# NHCS

ELEMENTARY SCHOOLS
QUICK GUIDE
TO DIGITAL ACCOUNTS AND SERVICES

Active Directory

Active Directory provides secure student sign-in to devices within the New Hanover County Schools Network.

USERNAME: firstname.lastname
PASSWORD: Please contact the Help Desk if a student is new or cannot recall the password given by their school.

Google Account Access

Students can use their Google accounts to access GMAIL, Google Classroom and other Google tools. These accounts may not be available for all K-2 students.

USERNAME: firstname.lastname@student.nhcs.net
PASSWORD: Please contact the Help Desk if a student is new or cannot recall the password given by their school.

Clever Student Portal

Students can use this secure single sign-on portal service to access digital resources connected to their teachers' classes.

STEP 1: Visit nhcs.net.
STEP 2: Select "Quick Links" from the menu.
STEP 3: Select "Clever."
STEP 4: Select "Log in with Active Directory" option.

USERNAME: firstname.lastname@student.nhcs.net
PASSWORD: Please contact the Help Desk if a student is new or cannot recall the password given by their school.

Students can access Clever directly from their Chrome landing page.

NCEdCloud

NCEdCloud is a secure single sign-on portal used to house important applications including PowerSchool Portals (grades) and SchoolNet.

USERNAME: Student ID Number or Email Address
PASSWORD: Secure randomly generated password can be retrieved from the school's data manager or the student's teacher.

NCEdCloud

PowerSchool

Help Desk

The Help Desk can assist students, parents, and staff with resetting account passwords and troubleshooting login issues.
