

NORTHLAND HACKATHON 2023

LEARN HOW TO MAKE APPS AND WEBSITES

Calling all Minnesota students interested in tech!

Northland Hackathon is a **free** 1-day event for students with little-to-no coding experience to explore what working in tech is like.

- * Full-day, **remote** program on **April 15**
- * Receive pre-day prep resources on how to make websites, apps, and coding
- * Hear speakers from Microsoft, U of M, Google, and more
- * Discover various career options in the fast-growing tech industry that offer opportunities to work remotely and get paid over \$100,000
- * Learn about **non-technical** roles in tech, such as designers (interest in art) or product managers (interest in business)
- * Have fun, make connections, and expand your horizons! **Sign up early!**

Space is limited! Learn more or sign up at <https://northlandhackathon.com>
