staff member with a doctor's written instructions (this information can be faxed from the doctor's office to our office);
- Parents must complete a Prescription Verification Form acknowledging the quantity of medication provided to the program.
- The medication must be provided in the original prescription container with the child's name (the dosage/time should be printed clearly on the label);
- All medication must be given to a Vacation Station staff member when your child arrives at school unless the student has medical authorization from their physician stating that they have a medical need to carry medication with them and that they are knowledgeable on how to properly use and dispense the medication-- **Please do not leave medication in your child's book bag or lunch kit.**

Vacation Station/QUEST is not authorized to obtain medication from the School Nurse. We will need separate medication and authorization forms for our program.

- It is the parent's responsibility to pick up unused medication when the child is not currently attending program.
- We cannot release medication to a child.
- It is the responsibility of the parent to bring any medication needed.

Vacation Station/QUEST is in compliance with the Francis Howell School District's medication policy. Therefore, over-the-counter medication can only be given with a doctor's written instructions. This includes Tylenol, aspirin, and cough medications.

- Communication regarding the medication transfer must be made from one parent/guardian to the other and is not the responsibility of the Vacation Station/QUEST staff.

It is the responsibility of the parent/guardian to pick up medication from the Vacation Station/QUEST office.

Accidents/Injuries/Incidents

During program hours, a school nurse is not on duty. All Vacation Station/QUEST staff are trained in First Aid and CPR. If your child is involved in an accident at Vacation Station/QUEST, the following procedures will be followed:

In a non-life-threatening situation or minor injury where the child requires medical attention but does not require an ambulance:

- The site Program Coordinator, Assistant Coordinator, or Lead Facilitator will contact the parents/guardians;
- The extent and seriousness of the injury will be communicated to the parents/guardians;

The Francis Howell Incident/Accident Report will be completed and a copy will be sent to the Director of Elementary Education

Safety and Security

Vacation Station/QUEST Safety and Security Procedures:

- Vacation Station/QUEST Employees are required to complete background checks through the Family Safety Care Registry upon hire. Routine checks are completed annually thereafter. If the FCSR indicates a finding, Francis Howell will request additional information to determine eligibility for employment in accordance with Missouri Revised Statute 630.170.
- All doors in the building are locked and monitored. Buzzer systems are used to gain access to the school building. Parents/guardians are directed to one door for entry. A staff member will monitor the camera and buzzer system for the designated entry door. Parent/guardian ability to enter a program is determined by current health and safety practices. Safety and security plans are practiced in Vacation Station/QUEST according to District guidelines.

Emergencies & Drills

Regular fire, tornado, earthquake, and active shooter drills are held to instruct the children on safety procedures in case of a real emergency. All staff members, students, and visitors are required to participate in drills and take them seriously. The fire department conducts safety/fire inspections with the school.

If a severe weather or tornado watch or warning is in effect during pickup and drop off, parents should use their own judgment. If you arrive to pick up and the doors are locked and there is no response from the buzzer system or staff, then we are on lockdown mode. During this time, your child's safety is of the utmost importance and we will not be allowed to let anyone in or out of the building.

Child Abuse/Neglect Policies & Procedures

Vacation Station/QUEST employees are required by law to report instances of suspected child abuse when the employee has reasonable cause to suspect that a child has been or is likely to be abused or neglected.

Meals/Snacks

Breakfast

Children attending the School Day program may either bring breakfast or purchase a hot breakfast from the school cafeteria if your home elementary site participates in the school breakfast program. If purchasing a breakfast, please know that school breakfast costs come out of your child's school lunch account. For the safety of children with food allergies, if your child(ren) will bring breakfast from home, the home breakfast must be consumed in the Vacation Station program and may not be taken to the classroom. School breakfast is not available on dates school is not in session.

Lunch

Children attending the Summer & Non-School Day programs must provide their own sack lunch. Milk and/or water is provided at no cost to the student. Refrigeration and microwaves are available on a site-by-site basis- please talk with your Program Coordinator to get information on availability at your site.

Daily Snacks

Children attending the school day and Early Release Day programs will receive a snack in the afternoon. Children attending the summer and non-school day programs will receive a morning and an afternoon snack. Vacation Station/QUEST follows the Francis Howell School District nutritional guidelines.

Vacation Station/QUEST is not an allergen-free program. While we do not serve peanut or tree nut products directly, there may be the possibility of cross-contamination from snacks produced in factories that also process peanuts/tree nuts. If your child(ren) have a peanut/tree nut allergy, please inform your site's Program Coordinator. A peanut-free table is accessible for every meal period.

If your child/children require special snacks due to dietary restrictions, you may be asked to provide snacks for your child or children. Please contact the site's Program Coordinator if you have dietary concerns.

Birthday / Holiday Treats

Due to the growing number of allergies and health concerns for our students, edible birthday treats are not allowed to be shared with other students. In lieu of a special food treat, parents may consider non-edible birthday treats to share with classmates such as stickers, pencils, or another small party favor item. Be sure to consult your site's Program Coordinator for the number of students.
