

# Waunakee Middle School Orchestra

Mr. Cornelio-November 2022

Happy November!

Waunakee Middle School 8th Grade Orchestra\*

It has been great to see the strides students have been making in their musicianship in just a few short months. All of the concert pieces have been introduced for the January 26th concert and we have been practicing them diligently.

As mentioned at the beginning of the year, make sure to mark January 26th and May 18th on your calendars for the WMS orchestra concerts.

Going forward, students will be experimenting with improvisation with their instrument and composing their own short pieces.

As a reminder, students should be practicing at home at least three times a week for 10 minutes to help solidify their work at school.

As always, feel free to reach out should you have any questions or concerns.

Aaron Cornelio

## Concert Opportunities

Waunakee High School Orchestra is presenting their first concert of the year on Thursday, November 10, at 7:30pm in the High School Performing Arts Center.

This is a great opportunity to not only support the arts in Waunakee, but also give students a glimpse of where they could be in a couple years if they continue with orchestra.

## Waunakee Music Boosters Fruit Sale

Proceeds from this sale, our only annual fundraiser, are used to enrich music programs within the Waunakee Community School District by providing funds for music equipment, clinicians, music camp scholarships, solo ensemble accompanists, guests artists and much more.

If you are interested in supporting music in Waunakee, please follow the link below. The sale runs until November 8th, 2022.
