

Definition of High Quality Learning and Teaching (HQLT) at Taipei European School

High Quality Learning and Teaching (HQLT) at our school engages our community of learners in acquiring knowledge, skills and understanding with authentic and aspirational experiences within the school.

TES promotes a broad range of **competencies** and **aptitudes** which are both academic and social-emotional, such as: collaborative skills; creativity; critical thinking; communication; interpersonal skills; empathy; problem solving; leadership; entrepreneurship; digital and media literacy; and resilience.

HQLT at TES provides a truly holistic experience for our students through the influence of our **Graduate Attributes** and **Community Values**, and by encouraging our learners to have a positive impact, and to make ethical decisions and choices.

A Framework for High Quality Learning and Teaching (HQLT) at Taipei European School

Our commitment to high quality learning and teaching (HQLT) is embodied in our ethos: *Learn and Flourish*. This ensures that our school culture and environment encourage each community member to be guided, supported and challenged holistically as they strive towards their full potential.

High Quality Learning and Teaching is realised through the following key principles:

Global Citizenship

We celebrate our own identity and heritage while embracing diversity through our taught curriculum, service and community engagement, and beyond.

Opportunities

Within and beyond the classroom, we provide our community members with highly engaging experiences that develop: collaboration, curiosity, creativity, independence, inquiry, interdisciplinary thinking, and a thirst for lifelong learning.

Progress

We are committed to ensuring that all **community members** achieve progress through high expectations, differentiated goal setting, meaningful and timely feedback, and personalised interventions.

Relationships

We foster personal connections that allow each community member to be included, respected and heard, safe, and valued.

Technology

We embrace technology and innovation to enhance learning and teaching and to nurture responsible digital citizens.
