

# THE HEWITT SCHOOL

## 2022-2023 SCHOOL PROFILE

### ABOUT THE HEWITT SCHOOL

Founded in 1920, The Hewitt School inspires girls and young women to become game changers and ethical leaders who forge an equitable, sustainable, and joyous future. Our innovative, one-of-a-kind curriculum gives students a strong academic foundation combined with life and real-world leadership skills so they graduate uniquely prepared to make a difference on their college campuses, in the workforce, and in society.

### EXTENDED INQUIRY PROGRAM

Extended Inquiry (EI) is an optional extension of learning through independent study and creative research projects. Students must apply and demonstrate both interest and ability to take on and manage self-directed projects and learning. Extended Inquiry projects take place primarily outside of class time, and through independent inquiry and investigations, though some projects may include collaborative discussions and meeting times as well. Each EI project includes critical reading, critical writing, research, synthesis of course content or across courses, a real-world connection, and a presentation for a panel of teachers. Freshmen are eligible for the Extended Inquiry designation in one course, sophomores are eligible for up to two. Juniors and seniors may propose transdisciplinary projects that earn Extended Inquiry in up to three courses.

### CONSTELLATION LEARNING PROGRAM

Hewitt is a member of Constellation Learning, a collective of independent schools coming together in a globalized, blended learning community. Hewitt's participation enriches our elective offerings and provides students in grades 11 and 12 with the opportunity to learn in a collaborative, flexible, and alternative setting with other motivated students from around the country. Educators from other independent schools teach Constellation Learning courses, which are included on the Hewitt transcript.
