

Special Kids Special Families

A Community Networking & Educational
Opportunity for Families Raising
Children with Special Needs

Monthly Empowerment Series

Free, In-Person Event

Families raising children with special needs repeatedly express frustration about not having the resources they need to not only meet their personal needs but those of their children. Through these requests, Easterseals NECFL established, **Special Kids Special Families**. A forum where families can:

- learn from local experts about a different topic each month
- learn about resources in the community
- establish support and interactions with other parents that are on the same journey

When: Second Tuesday each month
5:30 - 6:30pm

Where: Easterseals Office
125 N. Ridgewood Ave
