When Drew Charter School nurses are notified of a confirmed-positive COVID-19 case, they submit a form to the Atlanta Public Schools (APS) Health Services department and to the DeKalb Department of Public Health. When a positive case is reported amongst Drew students or staff or in an extra-curricular environment, COVID-19 protocols go into effect. The summary below includes self-reported cases, presumptive positive cases and associated exposures reported in the last week among students and staff screened through on-campus drive-through testing or at Drew’s Elementary Academy or Junior/Senior Academy campus during the school week.
